USES AND USE RESTRICTIONS:

Funding is provided to non-profit organizations, colleges, and universities to support their work in designing and administering programs as well as coordinating program logistics. Funding supports publicity and recruitment, screening of applications, communication with participants, payment of participant costs, and the provision of enrichment activities. The Global Undergraduate Exchange Program (Global UGRAD) provides one semester scholarships to outstanding undergraduate students from underrepresented sectors in Central Asia, East Asia and the Pacific, Europe, Eurasia, the Near East, South Asia, Sub-Saharan Africa, and the Western Hemisphere. The program includes English language study, coursework, service learning opportunities, professional development workshops, and cultural enrichment activities. In FY 2020, Global UGRAD placed 229 students at over 70 institutions around the United States for the Fall 2021 semester. The Global Undergraduate Exchange Program with Pakistan (Global UGRAD Pakistan) provides one semester scholarships to outstanding, undergraduate, emerging student leaders from across Pakistan who traditionally may not have access to the American educational system. The program is designed to foster youth leadership and community engagement, promote academic achievement and cross-cultural exchange to strengthen mutual understanding between Pakistan and the United States. Participants engage in their host and home communities through service learning and other activities to increase understanding between Americans and Pakistanis. Leadership development is incorporated into every component of the program (including cultural and professional enrichment workshops) to provide participants the knowledge, skills, and abilities to initiate positive change in their home communities. The Study of the U.S. Institutes for Student Leaders are five-to six-week academic programs focusing on topics in U.S. studies for groups of foreign undergraduates. Hosted by universities, colleges, and NGOs throughout the United States, the Institutes include an intensive academic residency, an educational study tour, leadership development, community service activities, and opportunities for participants to engage with American peers. The Institutes aim to increase the undergraduates understanding of U.S. history, government, culture, society, and institutions with the overall goal of increasing mutual understanding between the people of the United States and the people of other countries. This model includes the Young Southeast Asian Leaders (YSEALI) Academic Fellowship, which aims to build the leadership capacity of youth in Asia, to strengthen ties between the United States and Asia, and to nurture an ASEAN identity. YSEALI Academic Fellows take part in five-week programs in the themes of Civic Engagement, Environmental Issues, and Social Entrepreneurship and Economic Development. The Mandela Washington Fellowship for Young African Leaders (YALF) also follows the SUSI model but targets young professionals from Sub-Saharan Africa. The Fellowship aims to empower young people through academic coursework, leadership training, and networking. Fellows take part in a six-week intensive academic and leadership program focused in one of three tracks: leadership in business, civic engagement, or public management followed by a three-day Summit in Washington, DC. Seventy of the Fellows also take part in four-week professional development experiences at a U.S. organization. The Community College Initiative Program (CCIP) provides emerging leaders from underserved and underrepresented groups with a one-year non-degree academic program at a U.S. community college in the fields of agriculture; applied engineering; business management and administration; early childhood education; information technology; media; public safety; and tourism and hospitality management. In 2020, approximately 93 participants from 10 countries completed programming at six community college campuses across the United States. Participants increase their employment-related skills and knowledge of English, increase their ability to contribute to the economic development of their countries, and promote mutual understanding. Please refer to the Grants.gov or the U.S. Department of State's SAMS Domestic announcement for further information. The

Critical Language Scholarship (CLS) Program provides fully-funded, group-based intensive language instruction and structured cultural enrichment experiences to U.S. undergraduate and graduate students through overseas summer institutes. The CLS program is designed to increase the number of Americans studying and mastering foreign languages that are critical to U.S. national security and economic competitiveness. CLS Program languages include Arabic, Azerbaijani, Bangla, Chinese, Hindi, Indonesian, Japanese, Korean, Persian, Portuguese, Punjabi, Russian, Swahili, Turkish, and Urdu. The CLS Program includes twenty hours of formal language instruction per week for eight to ten weeks (equivalent to one full year of language study). The CLS program plays a critical role in preparing U.S. students for the 21st century's globalized workforce and increasing American competitiveness. In 2020, the CLS Program successfully held virtual institutes for 152 undergraduate and graduate students in Arabic, Chinese, Korean, Hindi, Russian, and Persian. The Increase and Diversify Education Abroad for U.S. Students (IDEAS) Program (formerly the Capacity-Building Program for U.S. Undergraduate Study Abroad) provides awards to U.S. colleges and universities to expand and diversify their study abroad programs and broaden study abroad opportunities for students who have been traditionally underrepresented in study abroad and/or develop programs of study for students to destinations, and/or in disciplines, that have been traditionally underrepresented in study abroad. The goal is to increase the number of students who have the knowledge and skills they need to compete in the global economy and to help address global challenges as well as to develop sustainable study abroad programs that can benefit future cohorts of students. In 2020, 26 U.S. higher education institutions received IDEAS awards to enhance their study abroad programming.

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

The Fulbright-Hays Act of 1961, as amended, , Public Law 87-256, 22 USC Code 2451.

ASSISTANCE LISTINGS DESCRIPTIONS

OBJECTIVES:

As authorized by the Fulbright-Hays Act, the Bureau of Educational and Cultural Affairs (ECA) seeks to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange programs, including the exchange of scholars, researchers, professionals, students, and educators. ECA programs foster engagement and encourage dialogue with citizens around the world. Educational and cultural engagement is premised on the knowledge that mutual understanding, the development of future leaders, and the benefits of education programs influence societies and affect official decision-making almost everywhere in the world today. ECA programs inform, engage, and influence participants across strategic sectors of society including young people, women, teachers, scholars, journalists, and other professionals increasing the number of foreign individuals who have first-hand experience with Americans and with the values of freedom, representative government, rule of law, economic choice, and individual dignity, while building international knowledge and capacity among Americans. The Hubert H. Humphrey Fellowship Program, a Fulbright exchange, enhances leadership among international professionals who collaborate to address local and global challenges and foster change for the collective good.

TYPES OF ASSISTANCE:

Funding supports activities such as publicity and recruitment, screening of participant applications, recruitment and selection of U.S. host institutions, communication with host institutions and recipients, payment of stipends, and the provision of enrichment and alumni activities. The Hubert H. Humphrey Fellowship Program, a Fulbright exchange, enhances leadership among international professionals who collaborate to address local and global challenges and foster change for the collective good. Through academic study and professional development with U.S. counterparts, this growing global network shares best practices and builds expertise in fields of critical importance to advance societal and institutional capacity, promote human rights and freedoms, ensure sustainable environments, and develop thriving communities. The Humphrey Fellowship Program provides current and future international leaders with professional collaboration, a personalized academic experience, and leadership development, while building lasting, productive ties in critical fields between Americans and their professional counterparts overseas. Approximately thirteen major universities in the United States serve as host campuses for Humphrey Fellows. These host universities are chosen for their excellence in relevant Humphrey fields of study and for the resources and support they offer Humphrey Fellows. Please refer to the Grants.gov or the U.S. Department of State's SAMS Domestic announcement for further information.

The purpose of Special Academic Exchange Programs is to provide targeted support for U.S. and foreign students and others who may not otherwise have the resources to pursue international exchange opportunities or who are in fields directly relevant to identified needs in their countries.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants

USES AND USE RESTRICTIONS:

Special Academic Exchange Programs support participants in undergraduate, graduate, and/or non-degree professional development programs. Special Academic Exchange Programs target underserved populations from the U.S., developing world or strategically important areas. These programs provide selected participants with the opportunity to participate in exchanges and develop international competencies and skills, which allow them to serve as leaders in their professions and communities. Funding is provided to non-profit organizations, colleges, and universities to support their work in designing and administering programs as well as coordinating program logistics. Funding supports publicity and recruitment, screening of applications, communication with participants, monitoring of participants, payment of participant costs, and the provision of enrichment activities for both participants and alumni. American Overseas Research Centers (ORCs) are located throughout the world -- -- in Europe; North Africa; the Middle East; Central, East, South, & Southeast Asia; the Caucasus, Latin America; and West Africa- and provide services to scholars, including assistance with research and publication. The Council of American Overseas Research Centers (CAORC) is the umbrella organization that administers and manages the ORCs. The Benjamin A. Gilman International Scholarship Program provides scholarships for credit-bearing study or internships abroad to U.S. undergraduate students with significant financial need (Pell Grant recipients), broadening the U.S. student population that studies abroad by diversifying the pool of participants, as well as the destinations where they study. Developed under the framework of the State Departments Benjamin A. Gilman International Scholarship Program, the Gilman-McCain International Scholarship for the Children of Military Families provides awards up to \$5,000 to eligible students enrolled at accredited U.S. colleges and universities who receive any type of Title IV federal financial aid. The National Clearinghouse on Disability and Exchange (NCDE) 1) provides information to the disabilities community about exchange opportunities and encourages persons with disabilities to participate and 2) provides exchange organizations, colleges and universities, NGOs and other program providers with information, technical assistance and materials to help in increasing the number of people with disabilities participating in their programs and ensuring that they have successful experiences. The United States-South Pacific Scholarship Program (USSP) provides scholarships for academically talented individuals from sovereign island nations of the South Pacific to pursue bachelor's and master's degrees at U.S. institutions in fields important to the regions development. The Tibetan Scholarship Program (TSP) provides the opportunity for Tibetan students who are living in India and Nepal to study in the United States with the goal of educating future Tibetan leaders and building the capacity of participants to contribute to their communities when they return home. The TSP, a Congressionally-mandated program, began in 1988 with the goal of fostering mutual understanding and strengthening the participants capacity to engage and impact their communities.

ASSISTANCE LISTINGS DESCRIPTIONS

The TSP continues to attract outstanding students who are committed to pursuing masters degrees in fields that address the Tibetan communities most pressing needs. In addition, the program provides leadership and professional development opportunities along with cultural enrichment to promote mutual understanding, and a mentoring component to support students during and after their exchanges. Student enrichment activities include U.S. based arrival orientations, mid-year, re-entry and professional development workshops. The United States-Timor-Leste Scholarship Program (USTL) provides educational opportunities for academically talented future leaders from Timor-Leste to pursue undergraduate degrees at U.S. institutions in priority fields that are directly relevant to development needs in Timor-Leste. Special Academic Programs include several other academic exchange initiatives in which the U.S. Congress has particular interest. Please refer to Grants.gov or the U.S. Department of State's SAMS Domestic for further information.

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

The Fulbright-Hays Act of 1961, , Public Law 87-256

OBJECTIVES:

As authorized by the Fulbright-Hays Act, the Bureau of Educational and Cultural Affairs (ECA) seeks to increase mutual understanding between the people of the

United States and the people of other countries by means of educational and cultural exchange programs, including the exchange of scholars, researchers, professionals, students, and educators. ECA programs foster engagement and encourage dialogue with citizens around the world. Educational and cultural engagement is premised on the knowledge that mutual understanding, the development of future leaders, and the benefits of education programs influence societies and affect official decision-making almost everywhere in the world today. ECA programs inform, engage, and influence participants across strategic sectors of society including young people, women, teachers, scholars, journalists, and other professionals increasing the number of foreign individuals who have first-hand experience with Americans and with the values of freedom, representative government, rule of law, economic choice, and individual dignity, while building international knowledge among Americans. The purpose of the Special Professional and Cultural Programs is to carry out Congressionally-directed initiatives that support professional exchanges between the United States and select countries through grants to American non-profit, non-governmental institutions and organizations, including community organizations, professional associations, and universities.

TYPES OF ASSISTANCE:

19.023 Overseas Schools Program

FEDERAL AGENCY:

OFFICE OF OVERSEAS SCHOOLS, STATE, DEPARTMENT OF AUTHORIZATION:

Department of State Basic Authorities Act of 1956, as amended by the Foreign Service Act of 1980., Public Law 96-465, 22 USC Code 2701. The Foreign Assistance Act of 1961 as amended., Section 636c and d

OBJECTIVES:

The Office of Overseas Schools promotes quality educational opportunities at the elementary and secondary school levels for dependents of American citizens carrying out programs and interests of the U.S. Government abroad. The Office also works to increase mutual understanding between the people of the United States and the people of other countries through educational institutions which demonstrate American educational practices, principles and methods employed in the United States.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

A/OPR/OS gives grant assistance to approximately 200 American-sponsored overseas schools. These schools meet criteria outlined in the Foreign Affairs Manual (2 FAM 600), which requires that they be non-profit, non-church related and serve American interests. Schools accepting the grants agree to admit all eligible USG dependents.

Applicant Eligibility:

Private nonprofit institution/organization (includes institutions of higher education and hospitals); Other private institutions/organizations; Grants are generally restricted to selected overseas schools.

Beneficiary Eligibility:

Private nonprofit institution/organization; Other private institution/organization; School; Dependents of American citizens carrying out programs and interests of the U.S. Government abroad are the primary beneficiaries.

19.026 Global Peace Operations Initiative

GPOI,

FEDERAL AGENCY:

STATE, DEPARTMENT OF

AUTHORIZATION:

Foreign Assistance Act, 1961, Section 632, Public Law 112-10

OBJECTIVES:

The GPOI program enhances international capacity to effectively conduct UN and regional peace operations. International peace operations are strategically important to U.S. national security and foreign policy objectives. They represent a cost-effective tool for managing conflict, supporting stabilization in some of the world's most volatile regions, and facilitating peacebuilding efforts, enabling the international community to share the burden of maintaining peace and security. The GPOI program is the primary mechanism through which the United States contributes to strengthening global capacity to conduct peace operations. The program's partnerships emphasize institutional capacity-building relationships and seek to strengthen partner countries' capabilities to self-sufficiently train, deploy, employ, and sustain peacekeeping forces. GPOI activities train and mentor partners to develop critical enabling and rapid deployment capabilities that are greatly needed and consistently requested to fill critical gaps in peace operations; increase the operational capacity of the UN and regional organizations to field more effective peace operations; and seek to develop and reinforce peacekeepers' capabilities and commitment to protect civilians and promote the role of women in peace operations.

19.033 Global Threat Reduction

(GTR),

FEDERAL AGENCY:

BUREAU OF INTERNATIONAL SECURITY AND NONPROLIFERATION,
STATE, DEPARTMENT OF

AUTHORIZATION:

Foreign Assistance Act of 1961, as amended, , Public Law 87-195, 22 USC Code 2349bb-1.

OBJECTIVES:

The U.S. Department of State's Office of Cooperative Threat Reduction (ISN/CTR), part of the Bureau of International Security and Nonproliferation, supports programs aimed at reducing the threat posed by terrorist organizations or states of concern seeking to acquire weapons of mass destruction (WMD) expertise, material, and equipment. ISN/CTR programs, also known as Global Threat Reduction (GTR) programs, accomplish this task by funding a variety of projects that aim to enhance biological, chemical, and nuclear security practices and productively engage scientists with WMD-applicable expertise in civilian pursuits. In addition to continued efforts in the former Soviet Union to engage WMD experts, GTR programs are working to reduce the rapidly growing worldwide WMD threat posed by terrorists, non-state actors, and proliferant states. GTR programs are threat-driven and focus on frontline states and in regions where the terrorist threat is on the rise.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants

USES AND USE RESTRICTIONS:

ASSISTANCE LISTINGS DESCRIPTIONS

ISN/CTR periodically awards assistance instruments to facilitate the implementation of specific projects in various partner countries. Past GTR programs include: formal training workshops for foreign government officials on biological, chemical, and nuclear security; assistance developing curricula and training materials that institutionalize scientific ethics; and assessing partner countries' adherence to international best practices on WMD expertise and material security. ISN/CTR will release requests for application (RFAs) on an annual basis and as specific grant/cooperative agreement opportunities are identified.

Applicant Eligibility:

Public nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; Non-Government - General; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Quasi-public nonprofit institution/organization; Please see specific announcement on www.grants.gov.

Beneficiary Eligibility:

Anyone/general public; Please see specific announcement on www.grants.gov.

Credentials/Documentation:

As specified in specific requests for application (RFAs), applicants may be required to submit copies of their most recent negotiated indirect cost rate agreement (NICRA) to support proposed indirect costs. Additionally, applicants may be required to submit resumes, curricula vitae, or other supporting documentation showing that proposed key personnel are qualified to perform their intended roles. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Detailed application instructions will be specified in individual requests for application (RFAs). Please see specific announcement on www.grants.gov.

19.036 Cultural Antiquities Task Force

CATF,

FEDERAL AGENCY:

STATE, DEPARTMENT OF

AUTHORIZATION:

Public Law Mutual Educational and Cultural Exchange Act of 1961 (Fulbright-Hays Act)-87-256, Public Law Foreign Assistance Act of 1961-87-195, Public Law Consolidated Appropriations Act, 2004-108-199, Public Law Consolidated Appropriations Act, 2017-115-244, Division J, Title VII, Section 7034(d)(3))

OBJECTIVES:

The Cultural Antiquities Task Force (CATF) comprises U.S. federal agencies that share a common mission to combat trafficking in antiquities in the United States and abroad. The CATF supports projects and initiatives that enhance the capabilities of law enforcement personnel, heritage site managers, civil society groups, and museum staff to protect and preserve cultural heritage from theft, looting, and trafficking. Projects are funded through Cultural Property Agreement Implementation Grants (CPAIG) or directly on a case-by-case basis and at the discretion of the CATF.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Successful projects must adhere to international standards for the protection of cultural heritage around specific themes, including fostering cooperation, building best practices, and engaging communities, through the following types of activities:

A. TRAINING: Build capacity of foreign law enforcement and cultural property managers to protect sites and objects. Examples include country-specific or regional workshops on investigation and interdiction techniques, effective record keeping, the role of the judiciary, increased communication between ministries of culture and law enforcement authorities, and training for cultural heritage stewards. B. INVENTORIES: Support the creation and/or maintenance of centralized, digital, and secure inventories of cultural objects and/or sites to better support resource allocation, aid in recovery in cases of theft, and promote public appreciation for cultural heritage preservation and protection. C. SITE SECURITY AND PROTECTION: Support practical and sustainable measures to more effectively secure archaeological sites (on land or underwater), museums, libraries, archives, and other collecting institutions against looting, thefts, and vandalism. Examples include development of site security plans, installation of security systems, and training for guards and/or site stewards. D. PUBLIC EDUCATION AND OUTREACH FOR CRIME PREVENTION: Support strategies to prevent looting and trafficking through heightened public awareness and outreach. Examples include educational materials, community engagement and media programs, storytelling, distance learning courses, 3D models, virtual experiences like games and AR/VR. E. SUPPORTING SUSTAINABLE LIVELIHOODS: Support the protection of cultural heritage through economic development and sustainable alternative sources of livelihood to looting and trafficking. Projects would need to couple support from this grant with other relevant funding streams.

ASSISTANCE LISTINGS DESCRIPTIONS

Examples include the establishment of site stewardship programs with compensated participants and skill building for tour guides and docents, such as English language and storytelling training. Special consideration will be given to proposals with a multi-country/regional focus, those taking advantage of international training centers such as the International Law Enforcement Academies (ILEAs), and those encouraging linkages between government agencies (inter-ministerial initiatives) and between governments and the private sector.

Applicant Eligibility:

Public nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; Non-Government - General; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Quasi-public nonprofit institution/organization; Other private institutions/organizations; Embassies must vet applicants for eligibility and ensure that the applicants are able to receive U.S. federal assistance. Cultural Property Agreement Implementation Grants (CPAIG) are open to U.S. embassies in countries with which the United States has a signed bilateral cultural property agreement or where emergency import restrictions on archaeological and ethnological material are in effect under the Convention on Cultural Property Implementation Act (19 U.S.C. 2601 et seq). The CATF may also fund projects at its discretion outside of the CPAIG framework in countries where cultural heritage is at risk from theft, looting, and trafficking.

Beneficiary Eligibility:

Anyone/general public;

Credentials/Documentation:

Applications for the Cultural Property Agreement Implementation Grants must include a letter or other document granting official permission to undertake the project. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. Contact the Public Affairs Section at the U.S. Embassy in the country where the project is to take place for detailed application instructions.

Application Procedures:

CSO,

FEDERAL AGENCY:

BUREAU OF CONFLICT AND STABILIZATION OPERATIONS, STATE,
DEPARTMENT OF

AUTHORIZATION:

Foreign Assistance Act, , State Department Basic Authorities Act,

OBJECTIVES:

The Bureau of Conflict and Stabilization Operations (CSO) is part of the Under Secretariat for Civilian Security, Democracy, and Human Rights (J) within the Department of State (DOS). CSO's mission is to strengthen U.S. national security by breaking cycles of violent conflict and mitigating crisis in priority countries. Guided by local dynamics, CSO acts quickly to devise sustainable solutions to address the full spectrum of conflict, from prevention to crisis response to stabilization. Building more effective partnerships with capable implementing organizations with experience in conflict prevention and stabilization activities is integral to the CSO mission and as such, CSO seeks to identify qualified partners, facilitators and implementers from among private and nonprofit entities. Funding may be made available for flexible, rapid, targeted, and high-impact awards to organizations to prevent, mitigate and/or respond to conflict situations and stabilize countries around the world.

Cooperative Agreements, Project Grants

USES AND USE RESTRICTIONS:

ASSISTANCE LISTINGS DESCRIPTIONS

Some examples of past CSO activities include: Burma: CSO is supporting efforts to increase trust between the Burmese government and ethnic minorities by developing locally-owned programs, including mine-risk education, survivor assistance, and non-technical surveys. Kenya: CSO is working with the U.S. Embassy in Nairobi and other partners to prevent the sort of violence that occurred after the 2007 elections. The goal is to promote free, fair, and peaceful elections that will help ensure Kenya's stability and prosperity. To help achieve this goal, our team is focusing on hotspots and is working alongside Kenyan groups such as Champions of Peace. Sierra Leone: CSO piloted a project from June 2012-January 2013 to strengthen the role of women in conflict mitigation and prevention during the 2012 election cycle in Sierra Leone. The project focused on boosting the involvement of women in conflict prevention and non-violence advocacy at the national and sub-national levels and developing relationships between women and local election authorities to build and strengthen early warning and response networks in the lead up to and during the elections. Honduras: CSO is working to improve security in Honduras by reforming the security sector and visibly reducing violence. CSO works with local partners to increase public confidence in government institutions as well as to decrease impunity by supporting civil society and government institutions to reform the security sector. CSO also attempts to decrease homicide rates and other manifestations of intimidation in urban centers by mobilizing civil society and local leaders. The above examples are illustrative only. 19.303 Decrypting PRC Industrial and Technology Policy

Decrypting PRC Industrial Policy,

FEDERAL AGENCY:

STATE, DEPARTMENT OF

AUTHORIZATION:

Title Foreign Assistance Act of 1961, Part 7015(c), 7015(f), 7015(h)(2), and 7043(c)(2), Section 634A

OBJECTIVES:

Funds will support a comprehensive research plan to compile, categorize, analyze, and publicize methodologically sound information on Peoples Republic of China (PRC) international economic influence. The information will allow developing countries, including in South America, Africa, and the Indo-Pacific, to assess more accurately the risks associated with PRC technology acquisition and deployment plans, and help them build alliances to combat unfair economic practices. This project will fill persistent knowledge gaps and produce a high-resolution map of all major PRC Government industrial and advanced technology initiatives, using proven research methods to identify detailed information on priorities, implementing institutions, and policy tools. It will provide a detailed understanding of how high-level, high-profile PRC policy initiatives translate into discrete actions and support for PRC industry throughout all levels of government, particularly as they interface with PRC private and state-owned firms. The project will significantly expand global understanding of PRC digital investments, Military-Civil Fusion, and other technology innovation efforts. The implementing partner will provide this information through outreach to targeted countries. Activities may include conferences for ESF-eligible countries globally that convene the research teams to share, evaluate and cross validate results. The programs research outputs will be publicly available and include information detailing PRC cyber, ICT, and emerging technology plans and intentions, easily accessible by governments, academics, journalists, and NGOs.

19.400 Academic Exchange Programs - Graduate Students

The Fulbright Student Program includes program components for U.S. students, foreign students, Foreign Language Teaching Assistant Program, Fulbright English Teaching Assistant Program, Junior Faculty Development and Regional Specialty Programs in the Western Hemisphere, Fulbright-Fogarty Fellows, and the Fulbright-National Geographic Storytelling Fellows program.,

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

The Fulbright-Hays Act of 1961, , Public Law 87-256, 22 USC Code 2451.

OBJECTIVES:

As authorized by the Fulbright-Hays Act, the Bureau of Educational and Cultural Affairs (ECA) seeks to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange programs, including the exchange of scholars, researchers, professionals, students, and educators. ECA programs foster engagement and encourage dialogue with citizens around the world. Educational and cultural engagement is premised on the knowledge that mutual understanding, the development of future leaders, and the benefits of education programs influence societies and affect official decision-making almost everywhere in the world today. ECA programs inform, engage, and influence participants across strategic sectors of society including young people, women, teachers, scholars, journalists, and other professionals increasing the number of foreign individuals who have first-hand experience with Americans and with the values of freedom, representative government, rule of law, economic choice, and individual dignity, while building international knowledge and capacity among Americans. The purpose of the Fulbright Student Program is to promote mutual understanding by providing opportunities for American and foreign students to study, do research, and/or serve as teaching assistants of their native languages abroad.

TYPES OF ASSISTANCE:

Project Grants, Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

The flagship international exchange program sponsored by the United States Government, the Fulbright Program is designed to increase mutual understanding between the people of the United States and the people of other countries. Funding is provided to non-profit organizations to support their work in designing and administering programs as well as coordinating program logistics. Funding to those organizations supports activities such as publicity and recruitment, screening of applications, communication with participants, payment of participant costs, and the provision of enrichment activities. The Fulbright English Teaching Assistant (ETA) Program, an element of the Fulbright U.S. Student Program, places recent college graduates and young professionals as English teaching assistants in K-12 schools, universities, and language-learning institutions overseas. The Fulbright Foreign Language Teaching Assistant (FLTA) Program brings early career educators from all over the world to the U.S. to refine their teaching skills, increase their English language proficiency and extend their knowledge of the cultures and customs of the United States while engaging in non-degree studies at accredited post-secondary U.S. educational institutions. FLTAs teach or assist in the instruction of language courses, supervise language labs, and lead language table discussions and may also act as resource persons and cultural representatives, as they represent their language and culture in the United States. The Junior Faculty Development and Regional Specialty Programs in the Western Hemisphere provide opportunities for faculty from regional provinces across the region to pursue graduate degrees at U.S. universities. Please refer to the Grants.gov or the U.S. Department of State's SAMS Domestic announcement for further information.

Applicant Eligibility:

The Study of the U.S. Institutes for Scholars strengthens curricula and improves the quality of teaching about the United States in academic institutions overseas.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

The flagship international exchange program sponsored by the United States Government, the Fulbright Program is designed to increase mutual understanding between the people of the United States and the people of other countries. Funding is provided to non-profit organizations, colleges, and universities to support their work in designing and administering programs as well as coordinating program logistics. Funding supports publicity and recruitment, screening of applications, communication with participants, payment of individual grantee costs, and the provision of enrichment activities. Study of the U.S. Institutes (SUSIs) for Scholars and Secondary Educators are five to six week academic programs designed to strengthen curricula and improve the quality of teaching about the United States in academic institutions overseas. Hosted by U.S. universities and colleges, foreign university faculty, secondary educators, and other scholars spend approximately four weeks in an academic residency followed by a complimenting one to two-week study tour to another region of the United States. During the Institutes, scholars engage in rigorous academic coursework, seminar, and panel discussions; interact and establish networks with American scholars; meet with experts in the respective disciplines, visit civic institutions, and pursue related research interests. The Fulbright Specialist Program (FSP) provides an on-demand, rapid response exchange resource which sends highly qualified U.S. academics and professionals to host institutions abroad for short term visits of 2-6 weeks with a goal of sharing expertise and establishing partnerships which benefit institutions and communities both in the United States and overseas. Specialists carry out projects at host institutions that align with Department of State goals and the priorities of foreign host institutions. The Fulbright Scholar-in-Residence Program enables U.S. colleges and universities to host academicians from abroad to lecture on a wide range of subject fields for a semester or academic year as part of an internationalization effort. Preference is given to institutions less involved in international exchange and/or institutions serving minority audiences, including Historically Black Colleges and Universities, Hispanic Serving Institutions, Tribal Colleges, Asian American and Pacific Islander serving Institutions, American Indian and Alaska Native Serving Institutions, Predominantly Black Institutions, small liberal arts colleges, community colleges and rural colleges and universities. Fulbright Public Policy Fellows serve in professional placements as special assistants in foreign government ministries in areas of joint interest to the U.S. government and host country government to gain hands-on public sector experience and contribute to public policy initiatives in participating foreign countries while simultaneously carrying out an academic research project. The Fulbright Global Scholar Award allows U.S. academics and professionals to engage in multi-country, trans-regional projects. Fulbright Global Scholars conduct research and teaching activities in two to three countries with flexible scheduling options. Participants represent a broad range of fields and levels of professional experience. The Fulbright Arctic Initiative supports and facilitates cross-disciplinary research and cooperation on shared challenges in the Arctic among scholars from the eight member states of the Arctic Council. Regional cohort programs -- the International Education Administrators (IEA) Seminars -- place

visiting scholars from selected countries at U.S. colleges and universities and U.S. scholars at host institutions in select countries abroad to enhance discipline knowledge, increase professional networks between U.S. and international counterparts, and help participants master new pedagogical approaches.

19.402 Professional and Cultural Exchange Programs - International Visitor Leadership Program

International Visitor Leadership Program,

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

The Fulbright-Hays Act of 1961, as amended., Public Law 87-256, 22 USC Code 2451.

OBJECTIVES:

As authorized by the Fulbright-Hays Act, the Bureau of Educational and Cultural Affairs (ECA) seeks to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange programs, including the exchange of scholars, researchers, professionals, students, and educators. ECA programs foster engagement and encourage dialogue with citizens around the world. Educational and cultural engagement is premised on the knowledge that mutual understanding, the development of future leaders, and the benefits of education programs influence societies and affect official decision-making almost everywhere in the world today. ECA programs inform, engage, and influence participants across strategic sectors of society including young people, women, teachers, scholars, journalists, and other professionals increasing the number of foreign individuals who have first-hand experience with Americans and with the values of freedom, representative government, rule of law, economic choice, and individual dignity, while building international knowledge and capacity among Americans. The International Visitor Leadership Program (IVLP) facilitates short-term visits to the United States for current and emerging leaders from around the world to exchange best practices with American counterparts in a broad range of professional fields directly tied to U.S. foreign policy priorities. Interagency staff at U.S. embassies worldwide nominate and select participants in government, politics, business, education, the media, the arts and other fields for the program; there is no application process. Over 500 alumni of the IVLP went on to become Chiefs of State or Heads of Government in their countries. IVLP projects provide opportunities for participants to explore issues in the U.S. context, meet with their American professional counterparts, experience U.S. society, and understand American values. Participants meet with representatives of the private sector and civil society, as well as with government officials at all levels. The IVLP partners with a network of non-government, non-profit organizations, including about 90 community-based organizations and 40,000 volunteers across the country. These citizen diplomats host the International Visitors and share the American way of life by bringing them into their places of work, schools, communities, and homes. Americans, in turn, benefit from the opportunity for first-hand, in-person exchange with current and emerging leaders from around the world. The IVLP broadens international understanding and supports the local economy in both rural and urban communities

19.421 Academic Exchange Programs - English Language Programs

English Language Programs include the English Access Microscholarship Program, the English Language Fellow and Specialist Program, and the Online Professional English Network (OPEN) Program (formerly known as the American English E-Teacher Program).

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

The Fulbright-Hays Act of 1961, as amended., , Public Law 87-256, 22 USC

Code 2451.

OBJECTIVES:

As authorized by the Fulbright-Hays Act, the Bureau of Educational and Cultural Affairs (ECA) seeks to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange programs, including the exchange of scholars, researchers, professionals, students, and educators. ECA programs foster engagement and encourage dialogue with citizens around the world. Educational and cultural engagement is premised on the knowledge that mutual understanding, the development of future leaders, and the benefits of education programs influence societies and affect official decision-making almost everywhere in the world today. ECA programs inform, engage, and influence participants across strategic sectors of society including young people, women, teachers, scholars, journalists, and other professionals the number of foreign individuals who have first-hand experience with Americans and with the values of freedom, representative government, rule of law, economic choice, and individual dignity, while building international knowledge and capacity among Americans. The purpose of English Language Programs is to achieve U.S. foreign policy goals and strengthen relationships with foreign publics by supporting English language education.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funding is provided to non-profit organizations to support their work in designing and administering programs as well as coordinating program logistics for U.S. English language educators, underserved foreign students and teachers of English as a foreign language as participants in study and professional development and international exchanges. Funding to those organizations supports activities such as publicity and recruitment, screening of applications, communication with recipients, payment of stipends, and other program costs and the provision of enrichment activities. The English Language Fellow Program fosters mutual understanding between the people of the United States and those of other countries by sending talented, highly qualified U.S. educators in the field of Teaching English to Speakers of Other Languages (TESOL) on ten-month fellowships to overseas academic institutions in all regions of the world. The Program promotes English language learning and enhances English teaching capacity abroad. The English Language Specialist Program recruits U.S. academics and professionals in the field of Teaching English to Speakers of Other Languages (TESOL) to conduct programs overseas for a minimum of two weeks. The English Access Microscholarship Program (Access) provides a foundation of English language skills to bright, economically disadvantaged students, primarily aged 13 to 20, through after-school classes and intensive learning activities. Access students also gain an appreciation for U.S. culture and democratic values through cultural enhancement, community service and professional development activities. The Online Professional English Network (OPEN) Program (formerly the American English E-Teacher Program) is designed to improve the quality of overseas English language teaching through the use innovative distance learning technology. Participants are English teaching professionals who receive instruction from U.S. experts in the most recent English language teaching methods and techniques.

19.432 Academic Exchange Programs - Educational Advising and Student Services

The U.S. Department of States Bureau of Educational and Cultural Affairs (ECA)

ASSISTANCE LISTINGS DESCRIPTIONS

oversees the EducationUSA network, which consists of over 425 international student advising centers in more than 175 countries worldwide. The EducationUSA network supports ECAs mission by increasing international student mobility, providing students from across the globe with access to educational opportunities, and building a broader understanding of the U.S. higher education sector among overseas student, government and academic personnel. EducationUSA advising centers are housed within in U.S. embassies and consulates and/or in partner institutions that include Fulbright Commissions, bi-national cultural centers, U.S. non-governmental organizations (NGOs), international NGOs, and/or universities and libraries abroad. EducationUSA advisers provide guidance and support to international students and their families as they explore opportunities to study at U.S. college and universities. EducationUSA advisers provide guidance on the U.S. higher education admissions process and offer accurate, comprehensive, and current information about the full range of accredited U.S. institutions of higher education. Advising activities are conducted via center activities, in-person and virtual outreach in local communities, including webinars, virtual recruitment fairs, and website content. Through programs like the EducationUSA Academy and Leadership Institutes, EducationUSA seeks to develop a pipeline of college-ready international students at the secondary level, and expand the capacity of colleges and universities in the United States to partner with overseas institutions around student and scholar exchange, collaborative research, and workforce development initiatives. ECAs EducationUSA branch also funds the annual Open Doors Report on International Educational Exchange which tracks the flow of students to and from of the United States and provides essential data used in calculating the economic impact of inbound international student mobility an estimated \$44 billion in 2019.,

For programs funded in FY 2020 and going forward, the Fulbright-Hays Act of 1961, as amended, Public Law 87-256, 22 US Code 2451. For programs funded in FY 2019 and previously, the US Information and Educational Exchange Act of 1948, also called the Smith-Mundt Act, Public Law 80-402., Title Fulbright-Hays Act of 1961,

ASSISTANCE LISTINGS DESCRIPTIONS

OBJECTIVES:

As authorized by the Fulbright-Hays Act for programs exercised in FY 2020 and going forward and as authorized by the Smith-Mundt Act for programs exercised in FY 2019 and prior to that, American Spaces are open-access public platforms supported by the U.S. government and located in more than 140 countries, connecting the world with the United States. American Spaces give visitors and program participants a first taste of America and serve as an important platform for advancing post priorities, whether by utilizing Washington-based resources or through locally-based programming. American Spaces visitors champion continued ties with the United States, and can go on to become trusted Post contacts or participate in ECAs exchange programs such as Fulbright and the International Visitors Leadership Program (IVLP). The five core programming areas that take place in American Spaces draw on the breadth of what ECA offers: EducationUSA advising, English language learning and teaching, Alumni engagement, strategic cultural programs that utilize ECAs Envoys (arts, music, sports, science, and more), and information about the United States, such as through connecting with expert American speakers. The State Departments Public Diplomacy Strategic Framework calls for the revitalization of existing American Spaces and the establishment of new ones. The Director of ECA/A/M leads the American Spaces strategy, under the direction of the Deputy Assistant Secretary for ECA Academic programs. ECA coordinates with other Department bureaus (R/PPR, regional PD offices, GPA, OBO, DS, and IRM, among others) as appropriate to ensure that their interests are met.

19.450 ECA Individual Grants

Individual Grants, U.S. academics and professionals, Bureau of Educational and Cultural Affairs (ECA),

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

Fulbright-Hays Act, Public Law, as amended., , Public Law 87-256, 22 USC Code 2451.

OBJECTIVES:

ASSISTANCE LISTINGS DESCRIPTIONS

To provide individual assistance awards by the Bureau of Educational and Cultural Affairs (ECA) to experts and other influential or distinguished persons in the United States, including U.S. academics and professionals, athletes and coaches and creative and performing artists, with funds appropriated to and authorized by the Bureau of Educational and Cultural Affairs. These individual grants support interchanges between the United States and other countries that address issues of mutual interest consistent with the Fulbright-Hays Act. As authorized by the Fulbright-Hays Act, ECA seeks to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations, and the contributions being made toward a peaceful and more fruitful life for people throughout the world; to promote international cooperation for educational and cultural advancement; and thus to assist in the development of friendly, sympathetic, and peaceful relations between the United States and the other countries of the world.

TYPES OF ASSISTANCE:

Project Grants (including individual awards)

USES AND USE RESTRICTIONS:

Individual awards made by the Bureau of Educational and Cultural Affairs may support any activities authorized by the Fulbright-Hays Act for which funding has been appropriated by Congress through the annual Educational and Cultural Exchange Programs appropriation administered by the Department of State, Bureau of Educational and Cultural Affairs. The activities are designed to promote U.S. interests in designated countries around the world by developing mutual understanding of key issues and promoting long-lasting ties between the United States and other countries. Awards are made to individuals and supported by funds appropriated to and approved by the Bureau of Educational and Cultural Affairs.

Applicant Eligibility:

Public nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; Non-Government - General; Individual/Family; Minority group; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Anyone/general public; Individuals in fields of specialized knowledge or skill, and other influential or distinguished persons.

Beneficiary Eligibility:

19.452 International Exchange Alumni Programs

International Exchange Alumni Programs include Alumni Thematic International Exchange Seminars (TIES) and the U.S. Exchange Alumni Network and Capacity Building Program.,

FEDERAL AGENCY:

BUREAU OF EDUCATIONAL AND CULTURAL, STATE, DEPARTMENT OF AUTHORIZATION:

The Fulbright-Hays Act of 1961, as amended., Title 87, Part 256,

OBJECTIVES:

As authorized by the Fulbright-Hays Act, the Bureau of Educational and Cultural

Affairs (ECA) seeks to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange programs, including the exchange of scholars, researchers, professionals, students, and educators. ECA programs foster engagement and encourage dialogue with citizens around the world. Educational and cultural engagement is premised on the knowledge that mutual understanding, the development of future leaders, and the benefits of education programs influence societies and affect official decision-making almost everywhere in the world today. ECA programs inform, engage, and influence participants across strategic sectors of society including young people, women, teachers, scholars, journalists, and other professionals increasing the number of foreign individuals who have first-hand experience with Americans and with the values of freedom, representative government, rule of law, economic choice, and individual dignity, while building international knowledge and capacity among Americans. The purpose of International Exchange Alumni Programs is to advance U.S. foreign policy by building and maintaining relationships with current and future leaders, including Americans, who have participated in international exchanges. Alumni engagement is an integral component of the U.S. Department of State's public diplomacy that generates maximum return on the U.S. government's investment in exchange programs. Alumni programs aim to unite alumni communities around the globe and foster post-exchange opportunities through follow-on activities, virtual engagement, funding opportunities and resources, and regional programs.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants, Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

With more than 1,000,000 alumni of U.S. Government-funded exchange programs worldwide, nearly one-third of whom are Americans, and approximately 300,000 alumni annually of the U.S. Government-facilitated Exchange Visitor Program. ECA is committed to providing resources to sustain engagement with and harness the energy, enthusiasm, and expertise of these current and emerging leaders. Working closely with Department of State regional bureaus and U.S. embassies worldwide, ECA supports alumni programs that are strategic, responsive to U.S. embassy priorities, and designed to reinforce U.S. foreign policy objectives. To best address those objectives, ECA focuses alumni programs on policy priority topics including increasing America's global competitiveness, countering disinformation by strengthening media literacy, empowering women and girls, advancing economic prosperity, promoting inclusion and access to education and encouraging strong civil society institutions and good governance. ECA does this through professional development for U.S. citizen alumni and by providing expertise, training, and support for on-the-ground foreign alumni activities led by U.S. embassies and consulates around the world. ECA also maintains a robust, targeted virtual engagement system including the International Exchange Alumni website (alumni.state.gov), an exclusive, password-protected on-line global community with more than 500,000 members, which serves as the U.S.

Department of State's official website for U.S. government-sponsored exchange alumni. The site offers alumni a place to network and connect with other alumni, share news, and access resources such as grants and research databases. ECA also virtually connects U.S. leaders with the global alumni community through online mentoring sessions hosted on social media. The funding provided to non-profit organizations supports U.S. citizen alumni and foreign alumni. These cooperative agreements support professional development programs for U.S. citizen alumni and regional enrichment seminars and small grants on thematic topics that support U.S. foreign policy priorities and foster a sense of shared identity, networking and dialogue among participating alumni.

CRITERIA FOR SELECTING PROPOSALS:

Submitted proposals should identify the importance and relevance of their application to the broader U.S. Public Diplomacy policy objectives as well as the relevance to the program objectives of the Department of State, as described in the solicitation. A compelling statement on the approach to the project will be given great consideration by the review panel. The proposed activities must directly relate to meeting the goals and objectives and how the effectiveness of project activities will be measured. The review panel will be viewing the implementation plan in terms of how well it addresses the problem statement, relevance of the goals and objectives, feasibility of the proposed activities, and their timeline for completion. Other important factors are the quality of the applicants plan for and ability to assess progress towards project objectives as well as the impact of the project beyond the conclusion of the funding period. Applicants must demonstrate how their resources, capabilities, and experience will enable them to achieve the stated goals and objectives. In addition, applicants should describe how and with whom they will collaborate to meet project goals.

19.515 Contributions to International Organizations for Overseas Assistance

Contributions to International Organizations for Overseas Assistance.

FEDERAL AGENCY:

BUREAU OF POPULATION, REFUGEES AND MIGRATION, STATE,
DEPARTMENT OF
AUTHORIZATION:

Migration and Refugee Assistance Act of 1962, as amended, , Public Law 87-510,
22 USC Code 2601.

OBJECTIVES:

Provision of voluntary and assessed contributions to Public International Organizations to carry out humanitarian assistance activities overseas benefitting refugees, victims of conflict, and other persons of concern.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use, Project Grants

USES AND USE RESTRICTIONS:

Voluntary and assessed contributions provide funds to key international organizations to address pressing humanitarian needs overseas and to resettle refugees in the United States. These funds support programs that sustain life; provide protection and assistance to the most vulnerable, particularly women and children and the elderly; assist refugees with voluntary repatriation, local integration, or permanent resettlement in a third country; and foster the humane and effective management of international migration policies. These contributions meet the international organization's objectives as approved by the Bureau. Funding documents approved by the Bureau authorize funds based on the organization's budget submission, funding request or appeal document.

Applicant Eligibility:

Other public institution/organization; Quasi-public nonprofit institution/organization; Voluntary and assessed contributions to Public International Organizations to provide assistance to refugees and victims of conflict overseas.

Beneficiary Eligibility:

Quasi-public nonprofit organization; Refugee/Alien; Refugees, victims of conflict, and other persons of concern requiring protection and assistance.

Credentials/Documentation:

This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is not applicable.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

As authorized, the Bureau provides funds multilaterally as voluntary and assessed contributions to international organizations (IOs). To ensure that the international system is effectively and efficiently addressing the humanitarian needs of refugees, internally displaced persons (IDPs), victims of conflict, stateless persons, and vulnerable migrants, the Bureau ensures that the U.S. Government (USG) works closely with other donor governments to achieve a common understanding of humanitarian requirements and what constitutes satisfactory performance in responding to them by the international humanitarian system. Through its active participation in international organizations' governing boards, the USG promotes efforts to strengthen the UN system and increase the effectiveness of multilateral humanitarian action. The Bureau makes USG contributions to major IO partners including the Office of the United Nations High Commissioner for Refugees, the International Committee of the Red Cross, the International Organization for

Migration, the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), and other international organizations. To demonstrate continued U.S. leadership and commitment to these institutions, the U.S. contributions aim to constitute a fair share of the IOs funding requests and appeals with the expectation that other donors -- in the spirit of responsibility sharing -- will support the remaining funding request. Each contribution funding decision is based on Bureau budget and policy prioritization considerations. Each contribution action contains award conditions that are signed and countersigned by authorized representatives of the Bureau and the recipient organization.

Method of awarding/releasing assistance: other

Reports:

Copies of all program and financial reports concerning the activities specified by the contribution are required to be provided to the Bureau within thirty days of issuance. Contribution awards require that financial records regarding the contribution be maintained in accordance with the Recipients established accounting policies and procedures. Monitoring programs funded through contributions to international organizations remains a Bureau priority to ensure that funds meet core objectives of providing protection and assistance to populations of concern. The Bureau pursues its monitoring of its primary IO partners, as applicable, by negotiating frameworks for cooperation between the USG and the IO incorporating rigorous, mutually-agreed strategic goals, indicators, and performance targets for the year. With these organizations, the Bureau plays an important role in shaping and supporting strategic planning and performance management. The Bureau monitors its programs closely using a range of performance measures to gauge humanitarian impact, assess progress toward strategic priorities, and ensure accountability to beneficiaries and American taxpayers. IO programs are monitored by routine visits of agency staff to program sites and to IO headquarters and regional/country offices.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Annual and/or bi-annual audits are required depending on the PIO. External audits may also be required. The contribution agreement states that in addition to the published financial and program reports, the Recipient agrees to provide copies of its external audit report prepared for donors to the Bureau.

Overseas Refugee Assistance Programs for Africa.

FEDERAL AGENCY:

BUREAU OF POPULATION, REFUGEES AND MIGRATION, STATE,
DEPARTMENT OF

AUTHORIZATION:

The Migration and Refugee Assistance Act of 1962, as amended (MRA), 22 U.S.C. 2601 et seq., 22 USC Code 2601.

OBJECTIVES:

Assistance will contribute to the basic needs of refugees and conflict victims spread across the African continent (both Sub-Saharan and North Africa). NGOs are key partners of international organizations in Africa, often in specialized areas such as health care, water, sanitation, food distribution, and education. Funds will be provided directly to NGOs to complement the programs of UNHCR and to bring basic assistance up to international life-sustaining standards of care.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants

USES AND USE RESTRICTIONS:

The cooperative agreement, grant or contribution provides funds to meet the organization's objectives as approved by the Bureau. Funding documents authorize funds based on the organization's budget submission after Bureau approval.

Applicant Eligibility:

Non-Government - General; International and non-governmental organizations. MRA designates primary UN or IO recipient organizations. NGO activities must be complementary to, and coordinated with, UN programs.

Beneficiary Eligibility:

Refugee/Alien; Refugees and victims of conflict requiring assistance.

Credentials/Documentation:

2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Non-governmental organizations (NGOs) must submit proposals for the Bureau's consideration via

Grants.gov (international organizations submit appeals to the Bureau). NGOs may submit proposals in response to funding opportunity announcements posted by the Bureau on Grants.gov to fill critical needs, with Bureau review occurring following the deadline of the funding announcement. (Funding announcements are also posted at <http://www.state.gov>.) IO and NGO representatives are also encouraged to communicate directly with Bureau program officers regarding priorities and funding timelines. NGOs that have never received PRM funding must be prepared to demonstrate that their organizations meet the financial and accounting requirements of the U.S. Government before they can be eligible to receive Bureau funding.

Award Procedure:

The Assistant Secretary of the Bureau makes funding decisions based on recommendations from the Bureau's Office of Assistance for Africa and other Bureau offices. A warranted grants officer in the Bureau signs the cooperative agreement.

CRITERIA FOR SELECTING PROPOSALS:

The Bureau's main objective is to help ensure that refugees and victims of conflict have access to basic life-sustaining resources in ways that meet internationally accepted standards of care in shelter, food supply, nutrition, water supply, sanitation, and public health. NGO proposals should clearly use SPHERE standards as the basis for design, implementation, and evaluation, including proposed objectives and indicators. Underlying PRM's support for humanitarian assistance is a commitment to protection, targeted support to women, vulnerable individuals, coordination with relevant UN agencies and other NGOs, sustainability of programming, security, and capacity building. NGOs in search of Bureau funding would do well to address these specific areas in any proposals sent for funding.

BUREAU OF INTERNATIONAL SECURITY AND NONPROLIFERATION,
STATE, DEPARTMENT OF
AUTHORIZATION:

Foreign Assistance Act of 1961, as amended, , Public Law 87-195, 22 USC Code 2349bb-1.

OBJECTIVES:

The U.S. Department of States Bureau of International Security and Nonproliferation, Office of Export Control Cooperation (ISN/ECC) administers the Export Control and Related Border Security (EXBS) Program. The EXBS Program Mission is to enhance U.S. national security by preventing proliferation of WMD and illicit trade in conventional weapons, and strengthen partner countries capabilities to comply with international strategic trade control norms and enforcement best practices. EXBS trains border security personnel and law enforcement officials to detect, interdict, investigate, and prosecute illicit transfers of conventional weapons and to ensure that international ports of entry have adequate equipment to screen suspicious cargo. EXBS also assists partner countries in the establishment of independent strategic trade control authorities to regulate transfers of technologies and material that could be used for WMD, related delivery systems, or advanced conventional weapons. To strengthen compliance with international strategic trade control norms and U.N. sanctions resolutions, EXBS also conducts outreach to the private sector to help industry better understand its nonproliferation obligations.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants, Project Grants (including travel grants)

USES AND USE RESTRICTIONS:

ISN/ECC periodically awards assistance instruments to facilitate implementation of specific EXBS projects in various partner countries. Examples of typical EXBS projects include formal training workshops for foreign government officials, working closely with foreign government officials to assist with drafting strategic trade control legislation and implementing regulations, and assessing the status of

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: In Tanzania, PRACT funded a project to raise awareness about the threat of violent extremism in hotspot areas by conducting a series of learning forums, town hall meetings and training sessions for youth influencers in countering violent extremism. To date, the program has reached more than 665 participants, including 130 trained youth influencers. PRACT funded a workshop that brought together 25 influential religious leaders from Somalia, Djibouti, Kenya, Uganda, Ethiopia, Tanzania, and Mozambique to discuss the role of religious tolerance in countering violent extremism in East Africa.

EXAMPLES OF FUNDED PROJECTS:

2020 Past Fiscal Year: Actual PRACT programs prevent terrorist recruitment and reduce sympathy and support for violent extremism in East Africa by offering positive alternatives to communities at risk of radicalization and mobilization to violence; countering violent extremist narratives and messaging; and increasing partner-nation and civil society political will and capacity to implement CVE programs and strategies. Programming addresses threats associated with al Shabaab as well as other violent extremist groups in East Africa. Programs focus on vulnerable or marginalized groups that are particularly susceptible to recruitment by violent extremist groups, especially youth, and build their sense of civic engagement and social responsibility. Additionally, programs build the capacity of civil society organizations, faith leaders, educators, and other credible voices from across the region to start conversations that foster mutual understanding and cooperation between individuals from diverse religious, cultural, and ethnic backgrounds and share best practices. Programs also support engagement with law enforcement, including to build trust and develop response systems to threats from violent extremist organizations.

TRANSPORTATION, DEPARTMENT OF

20.106 Airport Improvement Program and COVID-19 Airports Programs

AIP, CARES, ACRGP under CRRSA, and ARPA,

FEDERAL AGENCY:

FEDERAL AVIATION ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

Airport Improvement Act, Subtitle VII of Title 49 United States Code, Aviation Programs, , Public Law 115-254, Public Law 115-141, Public Law 116-136, Public Law 116-260, Public Law 117-2

OBJECTIVES:

To assist sponsors, owners, or operators of public-use airports in the development of a nationwide system of airports adequate to meet the needs of civil aeronautics. The purpose of the law includes the investment in transportation, environmental protection, and airport infrastructure that will support long-term economic benefits.

TYPES OF ASSISTANCE:

Advisory Services and Counseling, Project Grants

USES AND USE RESTRICTIONS:

Grants can be made for integrated airport system planning in a specific area and airport master planning, construction, or rehabilitation at a public-use airport or portion thereof. Authorizing legislation refers to an airport as any area of land or water used or intended to be used for the landing or taking off of aircraft and includes, within the five categories of airports listed below, special types of facilities such as seaplane bases and heliports. The statute further defines airports by categories which include: commercial service, primary, cargo service, reliever, and general aviation airports. They are defined in Chapter 4, Section 4.5 of the AIP Handbook (FAA Order 5100.38D.) The remaining airports, are referred to as general aviation, or GA, airports and are defined as public airports that are not commercial service airports. General aviation airports comprise the largest single group of airports in the U.S. airport system. Eligible work at airports consists of: (1) airport master plans; (2) airport noise compatibility plans; (3) land acquisition; (4) site preparation; (5) construction, alteration, and rehabilitation of runways, taxiways, aprons, and certain roads within airport boundaries; (6) construction and installation of airfield lighting, navigational aids, and certain related offsite work; (7) safety equipment required for certification of airport facility; (8) security equipment required of the sponsor by the Secretary of Transportation by rule or regulation for the safety and security of persons and property on the airport; (9) snow-removal equipment; (10) terminal development; (11) aviation-related weather reporting equipment; (12) equipment to measure runway surface friction; (13) firefighting burn area training structures and land for that purpose, on or off airport; (14) agency-approved noise compatibility projects; (15) relocation of air traffic control towers and navigational aids (including radar) if they impede other projects funded under AIP; (16) land, paving, drainage, aircraft deicing equipment and structures for centralized deicing areas; and (17) projects to comply with the Americans with Disabilities Act of 1990, Clean Air Act, and Clean Water Act. Under limited criteria, construction of aircraft hangars and automobile parking lots are eligible. Grants for hangars and parking facilities are available on a limited basis based on funding. Grants may not be made for buildings not related to the safety of persons on the airport, decorative landscaping or artwork, or routine maintenance and repair. Technical advisory services are also provided for on a project need basis. AIP funds may only be used in a manner consistent with the requirements found in the AIP Handbook FAA Order 5100.38D. CARES: grants fund costs related to paying off debt, reimbursing payroll costs, paying utilities, and routine operations and maintenance costs. In some situations, these grants can be used for construction projects on airport property. CRRSA: grants fund costs related to operations, personnel, cleaning, sanitization, janitorial servicing, combating the spread of pathogens, and debt service payments. CRRSA provides

ASSISTANCE LISTINGS DESCRIPTIONS

rent and minimum annual guarantee (MAG) relief for Concessions (at primary airports) such as: on-airport car rental, on-airport parking, and in-terminal concessions. CRRSA funds development purposes limited to combating spread of pathogens, such as: HVAC systems, terminal reconfiguration for social distancing, facilities to accommodate health screening. Costs relate to operation of FAA Contract Towers. ARPA grants fund costs related to operations, personnel, cleaning, sanitization, janitorial servicing, combating the spread of pathogens, and debt service payments. ARPA provides rent and minimum annual guarantee (MAG) relief for Concessions (at primary airports) such as in-terminal concessions. ARPA funds development purposes limited to combating spread of pathogens, such as: HVAC systems, terminal reconfiguration for social distancing, facilities to accommodate health screening.

Applicant Eligibility:

Other public institution/organization; Federally Recognized Indian Tribal Governments; U.S. Territories and possessions; Quasi-public nonprofit institution/organization; State; Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; States, counties, municipalities, U.S. Territories and possessions, and other public agencies including an Indian tribe or pueblo, the Republics of the Marshall Islands and Palau, and the Federated States of Micronesia are eligible for airport development grants if the airport on which the development is required is listed in the National Plan of Integrated Airport Systems (NPIAS). Certain local government organizations may be eligible for grants to implement noise planning and compatibility projects. Private owners of public-use reliever airports or airports having at least 2,500 passengers boarding annually and receiving scheduled passenger aircraft service may also be eligible. CARES, CRRSA, and ARPA state that only sponsors of airports in categories defined in 49 U.S.C. 47102 are eligible. Eligible airports are included in the NPIAS. Airports in U.S. territories (American Samoa, Northern Mariana Islands, Puerto Rico, the U.S. Virgin Islands, and Guam) are included in the NPIAS and are eligible. Airports in the Republic of the Marshall Islands, Federated States of Micronesia, Republic of Palau, and Wake Island are not included in the NPIAS. While these airport sponsors may be eligible for some AIP discretionary funding (per 49 USC Section 47115 (i)) , they are not eligible under CRRSA and ARPA. CRRSA and ARPA prohibits funding for any airport that was allocated more than four times its annual operating expenses under the CARES Act FAA will award any FY 2021 AIP grant awarded to airport sponsors in the Republic of the Marshall Islands, Federated States of Micronesia, Republic of Palau, and Wake Island with a 100% Federal share.

Beneficiary Eligibility:

U.S. Territories; Private nonprofit institution/organization; Quasi-public nonprofit organization; State; Local; Public nonprofit institution/organization; Other public institution/organization; Federally Recognized Indian Tribal Governments; Anyone/general public; Rural; Suburban; Other Urban; Major Metropolitan (over 250,000); Builder/Contractor/Developer; The grant program benefits all the eligible applicants listed in this CFDA under applicant eligibility - as well as the additional entities listed under beneficiary eligibility.

Credentials/Documentation:

Sponsors must submit information establishing financial capability and legal authority to accomplish the project and to operate the airport. Sponsors must be included in the National Plan of Integrated Airport Systems (NPIAS), which is updated every two years. Sponsors must have an active SAM registration per 2 CFR Part 25 Universal Identified and System for Award Management. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact assessment is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An environmental impact assessment is required for this program. Alternative environmental reporting and documentation may be acceptable based upon the project type.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Pre-application for

Federal Assistance, SF 424, Part I (facesheet) filed with the appropriate FAA field office, reviewed by the respective Regional Office and/or Washington program office for approval. For master plans (may be combined as part of development project), noise compatibility plans, and system plans, SF-424 and Parts II through V of FAA Form 5100-101, the Application for Federal Assistance and Application for Planning Projects respectively, must be submitted to the FAA field offices. Level of approval is dependent on the type of airport and amount of FAA financial assistance requested. No State plan is required.

Award Procedure:

Upon program approval for development projects, applicant submits project application, SF 424, Part I (facesheet) and remaining parts of FAA Form 5100-100 to the appropriate FAA field office. Master, noise compatibility, and system planning grant applications are submitted to the FAA field offices and, upon approval, grant offers are made. Either the District or Regional Office prepares the agency's Grant Offer, FAA Form 5100-37, for planning and development projects for execution by the grant applicant.

Deadlines:

October 01, 2020 - September 30, 2021. FAA Regional and District Offices may have supplemental local deadlines to facilitate orderly program implementation. This obligation deadline does not apply to the CARES and ARPA programs.

Application deadlines for COVID-19 Airports Programs:

For CARES: while there was no specific application deadline, FAA intent was to award grants and obligate these funds on an expedited basis.

For CRSSA the application deadline was June 30, 2021.

For ARPA the application deadline is November 30, 2021.

For the annual AIP grant program, primary airport sponsors generally must notify the FAA by the Spring of each fiscal year or another date specified in the applicable Notice of Funding Opportunity or Federal Register notice, of their intent to apply for funds to which they are entitled under Section 47102 of Title 49, United States Code. The "intent to apply" deadline is followed by an application deadline usually dated 1-2 months later, also as specified in the applicable Notice of Funding Opportunity or Federal Register Notice. Other sponsors are encouraged to submit early in the fiscal year and to contact the appropriate FAA Regional or District Office for any supplemental local deadlines. Sponsors must formally accept grant offers no later than September 30 for grant funds appropriated in that fiscal year.

Range of Approval/Disapproval Time:

Other. From 90 to 120 days. If the project is challenged on environmental grounds, approval may take longer.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching Requirements: Percent: 0%. Requirement: Matching requirements are mandatory. Matching Requirements: For AIP the local match when not combined with a COVID-19 relief program, is normally between 5% and 25% and is determined by a variety of factors provided for by legislation. Select pilot studies under the program may have a local match of up to 50%. Due to COVID-19 relief programs such as CARES, required match for AIP in some years was 0%. CRRSA and ARPA match is 0%. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

Projects are expected to be completed as expeditiously as possible, and periods of performance are a maximum of 4 years starting from the date of grant award execution. Most airports complete projects within one to two years of grant award. Method of awarding/releasing assistance: other

Reports:

During the project, the sponsor monitors performance to ensure that timely schedules are maintained. Periodic reports, as required, are forwarded to FAA. SF-270 or 271, as appropriate based on project type. The recipient periodically submits form 5370-1, the Construction Progress and Inspection Report. For non-construction projects, the recipient submits a quarterly project performance report. These reports are different than the financial reports, which are required separately

ASSISTANCE LISTINGS DESCRIPTIONS

for every grant. SF-425 Project performance monitoring is conducted through site visits and reports. Reports must be filed quarterly with the FAA District or Regional Office and as frequently as determined by the FAA based on project type.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 Recipient sponsor's records are required to be made available for inspection by FAA, DOT, Office of the Inspector General, and/or the Government Accountability Office (GAO).

Records:

An airport layout plan must be kept up to date and available as long as the grant agreement lasts, ordinarily a period of 20 years. Accounting records reflecting all project costs, books, documents, and records pertinent to grants are to be retained for 3 years after date of submission of final expenditure report. Grant recipients shall submit periodic reports containing the following information: 1. The number of projects that have been put out to bid under the grant and the amount of Federal funds associated with each project. 2. The number of projects for which contracts have been awarded and the amount of Federal funds associated with each project. 3. The number of projects for which work has begun under such contracts and the amount of Federal funds associated with each contract. 4. 2020 AIP examples: Rehabilitated a runway, widened a runway, built a taxiway, expanded an apron, rehabilitated a terminal building. CARES examples: Provided economic relief to airport sponsors for operating expenses, payroll, maintenance, AIP local match at 100% Federal share, and debt service.

CRITERIA FOR SELECTING PROPOSALS:

Only those AIP eligible and justified projects considered by the FAA and DOT to be necessary to provide for a safe and efficient airport system and to meet the current and projected growth of civil aeronautics will be considered for selection. The airports at which AIP projects are proposed must be included in the National Plan of Integrated Airports Systems (NPIAS).

20.108 Aviation Research Grants

FEDERAL AGENCY:

FEDERAL AVIATION ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Federal Aviation Administration Research, Engineering and Development
Authorization Act of 1990, , Public Law 101-508, 49 USC 44511: Aviation
research grants

OBJECTIVES:

To encourage and support innovative, advanced, and applied research and development in areas of potential benefit to the long-term growth of civil aviation.

TYPES OF ASSISTANCE:

Project Grants, Project Grants (Discretionary), Use of Property, Facilities, and Equipment

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be used to support research and development projects at colleges, universities and nonprofit institutions in the following areas: (1) Capacity and Air Traffic Control Technology(2)Communications, Navigation, and Surveillance(3)Aviation Weather(4)Airports(5)Aircraft Safety Technology(6)Human Factors and Aviation Medicine(7)Systems Science/Operations Research(8)Unmanned Aircraft System (UAS) Unmanned Traffic Management (UTM), Class E Upper Airspace Traffic Management (ETM), and Urban Air Mobility (UAM)Discretionary funds are not currently available. Potential grantees are encouraged to contact FAA Research Technical Program Offices for sponsorship.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); U.S. Territories and possessions (includes institutions of higher education and hospitals); Private nonprofit institution/organization (includes institutions of higher education and hospitals); (1)Accredited Institutions of Higher Education as defined by 20.U.S.C. 1001(a) including colleges, universities, and other institutions of higher education.(2)Non-profit institutions under Section 501(c)(3) of Title 26 of United States Code that are:(a)Operated primarily for scientific, educational, service, charitable, or similar services in the public interest.(b)Not organized primarily for profit.(c)Utilizes net proceeds to maintain, improve, and/or expand its operations.

Beneficiary Eligibility:

U.S. Territories; Profit organization; Private nonprofit institution/organization; State; Colleges, Universities, and Non-profit research institutions are eligible to benefit from assistance.

Credentials/Documentation:

A complete description of documentation required for applying, along with submission requirements, is outlined in the Aviation Research Grant Program Solicitation Number FAA-12-01, posted on www.grants.gov. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Pre-application form not required. Pre-application conference is not required. However, in order to streamline the application process, it is recommended (but not required) that all prospective grantees submit a 3 page white paper (letter of intent) for agency technical review. The white paper must indicate the specific FAA Technical Area(s) of Research that aligns with those specified in Program Solicitation No. FAA-12-01.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Proposals must be submitted electronically through the Grants.gov website at www.grants.gov under Opportunity Number 12-01.Proposals must be submitted in accordance with the requirements of Grants.gov, and in accordance with the specific submission requirements and instructions outlined in Program Solicitation No. FAA-12-01. The solicitation can be accessed through the Grants.gov website at www.grants.gov. Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

Award authority has been delegated to the FAA Grants Officer for the Aviation Research Grants Program, ANG-A19.Awards will be made throughout the year. Program Solicitation No. FAA-12-01 is currently open. Any change to this will appear on the Grants.gov website at www.grants.gov.

Length and Time Phasing of Assistance:

Grants are awarded for a minimum of 1 Year and a maximum of 5 Years. A standard grant is a grant in which the FAA agrees to support a level of effort for a specified period of time, usually for a minimum of 1 year.A continuing grant is an agreement to support a level of effort for a specified period of time, usually for a minimum of 1 year, with a statement of intent to provide additional support of the project for additional period(s) provided funds are available and the results achieved warrant further support. Assistance is disbursed on a monthly basis. Advances are possible based on prior written approval from the FAA Grants Officer. Method of awarding/releasing assistance: other

Reports:

Technical and Financial reporting requirements are specified in 2 CFR 200 Subpart D Post Federal-Award Requirements. Final reports are required for closeout of each grant. Reporting requirements are spelled out in the terms and conditions of each award document. SF-270 Progress reports are required in accordance with the terms and conditions of each award document. Progress reports are required throughout the period of performance of the grant. This includes but is not limited to quarterly, semiannual or annual progress reporting. SF-425 A Technical Monitor

ASSISTANCE LISTINGS DESCRIPTIONS

(TM) is a Federal employee who is assigned by the sponsoring organization to oversee each task, to monitor performance, receive technical reports and approve invoices.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 Single Audit Act assigns responsibility to either the Department of Health and Human Services or the Department of Defense for most institutions. The FAA reserves the right to conduct individual audits as needed within the constraints of applicable laws and regulations.

Records:

Technical and financial records must be retained for a minimum of 3 years (or longer, depending on special situations) following completion of a grant or cooperative agreement.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: In Fiscal Year 2020 the FAA Aviation Research Grants Program continues to utilize research grant awards to support advanced research in areas of potential benefit to the long-term growth of civil aviation, and in areas related to the prevention of catastrophic failure of an aircraft, and to contribute to the FAA mission of improving aviation safety, capacity, efficiency, and security. Examples of funded projects include: Probabilistic Integrity and Risk Assessment of Turbine Engines; Visualization and Analysis of Rotorcraft Safety within a CAVE Virtual Reality Environment; Cabin Interior and Engine Related Impact and Failure Analysis Guidelines for Non-Linear Finite Element Modeling. Fiscal Year 2021: In Fiscal Year 2021 the FAA Aviation Research Grants Program continued to utilize research grant awards to support advanced research in areas of potential benefit to the long-term growth of civil aviation, and in areas related to the prevention of catastrophic failure of an aircraft, and to contribute to the FAA mission of improving aviation safety, capacity, efficiency, and security. Examples of funded projects include: Effective Integration of Human Factors Engineering into System Development Acquisition Programs; UAM eVTOL Ice Accretion Characterization; A Parametric Study of the Effect of SLD Ice Accretion on the Aerodynamic Performance of Swept Wings and The contributions of human operators to safety and risk mitigation: Implications for crew complements and automation/autonomy levels in commercial transport operations. Fiscal Year 2022: In Fiscal Year 2022 the FAA Aviation Research Grants Program plans to continue to utilize research grant awards to support advanced research in areas of potential benefit to the long-term growth of civil aviation, and in areas related to the prevention of catastrophic failure of an aircraft, and to contribute to the FAA mission of improving aviation safety, capacity, efficiency, and security.

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

The FAA has established the following four (4) criteria which must be met for a proposal to be eligible for funding: (1) Intrinsic Value; (2) Relevance to the FAA Mission; (3) Technical Soundness of the Proposal; (4) Research Performance Competence.

20.109 Air Transportation Centers of Excellence

FAA Centers of Excellence,

FEDERAL AGENCY:

FEDERAL AVIATION ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

Federal Aviation Administration Research, Engineering and Development
Authorization Act of 1990, , Public Law 101-508, 49 USC Code C.

OBJECTIVES:

Conduct long term research in critical and specific areas of aviation related technology. Responsibilities of Centers may include, but are not limited to: the conduct of research concerning catastrophic failure of aircraft; airspace and airport planning and design; airport capacity enhancement techniques; human performance in the air transportation environment; aviation safety and security; the supply of trained air transportation personnel including pilots and mechanics; and other aviation issues pertinent to developing and maintaining a safe and efficient air transportation system, and the interpretation, publication, and dissemination of the results of such research.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants, Provision of Specialized Services, Use of Property, Facilities, and Equipment

USES AND USE RESTRICTIONS:

Centers of Excellence are established for long term mission-critical research in specific technology areas. Funding may be used for the establishment and operation of the Centers of Excellence and the related training, education and research projects. The FAA determines a need for a Center of Excellence in a specific area of technology and publishes in Grants.gov a Notice of Intent to Establish a COE and a Notice of Availability of a Draft Solicitation. In response to the Final Solicitation, each applicant submits a proposal with a description of their institutional capabilities, available faculty, facilities and equipment, and additional information as required in the Solicitation. Researchers at each COE are expected to maintain a close working relationship with the FAA COE Program Office and relevant FAA program offices and others having responsibility in areas related to their research projects. Centers conduct semi-annual reviews, and a major symposium at the conclusion of each cooperative agreement and research phase. This activity satisfies Congressional requirements to disseminate research results to a broad audience. CONGRESSIONAL RESTRICTIONS: (1) Matching Funds - The Federal share of the grant awarded shall be 50 percent of the cost to establish and operate and conduct related research within the Center of Excellence and related research activities. (2) Maintenance of Effort - Each recipient will maintain its aggregate expenditures from all other sources for establishing and operating the Center and related research activities at or above the average level of such expenditures in its 2 fiscal years preceding November 5, 1990. (3) Locations of centers and distribution of funds shall be geographically equitable. (4) Contract tasks may be awarded following the competitive process and may include negotiable cost share. (5) Funds are awarded to universities. Industry and other

ASSISTANCE LISTINGS DESCRIPTIONS

affiliates must align with academic institutions who may then sub-contract to others as appropriate.

Applicant Eligibility:

Private nonprofit institution/organization (includes institutions of higher education and hospitals); FAA COE applicants are limited to colleges and universities with the financial resources to meet statutory requirements for matching Federal funds and maintenance of effort. Academic institutions may partner with industry affiliates, other public and private entities, government laboratories and other interested parties. Applicants must satisfy the Congressionally mandated selection criteria as stated in an open Final Solicitation.

Beneficiary Eligibility:

Private nonprofit institution/organization; Education (13+); Recipients are limited to colleges and universities with the financial resources to meet statutory requirements for matching Federal grants and maintenance of effort. In conducting research, a Center of Excellence may contract with nonprofit research organizations and other appropriate persons.

Credentials/Documentation:

Required documentation is outlined in each solicitation package. After the Draft Solicitation is published, copies of the Solicitation are available prior to a Public Meeting and are provided by the FAA Centers of Excellence Program Office, FAA Technical Center, Atlantic City International Airport, NJ 08405. To establish a Center of Excellence, the FAA COE Program Office conducts a competitive process to include a: public announcement, publication of a Draft and a Final Solicitation, period of public comment, management/fiscal review, and a technical evaluation. Public Law 101-508 established the following equally weighted selection criteria: (1) The extent to which the needs of the State in which the applicant is located are representative of the needs of the region for improved air transportation services and facilities. (2) The demonstrated research and extension resources available to the applicant for carrying out this program. (3) The capability of the applicant to provide leadership in making national and regional contributions to the solution of both long- range and immediate air transportation problems. (4) The extent to which the applicant has an established air transportation program. (5) The demonstrated ability of the applicant to disseminate results of air transportation research and educational programs through a State-wide or region-wide continuing education program. (6) The projects which the applicant proposes to carry out under the grant. Each proposal must include the following: (a) description of current research projects being conducted in the specific research area, (b) a schedule of anticipated costs to establish and operate the Center of Excellence, (c) a plan for meeting the 50 percent nonfederal contribution toward the matching requirements, (d) a statement showing aggregate expenditures from all other sources for aviation research in its 2 fiscal years preceding November 5, 1990, (e) all data sufficient for the evaluation team to determine the extent to which the applicant is able to satisfy the six selection criteria outlined. Each proposal must contain a: 1. completed Application for Federal Assistance (SF-424 Research and Related); 2. table of contents; 3. technical statement addressing the problems inherent in the specific technical area(s) and probable solutions; 4. summary of results from FAA funding in the past five years; 5. biographical sketch for all senior personnel and a list of their principal accomplishments and publications during the past five years; 6. proposed budget for the initial three years including the anticipated costs of managing a new Center of Excellence, and a management plan; 7. listing of all current and pending support on all research awards from all sources; 8. listing of all available facilities and major items of equipment to be available to conduct research, and that which is necessary to acquire. 9. a cover letter and letters of support from various industry representatives, state and local officials, etc. Other required forms are to be included such as Disclosure of Lobbying Activities Form SF-LLL and certification of Compliance with the Civil Rights Act. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. FAA holds a public information meeting prior to submission of proposals. During the period of public

comment and thereafter, questions may be submitted to the FAA Centers of Excellence Program Office FAA William J. Hughes Technical Center, Bldg 300, Atlantic City International Airport, NJ 08405.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Colleges and universities may apply after the FAA has published a Notice of Availability of Solicitation for a Center of Excellence in a specific research area on the Grants.gov website. Solicitation and application packages are available from the FAA Centers of Excellence Program Office FAA William J. Hughes Technical Center, Bldg 300, Atlantic City International Airport, NJ 08405.

Award Procedure:

The FAA Administrator is the selecting official for each Air Transportation Center of Excellence. The FAA Centers of Excellence Program Director issues Office issues a Notice of Funding Opportunity, receives all proposals, convenes evaluation teams to evaluate eligible institutions for Centers of Excellence awards. Applicants should be prepared to host an onsite inspection of existing research facilities when being considered for a Center of Excellence designation. Grant award authority has been delegated by the FAA Senior Procurement Executive to the FAA COE Grants Officer and Program Director, located at the William J. Hughes Technical Center, Atlantic City International Airport, NJ 08405. Awards are made to COE members throughout the term of the Center. No further announcements are issued.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

Other. From the closing date for applications, the FAA requires at least 6 months for evaluation and selection procedures.

Appeals:

Not Applicable. Formal protests are not an option; however, those submitting a proposal may request a debriefing.

Renewals:

Not Applicable. Grants: Multi-year grants and cooperative agreements are available; extensions are possible. No-cost extensions are available upon request. Centers of Excellence designation: Centers are evaluated during the last year of each research Phase. Cooperative agreements are renewed upon successful completion of each previous Phase throughout the 10-year term.

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching Requirements: Percent: 50%. Requirement: Matching requirements are mandatory. This program has no statutory formula. Matching Funds Requirements - The Federal share shall be 50 percent of the costs of establishing and operating the Center of Excellence and related research activities. Maintenance of Effort - Each recipient will maintain its aggregate expenditures from all other sources for establishing and operating the Center and related research activities at or above the average level of such expenditures in its 2 fiscal years preceding November 1990. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

The FAA intends to support a Center of Excellence in two (2) five-year increments over a period of 10 years. Each Center undergoes a reassessment within the final year of each cooperative agreement Phase. Research is reviewed semi-annually. Budgets and research projects are defined, evaluated and negotiated yearly. As a consequence of changing needs, or diminished requirements, the agency reserves the right not to renew support for a Center of Excellence at any time. Funds from program offices and additional appropriations may increase at any time providing the institution can demonstrate matching contributions are available. Method of awarding/releasing assistance: other

Reports:

Technical reports are provided to the sponsoring organization. COE Program status and fiscal reports are required on a quarterly basis. Technical and Financial reporting requirements are specified in 2 CFR 200, Subpart D Post- Federal Award Requirements. Semi-annual matching reports are required as well as an annual review of the research completed and in progress at each Center of Excellence. The annual technical review focuses on the relevance, merit and direction of research

ASSISTANCE LISTINGS DESCRIPTIONS

efforts in the designated area, and negotiation of projects and budget for the next year. A major technical conference is required by the end of each cooperative agreement period as part of close-out activities and serves to highlight research results and discuss plans for the next five-year phase. A major technical symposium is designed to satisfy legislative requirements to highlight COE outcomes and disseminate information and is conducted prior to the final 10-year period of performance. Technical progress reports are required on a quarterly basis throughout the period of performance. These include the following: * Description of project.* Investigation Team: the team that will perform the research, including the Principal Investigator and all academic, government, and industry partners* Objective of the research* General description of approach to research* Expected benefits* Funding 1. Project funding, identifying proposed FAA contributions, proposed contributions from other agencies or organizations, and COE matching funds 2. Project in-kind contributions, identifying contributions of cash versus in-kind contributions 3. Project spending profile, outlining expenditures anticipated over time. Universities may use their most current approved indirect cost rate at the time of submission.* Schedule: including milestones* The Universities will utilize the standardized tracking and reporting system, the FAA COE e-grants system, to the greatest extent possible to satisfy these requirements. A progress report is also provided during the annual technical review which focuses on the relevance, merit and direction of research efforts in the designated area, and discussion regarding future projects and budgets for the next year. The required final symposium is part of the COE close-out activities and serves to highlight research results over the entire period of performance. The symposium is also designed to satisfy legislative requirements to disseminate information. The standard form is submitted and the process is followed as described in the Financial Reporting Requirements section, 2 CFR 200, Subpart D Post- Federal Award Requirements. A technical monitor is assigned by the sponsoring organization to oversee each task, to monitor performance, receive technical reports, and approve invoices. A major meeting to present research results for a broad audience of peers is conducted during the fifth year; additionally, a major symposium is required by the end of the 10-year period as part of close-out activities and serves to highlight research results. The symposium is designed to satisfy legislative requirements to disseminate information.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 Single Audit Act assigns responsibility to either the Department of Health and Human Services or the Department of Defense for most institutions. The FAA calls for an audit of each Center every five years as a part of close-out activities, and reserves the right to conduct individual audits annually, and as needed, within the constraints of applicable laws and regulations. A final formal audit is conducted during the 10th year of operation prior to close out of the COE.

Records:

Technical and financial records must be retained for a minimum of 3 years (or longer, depending on special situations) following termination of the Center of Excellence.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: During FY 2020, FAA supported six active COE public-private partnerships throughout the United States with academic institutions and their industry and other affiliates. Upon approval from the Secretary of Transportation, the FAA COE PMO expects to award 192 grants for \$67M. The anticipated awards

will be to 48 core universities in support of 123 projects and will generate more than \$67 million in matching contributions from industry and other nonfederal sources. Fiscal Year 2021: During Fiscal Year 2021, FAA supported five active COE public-private partnerships throughout the United States with academic institutions and their industry and other affiliates. Upon approval from the Secretary of Transportation, the FAA COE PMO expects to award 142 grants for \$56M. The anticipated awards will be to 48 core universities and will generate matching contributions from industry and other nonfederal sources.

REGULATIONS, GUIDELINES, AND LITERATURE:

The FAA announces the Intent to Establish a Center of Excellence with a formal notice followed by the publication of a Draft and Final Solicitation. An application package is made available and contains the appropriate forms and directions are made available. The Notice of Intent to Establish an Air Transportation Center of Excellence and a Notice of Solicitation Availability are announced on Grants.gov.

EXAMPLES OF FUNDED PROJECTS:

2020 2020 - In Fiscal Year (FY) 2020, the FAA Center of Excellence (COE) Program Management Office (PMO) continued to support research and development in the following topic areas: Technical Training and Human Performance (TTHP); Unmanned Aircraft Systems (UAS); Alternative Jet Fuels and Environment (AJFE); General Aviation (GA) Safety, Commercial Space Transportation (CST), and Advanced Materials (AM). Examples of funded projects include: Aircraft Technology Modeling and Assessment; Adhesive Bond Qualification Guidance for Aircraft Design and Certification; Heated Airport Pavements; Effective Training and Checking Methods for the Emerging Pilot Workforce; and UAS Ground Collision Severity Studies. 2021 In Fiscal Year 2021, the FAA Centers of Excellence (COE) Program Management Office continued to support research and development in the following topic areas: Technical Training and Human Performance (TTHP); Unmanned Aircraft Systems (UAS); Alternative Jet Fuels and Environment (AJFE); General Aviation Safety (GA), and Advanced Materials (JAMS). Examples of funded projects include: Alternative Jet Fuel Supply Chain Analysis, Aircraft Technology Modeling, Rotorcraft Wire Strikes, Evaluation of Aged Bonded Rotor Blades, Flight Safety, UAS Cargo Operation, and Shielded UAS Operations.

CRITERIA FOR SELECTING PROPOSALS:

Public Law 101-508 has established the following equally weighted six selection criteria: (1) The extent to which the needs of the State in which the applicant is located are representative of needs of the region for improved air transportation services and facilities; (2) The demonstrated research and extension resources available to the applicant for carrying out this program; (3) The capability of the applicant to provide leadership in making national and regional contributions to the solution of both long-range and immediate air transportation problems; (4) The extent to which the applicant has an established air transportation program; (5) The demonstrated ability of the applicant to disseminate results of air transportation research and educational programs through a State-wide or region-wide continuing education program; and (6) The projects which the applicant proposes to carry out under the grant. Public Law 101-508 mandates geographic equity in location and funding of Centers of Excellence. Depending on the outcome of evaluation under the six mandated criteria, geographic location may become an additional selection factor.

20.111 Aircraft Pilots Workforce Development Grant Program

Aircraft Pilots Workforce Development Grant Program.

FEDERAL AGENCY:

FEDERAL AVIATION ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Public Law 115-254

OBJECTIVES:

The goal of the Aircraft Pilots Workforce Development Program is to support the creation and delivery of curriculum designed to provide high school students with aircraft pilot education. This program has the potential to be a solution to the pilot shortage by reaching a diverse new audience and encouraging our nation's youth to become the next generation of commercial, general aviation, drone or military pilots.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

In general, assistance under this program may be used for projects that: (1) Create and deliver curriculum designed to provide high school students with meaningful aviation education that is designed to prepare the students to become aircraft pilots, aerospace engineers, or unmanned aircraft systems operators. (2) Support the professional development of teachers using the above curriculum.

Applicant Eligibility:

State; Public nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; Non-Government - General; Specialized group (e.g. health professionals, students, veterans); Private nonprofit institution/organization (includes institutions of higher education and hospitals); (1) Accredited Higher Education Institution (20 U.S.C. 1001), Secondary school or high school (20 U.S.C. 7801) (2) State or local government entity(3) Air Carriers (sec. 40102, title 49) or labor unions representing aircraft pilots(4) Flight School that provides flight training (part 61, title 14) or holds a pilot school certificate (part, 141, title 14)or (5) An organization representing aircraft users, aircraft owners, or aircraft pilots.

Beneficiary Eligibility:

Beneficiary eligibility is the same as applicant eligibility.

Credentials/Documentation:

Proof of eligibility is required: (1) Accredited Higher Education Institution (20 U.S.C. 1001), Secondary school or high school (20 U.S.C. 7801) (2) State or local government entity(3) Air Carriers (sec. 40102, title 49) or labor unions representing aircraft pilots(4) Flight School that provides flight training (part 61, title 14) or holds a pilot school certificate (part, 141, title 14)or (5) An organization representing aircraft users, aircraft owners, or aircraft pilots. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

20.114 Aviation Manufacturing Jobs Protection (AMJP) Program

AMJP [re-opened application process].

FEDERAL AGENCY:

OFFICE OF THE SECRETARY, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

Public Law 117-2

OBJECTIVES:

The objectives of the AMJP program are to help businesses that are primarily engaged in aircraft manufacturing activities and services, or aircraft maintenance, repair, and overhaul activities and services, to retain or rehire employees. Financial assistance payments must be used to retain current employees or to recall employees who were previously laid off or furloughed. As part of the American Rescue Plan Act enacted on March 11, 2021, the AMJP program provides up to \$3 billion for the aviation manufacturing and repair industry.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

Funds must be used strictly to facilitate the retention, rehire, or recall of employees of the employer.

Applicant Eligibility:

Profit organization; Business entities that (i) Actively manufactures an aircraft, aircraft engine, propeller, or a component, part, or systems of an aircraft or aircraft engine under a Federal Aviation Administration production approval; or (ii) Holds a certificate issued under part 145 of title 14, Code of Federal Regulations, for maintenance, repair, and overhaul of aircraft, aircraft engines, components, or propellers; or (iii) operates a process certified to Society of Automotive Engineers (SAE) AS9100 related to the design, development, or provision of an aviation product or service, including a part, component, or assembly.

Beneficiary Eligibility:

Profit organization; Eligible businesses that meet all of the requirements are the direct beneficiaries of the program. Their employees are indirect beneficiaries. Other businesses that rely upon the aviation manufacturing and repair industry will also benefit indirectly. This includes air carriers, air cargo carriers, corporate flight departments, and individual aircraft owners and operators.

Credentials/Documentation:

Applicants will be required to submit documentation that they meet the eligibility requirements, including evidence of their significant operations in the types of aviation manufacturing or repair work specified in the Federal Registry announcement that will be published; evidence of their involuntary layoffs or furloughs from 2019 to 2020 or their decline in operating revenues; and evidence substantiating the total compensation costs for their "Eligible Employee Group." This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. Applicants must have a valid Data Universal Numbering System (DUNS) number, and must have an ACTIVE registration with the System for Award Management (SAM) at <https://sam.gov/SAM/>. For purposes of the AMJP program, it is not necessary to be registered to pursue Federal contracts (which takes longer to process). Instead, when the SAM website asks Why are you registering this entity to do business with the U.S. government? applicants for the AMJP only need to select the option that reads, I only want to apply for federal assistance opportunities like grants, loans, and other financial assistance programs.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Link to the application portal will be posted at <https://www.transportation.gov/amjp/apply> Notice of Funding Opportunities (NOFO) for this listing will be posted on [Grants.gov](https://www.grants.gov).

Award Procedure:

DOT will review all completed applications received prior to the submittal deadline, and validate data and documentation provided by each applicant. DOT will require each eligible recipient to enter into a legally binding funding agreement.

Deadlines:

August 04, 2021 - September 01, 2021. Submit completed application using the designated online system. Submission deadline is precisely 5:00 p.m. prevailing Eastern time. NO LATE APPLICATIONS WILL BE CONSIDERED.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Other. Appeal process will be outlined in notification to applicants.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching Requirements: Percent: 0%. Requirement: Matching requirements are mandatory. Recipients will be required to fund at least 50 percent of the total compensation costs for the "Eligible Employee Group." If the recipient receives other Federal funds (e.g., under CARES Act Section 3610) for those costs during the timeframe of the agreement, then the amount payable from the AMJP will be reduced accordingly. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

The statute makes the funds available until September 30, 2023. However, the

ASSISTANCE LISTINGS DESCRIPTIONS

statute also sets a time limit of six months, from the effective date of the first agreement to the award date of the last agreement. Moreover, as required by the statute, if eligible requests exceed the available funds, then DOT must reduce the funds provided, on a pro rata basis. Therefore, DOT is conducting a single, expedited application and review process, with the intent of identifying all eligible recipients. This will enable DOT to determine whether funds need to be pro-rated, before entering into any agreements. Method of awarding/releasing assistance: other

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All recipients will be subject to review, audit, and verification requirements by DOT or other oversight and audit agencies.

Records:

All recipients will be required to maintain comprehensive payroll and compensation records to substantiate both their application (including data as of April 1, 2020 and March 31, 2021) as well as records from the date of application through the duration of the funding agreement, and for at least three (3) years past the point at which DOT accepts the final closeout documentation.

(Federal-Aid Highway Program, Federal Lands Highway Program).

FEDERAL AGENCY:

FEDERAL HIGHWAY ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Fixing Americas Surface Transportation Act (FAST Act), , Public Law 114-94, 23 USC Code 104.

OBJECTIVES:

This Assistance Listing encompasses several transportation programs: 1) Federal-aid Highway Program: The purpose of the Federal-aid Highway Program is to assist the States in providing for construction, preservation, and improvement of highways and bridges on eligible Federal-Aid routes, (including the National Highway System (NHS) - an integrated, interconnected transportation system important to interstate commerce and travel), and for other special purpose programs and projects. This program also provides for the construction and improvement of highways in the District of Columbia, Puerto Rico, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands and the U.S. Virgin Islands. 2) The Federal Lands Highway Program: The Federal Lands Transportation Program (FLTP) provides assistance to the Federal Land Management Agencies (FLMAs) for Federally-owned roads and trails. It provides transportation engineering services and funding for planning, design, construction, and rehabilitation of the highways and bridges that are on or provide access to federally owned lands. The Federal Lands Highway organization also provides training, technology deployment, and engineering services to other customers. 3) The FAST Act established two new freight programs: the formula-based National Highway Freight Program (NHFP) which provides funds to the States to improve efficient movement of freight on the National Highway Freight Network (NHFN); and the discretionary Nationally Significant Freight and Highway Projects (NSFHP) program which provides targeted investment to freight projects on the NHFN as well as highway and bridge projects on the NHS and railway-highway grade crossing or grade separation projects. The FAST Act also continues to focus the program on safety and performance-based investment and on accelerating project delivery through expedited environmental review and elimination of duplicate processes.4) The Highway Infrastructure Programs in the Department of Transportation Appropriations Act, 2018, included two new discretionary programs: Competitive Bridge Program and Nationally Significant Federal Lands and Tribal Projects Program. The Competitive Bridge Program was appropriated \$225 million to be used for highway bridge rehabilitation or replacement projects for States that have a population density of less than 100 individuals per square mile and that demonstrate cost savings by bundling multiple highway bridge projects. The Nationally Significant Federal Lands and Tribal Projects Program was appropriated \$300 million for projects eligible under section 1123 of the Fixing Americas Surface Transportation (FAST) Act.

TYPES OF ASSISTANCE:

Formula Grants, Project Grants, Salaries and Expenses

USES AND USE RESTRICTIONS:

1) Federal-aid highway funds may be used for environmental studies, engineering and design services, right-of-way acquisition and relocation assistance, and construction for capital improvement projects classified as new construction, reconstruction, restoration, rehabilitation, resurfacing and preservation, or for functional, geometric, or safety reasons. Funds may also be used for planning; research, development, and technology transfer; intelligent transportation systems projects; roadside beautification; wetland and natural habitat mitigation; traffic management and control improvements; improvements necessary to accommodate other transportation modes; development and implementation of performance and asset management systems; billboard removal; construction of bicycle facilities and pedestrian walkways; fringe and corridor parking; car pool and van pool projects; transportation alternatives and enhancements such as scenic and historic highway improvements; and recreational trails. Funds generally cannot be used for routine highway operational activities, such as police patrols, mowing, snow plowing, litter control, or maintenance, unless it is preventative maintenance. Eligibility criteria for the various programs differ, so program guidance should be consulted. Federal-

The projects must be included in the metropolitan transportation plan (MTP) and the transportation improvement program (TIP). Projects in non-metropolitan areas of a State must be consistent with a statewide transportation plan. Projects in both metropolitan and non-metropolitan areas must also be included in a fiscally constrained Statewide Transportation Improvement Program (STIP) developed as part of the required statewide transportation planning process. The FHWA and the Federal Transit Administration (FTA) must approve the STIP jointly. Projects under the FLTP are also subject to metropolitan and statewide planning requirements. 2) Funding from the National Highway Performance Program (NHPP) is generally limited to projects on the NHS, which includes the Eisenhower Interstate System. 3) Surface Transportation Block Grant Program (STBG) funds may be used on any Federal-aid highway or for bridges and tunnels on any public road. 4) Highway Safety Improvement Program (HSIP) funds are limited to projects that reduce traffic fatalities and serious injuries on all public roads, including non-State-owned roads and roads on tribal land. The HSIP requires a data-driven, strategic approach to improving highway safety on all public roads with a focus on performance. 5) Congestion Mitigation and Air Quality Improvement (CMAQ) Program funds are limited to projects and programs that reduce transportation related emissions air quality non-attainment and maintenance areas for ozone, carbon monoxide, and particulate matter, though provision is made for States without air quality issues. 6) Funding from the National Highway Freight Program (NHFP) is generally limited to projects that contribute to the efficient movement of freight on the National Highway Freight Network (NHFN), and are consistent with metropolitan and statewide transportation planning requirements. Beginning December 4, 2017, there are additional planning requirements related to the NHFP in that a State may not obligate NHFP funds apportioned to the State unless the State has developed a State Freight Plan (SFP). The NHFP strategically directs resources and policies to present solutions and strategies to address the infrastructure, institutional, and financial bottlenecks that hinder the safe and efficient movement of goods. 7) The FAST Act established the Nationally Significant Freight and Highway Projects (NSFHP) program to provide financial assistance competitive grants, known as FASTLANE grants, or credit assistance to nationally and regionally significant freight and highway projects that align with the program goals.

Applicant Eligibility:

Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; Federally Recognized Indian Tribal Governments; U.S. Territories and possessions (includes institutions of higher education and hospitals); By law, the Federal-aid highway program is a federally assisted State administered program that requires each State to have a suitably equipped and organized transportation department. Therefore, most projects are administered by or through State transportation departments (State DOTs). Projects to be funded under the Federal-aid highway program are generally selected by State DOTs or MPOs, in cooperation with appropriate local officials, as specified in 23 U.S.C. and implementing regulations. Territorial highway projects are funded in the similar manner as other Federal aid highway projects, with the territorial transportation agency functioning in a manner similar to a State transportation department. Most FLTP projects are administered by the FHWA Office of Federal Lands Highway and its Divisions or by the various FLMAs.

Beneficiary Eligibility:

U.S. Territories; State; State transportation departments, and in some instances, Federal agencies, other State agencies, local agencies, and private, community-based organizations.

Credentials/Documentation:

Eligible activities and allowable costs will be determined in accordance with Title 23 and the OMB cost principles applicable to the recipient/sub-recipient. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact assessment is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental

investigation, reviews, and consultations are required for most projects under this program and must comply with the National Environmental Policy Act of 1969, although the level of review varies with the project. Concerning Executive Order 12372 -- Projects under the FLHP have similar requirements; however, an interested applicant would need to contact the designated FLMA or the local FLH Division for more information.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The FHWA has a Stewardship and Oversight Agreement with each State that details the extent to which the State assumes the responsibilities of the FHWA for projects in that State. States may assume the responsibilities of the FHWA for oversight of design and construction for projects that are on the NHS, including the Interstate System, unless the State or the FHWA determines that such assumption is not appropriate. For projects that are not on the NHS, the State shall assume the responsibilities of the FHWA for oversight of design and construction, unless the State determines that such assumption is not appropriate. The State DOT may be required to submit statements of work and plans, specifications, and estimates for certain projects to their respective FHWA division office for approval.

Award Procedure:

The State DOTs generally decide which projects will be developed within funding categories and levels. The FHWA division office, located in each State, approves and executes a project agreement for each project before work can commence. There are several categories where funding is allocated at the discretion of the Secretary of Transportation and administered by the FHWA. When such funding is available, FHWA will solicit applications for candidate projects from the States. Projects administered by the FHWA Office of Federal Lands Highways or the FLMAs are subject to procurement processes identified in the Federal Acquisition Regulations. Project awards are subject to the availability of funds.

Typically, 80% of costs are federally funded with a 20% matching requirement. See 23 USC 120. Exceptions apply; contact FHWA for specific information. This program has MOE requirements, see funding agency for further details. Additional Information: .

Length and Time Phasing of Assistance:

Federal-aid highway funds generally become available at the beginning of the fiscal year for which they are authorized and must be obligated within 3 years after the close of that fiscal year. However, some categories of funds are available until expended. Method of awarding/releasing assistance: other

Reports:

SF-425 The FHWA division office in each State is responsible for the stewardship of Federalaid highway funds in that State. They accomplish this using a variety of techniques ranging from program, process, and compliance reviews to involvement in individual Federal-aid projects. State DOTs have assumed oversight responsibilities for most Federal-aid highway projects. The FHWA division office will retain project approval actions that are either required by Law or based on a risk approach. The FHWA division office also may retain additional project approval action or get involved in some projects that have been designated Projects of Division Interest based on a risk approach. Certain non-construction activities, such as transportation planning, require periodic progress reports. Similar procedures apply to the FLMAs and FLTP projects with the FHWA Office of Federal Lands Highways providing the mandatory stewardship and oversight. Value engineering (VE) is required for Federal-aid projects on the National Highway System (NHS) with a cost of \$50 million or more; Federal-aid bridge

projects on the NHS with a cost of \$40 million or more; and Federal-aid major projects on or off the NHS. Although VE is not required on design-build projects, FHWA does encourage that agencies perform a VE analysis. The FHWA Division Office may require VE reviews on projects below the minimum threshold if the project may benefit from the review. For more information visit:

<http://www.fhwa.dot.gov/ve/>. Project sponsors must submit annual financial plans and project management plans to FHWA for all major projects. A major project is defined as any project receiving Federal financial assistance for construction, with an estimated total cost of \$500,000,000 or more. In addition, project sponsors must prepare annual financial plans for all projects with an estimated total cost of \$100,000,000 or more that are not designated as major projects. These annual financial plans must be submitted upon request by FHWA Division Offices. The FAST Act requires FHWA to establish national performance measures and standards for safety, infrastructure condition, congestion reduction, system reliability, and freight movement. State DOTs and MPOs will set individual performance targets and must make significant progress toward achieving targets established for the National Highway Performance Program and Highway Safety Improvement Program. State DOTs will be required to periodically report to FHWA on their progress toward the achievement of their targets. FHWA will use these progress reports and performance data to determine if the State DOT has made significant progress toward the achievement of their targets as well as meeting national standards.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503

Records:

Project records and documents must be retained by the State or other governmental recipients/ sub-recipients as specified in 2 CFR 200.333. For the Federal Lands Highway Program, the Federal Lands Highway Divisions maintain the project records.

National Highway Institute (NHI) Training Program/Local Technical Assistance Program/Tribal Technical Assistance Program (LTAP), (TTAP)/Dwight David Eisenhower Transportation Fellowship Program (DDETFFP)/Transportation Education Development Program (TEDP)/Garrett A. Morgan Technology and Transportation Education Program (GAMTTEP),

FEDERAL AGENCY:

FEDERAL HIGHWAY ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Fixing Americas Surface Transportation Act (FAST Act), , Public Law 114-94, 23 USC Code 504.

OBJECTIVES:

This Assistance Listing encompasses several transportation training and education programs: 1) National Highway Institute (NHI) Training Program: To develop and administer, in cooperation with those in the highway community, educational, training, and technical assistance for the Federal Highway Administration, State and local highway agency employees, the private sector and members of international organizations. 2) Local Technical Assistance Program: To provide training, technology transfer, and professional development services to local agencies and tribal governments with road management and safety responsibilities. 3) Dwight David Eisenhower Transportation Fellowship Program (DDETFFP): To attract qualified students to the field of transportation education and research, and advance transportation workforce development. Transportation Education Development Program: To develop and implement innovative transportation education and workforce development programs at all levels of transportation. 4) Garrett A. Morgan Technology and Transportation Education Program (GAMTTEP): To improve the preparation of K-12 students, particularly women and minorities, in science, technology, engineering, and mathematics through curriculum development and other transportation-related activities.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants (Cooperative Agreements), Training

USES AND USE RESTRICTIONS:

National Highway Institute: Funds provided to support program/course development and delivery. Local Technical Assistance Program (LTAP): Funds provided to support an LTAP Center in each state, Puerto Rico, and seven regional Tribal Technical Assistance Centers. Eisenhower Fellowship Program: Funds provided to primarily university graduate students to support studies in transportation related areas. Transportation Education Development Program: Funds are provided on a competitive basis to institutions of higher education

20.218 Motor Carrier Safety Assistance

(MCSAP),

FEDERAL AGENCY:

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION,
TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Fixing Americas Surface Transportation (FAST) Act, 49 U.S.C. 31102(a)-(k), 31104 (2016), as amended. Pub. L. No. 114-94, 5101(a) and 5101(c) (2015) and 49 CFR 31102(a)-(k) & 31104, Public Law 114-94, 49 US Code 31102 (a) (k) as amended by, See also 49 CFR part 350, as amended. States agree to adopt and enforce 49 CFR parts 390-397 and 107 (subparts F and G only), 171173, 177, 178 & 180., , Public Law 114-94, 49 USC Code 31102 (a) (k). See also 49 CFR part 350, as amended. States agree to adopt and enforce 49 CFR parts 390-397 and 107 (subparts F and G only), 171173, 177, 178 & 180.,

OBJECTIVES:

The Motor Carrier Safety Assistance Program (MCSAP) is a Federal formula grant program that provides financial assistance to States to reduce the number and severity of crashes and hazardous materials incidents involving commercial motor vehicles (CMV). The goal of the MCSAP is to reduce CMV-involved crashes, fatalities, and injuries through consistent, uniform, and effective CMV safety programs. Investing grant monies in appropriate safety programs will increase the likelihood that safety defects, driver deficiencies, and unsafe motor carrier

practices will be detected and corrected before they become contributing factors to crashes.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

The primary MCSAP activities eligible for reimbursement include the National Program Elements currently outlined in 49 CFR 350.109:1. Driver and Vehicle Inspections; 2. Traffic Enforcement;3. Compliance Reviews, Carrier Interventions, Investigations, and New Entrant Safety Audits; 4. Public Education and Awareness; 5. Data Collection Part 350 is currently being revised to include changes required by the FAST Act. Additional elements will include:1. New entrant safety audits,2. Border enforcement activities;3. Data Quality;4. PRISM;5. ITD (operations and maintenance only) Other activities eligible for reimbursement to enforce other laws include: Sanitary food transportation inspections performed under 49 U.S.C. 5701; and the following activities, when carried out in conjunction with an appropriate North American Standard (NAS) inspection of a CMV and inspection report: Enforcement of CMV size and weight limitations at locations, excluding fixed-weight facilities, such as near steep grades or mountainous terrain, where the weight of a CMV can significantly affect the safe operation of the vehicle, or at ports where intermodal shipping containers enter and leave the United States. Detection of and enforcement actions taken as a result of criminal activity; including trafficking of human beings, in a CMV or by any occupant, including the operator, of the CMV. For documented enforcement of State traffic laws and regulations designed to promote the safe operation of CMVs. This includes documented enforcement of such laws and regulations relating to non-CMV's when necessary to promote the safe operation of CMVs, if (1) the number of motor carrier safety activities (including roadside safety inspections) conducted in the State is maintained at a level at least equal to the average level of such activities conducted in the State in fiscal years 2004 and 2005; and 2) A State may not use more than 10% of the amount of MCSAP Basic funds the State receives for enforcement activities relating to non-CMV's necessary to promote the safe operation of CMVs unless the FMCSA Administrator determines that a higher percentage will result in significant increases in CMV safety.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); All States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, and the U.S. Virgin Islands, are eligible for MCSAP. The MCSAP grants are provided annually to the States MCSAP lead agency. A MCSAP lead agency is designated by the Governor as the State motor vehicle safety agency responsible for administering the Commercial Vehicle Safety Plan (CVSP) within the State. The CVSP is also known in statute and regulation as the Plan and serves as the MCSAP grant program application, project plan, and budget.

Beneficiary Eligibility:

U.S. Territories; State; Under the Basic and Incentive grant programs, a State lead MCSAP agency, as designated by its Governor, is eligible to apply for Basic and Incentive grant funding by submitting a commercial vehicle safety plan (CVSP), in accordance with the provisions of Title 49 of the Code of Federal Regulations (CFR) Part 350.201 and 205.

Credentials/Documentation:

A State lead MCSAP agency, as designated by its Governor, must self-certify that it will meet the conditions in 49 CFR Part 350.201. These conditions can be found on the FMCSA website at: www.fmcsa.dot.gov/regulations/title49/section/350.201 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

website. As stated above, States must also complete and submit a CVSP to FMCSA for review and assessment.

Award Procedure:

90-120 days of the submission deadline (subject to availability of funds) or as soon thereafter as administratively practicable.

Deadlines:

August 01, 2019 - September 30, 2019. The deadline for MCSAP applications is August 1 of each year. The deadline may, for good cause, be extended by the Division Administrator/State Director for no more than 30 calendar days.

Range of Approval/Disapproval Time:

From 30 to 60 days. The FMCSA will notify the State, in writing, within 30 days of receipt of the Commercial Vehicle Safety Plan (CVSP) whether: (1) the plan is approved; (2) Approval of the plan is withheld because the CVSP does not meet the requirements, or is not adequate to ensure effective enforcement of the FMCSRs and HMRs or compatible State laws and regulations, (a) If approval is withheld, the State will have 30 days from the date of the notice to modify and resubmit the plan, or (b) disapproval of a resubmitted plan is final.

Appeals:

From 30 to 60 days. In accordance with the provisions set forth in 49 CFR Part 350.207, any State aggrieved by an adverse decision may seek judicial review under 5 U.S.C. Chapter 7.

Renewals:

Not Applicable. Renewals to standard assistance agreements, if any, will be in the form of a new grant with a new grant number.

Formula and Matching Requirements:

Statutory Formula: Title , Chapter , Part , Subpart ,Public Law 49 U.S.C. 31102(a)-(k), 31104 (2016), as amended. See 49 CFR part 350, as amended. States agree to adopt and enforce 49 CFR parts 390-397 and 107 (subparts F and G only), 171173, 177, 178 & 180..Matching Requirements: Percent: 15%. Requirement: Matching requirements are voluntary. 85 Federal, 15 State. The FMCSA has waived the requirement for matching funds to be provided by the U.S. Virgin Islands, American Samoa, Guam, and the Commonwealth of the Northern Marianas.This program has MOE requirements, see funding agency for further details. Additional Information: The State must maintain the average level of expenditure of the State lead agency (not including amounts of the Government or State matching funds) for commercial motor vehicle safety programs, for enforcement of commercial motor vehicle size and weight limitations, drug interdiction, and State traffic safety laws and regulations for the fiscal years 2004 and 2005. This maintenance of effort requirement (MOE) is substantiated by the State on an annual basis..

Length and Time Phasing of Assistance:

The funds obligated to a State will remain available for the rest of the fiscal year in which they were obligated and the next full fiscal year. The State must account for any prior year's unexpended funds in the annual Commercial Vehicle Safety Plan (CVSP). Funds must be expended in the order in which they are obligated. Method of awarding/releasing assistance: lump sum.

Reports:

Quarterly progress reports showing both financial status and project accomplishments are required. No cash reports are required. Quarterly reports, showing expenditures, requests for reimbursement, and project progress, are required. An SF-425 must accompany each quarterly report or request for reimbursement. Routine monitoring includes regular communication with borrowers regarding the status of projects and reviewing periodic reports that borrowers are required to submit. Scheduled monitoring is an annual scheduled activity that includes a desk review and for active projects, a site visit. A quarterly Activity Report is to be filed with the FMCSA Division Office. SF-425 -- quarterly **Audits:**

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: Fiscal Year 2020: According to the FMCSAs most recently published Large Truck and Bus Statistics, approximately 3.4 million CMV inspections have been conducted under the auspices of this program, leading to safer highways with over 670,000 out of service (OOS) violations issued. This data also feeds FMCSAs various safety data systems, allowing the Agency and its State partners to direct enforcement resources as necessary. The FMCSA finalized the launch of its multi-year Commercial Vehicle Safety Plan (CVSP) project, allowing States to submit Plans (required for MCSAP eligibility) covering a three-year time span. In addition, the FMCSA was able to complete critical updates to its MCSAP calculation formula (for use in FY 2021) and regulatory framework as required under the Fixing Americas Surface Transportation (FAST) Act. Fiscal Year 2021: According to the FMCSAs most recently published Large Truck and Bus Statistics, approximately 3.4 million CMV inspections have been conducted under the auspices of this program, leading to safer highways with over 670,000 out of service (OOS) violations issued. This data also feeds FMCSAs various safety data systems, allowing the Agency and its State partners to direct enforcement resources as necessary. FMCSA successfully implemented the new MCSAP allocation formula and regulatory framework as required under the Fixing Americas Surface Transportation (FAST) Act. Fiscal Year 2022: As the current surface transportation authorization (FAST Act) expires on September 30, 2021, the FMCSA anticipates awarding funds as appropriated by Congress and allowed under new authorization legislation. Dollar amounts by State will be determined by the allocation formula. RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

2020 Based upon the FMCSAs most recently published Large Truck and Bus Statistics, the following national program elements have been supported through the MCSAP grant: 3,385,977 CMV safety inspections conducted; 435,304 CMV traffic violations identified; 36,254 safety audits of new motor carriers conducted; 6,038 compliance investigations of motor carriers initiated, and 671,133 out of service safety violations identified. The data obtained from these safety interventions are uploaded and maintained within FMCSAs safety data information technology systems, which are accessed by Federal, State and local law enforcement organizations responsible for highway safety. This allows both Federal and State entities to direct enforcement resources as necessary. Funded projects will also include safety data improvement, maintenance of deployed innovative technology projects, and participation in the Performance and Registration Information Systems (PRISM) program. 2021 Fiscal Year 2021: As the current surface transportation authorization (FAST Act) expires on September 30, 2020, the FMCSA anticipates awarding funds as appropriated by Congress and allowed under new authorization legislation. Dollar amounts by State will be determined by the new allocation formula effective July 24, 2020. Information about the changes in the program can be found within the FMCSA Motor Carrier Safety Assistance Program Comprehensive Policy located on the FMCSA website <https://www.fmcsa.dot.gov/mission/grants/grantee-resources>. While the FMCSA expects State pandemic related responses to have an impact on CMV safety activities (inspections, investigations, etc.), public safety is not expected to be impacted as MCSAP agencies will focus on efforts which minimize exposure 2022 Based upon the FMCSAs most recently published Large Truck and Bus Statistics, the following national program elements have been supported through the MCSAP grant: 3,346,894 CMV safety inspections conducted; 432,129 CMV traffic violations identified; 40,221 safety audits of new motor carriers conducted; 5,360 compliance investigations of motor carriers initiated, and 671,373 out of service safety violations identified. The data obtained from these safety interventions are uploaded and maintained within FMCSAs safety data information technology systems, which are accessed by Federal, State and local law enforcement organizations responsible for highway safety. This allows both Federal and State entities to direct enforcement resources as necessary. Funded projects will also include safety data improvement, maintenance of deployed innovative technology projects, and participation in the Performance and Registration Information Systems (PRISM) program.

CRITERIA FOR SELECTING PROPOSALS:

In accordance with 49 U.S.C. 31102(i) and grant/financial management requirements in 2 CFR part 200, each CVSP receives a fair, equitable and objective review prior to award approval. This review ensures that applicable statutory and regulatory requirements will be met and allowable CVSP projects and activities will succeed. The CVSP review process generally consists of a review in the following areas: 1) Application Review. The FMCSA reviews the CVSP and all supplemental attachments (e.g., forms and certifications) for completeness and to ensure that the MCSAP lead agency meets the basic eligibility requirements defined in the solicitation (notice of funding availability); 2) Programmatic Review. The FMCSA reviews the CVSP to make sure that the information presented is reasonable and understandable and the activities proposed in the application are measurable, achievable, and consistent with program or legislative requirements. The FMCSA evaluates the CVSP against the performance-based information required in accordance with 49 CFR 350.213.; 3) Financial Review. The FMCSA evaluates the fiscal integrity and financial capability of a MCSAP lead agency, and reviews the CVSP details, including the budget and budget narrative, and any other documentation to examine costs for proposed project/program activities to determine if they appear reasonable, necessary, eligible and allowable for award. Note that approval of the CVSP is not a final approval of costs as defined in accordance with 2 CFR part 200 Subpart E (Cost Principles); and 4) Suitability Review in accordance with 2 CFR 200.205 is discussed in more detail in Chapter 7.3.

20.219 Recreational Trails Program

FEDERAL AGENCY:

FEDERAL HIGHWAY ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

Fixing Americas Surface Transportation (FAST) Act., Public Law 114-94, 23 USC Code 104, 133, 206.

OBJECTIVES:

The purpose of this program is to provide funds to the States to develop and maintain recreational trails and trail-related facilities for both nonmotorized and motorized recreational trail uses. The funds represent a portion of the motor fuel excise tax collected from nonhighway recreational fuel use.

TYPES OF ASSISTANCE:

Formula Grants, Formula Grants (Apportionments)

USES AND USE RESTRICTIONS:

Funds from this program may be used for: (1) Maintenance and restoration of existing trails; (2) development and rehabilitation of trailside and trailhead facilities and trail linkages; (3) purchase and lease of trail construction and maintenance equipment; (4) construction of new trails (with restrictions for new trails on Federal lands); (5) acquisition of easements or property for trails or trail corridors; (6) assessment of trail conditions for accessibility and maintenance; (7) development and dissemination of publications and operation of educational programs to promote safety and environmental protection (as those objectives relate to one or more of the use of recreational trails, supporting non-law enforcement trail safety and trail use monitoring patrol programs, and providing trail-related training), (limited to 5 percent of a State's funds); and (8) State administrative costs related to this program (limited to 7 percent of a State's funds). Funds may not be used for: property condemnation; constructing new trails for motorized use on National Forest or Bureau of Land Management lands unless the project is consistent with resource management plans; or facilitating motorized access on otherwise nonmotorized trails. The USDOT encourages States to enter into contracts and cooperative agreements with qualified youth conservation or service corps to perform construction and maintenance of recreational trails under this program. Note: States must return 1 percent of the funds to the FHWA for administrative, research, technical assistance, and training expenses for the program. The FHWA may enter into contracts with for-profit organizations or contracts, partnerships, or cooperative agreements with other government agencies, institutions of higher learning, or nonprofit organizations to perform these tasks.

Applicant Eligibility:

State; The FHWA may enter into contracts with for-profit organizations or contracts, partnerships, or cooperative agreements with other government agencies, institutions of higher learning, or nonprofit organizations using its administrative funds. For funds available to the States: the Governor of each State must designate the State agency or agencies responsible for administering this program. The State must have a State recreational trail advisory committee that represents both motorized and nonmotorized recreational trail users, which shall meet not less than once per fiscal year. If the State Recreational Trail Advisory Committee does not meet in a fiscal year, or does not have required representation, the State becomes ineligible for an apportionment. The State agency may accept project proposals from private organizations, or from municipal, county, State, or Federal government entities, and other government entities. The projects must satisfy one or more of the permissible uses. States may provide subgrants to Federal, State, and local government entities and to private entities, at the discretion of the State.

Beneficiary Eligibility:

State; The FHWA may enter into contracts with for-profit organizations or contracts, partnerships, or cooperative agreements with other government agencies, institutions of higher learning, or nonprofit organizations using its administrative funds. The State agency designated by the Governor. A State may opt out of the Recreational Trails Program if the Governor of the State notifies the Secretary not later than 30 days prior to apportionments being made for any fiscal year.

Credentials/Documentation:

Allowable costs will be determined in accordance with applicable cost principles listed in 2 CFR Part 200 for the kind of organization receiving the grant or subgrant. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

ASSISTANCE LISTINGS DESCRIPTIONS

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. An environmental impact assessment is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Most Recreational Trails Program (RTP) projects qualify as Categorical Exclusions under the National Environmental Policy Act (NEPA). States may use programmatic agreements to establish streamlined processes for handling routine environmental requirements for commonly encountered project types. Some projects may require Environmental Assessments. Projects that may have a significant environmental impact may require Environmental Impact Statements.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. For funds available to the States: The States must submit project proposals to the FHWA division office located in each State for approval. The State may submit individual projects or consolidate similar projects for the purposes of program approval. FHWA approval constitutes a commitment to pay the Federal share of the project's cost. The State's projects also must be included in State transportation improvement programs and applicable metropolitan transportation improvement programs. For FHWA's administrative, research, technical assistance, and training expenses, FHWA may enter into contracts with for-profit organizations or contracts, partnerships, or cooperative agreements with other government agencies, institutions of higher learning, or nonprofit organizations to perform these tasks. Contracts are announced through www.fbo.gov. Cooperative agreements are announced through www.grants.gov.

Award Procedure:

For funds available to the States: The State agency or agencies designated by the Governors decide which projects will be developed within funding levels, but the FHWA division office located in each State makes the final decision on the eligibility of specific projects for funding.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

Other. From 5 days to 5 months. In some States, requirements for projects to be listed in statewide or metropolitan transportation improvement programs may add up to a year of delay.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title 23 U.S.C., Chapter , Part 133(h), 206, and former 213(f) and (g), Subpart , Public Law 114-94. Matching Requirements: Percent: 80%. Requirement: Matching requirements are voluntary. The Federal share is subject to a sliding scale under 23 U.S.C. 120(b). Funds from any other Federal program may be used for the non-Federal match if the project also is eligible under the other program. Recreational Trails Program funds may be used to match other Federal funds if the project also is eligible under the other program. States also may allow a programmatic match: if some project sponsors in a State provide more match funds than required, other sponsors in the State may provide less. Some in-kind materials and services may be credited toward the project match. States may allow some pre-approval planning and environmental assessment costs toward the project match. See

http://www.fhwa.dot.gov/environment/recreational_trails/guidance/matchingfunds.cfm. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

Funds generally become available at the beginning of the fiscal year for which they are authorized, and must be obligated within 3 years after the close of that fiscal year. The educational funds and State administrative funds are only available for the fiscal year in which they are apportioned. Method of awarding/releasing

assistance: other

Reports:

20.223 Transportation Infrastructure Finance and Innovation Act (TIFIA) Program

TIFIA Credit Program,

FEDERAL AGENCY:

OFFICE OF THE SECRETARY, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

Transportation Infrastructure Finance and Innovation Act of 1998, , Public Law 105-178, USC Code . Title TEA 21 Restoration Act, , Title Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), , Title Moving Ahead for Progress in the 21st Century Act (MAP-21), , Title Fixing America's Surface Transportation (FAST) Act,

OBJECTIVES:

To finance projects of national or regional significance by filling market gaps and leveraging substantial non-Federal and private co-investment. Transportation Infrastructure Finance and Innovation Act (TIFIA) credit assistance is intended to facilitate the financing of projects that would otherwise have been significantly delayed because of funding limitations or difficulties accessing the capital markets. Through TIFIA, the DOT provides Federal credit assistance to eligible highway, transit, rail, and intermodal freight projects, including access to seaports. The Fixing Americas Surface Transportation Act (FAST), enacted in December 2015, authorized the establishment of a Regional Infrastructure Accelerator Demonstration Program (the Program) to assist entities in developing improved infrastructure priorities and financing strategies for the accelerated development of a project that is eligible for funding under the TIFIA Program. The Build America Bureau issued a NOFO on December 8, 2020, to implement the Program.

TYPES OF ASSISTANCE:

Direct Loans, Guaranteed/Insured Loans

USES AND USE RESTRICTIONS:

Eligible projects include highway, transit, passenger rail, intercity bus vehicles and facilities, certain port facilities, surface transportation facilities at airports, rural infrastructure projects, transit oriented development projects (TOD), and any other type of project that is eligible for grant assistance under title 23 or Chapter 53 of Title 49 of the United States Code. Additionally, under the FAST Act, TIFIA credit assistance may be used to capitalize State Infrastructure Banks (SIBs) to fund rural infrastructure projects.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Other public institution/organization; Profit organization; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Public or private entities seeking to finance, design, construct, own, or operate an eligible surface transportation project may apply for TIFIA assistance. Examples of such entities include state departments of transportation; local governments; transit agencies; special authorities; special districts; railroad companies; and private firms or consortia that may include companies specializing in engineering, construction, materials, and/or the operation of transportation facilities.

Beneficiary Eligibility:

Profit organization; State; Local; Other public institution/organization; Other private institution/organization; Public or private entities seeking to finance, design, construct, own, or operate an eligible surface transportation project. Examples include state departments of transportation; local governments; transit agencies; special authorities; special districts; railroad companies; and private firms or consortia that may include companies specializing in engineering, construction, materials, and/or the operation of transportation facilities.

Credentials/Documentation:

All applicants must demonstrate relevant experience, strong qualifications, a sound project approach, all necessary funding commitments, and a project that can demonstrate financial feasibility. Applicants also must meet various Federal standards for participation in a Federal credit program. For example, applicant may not be delinquent or in default on any Federal debts. Such requirements will be specified in the contractual documents between the DOT and each applicant. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. An environmental impact assessment is required for this listing. This program is excluded from coverage under E.O. 12372. For more information, please visit the TIFIA website at <https://buildamerica.dot.gov/financing/tifia>.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. DOT reviews Letters of Interest for TIFIA credit assistance on a first come, first served basis. Projects are reviewed to ensure they meet the eligibility requirements under all applicable regulations and statutes, as well as for financial feasibility. Upon receiving notification that the project meets the basic eligibility criteria, the USDOT will invite a project sponsor to an application. The application form is available on the TIFIA web site at: <https://buildamerica.dot.gov/financing/tifia/applying>.

Award Procedure:

USDOT will evaluate application and advise applicant of approval or disapproval. Final approval is reserved by the Secretary of Transportation.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days. After a complete application has been filed with all supporting documents, processing time is approximately 60 to 90 days. The average time to execute a TIFIA credit agreement from the date of Secretarial approval is 1 to 6 months.

EXAMPLES OF FUNDED PROJECTS:

2020 During FY2020, USDOT approved a TIFIA loan of up to \$13,080,000 to the San Luis Obispo Regional Transit Authority (RTA) in California. This was the first loan approved TIFIA Rural Project Initiative. The RTA decided to construct a facility large enough to accommodate its current vehicle fleet and allow room for future expansion. Once complete, the project will provide the RTA with a 28,650 square-foot facility on 6.44-acres of land a facility three times larger than the current space. 2021 In FY2021, USDOT approved a TIFIA loan of up to \$225 million to the San Bernardino County Transportation Authority (SBCTA) for the I-10 Corridor Express Lanes Project. The loan will help finance construction costs associated with the 10-mile widening of the I-10 highway between the Los Angeles county line and the I-15 in San Bernardino County.

CRITERIA FOR SELECTING PROPOSALS:

DOT reviews Letters of Interest for TIFIA credit assistance on a first come, first served basis. Projects are reviewed to ensure they meet the eligibility requirements under all applicable regulations and statutes, as well as for financial feasibility.

20.224 Federal Lands Access Program

Access Program or FLAP,

FEDERAL AGENCY:

FEDERAL HIGHWAY ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Fixing Americas Surface Transportation Act (FAST), , Public Law 114-94, 23 USC Code 204. Section 1119 of the Moving Ahead for Progress in the 21st Century Act (MAP-21), , Public Law 112-141, 23 USC Code 204.

OBJECTIVES:

The goal of the Federal Lands Access Program is to improve transportation facilities that provide access to, are adjacent to, or are located within Federal lands. The Access Program supplements State and local resources for public roads, transit systems, and other transportation facilities, with an emphasis on high-use recreation sites and economic generators. The program is designed to provide flexibility for a wide range of transportation projects in the 50 States, the District of Columbia, and Puerto Rico. A Programming Decisions Committee (PDC) within each State will make programming decisions and should develop a multi-year program of projects.

TYPES OF ASSISTANCE:

Formula Grants, Project Grants

USES AND USE RESTRICTIONS:

Funds made available under the Access Program shall be used to pay the cost of: A.transportation planning, research, engineering, preventive maintenance, rehabilitation, restoration, construction, and reconstruction of Federal Lands Access Transportation Facilities located on or adjacent to, or that provide access to, Federal land, and - i.adjacent vehicular parking areas; ii.acquisition of necessary scenic easements and scenic or historic sites; iii.provisions for pedestrians and bicycles; iv.environmental mitigation in or adjacent to Federal land to improve public safety and reduce vehicle-caused wildlife mortality while maintaining habitat connectivity; v.construction and reconstruction of roadside rest areas, including sanitary and water facilities; and vi.other appropriate public road facilities, as determined by the Secretary; B.operation and maintenance of transit facilities; and C.any transportation project eligible for assistance under title 23 that is within or adjacent to, or that provides access to, Federal land.In regard to (B) above, "operation and maintenance of transit facilities" includes the operation of all components of a transit system, including vehicles.The eligibility under (C) above includes transit capital projects eligible under Chapter 53 of title 49, United States Code, that are also eligible under title 23 and that are within or adjacent to, or that provides access to, Federal lands open to the public.

Applicant Eligibility:

Federal; Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; Federally Recognized Indian Tribal Governments; U.S. Territories and possessions (includes institutions of higher education and hospitals); Only the owner of the affected transportation asset or assets may submit an application.

Beneficiary Eligibility:

Federal; U.S. Territories; Local; Federally Recognized Indian Tribal Governments; State transportation departments, other State agencies, local agencies, and Federal agencies.

Credentials/Documentation:

2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact assessment is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. As required by law, a programming decisions committee (PDC) is responsible for the Access Program programming decisions in each State and must be comprised of a representative of: The Federal Highway Administration (FHWA); The State Department of Transportation; and An appropriate political subdivision of the State.The representative for local governments should be from an organization or entity that is suited to represent the local entities responsible for building, operating, or

maintaining transportation facilities that are located on, are adjacent to, or provide access to Federal lands. The local representative should work cooperatively with representatives of local public transportation providers that provide access to or within Federal recreation areas within the State. Depending on State law, such entities could include the Association of County Engineers or Officials in many States. In States with only one or two Federal facilities, the local interests may best be represented by the Metropolitan or Regional Transportation Planning Organization, whose jurisdiction includes the Federal area. In other States where the predominant Federal facility is adjacent to a gateway community, the municipality or other local entity may be the appropriate representative. Regardless, the local representative should represent local interests for access to Federal lands statewide. The local representative may not be affiliated with or work for the Executive Branch of the Federal or State government. The FHWA will work with the State DOT to identify an appropriate local representative. The PDC in each State should develop Standard Operating Procedures (SOP) that may be part of a Statewide Program Agreement.

Award Procedure:

PDCs decide which projects will be developed within available funding. Award procedures will follow the procedures developed by the delivery agency, as long as they are consistent with federal law. Projects administered by the FHWA Office of Federal Lands Highways or the FLMAs are subject to procurement processes identified in the Federal Acquisition Regulations. Project awards are subject to the availability of funds.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2021: WI 30 The Apostle Islands National Lakeshore is a U.S. national lakeshore consisting of 21 islands (Apostle Islands) and shoreline encompassing 69,372 acres on the northern tip of Wisconsin on the shore of Lake Superior. It is known for its collection of historic lighthouses, sandstone sea caves, a few old-growth remnant forests, and natural animal habitats. The Federal Lands Access Programs Old County Highway Rehabilitation, Safety Enhancement and Access Improvement Project improves access and safety to Apostle Islands. This segment of roadway bodes the highest volume summer entry point to Apostle Islands. This project is Phase II of the Towns four phase Rehabilitation, Safety Enhancement, and Access Improvement Program and includes the rehabilitation of 1.67 miles of Old County Road East and 1.81 mile segment of East Old Country Highway. The work includes resurfacing the roadway, constructing 3-foot wide paved shoulders on both sides of the roadway to increase safety for cyclists, repairing and extending culverts, installing guardrail along the section of the roadway crossing the 32-foot deep Raspberry River, pavement striping, and other miscellaneous work.

RELATED PROGRAMS:

20.205 Highway Planning and Construction; 20.200 Highway Research and Development Program; 20.215 Highway Training and Education; 20.219 Recreational Trails Program;

EXAMPLES OF FUNDED PROJECTS:

2021 FHWA-CFLHD will obligate approximately \$130 million for Federal Lands Access Program projects during FY2021 across 14 states. This program improves access to Federally owned high-use recreation sites and economic generators. One such area this program benefits is the Tonto National Forest located in Arizona. The purpose of the State Route 88 Apache Trail project is to provide a hardened driving surface and address sight distance issues along 11.2 miles of the historic route. The project will benefit the community by enhancing recreation access and safety. Furthermore, the Arizona Department of Transportation (ADOT) expends approximately half of the Districts maintenance budget on this route. These improvements will dramatically reduce the maintenance needs, freeing up these limited resources to serve critical maintenance needs in other areas. During project design the site experienced a flood event that damaged several culverts that were not a part of the original project. The FHWA-CFLHD project team quickly identified an opportunity to reduce administrative costs and improve economies of scale, and with assistance from ADOT and the FHWA-AZ Division Office, secured emergency relief funds to combine repair work with the Access Program project for an overall benefit to the taxpayer. The project involves the Emergency Relief funded drainage repairs of pipe culverts and reinforced concrete box culverts; and the Access Program funded slope scaling, excavation, chip seal, asphalt paving, erosion control, and revegetation.

CRITERIA FOR SELECTING PROPOSALS:

Each FLAP project is selected from a pool of applications submitted by the facility owner in response to a state-wide call for projects. The call for projects frequency is determined by the PDC based on the funds available. The applications are screened, rated, and ranked using the PDC approved rating criteria. The PDC agrees which projects met the established State program goals and conformed to the project ranking criteria. Based upon these evaluations, the proposed projects are recommended for programming within the available funding for each State.

20.231 Performance and Registration Information Systems Management

(PRISM),

FEDERAL AGENCY:

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION,
TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Moving Ahead for Progress in the 21st Century, Section 32602, 32603(c), . Public Law 112-141, 49 USC Code 405, 807 (2012).

OBJECTIVES:

This program links Federal Motor Carrier Safety information systems with State commercial vehicle registration systems and enables a State to (1) determine the safety fitness of a motor carrier or registrant when applying for registration or while the registration is in effect; and (2) deny, suspend, or revoke the registration of a motor carrier or registrant that has been issued an Out-of-Service (OOS) order by the FMCSA. The PRISM grant program has been consolidated into the Motor Carrier Safety Assistance Program (MCSAP) and High Priority grant programs due to changes in FMCSAs authorization under the Fixing Americas Surface Transportation Act (Pub. L. No. 114-94, 5101(a) and 5101(c) (2015), 49 U.S.C. 31102(a)-(k), 31104 (2016), as amended). Awards are no longer being made under this CFDA; however, pre-existing grants will remain active until project completion and/or period of performance on the individual grant agreements expire. For more information on these changes, visit FMCSA CFDA number 20.218.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Financial assistance to States for the implementation of the PRISM program to (A) comply with the program requirements and technical and operational standards; (B) possess or seek the authority to impose sanctions relating to commercial motor vehicle registration on the basis of a Federal safety fitness determination; and (C) establish and implement a process to cancel the motor vehicle registration and seize the registration plates of a vehicle when an employer is found liable under section 31310 (i)(2)(C) for knowingly allowing or requiring an employee to operate such a commercial motor vehicle in violation of an out-of-service order.

Applicant Eligibility:

U.S. Territories and possessions (includes institutions of higher education and hospitals); The FMCSA may award these grants to the agencies of States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, and the U.S. Virgin Islands. According to 49 U.S.C. 31106(d), FMCSA may use PRISM to fund other Federal departments, agencies, and instrumentalities, or by making grants to, and entering into contracts and cooperative agreements with, States, local governments, associations, institutions, corporations, and other persons."

Beneficiary Eligibility:

U.S. Territories; Eligible applicants include State agencies located in one of the fifty States, the District of Columbia, Puerto Rico, Northern Mariana Islands, American Samoa, Guam, and the U.S. Virgin Islands. Applicants must work on highway traffic safety activities and must demonstrate a capacity to work with highway traffic safety stakeholders.

Credentials/Documentation:

Letter of Intent indicating State wishes to participate in PRISM together with an application for assistance standard form (SF-424). Submission of a State grant request and PRISM Implementation Plan addressing the program requirements as outlined in the PRISM Implementation Plan. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

EXAMPLES OF FUNDED PROJECTS:

2020 In FY 2020, FMCSA will be awarding approximately \$32.7 million in available CDLPI grant funding to support increased compliance with 49 CFR Part 383 and 384 that supports the Departments strategic goals and FMCSA mission by ensuring that only qualified drivers are eligible to receive and retain a CDL and focuses on maintain the concept that every driver has only one driving record and only one licensing document, commonly referred to as One Driver One License One Record. Presently, the FMCSA is awaiting Departmental approval. All awards must be issued by September 30, 2020. While awaiting Congress action on the Departments reauthorization and appropriations bills for FY2021 and forward, FMCSA will be developing the Notice of Funding Opportunity (NOFO) based upon prior legislation, but will also incorporate any changes impacting the CDLPI Grant program as a result reauthorization and/or appropriation language. The Secretary of Transportation must approve the NOFO prior to public posting. 2021 In FY 2021, FMCSA will be awarding approximately \$29 million in available CDLPI grant funding to support increased compliance with 49 CFR parts 383 and 384. The funding will be used to support the Departments strategic goals and FMCSAs mission by ensuring that only qualified drivers are eligible to receive and retain a CDL and will focus on the concept that every driver has only one driving record and only one licensing document, commonly referred to as One Driver One License One Record. The Secretary of Transportation must approve the NOFO prior to public posting.

CRITERIA FOR SELECTING PROPOSALS:

All discretionary (competitive) grant program applications undergo a series of reviews prior to award selection as required in 2 CFR 200.204 and 205. These reviews include: 1) technical review that provides an independent assessment of the technical/programmatic merit of an application. At least three qualified

ASSISTANCE LISTINGS DESCRIPTIONS

individuals are selected to review each application to ensure diversity of perspective and knowledge. Individuals are selected based on their technical education and experience and the extent to which the individual has engaged in relevant work, the capacities in which the individual has done so, and the quality of such work; 2) suitability review that provides a risk assessment on each applicants organization to ensure the applicant is suitable to receive and manage Federal funds. The risk assessment is conducted in several parts: 1) a debarment and suspension review that included a review of the applicants administrative capability self-certification and a check against the applicants records in the System for Award Management (www.sam.gov); 2) a review of the applicants history with other Federal agencies in the Single Audit Clearinghouse Database; and 3) an evaluation of the applicants Single Audit in accordance with the Single Audit Act; 3) past performance review that provides information that is considered as a possible indicator for predicting future performance. Many applicants for FMCSA programs have received FMCSA funding in the past and will be evaluated against their ability to complete prior year awards on-time, compliance with grant terms and conditions, and results from FMCSA grant monitoring activities. Applicants with no prior FMCSA grant awards will not be eliminated from funding consideration; and 4) budget/cost analysis that provides an assessment of allowable costs in accordance with Federal grant requirements, the cost realism of the budget estimate, appropriateness and reasonableness of resources, and reasonableness and feasibility of the schedule relative to the application timeline. Importantly, the budget evaluation provides initial insight to project-related risk, beyond those dealing with technical uncertainty, which is considered prior to recommendation. Application budgets are evaluated based on the same standards to which recipients will be held after award, which are outlined in the cost principles at 2 CFR part 200.101(c) Subpart E for all non-Federal entities, including commercial organizations.

Anyone/general public; States that share a land border with a foreign country (Entities and Accredited public institutions of higher education). The States of

Alaska, Arizona, California, Idaho, Maine, Michigan, Minnesota, Montana, New Hampshire, New Mexico, New York, North Dakota, Texas, Vermont and Washington, and entities and local governments within these enumerated States are eligible to receive funding.

Credentials/Documentation:

Maintenance of expenditure certification by the entity or State that it meets the conditions for grant approval and the State agrees that the total expenditure of the amounts of the State and political subdivisions of the State, exclusive of amounts from the United States, for carrying out border commercial motor vehicle safety programs and related enforcement activities and projects will be maintained at a level at least equal to the average level of that expenditure by the State and political subdivisions of the State for the last 2 State or Federal fiscal years ending before October 1, 2005, whichever the State designates. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. Pre-application coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. File the complete application SF-424, SF-424A and SF424B form, a certification that the State meets all eligibility requirements and a State Border Enforcement Plan, electronically through grants.gov. Information on how to register with grants.gov and file an application using grants.gov is available at <http://www.grants.gov/Apply>.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. File the SF-424 and SF424A forms, a certification that the State meets all eligibility requirements, and a State Border Enforcement Plan with grants.gov.

Award Procedure:

The amount of the award to a qualifying applicant will be based on a panel review of all applications received, recommendations of the panel, and funding availability. The panel will prioritize funding request based on the State or entities performance on previous BEG awards; their ability to expend the awarded funds within the BEG performance year; and, national criteria established by the FMCSA as follows: Increasing the number of inspections of motorcoaches engaged in international commerce (travel). FMCSA previously established a goal for this effort to be a minimum of five percent of the total BEG inspections to be conducted at or within the commercial zones of international crossings. For FY 2014, FMCSA encourages States examine their data on international motorcoach activity and to use that data to establish reasonable goals that will result in an increase of motorcoach-focused activities. In the application, States must substantiate the goals set and provide the data (or data source references). Increasing the number of Level 1 and 2 inspections supported by BEG funds. Level 3 inspections are strongly discouraged as part of BEG-supported strategies. Level V inspections are not permitted with BEG funds. Targeting CMV inspections within corridors where the data indicate that there are a high number of crashes involving vehicles engaged in international commerce. Improving the capability to conduct CMV safety inspections at remote and other sites near the Canadian and Mexican borders. If included, the application should establish a data-driven reason why non-fixed location inspections will increase the likelihood of reducing crashes, injuries, and fatalities involving vehicles engaged in international commerce. Other activities or initiatives designed to improve the compliance of CMVs, drivers, and carriers entering the U.S. from Canada or Mexico.

20.234 Safety Data Improvement Program

(SaDIP).

FEDERAL AGENCY:

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION,
TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Moving Ahead for Progress in the 21st Century, , Statue 126-405, 808, Public Law 112-141

OBJECTIVES:

050 Objectives: The Federal Motor Carrier Safety Administrations (FMCSA) objective is to fund State programs designed to improve the overall quality of commercial motor vehicle (CMV) data in accordance with the FMCSA State Safety Data Quality (SSDQ) measures, specifically to increase the timeliness, efficiency, accuracy and completeness of processes and systems related to the collection and analysis of large truck and bus crash and inspection data. The Safety Data Improvement Program grant purpose has been incorporated into the FMCSA Motor Carrier Safety Assistance formula grant program and the FMCSA High Priority grant program due to changes in FMCSAs authorization under the Fixing Americas Surface Transportation Act (Pub. L. No. 114-94, 5101(a) and 5101(c) (2015), 49 U.S.C. 31102(a)-(k), 31104 (2016), as amended). Awards are no longer being made under this CFDA; however, pre-existing grants will remain active until project completion and/or period of performance on the individual grant agreements expires. For more information on this change, visit FMCSA CFDA number 20.218.

TYPES OF ASSISTANCE:

Project Grants, Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

The FMCSA may award grants to improve the overall quality of commercial motor vehicle (CMV) data, and specifically, to improve the timeliness, efficiency, accuracy, and completeness of State processes and systems used to collect, analyze, and report large truck and bus crash and inspection data. The FMCSA gives priority to proposals received from States rated yellow (fair) and red (poor) on the State Safety Data Quality Map, viewable here:

<https://ai.fmcsa.dot.gov/DataQuality/National.aspx>. Examples of uses for funding may include, but are not limited to the following: Hiring staff to manage data quality improvement programs. Hiring staff to code and enter CMV safety performance data. Revising outdated crash report forms. Developing software to transfer data from the State data repository to SAFETYNET. Purchasing software for field data collection and data transfer. Implementing data quality initiatives designed to support the Compliance, Safety, Accountability (CSA) intervention strategies. Improving the overall quality of FMCSA Motor Carrier Management Information System (MCMIS) census data.

Applicant Eligibility:

State; A State shall be eligible for a grant under this section in a fiscal year if the Secretary determines that the State has (1) conducted a comprehensive audit of its commercial motor vehicle safety data system within the preceding 2 years; (2) developed a plan that identifies and prioritizes its commercial motor vehicle safety data needs and goals; and (3) identified performance-based measures to determine progress toward those goals. Eligible applicants include State Departments of Public Safety, Departments of Transportation, or State Law Enforcement Agencies

EXAMPLES OF FUNDED PROJECTS:

2020 In FY 2020 FMCSA has approximately \$3.3 million available CMVOST grant funding to award. Under the first Notice of Funding Opportunity (NOFO), FMCSA did not receive \$3.3 million in requests. A supplemental NOFO was issued to solicit additional applications for funding. While awaiting Departmental approval approximately \$2 million in funding recommendations, applications received under the supplemental NOFO announcement will be undergoing program ranking and funding recommendations. These recommendations must be made and approved by the Department, prior to awarding the approximate \$1.3 million grant funding that remained available being issued. These steps must be completed before September 30, 2020, or the grant funding is returned to the U.S.

Treasury. While awaiting Congress action on the Departments reauthorization and appropriations bills for FY2021 and forward, FMCSA will be developing the Notice of Funding Opportunity (NOFO) based upon prior legislation, but will also incorporate any changes impacting the CMVOST Grant program as a result reauthorization and/or appropriation language. The Secretary of Transportation must approve the NOFO prior to public posting. 2021 In FY 2021, FMCSA will be awarding approximately \$2 million in available CMVOST grant funding. The purpose of the CMVOST Grant Program is to: i) help reduce the severity and number of crashes involving commercial motor vehicles on U.S. roads by expanding the number of CDL holders possessing enhanced operator training, and

ii) assist current or former members of the U.S. Armed Forces, including the National Guard and Reservists, as well as certain family members, to obtain a CDL. While awaiting Congress action on the Departments reauthorization and appropriations bills for FY 2022 and forward, FMCSA will be developing the Notice of Funding Opportunity (NOFO) based on prior legislation, but will also incorporate any changes impacting the CMVOST Grant program as a result of reauthorization and/or appropriation language. The Secretary of Transportation must approve the NOFO prior to public posting.

CRITERIA FOR SELECTING PROPOSALS:

All discretionary (competitive) grant program applications undergo a series of reviews prior to award selection as required in 2 CFR 200.204 and 205. These reviews include: 1) technical review that provides an independent assessment of the technical/programmatic merit of an application. At least three qualified individuals are selected to review each application to ensure diversity of perspective and knowledge. Individuals are selected based on their technical education and experience and the extent to which the individual has engaged in relevant work, the capacities in which the individual has done so, and the quality of such work; 2) suitability review that provides a risk assessment on each applicants organization to ensure the applicant is suitable to receive and manage Federal funds. The risk assessment is conducted in several parts: 1) a debarment and suspension review that included a review of the applicants administrative capability self-certification and a check against the applicants records in the System for Award Management (www.sam.gov); 2) a review of the applicants history with other Federal agencies in the Single Audit Clearinghouse Database; and 3) an evaluation of the applicants Single Audit in accordance with the Single Audit Act; 3) past performance review that provides information that is considered as a possible indicator for predicting future performance. Many applicants for FMCSA programs have received FMCSA funding in the past and will be evaluated against their ability to complete prior year awards on-time, compliance with grant terms and conditions, and results from FMCSA grant monitoring activities. Applicants with no prior FMCSA grant awards will not be eliminated from funding consideration; and 4) budget/cost analysis that provides an assessment of allowable costs in accordance with Federal grant requirements, the cost realism of the budget estimate, appropriateness and reasonableness of resources, and reasonableness and feasibility of the schedule relative to the application timeline. Importantly, the budget evaluation provides initial insight to project-related risk, beyond those dealing with technical uncertainty, which is considered prior to recommendation. Application budgets are evaluated based on the same standards to which recipients will be held after award, which are outlined in the cost principles at 2 CFR part 200.101(c) Subpart E for all non-Federal entities, including commercial organizations.

Length and Time Phasing of Assistance:

The maximum period of performance for an HP grant is three fiscal years, including the fiscal year in which the grant agreement is executed. The maximum period of performance for an ITD grant is four fiscal years including the fiscal year in which the grant agreement is executed. All new application project timelines will be evaluated to ensure they can be achieved within this timeframe. Additionally, FMCSA may award a grant agreement with a period of performance for less than maximum period of performance timeframe, depending upon project complexity, reasonableness, and necessity. Amendment requests to extend the period of performance beyond the period of availability described above will not be approved. Method of awarding/releasing assistance: other

Reports:

Reporting requirements are outlined in the grant agreement terms and conditions and consist of quarterly performance progress status and financial reports. Progress Reports include the Performance Progress Report Coversheet (SF-PPR). Financial Reporting requirements include quarterly submission of the Federal Financial Report (SF-425). PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: Accomplishments for FY 2020 have not been announced as awards have not yet been announced. Fiscal Year 2021: As the current surface transportation authorization bill (FAST Act) expires on September 30, 2020, the FMCSA anticipates awarding funds as appropriated by Congress and allowed under new authorization legislation. While the FMCSA expects State pandemic related responses to have an impact on CMV safety activities (inspections, investigations, etc.), public safety is not expected to be impacted as agencies will focus on efforts which minimize exposure. Fiscal Year 2021: Accomplishments for FY 2021 have not been announced as awards have not yet been made at the time of

EXAMPLES OF FUNDED PROJECTS:

2020 The HP-ITD program provides financial assistance to advance technological capability and promote the deployment of intelligent transportation system applications. Projects funded under ITD support FMCSAs safety initiatives for CMV operations, commercial drivers, and carrier-specific information systems and networks; support and maintain CMV information systems and networks; link FMCSA information systems with State CMV information systems; improve the safety and productivity of CMVs and drivers; and reduce the costs associated with CMV operations, and Federal and State CMV regulatory requirements. HP-CMV projects include the augmentation of projects funded by the Motor Carrier Safety Assistance Program (MCSAP), as well as projects related to Performance and Registration Information Systems Management (PRISM) and State Safety Data Quality (SSDQ). If an applicant chooses to propose multiple HP-CMV projects within a single application, each application must contain separate and distinct project narratives, budget narratives, line item budgets, and project subtitles for each subproject proposed in that application. The HP-CMV grant program prioritizes projects that augment motor carrier safety initiatives, and enhance efforts proposed in the MCSAP agency's Commercial Vehicle Safety Plan (CVSP). The goal is to enable recipients to carry out projects that improve safety and compliance with FMCSAs regulations. Funding is also available for projects that are national in scope, increase public awareness and education, demonstrate new technologies and reduce the number of CMV crashes. 2021 The HP-ITD program provides financial assistance to advance technological capability and promote the deployment of intelligent transportation system applications. CRITERIA FOR SELECTING PROPOSALS:

All discretionary (competitive) grant program applications undergo a series of reviews prior to award selection as required in 2 CFR 200.204 and 205. These reviews include: 1) technical review that provides an independent assessment of the technical/programmatic merit of an application. At least three qualified individuals are selected to review each application to ensure diversity of perspective and knowledge. Individuals are selected based on their technical education and experience and the extent to which the individual has engaged in relevant work, the capacities in which the individual has done so, and the quality of such work; 2) suitability review that provides a risk assessment on each applicants organization to ensure the applicant is suitable to receive and manage Federal funds. The risk assessment is conducted in several parts: 1) a debarment and suspension review that included a review of the applicants administrative capability self-certification and a check against the applicants records in the System for Award Management (www.sam.gov); 2) a review of the applicants history with other Federal agencies in the Single Audit Clearinghouse Database; and 3) an evaluation of the applicants Single Audit in accordance with the Single Audit Act; 3) past performance review that provides information that is considered as a possible indicator for predicting future performance. Many applicants for FMCSA programs have received FMCSA funding in the past and will be evaluated against their ability to complete prior year awards on-time, compliance with grant terms and conditions, and results from FMCSA grant monitoring activities. Applicants with no prior FMCSA grant awards will not be eliminated from funding consideration; and 4) budget/cost analysis that provides an assessment of allowable costs in accordance with Federal grant requirements, the cost realism of the budget estimate, appropriateness and reasonableness of resources, and reasonableness and feasibility of the schedule relative to the application timeline. Importantly, the budget evaluation provides initial insight to project-related risk, beyond those dealing with technical uncertainty, which is considered prior to recommendation. Application budgets are evaluated based on the same standards to which recipients will be held after award, which are outlined in the cost principles at 2 CFR part 200.101(c) Subpart E for all non-Federal entities, including commercial organizations.

20.240 Fuel Tax Evasion-Intergovernmental Enforcement Effort

Fuel Tax Evasion,

FEDERAL AGENCY:

FEDERAL HIGHWAY ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

Fixing Americas Surface Transportation Act (FAST Act), , Public Law 114-94, 23 USC Code 143.

OBJECTIVES:

The purpose of this program is to increase intergovernmental activities and enforcement efforts among public agencies to reduce Federal and State fuel tax evasion. Funds made available shall be used only to expand or enhance intergovernmental efforts to increase motor fuel tax enforcement and payments; to supplement motor fuel tax examinations and criminal investigations; and to increase research and training in the area of fuel tax evasion. activities to improve safety and performance of railroads. Fiscal Year 2022: FRA anticipates obligating funds for 3 or more grants supporting research activities to improve safety and performance of railroads.

REGULATIONS, GUIDELINES, AND LITERATURE:

Recipients of funds must comply with all applicable requirements of Federal law, including, without limitation, the Constitution of the United States; the conditions of performance, nondiscrimination requirements, and other assurances made applicable to the award of funds in accordance with regulations of the Department of Transportation; and applicable Federal financial assistance and contracting principles promulgated by the Office of Management and Budget. In complying with these requirements, recipients, in particular, must ensure that no concession agreements are denied or other contracting decisions made on the basis of speech or other activities protected by the First Amendment. If the Department determines that a recipient has failed to comply with applicable Federal requirements, the Department may terminate the award of funds and disallow previously incurred costs, requiring the recipient to reimburse any expended award funds. Examples of administrative and national policy requirements include: 2 CFR Part 200; procurement standards; compliance with Federal civil rights laws and regulations; requirements for disadvantaged business enterprises, debarment and suspension requirements, and drug-free workplace requirements; FRAs and OMBs Assurances and Certifications; Americans with Disabilities Act; safety requirements; NEPA; environmental justice requirements; performance measures under 49 U.S.C. 22907(f); grant conditions under 49 U.S.C. 22905, including the Buy America requirements, the provision deeming operators rail carriers for certain purposes and grantee agreements with railroad right-of-way owners for projects using railroad right-of-way. EXAMPLES OF FUNDED PROJECTS:

2020 An example of a project funded in FY 2020 is the Short Line Safety Institutes (SLSI) project to assess and improve the safety culture in the short line and regional railroad industry. The project will support the mission, vision, and strategic goals of the Institute in its Implementation Phase of the Safety Institute's Four Pillars of activities: safety culture assessments, education and training, communications, and research. 2021 An example of a project funded in FY 2021 is a project that will attract and fund research proposals that are intended to improve safety and performance in railroad systems, including the following areas: safety, environmental impact, human factors, rolling stock and components, track and structures, track/train interaction, grade crossings, hazardous materials transportation, train occupant protection, trespass prevention, signaling and train control systems, and employee safety. 2022 Examples of projects anticipated for funding in FY 2022 include research consisting of innovative concepts and methods to improve safety and performance of railroads.

CRITERIA FOR SELECTING PROPOSALS:

Typical criteria in descending order of relative importance: (1) Degree to which it may improve upon or advance railroad safety; (2) Overall scientific and/technical merit; (3) Likelihood for its near term adoption and implementation of possible recommendations; (4) Degree to which the proposed project fits into the Administration's overall research objectives; (5) Reasonableness and realism of the proposed cost, and the availability of funds (to include due consideration for proposed cost-sharing by the applicant).

EXAMPLES OF FUNDED PROJECTS:

2020 During FY 2020, the DOT approved a RRIF loan of up to \$851,150,000 to the Massachusetts Bay Transportation Authority (MBTA) for its Train Control Implementation and Rehabilitation Project (Project). The Project included Positive Train Control (PTC), Automatic Train Control (ATC), and resiliency elements for its commuter rail system. 2021 In FY2021, the DOT approved a RRIF loan of up to \$908,000,000 to Dallas Area Rapid Transit (DART) for its Silver Line Regional Rail Project. The loan proceeds will finance part of the construction costs of a 26-mile double-track commuter rail alignment extending from Dallas-Fort Worth International Airport eastward to Shiloh Road in Plano, Texas. The commuter line will connect with three existing DART transit lines, contain 10 stations, and traverse through three counties and seven cities.

CRITERIA FOR SELECTING PROPOSALS:

DOT reviews Letters of Interest for RRIF credit assistance on a first come, first served basis. Projects are reviewed to ensure they meet the eligibility requirements under all applicable regulations and statutes, as well as for financial feasibility.

20.317 Capital Assistance to States - Intercity Passenger Rail Service

IPR Program,

FEDERAL AGENCY:

FEDERAL RAILROAD ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

The Passenger Rail Investment and Improvement Act of 2008 (PRIIA), , Public Law 110-161

OBJECTIVES:

To provide financial assistance to fund capital improvements (and related planning activities) necessary to support improved or new intercity passenger rail service.

TYPES OF ASSISTANCE:

ASSISTANCE LISTINGS DESCRIPTIONS

Project Grants, Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance can be used to develop projects, programs and planning. This includes Projects which will result in the creation of new or substantially improved High-Speed Rail/Intercity Passenger Rail service, and will provide tangible and measurable benefits, such as on-time performance improvements, travel-time reductions and higher service frequencies resulting in increased ridership. Final Design, the last phase of project development, includes right-of-way acquisition, utility relocation, the preparation of final design plans, construction management plans, system safety plans for construction management and operations, safety certification, any required collision hazard analysis, final construction cost estimates and detail specifications, as well as procurement of construction services and equipment.

Applicant Eligibility:

State; To be eligible for this assistance, States must include intercity passenger rail service as an integral part of statewide transportation planning as required under section 135 of title 23, United States Code. To be eligible for capital assistance, the specific project must be on the Statewide Transportation Improvement Plan at the time of the application to qualify.

Beneficiary Eligibility:

Profit organization; State; To be eligible for this assistance, States must include intercity passenger rail service as an integral part of statewide transportation planning as required under section 135 of title 23, United States Code. To be eligible for capital assistance, the specific project must be on the Statewide Transportation Improvement Plan at the time of the application to qualify. State departments of transportation and other public agencies, although private transportation companies may participate through contractual arrangements with a State department of transportation.

Credentials/Documentation:

Department of Transportation, Federal Railroad Administration (FRA) Assurances and Certification forms including: (1) Certification Regarding Debarment, Suspension, and Other Responsibility Matters Primary Covered Transactions; (2) Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions; (3) Certification Regarding Drug-Free Workplace Requirements; (4) Certification Regarding Lobbying, (5) Assurances Non- Construction Programs SF 424B; and (6) Certificate of Indirect Costs Assurances. Other documents may be required as pre-requisites to funding based on program type. Documentation demonstrating applicant eligibility (for applicants other than States); National Environmental Policy Act documentation for construction projects and service development programs; program-specific Assurances and Certifications; planning and engineering documentation. Also see Application Procedure. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. An environmental impact assessment is required for this listing. This program is excluded from coverage under E.O. 12372. Prospective applicants may contact FRA prior to submission of applications to inquire about applicant eligibility, the competitive prospects of their proposed project, the National Environmental Policy Act and related legal requirements, and other requirements. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Required documents for an application package are: Project Narrative, Application for Federal Assistance, SF 424C Budget Information for Construction, or SF 424A Budget Information for Non-Construction, SF 424D Assurances for Construction, or SF 424B Assurances for Non-Construction, FRAs Additional Assurances and Certifications, SF LLL Disclosure of Lobbying Activities, and other supporting documentation as specified in the notice of funding opportunity..

Award Procedure:

Review the application package to ensure that all required documents are complete and signed by the appropriate person. Review the statement of work (SOW) and budget to ensure the appropriation language requirements are met. Review SOW for technical issues and budget for appropriate costs, including compliance with the National Environmental Policy Act and related laws and orders. Compare

applications to determine relative satisfaction of published selection criteria. Select the applicants that are most qualified. After the application package is acceptable to both parties, a grant agreement is drafted, reviewed, and signed upon agreement by both parties.

FEDERAL RAILROAD ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), , Public Law 109-59, 49 USC Code 20154.

OBJECTIVES:

To provide financial assistance for rail line relocation and improvement projects.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Grants may only be awarded for construction projects that improve the route or structure of a rail line and (1) are carried out for the purpose of mitigating the adverse effects of rail traffic on safety, motor vehicle traffic flow, community quality of life, or economic development; or(2) involve a lateral or vertical relocation of any portion of the rail line. Pre-construction activities, such as preliminary engineering, design, and costs associated with project-level compliance with the National Environmental Policy Act (NEPA), are considered part of the overall construction project and are also eligible for funding. However, activities such as planning studies and feasibility analyses are not eligible for funding.

Applicant Eligibility:

State; States, Political Subdivisions of States, and the District of Columbia

Beneficiary Eligibility:

State; States, Political Subdivisions of States, and the District of Columbia

Credentials/Documentation:

See Application Procedure 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Project Narrative, Statement of Work, Benefit-Cost Analysis, Environmental Compliance Documentation, SF424 Application for Federal Assistance, SF 424C Budget Information for Construction, or, for an equipment procurement project without any construction costs, or SF 424A Budget Information for Non-Construction, SF 424D Assurances for Construction, or, for an equipment procurement project without any construction costs, or SF 424B Assurances for Non-Construction, FRAs Additional Assurances and Certifications, SF LLL Disclosure of Lobbying Activities. Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

Applications selected for funding will be announced after the application review period. FRA will contact applicants with successful applications after announcement with information and instructions about the award process.

Notification of a selected application is not an authorization to begin proposed project activities.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Quarterly progress reports Quarterly financial status reports using SF-425 Federal Financial Report Grant recipients will be monitored periodically by FRA to ensure that the project goals, objectives, performance requirements, timelines, milestones, budgets, and other related program criteria are being met.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 No additional requirements.

Records:

During the course of its activities under a grant agreement and for three years thereafter, the applicant must agree to retain intact and to provide any data, documents, reports, records, contracts, and supporting materials relating to its performance under the agreement as FRA may require. Reporting and record-keeping requirements are set forth in 2 C.F.R. Part 200 for private non-profit and for-profit Grantees. Closeout does not alter these requirements.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: Most projects are complete and the grants closed. There were no projects completed during FY 2020. Fiscal Year 2021: FRA anticipates the completion of one remaining open project that will complete preliminary engineering and environmental work to remove the vertical obstructions along a rail line running through a tunnel. FRA does not anticipate receiving additional funding for this program.

REGULATIONS, GUIDELINES, AND LITERATURE:

These two Acts and associated regulations provide the primary guidance for this program: The National Environmental Policy Act of 1969 as amended (42 U.S.C. 4321 et seq.), and related laws; the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (Public Law 109-59); 49 CFR Part 262. Grant recipients must follow all administrative and national policy requirements including: procurement standards, compliance with Federal civilrights laws and regulations, disadvantaged business enterprises (DBE), debarment and suspension, drug-free workplace, FRAs and OMBs Assurances and Certifications, Americans with Disabilities Act (ADA), environmental protection, National Environmental Policy Act (NEPA), and environmental justice.

EXAMPLES OF FUNDED PROJECTS:

2020 Most projects are complete and the grants closed. There were no projects completed during FY 2020. 2021 An example of a project anticipated for completion is the preliminary engineering and environmental work to remove the vertical obstructions along a rail line running through a tunnel.

CRITERIA FOR SELECTING PROPOSALS:

Selection criteria were included in SAFETEA-LU and the Final Rule establishing the program. For the competitive grant program, applications proceeded through a three-part review process: 1. Screening for completeness and eligibility; 2. Evaluation of eligible applications by technical panels applying the selection criteria; and 3. Project selection by the FRA. For the Congressionally directed grants, the work and cost estimates must be reasonable and within the scope of the program regulations and the appropriation language.

20.321 Railroad Safety Technology Grants

FEDERAL AGENCY:

FEDERAL RAILROAD ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Section 105 of the Rail Safety Improvement Act of 2008 as modified by the Consolidated Appropriations Act, 2016, Division L, Title I (Public Law 114-113 (December 18, 2015), , Public Law 114-113, 49 USC Code 20158.

OBJECTIVES:

To facilitate the deployment of train control technologies, train control component technologies, processor-based technologies, electronically controlled pneumatic brakes, rail integrity inspection systems, rail integrity warning systems, switch position indicators and monitors, remote control power switch technologies, track integrity circuit technologies, and other new or novel railroad safety technology.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Railroad Safety Technology Grants Program funds projects that enhance railroad safety by implementing a Positive Train Control (PTC) system or benefiting overall PTC implementation on freight, intercity passenger, and commuter railroads. These projects focus on development and deployment of technologies that will lower the costs, speed implementation, increase interoperability, and improve the reliability of PTC systems. The FRA is particularly interested in development and deployment on the following topics related to PTC: elimination of PTC communications interference; configuration management of multi-railroad PTC software and firmware deployments; and host-tenant railroad PTC interoperability/system certification. In addition, the establishment and management of collaborative interoperability coordination groups, that may be used to resolve industry-wide PTC technical and management issues, were eligible for funding. Examples of eligible projects include the following: Costs for implementation, installation, and testing of PTC systems; Costs for shared PTC infrastructure (e.g., back office systems, CAD systems); and Costs to advance PTC interoperability, such as pilot programs, standardization committees, development of standard processes, and spectrum acquisition, sharing, and desensitization.

Applicant Eligibility:

Interstate; Intrastate; Profit organization; State;

Beneficiary Eligibility:

Profit organization; Interstate; Intrastate; State; Local; Passenger and freight railroad carriers; Railroad suppliers; and State and local governments for projects that have a public benefit of improved safety and network efficiency. To be eligible for assistance, the above entities subject to 49 U.S.C. 20157(a) must have submitted a revised Positive Train Control Implementation Plan (PTCIP) to FRA as required by 49 U.S.C. 20157(a). FRA considers the development and submission of a revised PTCIP under 49 U.S.C. 20157(a) to meet the eligibility requirement related to submitting a plan required under 49 U.S.C. 20156(e)(2) containing an analysis of the impact, feasibility, costs and benefits of implementing PTC system technology. FRA believes that any submission connected to sec. 20156(e)(2), which has yet to be incorporated into a Federal regulation, would

ASSISTANCE LISTINGS DESCRIPTIONS

merely be duplicative of what a railroad analyzed when it developed and submitted a revised PTCIP. Thus, FRA considers the submission of a revised PTCIP to meet the eligibility requirements in 49 U.S.C. 20158(b)(3) for purposes of this NOFO. If an applicant is not required to comply with either sec. 20157(a) or sec. 20156(e)(2), the applicant must demonstrate that to FRA's satisfaction in its NOFO application individuals are not eligible for these awards

Notice of Funding Opportunities (NOFO) for this listing will be posted on [Grants.gov](https://www.grants.gov).

Award Procedure:

Applications selected for funding will be announced in a press release and on FRA's website after the application review period. FRA will contact applicants with successful applications after announcement with information and instructions about the award process. This notification is not an authorization to begin proposed project activities. A formal grant agreement or cooperative agreement signed by both the grantee and the FRA, including an approved scope, schedule, and budget, is required before the award is considered complete.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Federal funds for any eligible project shall not exceed 80 percent of the total cost of such project. FRA cannot consider any other Federal funds, nor any non-Federal funds already expended (or otherwise encumbered), towards the matching requirement. Additionally, FRA is limiting the method for calculating the non-Federal match to cash contributions only, in-kind contributions will not be accepted. Matching funds provided in excess of the minimum requirement will be considered in evaluating the merit of an application. MOE requirements are not applicable to this assistance listing.

EXAMPLES OF FUNDED PROJECTS:

2020 Examples of projects completed in FY 2020 include PTC interface specification verification and validation, cyber security enhancement of train communications systems, and systematic implementation of secure wireless networking and key management. 2021 Projects to be completed in FY 2021 will

ASSISTANCE LISTINGS DESCRIPTIONS

facilitate the implementation of PTC that prevents certain train-to-train collisions, over-speed derailments, incursions into established work zone limits, and trains going to the wrong tracks due to improper switching. Many grant projects will help railroads achieve interoperability among the different PTC systems that railroads are deploying.

CRITERIA FOR SELECTING PROPOSALS:

Applications proceed through a three-part application review process, as follows: Screening applications for completeness and eligibility; Evaluating the technical merit and benefits of eligible applications; and Selecting projects for funding. Evaluation criteria included: PTC Deployment Benefits; Technical Merit; and Project Development approach. The following selection criteria ensured that the projects selected for funding advance FRA's current mission and key priorities:

- 1) Alignment with the DOT Strategic Goals and Priorities
- 2) Project Delivery Performance
- 3) Region/Location
- 4) Innovation/Resource Development.

20.323 Fiscal Year 2013 Hurricane Sandy Disaster Relief Grants to the National Railroad Passenger Corporation

FEDERAL AGENCY:

FEDERAL RAILROAD ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

The Disaster Relief Appropriations Act, 2013, , Public Law 113-2

OBJECTIVES:

To provide supplemental assistance to the National Passenger Railroad Corporation for disaster assistance related to Hurricane Sandy.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

As specified in individual Grant Opportunity announcements, assistance may be used to fund repair expenses or resiliency projects.

Applicant Eligibility:

Other public institution/organization; As directed by authorizing and appropriating statute, assistance is available only to the National Railroad Passenger Corporation.

Beneficiary Eligibility:

Sponsored organization; Other public institution/organization; As directed by authorizing and appropriating statute, assistance is available only to the National Railroad Passenger Corporation.

Credentials/Documentation:

See Application Procedures 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact assessment is required for this listing. This program is excluded from coverage under E.O. 12372. An environmental impact assessment is required for this program.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The applicant submitted the following information: Application for Federal Assistance SF-424; US Department of Transportation Federal Railroad Administration Assurances and Certification forms; Certification Regarding Debarment, suspension, and other Responsibility Matters - Primary Covered Transactions; Certification Regarding Drug-Free Workplace Requirements; Certification Regarding Lobbying; Assurances - Non-Construction Programs, SF 424B or Assurances Construction, SF424D (whichever is specified in the announcement); Certificate of Indirect Costs; Detailed project descriptions, statement of work, and budgets.

Award Procedure:

FRA reviewed the application package to ensure that all required documents had been submitted and were completed and signed by the appropriate person. Reviewed the statement of work (SOW) and budget to ensure the appropriation

language requirements are met. Reviewed SOW for technical issues and budget for appropriate costs, including compliance with the National Environmental Policy Act and related laws and orders. After the application package is acceptable to both parties, a grant agreement is drafted, reviewed, and signed upon agreement by both parties.

PROGRAM ACCOMPLISHMENTS:

ASSISTANCE LISTINGS DESCRIPTIONS

Fiscal Year 2020: Projects completed in FY 2020 included the construction of an underground, sealed, watertight concrete encasement designed to withstand future storm surge and other weather events. Fiscal Year 2021: Projects will improve resiliency and mitigate potential impacts of disasters in the Northeast Corridor. The Long Island City and 1st Avenue Generators and Waterproofing System projects main objective is for Amtrak to provide additional East River Tunnels flood protection measures to strengthen the flood protection infrastructure in the East River Tunnels and help prevent a flood surge from entering the East River Tunnels. This Project aims to restore and strengthen passenger rail infrastructure so it may withstand future emergencies or disasters related to extreme weather patterns. Reconstruction of Substation 41 is a multi-component reconstruction project that aims to: Rebuild the substation at a higher elevation, thereby reducing flooding vulnerability; Create a larger platform, that will allow for additional electrical capacity to support further improvements along the NEC; Reroute or redirect up to four traction power transmission circuits presently on lattice towers located in the marsh that feeds the substation; Demolition of existing ground-mounted equipment from the existing substation platform; excluding the gantry structures. Ultimately, Substation 41 will be connected to the NJ TRANITGRID, a highly resilient energy supply for a targeted portion of rail infrastructure along the NEC. Amtrak will retain ownership, operations, maintenance, and control of the substation upon project completion. The estimated budget for the Substation 41 project is \$21 million. Reconstruction of Substation 42 (also known as Sub 42) Resiliency Improvements Project (Project) will be undertaken by Amtrak. Although Sub 42 was not directly impacted by Superstorm Sandy, infrastructure related to the substation such as the feeder cables into New York were. The substation has a major impact on resilience of train movement in the area because Sub 42 provides traction power for trains within the North River tunnels, the NYPS complex and related infrastructure in New Jersey and New York. As an integral part of the distribution network, a new, modern control house needs to be installed as a part of this project to reliably support the overall resiliency effort. The funds provided for this project will enable Amtrak to reconstruct Substation 42. The estimated budget for the Substation 42 project is \$10.5 million.

FEDERAL AGENCY:

FEDERAL RAILROAD ADMINISTRATION, TRANSPORTATION,

DEPARTMENT OF AUTHORIZATION:

Title Fixing Americas Surface Transportation Act, Public Law 114-94 (2015), 49 USC Code 22908.

OBJECTIVES:

This program provides operating assistance grants for initiating, restoring, or enhancing intercity rail passenger transportation. This may include establishing a new service, restoring previously operated service, or enhancements to current service, such as: additional frequencies, service extensions and offering new on-board services.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Operating assistance for the purpose of initiating, restoring, or enhancing intercity rail passenger transportation.

Applicant Eligibility:

Interstate; State; Profit organization; Interstate, State (includes District of Columbia), Local, Profit organization, State (1) a State, including the District of Columbia; (2) a group of States; (3) an Interstate Compact; (4) a public agency or publicly chartered authority established by 1 or more States; (5) a political subdivision of a State; (6) Amtrak or another rail carrier that provides intercity rail passenger transportation; (7) Any rail carrier in partnership with at least 1 of the entities described in (1) through (5); and (8) any combination of the entities described in paragraphs (1) through (7).

Beneficiary Eligibility:

Interstate; State; Profit organization; Interstate, State Profit organization, State, Local, Public nonprofit institution/organization (1) a State, including the District of Columbia; (2) a group of States; (3) an Interstate Compact; (4) a public agency or publicly chartered authority established by 1 or more States; (5) a political subdivision of a State; (6) Amtrak or another rail carrier that provides intercity rail passenger transportation; (7) Any rail carrier in partnership with at least 1 of the entities described in paragraphs (1) through (5); and (8) any combination of the entities described in (1) through (7).

Credentials/Documentation:

Other documents may be required as pre-requisites to funding based on program type; documentation demonstrating applicant eligibility (for applicants other than States); National Environmental Policy Act documentation for construction projects and service development programs; program-specific Assurances and Certifications; planning and engineering documentation. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Required documents for an application package are a Project Narrative, Statement of Work, SF424 Application for Federal Assistance, SF 424A Budget Information for Non-Construction, SF 424B Assurances for Non-Construction, FRAs Additional Assurances and Certifications, and SF LLL Disclosure of Lobbying Activities. Additionally, an applicant for a grant shall submit: (1) A capital and mobilization plan that (A) describes any capital investments, service planning actions (such as environmental reviews), and mobilization actions (such as qualification of train crews) required for initiation of intercity rail passenger transportation; and (B) includes the timeline for undertaking and completing each of the investments and actions referred to in (A); (2) an operating plan that describes the planned operation of the service, including (A) the identity and qualifications of the train operator; (B)

the identity and qualifications of any other service providers; (C) service frequency; (D) the planned routes and schedules; (E) the station facilities that will be utilized; (F) projected ridership, revenues, and costs; (G) descriptions of how the projections under subparagraph (F) were developed; (H) the equipment that will be utilized, how such equipment will be acquired or refurbished, and where such equipment will be maintained; and (I) a plan for ensuring safe operations and compliance with applicable safety regulations; (3) a funding plan that (A) describes the funding of initial capital costs and operating costs for the first 3 years of operation; (B) includes a commitment by the applicant to provide the funds described in subparagraph (A) to the extent not covered by Federal grants and revenues; and (C) describes the funding of operating costs and capital costs, to the extent necessary, after the first 3 years of operation; and (4) a description of the status of negotiations and agreements with (A) each of the railroads or regional transportation authorities whose tracks or facilities would be utilized by the service; (B) the anticipated railroad carrier, if such entity is not part of the applicant group; and (C) any other service providers or entities expected to provide services or facilities that will be used by the service, including any required access to Amtrak systems, stations, and facilities if Amtrak is not part of the applicant group. Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

Applications selected for funding will be announced in a press release and on FRA's website after the application review period. FRA will contact applicants with successful applications after announcement with information and instructions about the award process. This notification is not an authorization to begin proposed project activities. A formal grant agreement or cooperative agreement signed by both the grantee and the FRA, including an approved scope, schedule, and budget, is required before the award is considered complete.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: In May 2020, FRA announced the selection of 3 FY 2018-2020 Restoration and Enhancements projects (\$22.4 million) for intercity passenger rail service across 8 states. Fiscal Year 2021: FRA is working to obligate the four projects selected under this program in previous fiscal years. Fiscal Year 2022: To be determined based on appropriations from Congress.

REGULATIONS, GUIDELINES, AND LITERATURE:

Recipients of funds must comply with all applicable requirements of Federal law, including, without limitation, the Constitution of the United States; the conditions of performance, nondiscrimination requirements, and other assurances made applicable to the award of funds in accordance with regulations of the Department of Transportation; and applicable Federal financial assistance and contracting principles promulgated by the Office of Management and Budget. In complying with these requirements, recipients, in particular, must ensure that no concession agreements are denied or other contracting decisions made on the basis of speech or other activities protected by the First Amendment. If the Department determines that a recipient has failed to comply with applicable Federal requirements, the Department may terminate the award of funds and disallow previously incurred costs, requiring the recipient to reimburse any expended award funds.Examples of administrative and national policy requirements include: 2 CFR Part 200; procurement standards; compliance with Federal civil rights laws and regulations; requirements for disadvantaged business enterprises, debarment and suspension requirements, and drug-free workplace requirements; FRAs and OMBs Assurances and Certifications; Americans with Disabilities Act; safety requirements; NEPA; environmental justice requirements; performance measures under 49 U.S.C. 22907(f); grant conditions under 49 U.S.C. 22905, including the Buy America requirements, the provision deeming operators rail carriers for certain purposes and grantee agreements with railroad right-of-way owners for projects using railroad right-of way.See an example of standard terms and conditions for FRA grant awards at <https://www.fra.dot.gov/eLib/Details/L19057>.

CRITERIA FOR SELECTING PROPOSALS:

Applications proceed through a three-part application review process, as follows: Screening applications for completeness and eligibility; Evaluating the technical merit and benefits of eligible applications; and Selecting projects for funding. In awarding grants, priority to applications will be (1) for which planning, design, any environmental reviews, negotiation of agreements, acquisition of equipment, construction, and other actions necessary for initiation of service have been completed or nearly completed; (2) that would restore service over routes formerly operated by Amtrak, including routes described in section 11304 of the Passenger Rail Reform and Investment Act of 2015; (3) that would provide daily or daytime service over routes where such service did not previously exist; (4) that include funding (including funding from railroads), or other significant participation by State, local, and regional governmental and private entities; (5) that include a funding plan that demonstrates the intercity rail passenger service will be financially sustainable beyond the 3-year grant period; (6) that would provide service to regions and communities that are underserved or not served by other intercity public transportation; (7) that would foster economic development, particularly in rural communities and for disadvantaged populations; (8) that would provide other non-transportation benefits; and (9) that would enhance connectivity and geographic coverage of the existing national network of intercity rail passenger service.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: FRA announced the recipients of \$320.6 million in grant funds under the CRISI program for a wide variety of state and local railroad infrastructure projects. The grants fund 50 projects in 29 states. FRA obligated 46 grants for \$207 million from previous year NOFOs. These intercity passenger and freight rail projects will benefit surrounding communities, make grade crossings safer, and improve service reliability. Fiscal Year 2021: FRA has obligated 13 grants for \$59 million from previous year NOFOs. Projects have been or will be completed in FY 21 that: 1. build new high-speed rail corridors that expand and fundamentally improve passenger transportation in the geographic regions they serve; 2. upgrade existing intercity passenger rail corridors to improve reliability, speed, and frequency of existing services; and 3. lay the groundwork for future high-speed rail services through corridor and state planning efforts. FRA is expected to announce the FY 2021 Notice of Funding Opportunity for an estimated \$361 million. Fiscal Year 2022: FRA will continue to obligate selections from all previous year NOFOs as environmental reviews are completed.

REGULATIONS, GUIDELINES, AND LITERATURE:

Recipients of funds must comply with all applicable requirements of Federal law, including, without limitation, the Constitution of the United States; the conditions of performance, nondiscrimination requirements, and other assurances made applicable to the award of funds in accordance with regulations of the Department of Transportation; and applicable Federal financial assistance and contracting principles promulgated by the Office of Management and Budget. In complying with these requirements, recipients, in particular, must ensure that no concession agreements are denied or other contracting decisions made on the basis of speech or other activities protected by the First Amendment. If the Department determines that a recipient has failed to comply with applicable Federal requirements, the Department may terminate the award of funds and disallow previously incurred costs, requiring the recipient to reimburse any expended award funds. CRITERIA FOR SELECTING PROPOSALS:

FRA will give preference to: Projects where the Federal share of total project costs is 50 percent or less. Projects where the proposed non-Federal share is comprised of more than one source including private sources, demonstrated broad participation by affected stakeholders. Projects where the net benefits of the grant funds are maximized considering the benefit-cost analysis, including anticipated private and public benefits relative to the costs of the proposed project, and factoring in the other considerations described below. After applying the above preferences, FRA will take in account the key Departmental priorities. Other considerations include: the degree to which the proposed projects business plan considers potential private sector participation in the financing, construction, or operation of the project.; the recipients past performance in developing and delivering similar projects, and previous financial contributions; whether the recipient has or will have the legal, financial, and technical capacity to carry out the proposed project, satisfactory continuing control over the use of the equipment or facilities, and the capability and willingness to maintain the equipment or facilities; if applicable, the consistency of the proposed project with planning guidance and documents set forth by the Secretary or required by law or State rail plans developed under chapter 227; if applicable, any technical evaluation ratings the proposed project received under previous competitive grant programs administered by the Secretary; and other factors as the Secretary considers relevant to the successful delivery of the project.

20.500 Federal Transit Capital Investment Grants

New Starts, Small Starts, and Core Capacity,

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Fixing Americas Surface Transportation Act (FAST), , Public Law 114-94, 49 USC Code 5309.

OBJECTIVES:

The Capital Investment Grant Program is the Federal Governments primary financial resource for supporting transit capital projects that are locally planned, implemented, and operated. It provides funding for fixed guideway investments

ASSISTANCE LISTINGS DESCRIPTIONS

such as new and expanded heavy rail, commuter rail, light rail, streetcar, bus rapid transit, and ferries as well as corridor-based bus rapid transit investments that emulate the features of rail.

TYPES OF ASSISTANCE:

Formula Grants, Project Grants

USES AND USE RESTRICTIONS:

FAST includes three categories of eligible projects under the Capital Investment Grant Program, referred to as New Starts, Core Capacity, and Small Starts projects. New Starts projects are those whose sponsors request \$100 million or more in Capital Investment Grant Program funds or have an anticipated total capital cost of \$300 million or more. Core Capacity projects are substantial investments in an existing fixed-guideway corridor that is at capacity today or will be in five years, where the proposed project will increase capacity by not less than 10 percent. Small Starts projects are defined as those whose sponsors request less than \$100 million in Capital Investment Grant Program funds and have an anticipated total capital cost of less than \$300 million. The Pilot Program for Transit-Oriented Development (TOD) Planning, authorized under Section 20005(b) of the Moving Ahead for Progress in the 21st Century Act (MAP-21), Public Law 112-141, July 6, 2012, with funding provided under 49 U.S.C. 5338(a)(2)(B), as amended by the FAST Act, provides grants for corridor-level comprehensive planning activities conducted in conjunction with the development of new fixed-guideway or core capacity improvement projects. The comprehensive planning work must help to enhance economic development, ridership, and other goals established during the project development and engineering processes; facilitate multimodal connectivity and accessibility; increase access to transit hubs for pedestrian and bicycle traffic; enable mixed-use development; identify infrastructure needs associated with the eligible project; and include private sector participation. The Expedited Project Delivery (EPD) Pilot Program, authorized by Section 3005(b) of the FAST Act, is aimed at expediting delivery of new fixed guideway capital projects, small starts projects, or core capacity improvement projects. These projects must utilize public-private partnerships, be operated and maintained by employees of an existing public transportation provider, and have a federal share not exceeding 25 percent of the project cost. In FY 2021, a total of \$1.914 billion was appropriated for the Capital Investment Grants Program, a total of \$10 million was appropriated for the Pilot Program for TOD Planning, and a total of \$100 million was appropriated for the EPD Pilot Program. The American Rescue Plan Act of 2021 (ARP) appropriated an additional \$1.675 billion for projects in the Capital Investment Grants Program.

The review will determine whether an environmental impact statement, environmental assessment, or categorical exclusion will satisfy environmental requirements.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Capital Investment Grants program requires that projects proceed through multiple steps before being considered for funding. For details on the steps in the process, please see FTA's website at <https://www.transit.dot.gov/CIG>. For the TOD Pilot Program, projects are selected for funding through Notices of Funding Opportunities. For the EPD Pilot Program, projects are selected for funding through a Notice of Funding Opportunity (<https://www.transit.dot.gov/funding/applying/notices-funding/expedited-project-delivery-pilot-program-notice-funding>), and applications will be accepted on a rolling basis until up to eight grants are awarded, subject to funding availability. Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

An FTA grant award obligating Federal funds is reflected in a construction grant agreement. Grants are awarded electronically using FTA's electronic grant award system. In order to access this system, a user name and password are needed and can be obtained by contacting the regional offices. Once the funds are reserved in FTA's electronic grant award system and the project information has been reviewed and approved by Headquarters, the recipient must execute the grant agreement to access the funds.

20.505 Federal Transit_Metropolitan Planning Grants; 20.507 Federal Transit_Formula Grants;

EXAMPLES OF FUNDED PROJECTS:

2020 In FY 2020, the Westside Purple Line Section Three project in Los Angeles, California received a construction grant agreement. The project is a 2.6-mile extension of the Los Angeles County Metropolitan Transportation Authority's (LACMTA) heavy rail system to the Westwood/Veterans Hospital area, and includes two stations. 2021 In FY 2021, the West Lake Corridor Project in Indiana

received a construction grant agreement. The project is a 7.8-mile southern extension of the Northern Indiana Commuter Transportation Districts (NICTD) existing South Shore Line (SSL) commuter rail service between Dyer and Hammond, with four new stations.

CRITERIA FOR SELECTING PROPOSALS:

Projects must meet the project justification, local financial commitment, and process criteria established in Section 5309, and should be consistent with Executive Order 12893, Principles for Federal Infrastructure Investments, issued January 26, 1994. Firm funding commitments, embodied in FFGAs or SSGAs, will not be made until the project sponsor has demonstrated that its project is ready for such an agreement, i.e., the projects development and design have progressed to the point where its scope, costs, benefits, and impacts are considered firm and final. FTA encourages project sponsors to provide an overmatch as a means of funding more projects and leveraging State and local financial resources as well as other Federal financial resources.

20.505 Metropolitan Transportation Planning and State and Non-Metropolitan Planning and Research

Metropolitan Transportation Planning and State and Non-Metropolitan Planning,
FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Fixing Americas Surface Transportation (FAST), , Public Law 114-94, 49 USC Code 5305(d)(e).

OBJECTIVES:

To assist in development of metropolitan and state transportation improvement programs, long-range transportation plans, and other technical studies in a program for a unified and officially coordinated Statewide Transportation system and Metropolitan Transportation system(s) within the state. As a result of this coordinated effort, the former CFDA# 20.515 has been discontinued. This CFDA incorporates both the Statewide Transportation system and the Metropolitan Transportation system into one CFDA.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

In metropolitan areas, activities assisted under this section may include preparation of transportation plans including transportation improvement programs and management systems; studies related to transportation management, operations, capital requirements, economic feasibility, performance-based planning, public transportation agency safety plans, transit asset management plans, evaluation of previously funded capital projects; and other related activities in preparation for the construction, acquisition, or improved operation of transportation systems, facilities, and equipment, public participation in transportation planning, security and emergency transportation planning. In nonurbanized areas of the state, eligible activities include planning, and technical studies and assistance. A State may authorize the use of a portion of these funds to supplement and administer Metropolitan Planning.

Applicant Eligibility:

State; State Apportionments are made to the States for 1) statewide planning and 2) formula distribution to the Metropolitan Planning Organizations designated for the urbanized areas within each State for planning within urbanized areas. State Apportionments for metropolitan planning and for state planning and research are made to the States. Funds for metropolitan planning are distributed by formula to the Metropolitan Planning Organizations (MPOs) designated for the urbanized areas within each State.

Beneficiary Eligibility:

20.507 Federal Transit Formula Grants

Urbanized Area Formula Program; Section 5307,

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Title Fixing Americas Surface Transportation (FAST) Act, , Public Law 114-94, 49 USC Code 5307. Public Law 116-136, Public Law 116-260, Public Law 117-2

OBJECTIVES:

The Urbanized Area Formula Funding program (49 U.S.C. 5307) makes federal resources available to urbanized areas and to governors for transit capital and operating assistance in urbanized areas and for transportation-related planning. An urbanized area is an incorporated area with a population of 50,000 or more that is designated as such by the U.S. Department of Commerce, Bureau of the Census.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funds may be used for capital projects to finance the planning, acquisition, construction, cost-effective lease, improvement, and maintenance of equipment and facilities for use in transit. One percent of the funds apportioned to urbanized areas with a population of at least 200,000 must be expended for associated transit improvements. For urbanized areas with populations under 200,000, funds may be used to finance transit operating costs. Recipients of these grants are required to make information available to the public and to publish a program of projects to afford affected citizens opportunities through public hearings to submit comments on the proposed program and the performance of the recipient. In addition, a Passenger Ferry Grant Program component awards funding on a competitive discretionary selection basis.

Applicant Eligibility:

Intrastate; State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Funds will be made available to urbanized areas (as defined by the U.S. Census Bureau) through designated recipients, which must be public entities and have the legal capacity to receive and dispense federal funds. The Governor, responsible local officials, and publicly owned operators of mass transportation services must jointly select the designated recipient(s) for an urbanized area with a population of 200,000 or more. The Governor or his designee acts as the designated recipient for an urbanized area with a population of 50,000 to 199,999. Recipients must submit a program of projects to FTA; submit a program application to FTA; enter into formal agreements with FTA; and certify that public notification has been conducted.

Beneficiary Eligibility:

Profit organization; Private nonprofit institution/organization; Quasi-public nonprofit organization; Other private institution/organization; Local; Public nonprofit institution/organization; The general public, both users and non-users, and publicly owned operators of public transportation services.

Credentials/Documentation:

The following documentation must be submitted prior to award of a formula grant under this program: A resolution by an authorized public body approving the filing

of an application, the urbanized areas transportation improvement program (TIP), and the Statewide transportation improvement program (STIP) approved by FTA and FHWA. In addition, information must be provided on labor agreements and relocation planning; environmental impact, legal capacity, coordinated regional planning and compliance with certifications and assurances as compiled in FTAs Annual List of Certifications and Assurances. Eligible costs must be in accordance with OMB Circular 2 CFR 200. Prior to the award of a discretionary grant under this program, applicants must submit a project application based on criteria outlined in the Notice of Funding Availability published yearly in the Federal Register. A notice is published annually in the Federal Register on FTAs fiscal year apportionments and applications. The notice contains a list of the amount apportioned to each urbanized area and the total available for discretionary award. You can find current and prior year notices on FTAs website at <https://www.transit.dot.gov/funding/apportionments> or by contacting the appropriate FTA Regional Office to obtain copies or publication dates. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. An environmental impact assessment is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance if the State has selected the program for review. An environmental impact assessment may be required. In addition, an environmental impact statement may also be required.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This program is subject to the provisions of OMB Circular No. A-87 and 49 CFR Part 18. Applications are to be submitted in the Transit Award Management System (TrAMS), which is the FTA electronic grant-making and record keeping system.

Award Procedure:

An FTA grant award obligating Federal funds is reflected in a grant agreement. To access funds, the recipient must execute the grant agreement. This program is comprised of both formula and competitive funds. Funds are primarily awarded via grant applications processed by FTA Regional Offices.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

From 15 to 30 days. From the date of the application submittal in FTA's Transit Award Management System (TrAMS) the approximate time of award is 15 to 30 days.

Appeals:

Not Applicable. For competitive funding, if a project is not selected a recipient can request additional information from FTA's Headquarters staff. The regional offices can address any questions and direct applicants to the appropriate individual.

Renewals:

Not Applicable. Funds are apportioned annually to each urbanized area. Grants may be amended to add newly available funds for a continuing project.

Formula and Matching Requirements:

Statutory Formula: Title 49 USC, Chapter 53, Part 5336, Subpart , Public Law 112-141. Matching Requirements: Percent: 0%. Requirement: Matching requirements are mandatory. The program operates under the statutory formula prescribed in 49 USC 5336. The federal share is not to exceed 80 percent of the net project cost. The Federal share may be 90 percent for the cost of vehicle-related equipment attributable to compliance with the American with Disabilities Act and the Clean Air Act or 85 percent for the cost of a vehicle that complies with these requirements. The federal share may not exceed 50 percent of the net cost for operating assistance. This program has MOE requirements, see funding agency for further details. Additional Information: .

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: FTA successfully allowed Urbanized Area funding to be available for transit related expenses in response to COVID-19 under the Emergency Relief flexibility prior to the enactment of Supplemental Bills (CARES Act, CRRSAA, and ARP). As a result of supplemental funding, agencies were granted funding for operating expenses to maintain transit services as well as pay transit workers across the country not working because of the public health emergency. It also included the provision of personal protective equipment for transit employees and special-purpose trips when needed. This historic grant funding ensured our nations public transportation systems could continue to provide services to the millions of Americans who depend on them.

20.509 Formula Grants for Rural Areas and Tribal Transit Program

(Rural Area Program),

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Fixing Americas Surface Transportation (FAST) Act, , Public Law 114-94, 49 USC Code 5311.

OBJECTIVES:

To improve, initiate, or continue public transportation service in nonurbanized areas (rural areas and small cities under 50,000 in population) and to provide technical assistance for rural transportation providers. The Section 5311 program supports both the maintenance of existing public transportation services and the expansion of those services through the following program goals: enhancing access in rural areas to health care, shopping, education, employment, public services, and recreation; assisting in the maintenance, development, improvement, and use of public transportation systems in rural areas; encouraging and facilitating the most efficient use of all transportation funds used to provide passenger transportation in rural areas through the coordination of programs and services; providing financial assistance to help carry out national goals related to mobility for all, including seniors, individuals with disabilities, and low-income individuals; increasing availability of transportation options through investments in intercity bus services; assisting in the development and support of intercity bus transportation; encouraging mobility management, employment-related transportation alternatives, joint development practices, and transit-oriented development; and providing for the participation of private transportation providers in rural public transportation. The Public Transportation on Indian Reservations Program is a set-aside form the Formula Grants for Rural Areas program that consists of both a formula and competitive grant program for federally recognized Indian tribes or

ASSISTANCE LISTINGS DESCRIPTIONS

Alaska Native villages, groups or communities in rural areas.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Section 5311 funds may be used for eligible planning, capital, and operating expenses needed to provide efficient and coordinated public transportation service in non-urbanized areas. States may use up to 10 per cent of the annual apportionment for planning and program administration. Job Access and Reverse Commute projects are also eligible under the program. Projects must provide for the maximum feasible coordination of public transportation sources assisted under this section with transportation services assisted by other Federal sources, and must provide for the maximum feasible participation of private operators. Fifteen percent of the State's annual apportionment must be spent to support rural intercity bus transportation, unless the governor certifies that such needs are adequately met. Rural Transit Assistance Program (RTAP) funds may be used for technical assistance, training, research, and related support services. A takedown from the program is used to fund a national technical assistance center. Additional set-asides under the Section 5311 program include the Public Transportation on Indian Reservations (Tribal Transit) formula, Tribal Transit discretionary and Appalachian Development Public Transportation Assistance Formula Programs.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Public nonprofit institution/organization (includes institutions of higher education and hospitals); Private nonprofit institution/organization (includes institutions of higher education and hospitals); Federally Recognized Indian Tribal Governments; Only designated State agencies and Indian Tribes may apply directly to FTA for grants. Eligible sub-recipients may include State agencies, local public bodies and agencies thereof, nonprofit organizations, Indian tribes, and operators of public transportation services, including intercity bus service, in rural areas. Private for-profit operators of transit or paratransit services may participate in the program only through contracts with eligible recipients. Private intercity bus operators may participate as subrecipients or through contracts. Urbanized areas, as defined by the Bureau of the Census, are not eligible. For the Public Transportation on Indian Reservations Program, eligible applicants include federally recognized Indian tribes or Alaska Native villages, groups, or communities as identified by the U.S. Department of the Interior Bureau of Indian Affairs. Additionally, applicants must be located and provide service in a rural area with a population of 50,000 or less.

Beneficiary Eligibility:

Private nonprofit institution/organization; Anyone/general public; State; Local; Public nonprofit institution/organization; The general public, both users and nonusers, and private and public providers of public transportation in nonurbanized areas.

Credentials/Documentation:

The State agency must be designated by the Governor to administer the program. Projects must be included in the State Transportation Improvement Program (STIP) and approved by FTA and FHWA. The state must also have a State Management Plan in place. The state and sub-recipients must agree to the standard labor protection warranty for the program. Environmental assessments may be required. Compliance with FTA's annual list of Certifications and Assurances is required. Eligible cost must be in accordance with 2 CFR 200. The state must submit a program of projects listing all sub-recipients and projects in accordance with FTA Circular 9040.1G issued October 24, 2014. FTA annually issues a Federal Register Notice of apportionments, allocations and program information. This information can be found on the FTA website at www.fta.dot.gov or by contacting the appropriate FTA regional office to obtain copies or publication dates. 2 CFR 200 applies to this program. For the Public Transportation on Indian Reservations Program as evidence of Federal recognition, an Indian tribe may submit a copy of the most up-to-date Federal Register notice published by BIA: Entities Recognized and Eligible to Receive Service from the United States Bureau of Indian Affairs. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the

office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Eligible sub-recipients should submit application to the State agency designated by the Governor to administer the program. This agency will evaluate and select eligible applicants and submit a program of projects to the Federal Transit Administration. In order to receive Public Transportation on Indian Reservations Program formula funds, a tribe must report to the National Transit Database on an annual basis. The steps for applying to the competitive discretionary program are listed yearly in the Notice of Funding Availability published with the Federal Register. Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

The Federal Transit Administration approves the State's or tribe's program of projects. An FTA grant award obligating Federal funds is reflected in a grant agreement. To access funds, the state or tribe must execute the grant agreement. The state implements grant agreements or other instructions with the subrecipients. The Public Transportation on Indian Reservations competitive discretionary grant project selections are announced and implementation procedures to begin the process outlined above are provided at the time of announcement.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. As prescribed by the State agency or tribe designated to administer the Section 5311 program. FTA approves grants on a quarterly release cycle.

Appeals:

Not Applicable. Interested persons are afforded the opportunity of a public hearing for capital projects. They can also contact the Headquarters Program Manager listed in this Assistance Listing or the Regional Office to gain more information about a funding decision. The list of Regional Offices is located at <https://www.transit.dot.gov/about/regional-offices/regional-offices>.

Renewals:

Not Applicable. Subrecipients typically receive funding through the designated State agency.

Formula and Matching Requirements:

Statutory Formula: Title 49, Chapter , Part 18, Subpart .Public Law .Matching Requirements: Percent: 0%. Requirement: Matching requirements are mandatory. The program operates under the statutory formula prescribed in 49 USC 5335. The federal share is not to exceed 80 percent of the net project cost for capital projects. The federal share may be 90 percent for the cost of vehicle-related equipment attributable to compliance with the American with Disabilities Act and the Clean Air Act or 85 percent for the cost of a vehicle that complies with these requirements. The federal share may also be 90 percent for projects or portions of projects related to bicycle facilities. The federal share may not exceed 50 percent of the net cost for operating assistance. Recipients may use up to 20 percent of the amounts apportioned under Section 5311 for ADA complementary paratransit at an 80 percent federal share if certain conditions are met. Under the Public Transportation on Indian Reservation Program, no local match is required for the formula program. A 10 percent local match is required under the discretionary program for both capital and operating expenses. There is no match requirement for planning grants under the discretionary program. This program has MOE requirements, see funding agency for further details. Additional Information: This program has MOE requirements; see funding agency for further details..

Length and Time Phasing of Assistance:

Formula funds are apportioned annually to the States or tribal recipients. Amounts apportioned are available for obligation by the State designated agency or tribal recipients for a period of three years (two years following the close of the fiscal year for which sums are apportioned) and amounts remaining unobligated at the end of such period shall be apportioned among the States or tribal recipients for the succeeding fiscal year. States usually fund local recipients on an annual cycle but it

National Research Programs,

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

The Fixing Americas Surface Transportation (FAST) Act (Public Law No. 114-94), signed into law on December 4, 2015, and effective October 11, 2015, 49 U.S.C. Section 5312/FAST Section 3008 and Section 5314/FAST Section 3009., Public Law 114-94, 49 USC Code 5312 & 5314.

OBJECTIVES:

The Federal Transit Administration's Research, Development, Demonstration, Deployment, Cooperative Research, Technical Assistance, Standards Development, and Human Resources and Training programs are authorized at 49 U.S.C. 5312, and 5314 and collectively seek to develop solutions that improve

public transportation. Its primary goals are to increase transit ridership, improve safety and emergency preparedness, improve operating efficiencies, protect the environment, promote energy independence, and provide transit research leadership; develop and conduct workforce development activities, training and educational programs for Federal, State, and local transportation employees, United States citizens, and foreign nationals engaged or to be engaged in public transportation work; and to sponsor development of voluntary and consensus-based standards to more effectively and efficiently provide transit service, as well as support the improved administration of Federal transit funds. To accomplish this, FTA funds projects to support research and development, demonstration, deployments of various technologies and operational models for transit; a national cooperative research program, a national training institute, national technical assistance centers, and transit workforce development programs. The Public Transportation Innovation program (49 U.S.C. 5312) supports research, development, demonstration, deployment, and evaluation projects. Research projects in this area are not generally undertaken by the private sector including studies on transit policy issues, operational efficiency, and travel behavior. These projects will promote the use of clean energy and air quality improvement. The program also funds long-term, high-risk, high-potential payoff investigations of new technologies, which is critical to developing a public transportation system that is efficient, attractive, and reliable. The majority of the funds (75 percent) appropriated under 49 U.S.C 5338 to support this section, must be used for a discretionary Low and No Emission deployment program. The Transit Cooperative Research Program (TCRP) (49 U.S.C 5312) funds shorter-term research projects that address immediate operational issues facing the transit industry. These projects are designed to identify immediate improvements in transit safety, equipment and system design, system operations, and the economic development impact of transit investments, among other topic areas. These funds are typically awarded to the National Academies of Science which has managed the TCRP since its inception in 1992. The Technical Assistance and Standards (49 U.S.C. 5314) funds support provide resources and direct assistance to support compliance with the Americans with Disabilities Act (ADA), human services transportation coordination requirements, the transportation needs of elderly individuals, increased transit ridership, transportation equity needs, and any other technical assistance activities deemed necessary by FTA, such as improvements in safety and asset management. The Human Resources and Training program (49 U.S.C 5314) awards grants to transit agencies and other entities for workforce development programs and projects.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use, Dissemination of Technical Information, Project Grants, Project Grants (Contracts), Training

USES AND USE RESTRICTIONS:

See Objectives. There are multiple assistance opportunities within this assistance listing. Generally, the program supports research not undertaken by the private sector including studies on transit policy issues, operational efficiency, and travel behavior. Funding will provide for training and educational programs which may include courses in recent developments, techniques, and procedures related to intermodal and public transportation planning; management; environmental factors; acquisition and joint use rights-of-way; engineering and architectural design; procurement strategies for public transportation systems; new technologies; emission reduction technologies; way to make public transportation accessible to individuals with disabilities; construction, construction management, insurance, and risk management; maintenance; contract administration; inspection; innovative finance; workplace safety; and public transportation security. The program will also fund innovative workforce development activities in areas with special emphasis on targeting areas with high unemployment; provide advanced training related to maintenance of alternative energy efficient or zero emission vehicle; and address current or projected workforce shortages in areas that require technical expertise. In addition, it will provide for the development of voluntary and consensus-based standards and best practices by the public transportation industry, including standards and best practices for safety, fare collection, Intelligent Transportation Systems, accessibility, procurement, security, asset management to maintain a state of good repair, operations, maintenance, vehicle propulsion, communications, and vehicle electronics.

Applicant Eligibility:

nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; U.S. Territories and possessions (includes institutions of higher education and hospitals); Small business (less than 500 employees); Profit organization; Other private institutions/organizations; Applicants may include State and local DOTs, nonprofit institutions, universities, and legally constituted public agencies and operators of public transportation services, and private for-profit organizations. Also, urban and rural transit agencies, Indian Tribes, public four-year degree-granting institutions of higher education as defined in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)) in order to carry out the duties of the National Transit Institute.

Beneficiary Eligibility:

Private nonprofit institution/organization; State; Local; N/A

Credentials/Documentation:

FTA will specify the credentials and documentation through application instructions from program managers and the individual notices of funding opportunity published to support the various sections and program purposes. Applicants must provide proof or establish a copy of their negotiated approved indirect cost rate agreement from their cognizant agency prior to or along with their application for assistance. At a minimum, the initial proposal should include the standard form required for use as a cover sheet for submission of pre-applications and applications (Instructions for Application for Federal Assistance (SF-424) Form, project objectives, background, and project description, including schedule, budget, a data management plan, and applicants organizational experience. Approved applicants must do a resolution by an authorized body approving the filing of an application; and complete certifications and assurances as compiled in FTAs Annual List of Certifications and Assurances. Legal opinion and compliance with labor requirements are required later. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Applicants should consult FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions".

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. FTA outlines the application requirements and merit process in each grant program Notice of Funding Opportunity (NOFO) solicitation for proposals. Applicants are required to use Grants.gov to apply for funds. Accepted competitive applications are subject to evaluation. Applications are made to the Headquarters office of the Federal Transit Administration. Grant Agreement or Cooperative Agreement payments are made in a monthly web-based e-Invoicing system upon approval by the Program Manager. This program is subject to the provisions of FTA Circular 6100.1E, Research, Technical Assistance and Training Program: Application Instructions and Program Management Guidelines. FTA Circular 5010.1E, "Award Management Requirements," assist recipients in administering, managing and reporting responsibilities. Potential applicants should follow the instructions in these Circulars, which may be found at the FTA website at <https://www.transit.dot.gov/regulations-and-guidance/fta-circulars/final-circulars>.

Award Procedure:

FTA's method of entering into an Award (obligation) of Federal assistance (funds) is through: grant agreements, cooperative agreements, interagency agreements, and/or use contracts as a procurement mechanism (to purchase services for the direct benefit or use of the Federal Government). Grants and cooperative agreements are awarded electronically using FTA's online systems the Transit Award Management System (TrAMS). To access this web-based system, a user name and password are needed and can be obtained by contacting the appropriate FTA staff. The Federal Transit Administrator makes the final decision to approve a project. To access funds, the recipient must execute the Agreement and be set-up in FTA's e-Invoicing financial system. Additionally, project awardees must comply with the DOT public access plan. Awardees must develop a Data Management Plan that will identify whether and how they will provide for the long-term

preservation of, and access to, Digital Data Sets associated with their research activities; the plan must be in place prior to receiving an award.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

Other. Date range varies.

Appeals:

Not Applicable.

Renewals:

Other. This assistance listing is renewed annually. Recipients are required to update their statement of work for projects of an ongoing nature and submit a current year budget. Additional time to complete a project by amendment may be requested.

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching Requirements: Percent: 0%. Requirement: Matching requirements are mandatory. The local share requirements for Section 5312(a) research, development, demonstration, and deployment projects is at least 20% of the project cost unless increased by a clear and direct financial benefit to an entity participating in the project. The local share requirements for the Section 5312(b) research projects is at least 20% of the project cost unless increased by a clear and direct financial benefit to an entity participating in the project. The local share requirements for the Section 5312(c) innovation and development projects is at least 20% of the project cost unless increased by a clear and direct financial benefit to an entity participating in the project. The local share requirements for the Section 5312(d)(1) (4) demonstration, deployment, and evaluation projects is at least 20% of the project cost unless increased by a clear and direct financial benefit to an entity participating in the project. There is no local share requirement for the Transit Cooperative Research program. The local share requirements for Section 5314(a) voluntary consensus based standards projects is at least 20% of the project cost. The local share requirements for the Section 5314(a) technical assistance to support transportation for seniors and individuals with disabilities projects is at least 20% of the project costs. The local share requirements for the Section 5314(b) Human Resources projects is 50% of the project costs. The local share requirements for the Section 5314(b) Innovative Workforce Development projects is 50% of the project costs. There is no local share requirement for the Section 5314(c) National Transit Institute program. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

The period of time varies with the complexity of the project. FTA projects are programmatically approved for support in their entirety (generally for up to 5 years) but assistance is awarded in annual increments called budget periods. Terms and conditions are agreed on between FTA and the applicant. Funds are available until expended. Method of awarding/releasing assistance: other

Reports:

Reporting requirements may vary depending on the size of the recipient, the type and amount of Federal assistance a recipient receives, or the Federal interest in the project. Unless otherwise permitted in writing, quarterly reporting is required. Major reporting requirements include the following: Federal Financial Report (FFR). A recipient must submit a quarterly FFR for each active cooperative agreement, grant agreement, or other agreement it has executed. This includes Federal Financial Forms, SF-425 and SF-270. Milestone Progress Reports (MPR). A recipient must submit a quarterly MPR for each active project. The MPR is the primary written communication between the recipient and FTA outlining accomplishments to date. For research projects funded through Section 5312 only, a Data Management Plan is required that identifies the data expected, and how to provide the long-term preservation of, and access to, Digital Data Sets associated with the research activities; Final Report. All recipients must submit a final report. Recipients must submit a final narrative progress report detailing the work undertaken to complete each task. Final Technical Report. At the conclusion of a project, a recipient must submit a final technical report documenting project performance and the final results, outcomes, and impacts of research, development, demonstration, deployment, or technical evaluation projects, including an executive summary. FTA guidance is noted in FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions and Program Management Guidelines" and FTA Circular 5010.1E, "Award Management

Requirements." Federal Financial Report (FFR). A recipient must submit a quarterly FFR for each active project it has executed. The FFR must be prepared on the accrual basis of accounting. The FFR accompanies the MPR and is used to monitor Federal award assistance. Milestone Progress Reports (MPR). A recipient must submit quarterly a written narrative progress report showing the status and describing the progress of activities for each active Award (Assistance Agreement). Also, a Data Management Plan must accompany the written progress report, if applicable. Expenditure reporting forms are the instruments that collect data regarding expenditures and recipients for the assistance agreements awarded. A recipient must submit quarterly to the Program Manager the OMB financial reporting standard forms SF-245 and SF-270 for each active Award (Assistance Agreement) it has executed. Milestone Progress Reports (MPR). A recipient must submit a quarterly MPR for each active project. The MPR is the primary written communication between the recipient and FTA outlining accomplishments to date which should include tasks accomplished along with outputs, outcomes, and impacts of the work relative to the goals of the program. Recipients are encouraged to highlight major accomplishments that represent a significant result or finding that should be promptly shared. Final Technical Report. At the conclusion of a project, a recipient must submit a final technical report documenting project performance and the final results, outcomes, and impacts of research, development, demonstration, deployment, or technical evaluation projects, including an executive summary.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503

Records:

Recipients shall maintain for three (3) years from the date of submission of the final expenditure report, pending resolution of audit findings, adequate books, all financial records and, supporting documents, statistical records, and all other records pertinent to the Award (Assistance Agreement).

20.516 Job Access and Reverse Commute Program

(JARC),

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Safe, Accountable, Flexible, Efficient & Transportation Equity Act: A Legacy for users (SAFETEA-LU), Title 49, Part 53, Section 5316, Public Law 109-59, 49 USC Code 5317,5307, 5311.

OBJECTIVES:

This program continues to be repealed. On October 1, 2013, the Job Access and Reverse Commute (JARC) Program was repealed by Congress under the Moving Ahead for Progress in the 21st Century Act (MAP-21). The JARC Program provided grants to local governments, nonprofit organizations, and designated recipients of Federal transit funding to develop transportation services to connect welfare recipients and low-income persons to employment and support services. Job Access grants finance planning, capital and operating cost of projects. The Reverse Commute grants assist in funding the costs associated with adding reverse commute bus, train, carpool or service from urban areas, urban, rural and other suburban locations to suburban work places. Projects meeting these objectives are now eligible for funding under Section 5307 and 5311.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Although repealed, the funds were used to provide funding for local programs that offer job access and reverse commute services that provided transportation for low income individuals who lived in the city core and worked in suburban locations.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Public nonprofit institution/organization (includes institutions of higher education and hospitals); Private nonprofit institution/organization (includes institutions of higher education and hospitals); Quasi-public nonprofit institution/organization; The JARC program was repealed by MAP-21. When active, State and local government agencies, nonprofit agencies, and transit providers were eligible applicants for this funding assistance.

Beneficiary Eligibility:

Private nonprofit institution/organization; Quasi-public nonprofit organization;

ASSISTANCE LISTINGS DESCRIPTIONS

State; Local; Public nonprofit institution/organization; The JARC program provided funding to support projects designed to transport welfare recipients and eligible low-income individuals to and from employment activities and employment related activities and to transport residents of urbanized areas and non-urbanized areas to suburban employment opportunities.

Credentials/Documentation:

The applications submitted were derived from a locally developed, coordinated public transit-human services transportation plan and developed through a process that included representatives of public, private and nonprofit transportation and human services providers and participation by the public. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Applicants had to coordinate with: the State or local agencies that administer the State program funded under part A of Title IV of the Social Security Act, public housing agencies, the community to be served, and other stakeholders.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Funding for this program was repealed under MAP-21 and no new funding has been allocated. However, when active, the project had to be a product of the local coordinated public transit human services coordinated plan, competitively selected by the area's recipient, and included in the State Transportation Improvement Program prior to grant award. Recipients submitted applications electronically to the appropriate FTA regional office. The FTA regional offices are listed in Appendix IV of the Catalog. Recipients would distribute funding directly to the subrecipients. After the recipient had competitively selected projects to be funded, the recipient officially requested that FTA allow subrecipients that were eligible to apply directly to FTA for Section 5307 funds be allowed to apply directly to FTA for JARC funds awarded. Notification of the grant program were located at <http://www.grants.gov>.

Award Procedure:

An FTA grant award obligating Federal funds was reflected in a grant agreement. To access funds, the recipient had to execute the grant agreement. Of the total JARC funds that were available, FTA apportioned 60 percent among designated recipients in large urbanized areas; 20 percent to the states for small urbanized areas; and 20 percent to the states for rural and small urban areas under 50,000 in population. Section 5316 funds were apportioned among the recipients by a formula which is based on the ratio that the number of eligible low-income and welfare recipients in each such area bears to the number of eligible low-income and welfare recipients in all such areas.

Deadlines:

This assistance listing was repealed by MAP-21 and no new funding has been allocated. Job Access and Reverse Commute activities are eligible for funding under FTA's Urbanized Area Formula Grants (Section 5307) and the Formula Grants for Rural Areas (Section 5311) programs.

Range of Approval/Disapproval Time:

Other. In the past Fiscal years when active, FTA approved JARC grants on an average of 42 days following submission of a complete application.

20.518 Capital and Training Assistance Program for Over-the-Road Bus Accessibility

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU), Public Law 109-059., , Public Law 109-059

OBJECTIVES:

To make funds available to private operators of over-the-road buses to finance the incremental capital and training costs of complying with requirements of the Department of Transportation's Over-the-Road Bus (OTRB) Accessibility regulation, "Transportation for Individuals with Disabilities" (49 CFR Part 37, Subpart H). The program was repealed under the Moving Ahead for Progress in the 21st Century Act (MAP-21).

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Program funds were used to finance the incremental capital and training costs of complying with DOT's Over-the-Road Bus Accessibility regulation. Capital projects eligible for funding included adding wheelchair lifts and other accessibility components to new vehicle purchases, and purchasing lifts to retrofit existing vehicles. Eligible training costs included training in proper operation and maintenance of equipment, boarding assistance, and securement, handling and storage of mobility devices, and sensitivity training.

Applicant Eligibility:

Profit organization; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Private operators of over-the-road buses that provide intercity fixed route bus service and other providers, including operators of over-the-road buses of local fixed-route service, commuter service and charter or tour service.

Beneficiary Eligibility:

Profit organization; Disabled (e.g. Deaf, Blind, Physically Disabled); Public nonprofit institution/organization; Persons with disabilities that use mass transit.

Credentials/Documentation:

This program was repealed under MAP-21. There is no new funding for this program and therefore no new applications are being accepted. 20.519 Clean Fuels

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

Fixing Americas Surface Transportation Act, , Public Law 109-59, 49 USC Code 5308.

OBJECTIVES:

To assist in financing the acquisition of clean fuel vehicles and related facilities for agencies providing public transportation and operating in an urbanized and non-urbanized area designated as a non-attainment or maintenance area for ozone or carbon monoxide. The Clean Fuels Grant program was repealed in 2013 under the Moving Ahead for Progress in the 21st Century Act (MAP-21), and FTA announced the final project selection of competitive project awards on October 2, 2012.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Although the Clean Fuels Program has been repealed, past eligible projects included the purchase or lease of clean fuel vehicles, the construction or lease of clean fuel vehicles or electrical recharging facilities and related equipment for such vehicles, and construction or improvement of public transportation facilities to accommodate clean fuel vehicles. A clean fuel vehicle is a passenger vehicle used to provide public transportation that is powered by compressed natural gas, liquefied natural gas, biodiesel fuels, batteries, alcohol-based fuels, hybrid electric systems, fuel cells, clean diesel (to the extent allowed by law), or other low or zero emissions technology. Vehicles that employ lightweight composite primary structure may also be eligible. Funds can be used for capital projects only.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; Public agencies, including States; municipalities and other subdivisions of States; public agencies and instrumentalities of one or more States; and public corporations, boards, and commissions established under State law could apply. Applicants had legal, financial, and technical capacity to carry out proposed project and maintain facilities and equipment purchased with Federal assistance. Applicant also operated in an urbanized area designated as a non-attainment or maintenance area for ozone or carbon monoxide. If the urbanized area was less than 200,000 in population, the State in which the area is located acted as the recipient.

Beneficiary Eligibility:

State; Local; The general public, both users and non-users of public transportation.

Credentials/Documentation:

The Clean Fuels Grant program was repealed in 2013 under the Moving Ahead for Progress in the 21st Century Act (MAP-21), and FTA announced the final project selection of competitive project awards on October 2, 2012. Therefore there are no applications being accepted. However when active, resolution by an authorized public body approved the filing for an application; projects were included in an urbanized area's transportation improvement program (TIP), and in the Statewide transportation improvement program (STIP) approved by FTA and FHWA.

Information provided labor agreements and relocation planning; environmental impact; legal capacity; coordinated regional planning; and compliance with certifications and assurances as compiled in FTA's Annual List of Certifications and Assurances. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

USES AND USE RESTRICTIONS:

A qualified project was a planning or capital project in or in the vicinity of a Federally-owned or managed park, refuge, or recreational area that is open to the general public and meets the goals of the program. Project evaluation was based on the considerations listed in the law and explained in section 180 of this notice. The following types of projects are eligible: (1) Planning Projects: Activities to comply with metropolitan and statewide planning provisions (49 U.S.C. 5320(b)(5)(A) referencing 49 U.S.C. 5303, 5304, and 5305). These activities include planning

studies for an alternative transportation system, including evaluation of no-build and all other reasonable alternatives, traffic studies, visitor utilization studies, transportation analysis, feasibility studies, and environmental studies.(2) Capital projects for acquiring, constructing, supervising, or inspecting equipment or a facility for use in public transportation, expenses incidental to the acquisition or construction (including designing, engineering, location surveying, mapping, and acquiring rights-of-way), payments for the capital portions of rail trackage rights agreements, transit-related intelligent transportation systems, relocation assistance, acquiring replacement housing sites, and acquiring, constructing, relocating, and rehabilitating replacement housing; (49 U.S.C. 5320(b)(5)(A) referencing 49 U.S.C. 5302(a)(1)(A).)(3) Fixed Guideway and Bus Projects: (i) New fixed guideway capital projects including the acquisition of real property, the initial acquisition of rolling stock for the systems, the acquisition of rights-of-way, and relocation, for fixed guideway corridor development for projects in the advanced stages of alternatives analysis or preliminary engineering; (ii) Capital projects to modernize existing fixed guideway systems; (iii) Capital projects to replace, rehabilitate, and purchase buses and related equipment and to construct bus-related facilities, including programs of bus and bus-related projects for assistance to subrecipients that are public agencies, private companies engaged in public transportation, or private non-profit organizations; and (iv) The development of corridors to support new fixed guideway capital projects, including protecting rights-of-way through acquisition, construction of dedicated bus and high occupancy vehicle lanes and park and ride lots, and other nonvehicular capital improvements that the Secretary may decide would result in increased public transportation usage in the corridor. (49 U.S.C. 5320(b)(5)(A) referencing 49 U.S.C. 5309(b).)(4) Purchase of rolling stock that incorporates clean fuel technology or the replacement of buses of a type in use on August 10, 2005, with clean fuel vehicles; (5) The deployment of alternative transportation vehicles that introduce innovative technologies or methods; (6) The capital costs of coordinating Federal land management agency public transportation systems with other public transportation systems;(7) Non-motorized transportation systems (including the provision of facilities for pedestrians, bicycles and non-motorized watercraft); and (8) Any other alternative transportation project that: - Enhances the environment; - Prevents or mitigates an adverse impact on a natural resource; - Improves Federal land management agency resource management; & #61589; & #61472;Improves visitor mobility and accessibility and the visitor experience; - Reduces congestion and pollution (including noise pollution and visual pollution); or - Conserves a natural, historical, or cultural resource (excluding rehabilitation or restoration of a nontransportation facility).

Applicant Eligibility:

Federal; State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); State; Eligible applicants are:(1) The following Federal land management agencies: The National Park Service, the Fish and Wildlife Service, the Bureau of Land management, the Forest Service, and the Bureau of Reclamation; and (2) State, tribal and local governments with jurisdiction over land in the vicinity of an eligible area acting with the consent of a Federal land management agency, alone or in partnership with a Federal land management agency or other governmental or non-governmental participant.

Beneficiary Eligibility:

Federal; State; Local; The program has been repealed however when active the end user was the public and beneficiary of the new alternatives in transportation in each park.

Credentials/Documentation:

Any project sponsor must be acting with the consent of a Federal land management agency as documented by the provision of a letter of support from the relevant federal land unit accompanying the project proposal. Any project proposed must be consistent with the metropolitan and statewide planning and public participation requirements found in 49 U.S.C 5303, 5304, and 5307(d). If the project is a capital project in contrast with a planning project, the capital project must be in the metropolitan Transportation Improvement Program (TIP) or State Transportation Improvement Program (STIP), or, if selected, will not receive funds until it is incorporated into the TIP or STIP. Projects also must be consistent with Federal land management agency plans. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

ASSISTANCE LISTINGS DESCRIPTIONS

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. The program allows the Department of Transportation to spend up to 10 percent of program funds to carry out planning, research and technical assistance activities. Funds allocated to technical assistance will be used to assist program participants in planning, implementing, and evaluating alternative transportation projects. In addition, the Federal Transit Administration will provide planning guidance and will disseminate research findings.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. In previous fiscal years, proposals were submitted to FTA online via the GRANTS.GOV website.

Award Procedure:

Proposals were collected by the FTA and uploaded into a structured evaluation system and evaluated by an interagency team which includes representatives from FTA, each of the Federal land management agencies, and the Department of the Interior. When this program was funded the projects were evaluated on the basis of criteria in the law and further explained in Section 180 under Criteria for Selecting Proposals, the team provided a recommendation to the Secretary of the Interior. The Secretary of the Interior, after consultation with and in cooperation with the Secretary of Transportation, determined the final selection and amount of funding for each project. The Department of the Interior notified each Federal land management agency of projects awarded for sites under the agency's jurisdiction. FTA published the list of all selected projects and funding levels in the Federal Register.

Consistent with the considerations identified in Title 49, Chapter 53 at Section 5320(g)(2), evaluation of proposals were based on the following criteria: - 736-1472; Demonstration of need * Documentation of problem in plans and other reports* Severity of problem- Protection of natural and cultural resources* Protection or improvement of cultural, historical, scenic, and natural resources* Environmental benefits reduction of pollution (including air pollution, noise pollution, and visual pollution)- 1472; Operational efficiency and financial sustainability* Evaluation of costs and benefits of all reasonable alternatives* Financial planning (including for capital, operations, maintenance, and equipment replacement expenses; and revenues, including user fees)* Cost effectiveness* Innovative financing or joint development strategies* Deferred maintenance issues- Public benefits* Enhancing visitor experience* Mobility issues (reduces congestion, improves intermodal connectivity, improves public access, including access for persons with disabilities)* Safety* Partnership with public and private entities, and benefits to gateway communities.- Additional consideration will be given to projects based upon geographic diversity, balance between urban and rural projects, and balance in size of projects. Finally, projects that demonstrate innovative funding mechanisms or partnerships will be given extra consideration. The proposal template contains specific questions related to each of these criteria to guide the applicant in justifying the project.

20.521 New Freedom Program

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

ASSISTANCE LISTINGS DESCRIPTIONS

Program was repealed under MAP-21 and Safe, Accountable, Efficient, Flexible Transportation Equity Act: A legacy for Users (SAFETEA-LU), , 49 USC Code 5310.

OBJECTIVES:

The New Freedom program (Section 5317) provided grants for new capital and operating projects aimed at reducing, beyond the requirements of the Americans with Disabilities Act of 1990, transportation barriers faced by individuals with disabilities to expand mobility through transportation, including transportation to and from jobs and employment support services. The New Freedom Program was repealed under MAP-21; however, New Freedom type projects are eligible for funding under the new Section 5310 Program (Enhanced Mobility of Seniors and Individuals with Disabilities Program Circular FTA C 9070.1G).

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

To be eligible, a project had to either be a new public transportation service or a public transportation alternative beyond those required by the Americans with Disabilities Act (ADA) and the project must assist individuals with disabilities with transportation, including transportation to and from jobs and employment support services. Capital and operating expenses for projects that meet the purpose of the statute are eligible to be funded. The recipient may use up to 10 percent of apportioned funds for administration, planning, and technical assistance.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Private nonprofit institution/organization (includes institutions of higher education and hospitals); The chief executive officer of each State or an official designee must designate a public entity to be the recipient for New Freedom funds. In urbanized areas with populations less than 200,000 and in non-urbanized areas, the State is the designated recipient. For these areas, the chief executive officer of a State designates a State agency responsible for administering the New Freedom Program, and officially notifies the appropriate Federal Transit Administration (FTA) regional office in writing of that designation. The chief executive officer of a State may designate the State agency that receives Other Than Urbanized Area (Non-urbanized Area, Section 5311) and/or the Elderly Individuals and Individuals with Disabilities (Section 5310) Program funds to be the New Freedom recipient, or the chief executive officer of a State may designate a different agency. In urbanized areas over 200,000 in population, the recipient charged with administering the New Freedom Program must be officially designated through a process consistent with 49 U.S.C. 5307(a)(2): an entity designated in accordance with the planning process under Sections 5303, 5304, and 5306, by the chief executive officer of a State, responsible local officials, and publicly owned operators of public transportation, to receive and apportion amounts under Section 5336 that are attributable to transportation management areas identified under Section 5303.

Beneficiary Eligibility:

Private nonprofit institution/organization; State; Local; Individuals with Disabilities.

Credentials/Documentation:

Compliance with FTA's Annual list of Certifications and Assurances was required. Eligible costs were in accordance with 2CFR200. The New Freedom program provided grants for new capital and operating projects aimed at reducing, beyond the requirements of the Americans with Disabilities Act of 1990, transportation barriers faced by individuals with disabilities to assist with transportation, including transportation to and from jobs and employment support services. The New Freedom Program was repealed under MAP-21; however, New Freedom projects are eligible for funding under the new Section 5310 Program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is not applicable.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This program is excluded from coverage under OMB Circular 2 CFR 200. The project must be a product of the local coordinated public transit human services coordinated plan,

competitively selected by the areas recipient, and included in the State Transportation Improvement Program (STIP) prior to grant award. Recipients will submit applications electronically to the appropriate Federal Transit Administration (FTA) regional office. The FTA regional offices are listed in Appendix IV of the Catalog or visit <http://www.fta.dot.gov/12926.html>. Recipients will then distribute funding directly to the subrecipients. Notification of the grant program may also be found at <http://www.grants.gov>.

Award Procedure:

The New Freedom Program has been repealed. No funding will be appropriated in FY 2014 or beyond. For previously awarded FTA New Freedom grants, awards and funds are obligated in an electronic grant agreement. The recipient must execute the grant agreement, and access FTA's electronic funds management system; the funds management system allows the grantee to drawdown funds after invoices are received. The grantee directs funds to subrecipients.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2021: The State of Good Repair program provided funds to 61 capital projects in FY 2021 as of June 14, 2021. The capital projects include maintaining, rehabilitating and replacing rail tracks, stations, facilities, and vehicles. For example, the Pacific Surfliner Corridor Rehabilitation and Service Reliability project provided \$31.8 for structures and grade crossings in Ventura County and northern Los Angeles County on infrastructure used by Amtrak intercity service, Metrolink commuter service, and BNSF freight service. Work for member agency Ventura County Transportation Commission includes track, tie, ballast, and culvert replacements, grade crossing rehabilitation, and tunnel track and structure replacements. As a result of this funding there will be reduced trip times, increased reliability, and improvements in safety by reducing need for slow orders and conflicts at grade crossings in the corridor.

ASSISTANCE LISTINGS DESCRIPTIONS

CRITERIA FOR SELECTING PROPOSALS:

Funds will be allocated based on detailed damage assessments conducted in the aftermath of an emergency or major disaster and on demonstrated operational costs incurred in preparation for and in response to an emergency or major disaster. Damage assessments must provide detailed information on the extent of damage to a public transportation system and the costs of restoring the system to a state of good repair. Project proposals that improve the resiliency of a public transportation systems infrastructure will be evaluated on the basis of proposed costs and benefits based, in part, on the likelihood and extent of potential damage from future events.

20.528 Rail Fixed Guideway Public Transportation System State Safety Oversight Formula Grant Program

State Safety Oversight Formula Grant Program,

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Moving Ahead for Progress in the 21st Century (MAP-21). Fixing Americas Surface Transportation (FAST) Act in 2015., , 49 USC Code 5330.

OBJECTIVES:

To improve public transportation safety by assisting States with the financing of safety oversight of rail fixed guideway public transportation systems in the jurisdiction of the state not regulated by the Federal Railroad Administration. A final rule was published on March 16, 2016 that enhanced the State Safety Oversight Program. This final rule replaced the current State Safety Oversight (SSO) rule, which rescinded on April 15, 2019.

TYPES OF ASSISTANCE:

Formula Grants, Formula Grants (Apportionments)

USES AND USE RESTRICTIONS:

The funds may only be used to provide grants to States for State safety oversight program expenses that will bring the State Safety Oversight Agency into compliance with the MAP-21 requirements codified at 49 USC 5329 (e) 9). The Federal grants shall cover up to 80 percent of the allowable costs to develop or carry out such a program, and the local matching share may include in-kind contributions by an eligible State. The non-Federal share may not be met by any Federal funds, any funds received from a public transportation agency or any revenues earned by a public transportation agency. The use of the funds shall be subject to uniform administrative requirements for grants and cooperative agreements to State and local governments under part 1201 of title2, Code of Federal Regulations, as well as other requirements for funds provided under Chapter 53 of title 49, United States Code, except to the extent that the Secretary of Transportation determines that the requirements are inconsistent with the purpose of the grants.

Applicant Eligibility:

Intrastate; Intrastate; State; Eligible States are those with a rail fixed guideway public transportation system within the jurisdiction of the State that is not subject to regulation by the Federal Railroad Administration; or a rail fixed guideway public transportation system in the engineering or construction phase of development within the jurisdiction of the State that will not be subject to regulation by the Federal Railroad Administration. Subrecipients must be public agencies that are eligible to become Federal Transit Administration recipients.

Beneficiary Eligibility:

Intrastate; Intrastate; State; Eligible States are those with a rail fixed guideway public transportation system within the jurisdiction of the State that is not subject to regulation by the Federal Railroad Administration; or a rail fixed guideway public transportation system in the engineering or construction phase of development within the jurisdiction of the State that will not be subject to regulation by the Federal Railroad Administration. Subrecipients must be public agencies that are eligible to become Federal Transit Administration recipients.

Credentials/Documentation:

Recipients must complete certifications and assurances as compiled in FTA's

Annual List of Certifications and Assurances. Eligible costs will be in accordance with OMB cost principles for State and local governments in part 225 of Title 2 of the Code of Federal Regulations. Federal Register Notice FTA Fiscal Year Apportionments, Allocations, and Program Information, published annually, contain the capital investment apportionments. Grant requirements will also be published in the Federal Register along with the programs Fiscal Year apportionment. Apportionment notices and other grant information is available on the FTA website: www.fta.dot.gov/. Subrecipients State Safety Oversight Agencies must be included in the State Safety Oversight Program submission. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. In order to ensure a new State to the program is considered eligible and included in the formula apportionment, new states to this formula program must contact their regional office sixty days in advance of FTAs annual apportionment notice.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Given the applicant and beneficiary eligibility, This program is subject to the provisions of 2 CFR part 1201, incorporating by reference 2 CFR 200, and FTA Circulars 4220 and 5010.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: By 2020 all States certified and met the April 15, 2019 deadline regarding changes in Federal public transportation law requiring states to strengthen the oversight of rail transit systems. It applied to all federally funded rail fixed guideway public transportation systems such as heavy rail, light rail, monorail, and streetcar systems. To achieve FTA certification, a SSO Program had to meet several federal statutory requirements, including establishing a SSO agency that is financially and legally independent from the rail transit agencies it oversees. In addition, a state had to ensure that its SSO agency adopts and enforces relevant federal and state safety laws, has investigatory authority, and has appropriate financial and human resources for the number, size and complexity of the rail transit systems within the states jurisdiction. Furthermore, SSO agency personnel responsible for performing safety oversight activities had to be appropriately trained. If a state had failed to meet the deadline, FTA would have been prohibited by law from awarding any new federal transit funds to transit agencies within the state until certification was achieved. If a state had failed to meet the deadline, FTA would have been prohibited by law from awarding any new federal transit funds to transit agencies within the state until certification was achieved. Fiscal Year 2021: The State Safety Oversight Program significantly strengthens an SSO Agencies (SSOA) authority to investigate accidents and oversee a rail transit agencies (RTA). FTA has the authority to review and approve each States SSO program and take enforcement actions against those States with non-existent or non-compliant safety oversight programs. As a result, the Nation's Rail Transit Agencies are safer than in previous years.

EXAMPLES OF FUNDED PROJECTS:

2021 The funding provided for the State Safety Oversight Program (SSO) is not for actual projects. The federal funds provided through the SSO Formula Grant Program allows for eligible states to develop or carry out their SSO programs. The SSO's have provided oversight of their RTA's virtually. They have virtually conducted meetings, inspections and triennial audits by using electronic means. The SSOs attended the virtual annual SSO workshop to receive training and learn technical skills to enhance their ability to provide oversight of the rail transit agency within their jurisdiction. The SSO's have worked with their RTA's virtually to review documents and have virtual meetings to discuss accident investigations. All thirty-one State Programs are 674 certified.

CRITERIA FOR SELECTING PROPOSALS:

Proposed grant activities must be used to develop or carry out State Safety Oversight programs that comply with the statutory requirements and advance a Safety Management Systems approach.

20.529 Bus Testing

FTA Bus Testing Program,

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF
AUTHORIZATION:

Public Law -116-94 - DEC., 20, 2019, 133 STAT. 2962, 49 USC Code 5318.

OBJECTIVES:

The purpose of the program is to provide assistance for testing new transit bus models and reporting on their maintainability, reliability, safety, performance (including braking performance), structural integrity, fuel economy, emissions, and noise performance characteristics. Per 49 U.S.C Section 5318(e), amounts appropriated or otherwise made available under this chapter may be obligated or expended to acquire a new bus model only if that model is tested at the Bus Testing Facility and the bus achieved a passing test score based upon the performance standards for maintainability, reliability, performance (including braking performance), structural integrity, fuel economy, emissions, noise, and safety. The program is administered under FTAs implementing regulation at 49 CFR Part 665, commonly referred to as the Bus Testing Regulation. Two new centers for testing low and no-emission (LoNo) bus components are also authorized under 49 U.S.C. 5312(h). Assistance Listing 20.530.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

FTA funds 80 percent of the costs associated with testing a vehicle at the facility from amounts available to carry out this section. The entity having the vehicle tested shall pay 20 percent of the cost.

Applicant Eligibility:

State; State (includes District of Columbia, public institutions of higher education and hospitals); The Pennsylvania State University, Auburn University, and Ohio State University are eligible to apply for the funding.

Beneficiary Eligibility:

State; Same as eligible applicant.

Credentials/Documentation:

FTA will specify any required documentation in the notice of funding opportunity published to support the various sections and programs. An organization should make sure to fit in the eligible category and have an Employee Identification or Tax Identification documentation from the IRS. At a minimum, the initial proposal should include the standard form required for use as a cover sheet for submission of pre-applications and applications instructions for application for federal assistance (SF-424) form, project objectives, performance measures, background,

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: ACCOMPLISHMENT OF PROJECT FUNDED DURING FY 2020 INCLUDE: Funded the Bus Testing program in FY 2020, which continued to test new bus models and previously-tested models being produced with major changes and issued full and partial Bus Testing reports. FTA worked to coordinate the activities, and the testing and reporting procedures of the two new LoNo bus testing centers with the existing bus testing center. Posted new reporting guidelines for bus testing on FTA's website. Altered and implemented a new report number format for buses tested in 2020. Recipients must receive a copy of the full Bus Testing Report or any applicable Partial Testing Report in order to be Awarded (Assistance Agreement) FTA funds for the vehicle. Fiscal Year 2021: ACCOMPLISHMENT EXPECTED OF PROJECT FUNDED IN FY 2021 INCLUDE: FTA expects to continue funding the one existing Bus Testing Center and two new LoNo Bus Testing Centers (under 5312(h)). FTA also officially rolled out an enhanced outline based bus testing request system in the Summer of 2021. Fiscal Year 2022: ACCOMPLISHMENT ANTICIPATED OF THIS PROJECT TO BE FUNDED FOR FY 2022 INCLUDE: FTA anticipates the Altoona Bus Testing Center will conduct between 15 to 18 tests, and FTA will continue to coordinate with the two new LoNo Bus Testing Centers to stand up their testing facilities and capabilities. FTA will continue to work to coordinate the activities, and the testing and reporting procedures of the two new LoNo bus testing centers at Auburn University and the Ohio State University with the existing bus testing center. Also, FTA anticipates a new congressional appropriation to fund the LoNo emission bus testing centers at Auburn University and the Ohio State University. Anticipate modernizing and updating the Bus Testing Program to meet

CRITERIA FOR SELECTING PROPOSALS:

Proposals for assistance must address evaluation criteria related to the capabilities of the bus testing facility, the technical capability, the staffing capacity, and financial cost efficiency of the operator to execute and report the results of fifteen full twelve-year service life tests a year within the allocated annual assistance budget for the program and the required 20% testing fee collected (non-federal). The evaluation criteria for the bus testing facility include: 1. Ability to operate and test all transit bus types in a controlled environment including 60-foot articulated buses and motor coaches. 2. Ability to supply and accurately meter all transit bus fuel types (gasoline, diesel, LPG, CNG, electricity, and hydrogen). 3. Ability to test buses at sustained highway speeds. 4. Availability of a paved roadway suitable for the conduct of braking, performance, and stability tests. 5. Availability of a shop area capable of supporting the simultaneous maintenance of multiple heavy-vehicles. 6. Availability of a dedicated test site for conducting noise testing. 7. Availability of a durability test track that closely approximates the design of the Altoona Bus Research and Test Centers durability test course. 8. Availability of suitable facilities to conduct all of the other Structural Integrity tests currently required by the program. The evaluation criteria for the bus testing facility operator include: 1. Adequacy of the qualifications and experience of facility operator personnel to conduct automotive and other engineering tests on transit buses. 2. Level of organizational independence with no financial interests in bus manufacturing. 3. Adequacy of established procedures and funding for the calibration and maintenance of test facilities and equipment. 4. Knowledge of current and upcoming medium and heavy-duty bus technologies. 5. Ability to develop new test methodologies and instrumentation to address new bus performance categories. 6. Experience with electric-drive vehicles, battery performance and safety, and bus battery charging technology and equipment. 7. Experience with the unique safety, performance and metrology issues with gaseous

fuels. 8. Ability and experience of preparing and publishing consumer oriented test reports. 9. Ability and experience to support an on-line test report repository. 10. Ability and experience to provide effective and responsive administrative and technical support to test customers and test report consumers.

The Fixing Americas Surface Transportation (FAST) Act (Public Law No. 114-94), signed into law on December 4, 2015, and effective October 11, 2015, 49 U.S.C. Section 5312/FAST Section 3008., , Public Law 114-94, 49 USC Code 5312.

OBJECTIVES:

The goals and objectives for of Public Transportation Innovation projects vary according to the type of project, and there is a phased process where projects build upon each other and continue based upon their success or failure. Research projects have the ultimate goal to develop and deploy new and innovative ideas, practices, and approaches. Eligible research projects focus on:(A) providing more effective and efficient public transportation service, including service to(i) seniors;(ii) individuals with disabilities; and(iii) low-income individuals;(B) mobility management improvements and travel management systems;(C) data and communication system advancements;(D) system capacity, including(i) train control;(ii) capacity improvements; and(iii) performance management;(E) capital and operating efficiencies;(F) planning and forecasting modeling and simulation;(G) advanced vehicle design;(H) advancements in vehicle technology;(I) asset maintenance and repair systems advancement;(J) construction and project management;(K) alternative fuels;(L) the environment and energy efficiency;(M) safety improvements; or(N) any other area that the Secretary determines is important to advance the interests of public transportation. Then, successful research ideas can result in innovation and development projects that improve public transportation systems nationwide to provide more efficient and effective delivery of public transportation services, including through technology and technological capacity improvements. Eligible innovation and development projects focus on: (A) the development of public transportation research projects that received assistance under subsection (c) that the Secretary determines were successful;(B) planning and forecasting modeling and simulation;(C) capital and operating efficiencies;(D) advanced vehicle design;(E) advancements in vehicle technology;(F) the environment and energy efficiency;(G) system capacity, including train control and capacity improvements; or(H) any other area that the Secretary determines is important to advance the interests of public transportation. Demonstration, deployment, and evaluation projects should build on successful research, and innovation to promote the early deployment and demonstration of innovation in public transportation that has broad applicability. Demonstration programs require a comprehensive evaluation within two years of the project receiving assistance. Eligible demonstration, deployment, and evaluation projects focus on:(A) the deployment of research and technology development resulting from private efforts or Federally funded efforts; and(B) the implementation of research and technology development to advance the interests of public transportation.; or(C) the deployment of low or no emission vehicles, zero emission vehicles, or associated advanced technology. For the LOW OR NO EMISSION VEHICLE COMPONENT TESTING (Low-No Testing program): FTA competitively selects at least one institution of higher education to operate and maintain a facility to conduct testing, evaluation, and analysis of low or no emission vehicle components intended for use in low or no emission vehicles. The institution(s) shall have: (I) the capacity to carry out transportation-related advanced component and vehicle evaluation; (II) laboratories capable of testing and evaluation; and III. direct access to or a partnership with a testing facility capable of emulating real-world circumstances in order to test low or no emission vehicle components installed on the intended vehicle. Component testing is voluntary; however, a low or no emission bus model must still comply with Section 5318 Bus Testing. The TRANSIT COOPERATIVE RESEARCH PROGRAM

ASSISTANCE LISTINGS DESCRIPTIONS

(TCRP) is a cooperative agreement between FTA and the National Academies of Science to administer a public transportation cooperative research program with an independent governing board to recommend public transportation research, development and technology transfer activities.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use, Dissemination of Technical Information, Project Grants, Project Grants (Cooperative Agreements or Contracts), Training

USES AND USE RESTRICTIONS:

There are multiple assistance opportunities within public transportation innovation please see the objectives section for more details. Depending on the specific program, the eligibility of recipients, projects, and federal share may vary. A prohibition exists such that no grants can be made for the demonstration, deployment, or evaluation of a vehicle that is in revenue service unless the Secretary determines that the project makes significant technological advancements in the vehicle. To the extent FTA allocates the funding through a competitive notice of funding opportunity, FTA will specify eligibility and requirements in a notice of funding opportunity (NOFO). Government share of costs shall not exceed 80% except for Section 5312(h) which is 50% and Section 5312 (i) where there is no match require. Funding for TCRP is at 100%. Demonstration and deployment projects must have a comprehensive evaluation of the success of the funded project within 2 years after the date on which a project received assistance.

Applicant Eligibility:

Federal; Interstate; Intrastate; Sponsored organization; Public nonprofit institution/organization (includes institutions of higher education and hospitals); U.S. Territories and possessions (includes institutions of higher education and hospitals); Specialized group (e.g. health professionals, students, veterans); Small business (less than 500 employees); Profit organization; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Other private institutions/organizations; State; Government - General; Federal Government departments, agencies, and instrumentalities of the Government, including Federal laboratories; State and local governmental entities; providers of public transportation; private or non-profit organizations; institutions of higher education; and technical and community colleges.

Beneficiary Eligibility:

14 State, 15 Local, 20 Public nonprofit institution/organization, 36 Private nonprofit institution/organization.

Credentials/Documentation:

FTA will specify any required documentation in the notice of funding opportunity published to support the various sections and programs. An organization should make sure to fit in the eligible category and have an Employee Identification or Tax Identification documentation from the IRS. At a minimum, the initial proposal should include the standard form required for use as a cover sheet for submission of pre-applications and applications instructions for application for federal assistance (SF-424) form, project objectives, performance measures, background, and project description, including schedule, budget, and applicants organizational experience. Applicants approved will have to do a resolution by an authorized body approving the filing of an application, write an opinion of counsel letter from an attorney approving to apply for and receive Federal funds, complete certificates and assurances as compiled in FTAs Annual List of Certifications and Assurances and Master Agreement. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. To the extent funding is available for discretionary activities; FTA will publish specific application instructions in a notice of funding opportunity or a request for proposals.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit

Requirements for Federal Awards applies to this program. The organization applying for assistance must register with the proper entities. Applicants applying for awards must be a legal entity with an EIN, must have a DUNS number/Unique Entity Identifier (UEI), must register with SAM and required to renew their online SAM registration annually. Applicants must complete a standard form (SF-424) that is used for all grant applications. This form collects information including type of submission, applicant information, type of applicant, and proposed project dates. Also, applicants are required to complete item 16 on SF-424 regarding clearance by the State Single Point of Contact. An organization must submit a project management plan or a detailed statement of work and a data management plan, if required. In addition, FTA guidance for this program can be found in FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions and Training Program: Application Instructions and Program Management Guidelines." Applicants should follow the instructions, which may be found at <https://www.transit.dot.gov>.

Award Procedure:

FTA's method of entering into an Award (obligation) of Federal assistance is through: grant agreements, cooperative agreements, interagency agreements and/or use of contracts, as a procurement mechanism (to purchase services for the direct benefit or use of the Federal Government). Grant agreements and cooperative agreements are awarded electronically using FTAs online system the Transit Award Management System (TrAMS). To access this web-based system, a user name and password are needed and can be obtained by contacting the appropriate FTA staff. The Federal Transit Administrator makes the final decision to approve a project. To access funds, the recipient must execute the Agreement and be set-up in FTA's e-Invoicing financial system. For demonstration and deployment projects receiving assistance an evaluation of the success or failure of projects is required. Additionally, all Agreement awards must comply with the DOT public access plan. It is required that DOT research awardees develop a Data Management Plan that will identify whether and how they will provide for the long-term preservation of, and access to, Digital Data Sets associated with their research activities; the plan must be in place prior to receiving an award.

Deadlines:

Appeals:

Not Applicable.

Renewals:

Other. This assistance listing is renewed annually. Recipients/Grantees are required to update their statement of work for projects of an ongoing nature and submit a current year budget. Additional time to complete a project by amendment may be requested.

Formula and Matching Requirements:

Statutory Formula: Title Public Transportation Innovation, Chapter , Part , Subpart ,Public Law 49 U.S.C. Section 5312.Matching Requirements: Percent: 0%. Requirement: Matching requirements are mandatory. Matching requirements for a specific project activity. Fees for low and no component testing activities within Section 5313(h) are equally split between the entity requesting testing and the Federal government. 50% is paid by FTA funds and the remaining 50 percent of testing fees shall be paid from amounts recovered by the testing center through the fees established and collected from the low and no component manufacturer requesting the testing services.MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

The period of time varies with the complexity of the project. Funds are available until expended. Terms and conditions are contractually agreed on between FTA and the applicant. Method of awarding/releasing assistance: other

Reports:

Reporting requirements may vary depending on the size of the recipient, the type and amount of Federal assistance a recipient receives, or the Federal interest in the project. Unless otherwise permitted in writing, quarterly reporting is required. Major reporting requirements include:Federal Financial Report (FFR). A recipient must submit a quarterly or annual FFR for each active cooperative agreement,

ASSISTANCE LISTINGS DESCRIPTIONS

grant agreement, or other agreement it has executed. This includes Office of Management and Budget (OMB) financial reporting standard forms, SF-425 and SF-270. Milestone Progress Reports (MPR). A recipient must submit a quarterly MPR for each active project. The MPR is the primary written communication between the recipient and FTA outlining accomplishments to date. Data Management Plan that identifies whether and how to provide the long-term preservation of, and access to, Digital Data Sets associated with the research activities; Final Report. All recipients must submit a final report. Recipients must submit a final narrative progress report detailing the work undertaken to complete each task. Final Technical (Performance) Report. At the conclusion of a project, a recipient must submit a final technical report documenting project performance and the final results, outcomes, and impacts of research, development, demonstration, deployment, or technical evaluation projects, including an executive summary. Also, FTA has a number of Congressional reports it submits using the program reports from the applicants. FTA guidance is noted in FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions and Program Management Guidelines" and FTA Circular 5010.1E, "Award Management Requirements." Federal Financial Report (FFR). A recipient must submit a quarterly or annually, the project manager will stipulate frequency, FFR for each active project it has executed. The FFR must be prepared on the accrual basis of accounting. The FFR accompanies the MPR and is used to monitor Federal award assistance. Milestone Progress Reports (MPR). A recipient must submit quarterly or annually, the project manager will stipulate frequency, a written narrative progress report showing the status and describing the progress of activities for each active Award (Assistance Agreement). Also, a Data Management Plan must accompany the written progress report, if applicable. Expenditure reporting are the instruments that collect data regarding cash payouts or disbursements to recipients for the assistance agreement awarded. A recipient must use and submit the OMB financial reporting tools SF-425 and SF-270 for each active assistance agreement it has executed. Also, a narrative expense report must be attached to SF-270 form showing status and describing the progress of activities for each active Award (Assistance Agreement) it has executed. Milestone Progress Reports (MPR). A recipient must submit a quarterly or annually, the project manager will stipulate frequency, MPR for each active project. The MPR is the primary written communication between the recipient and FTA outlining specific results including explicit information on research outputs, outcomes, impacts of the activities established for the period in accordance with the statement of work. Recipients are encouraged to note significant accomplishments with immediate value to the provision of public transportation in their quarterly reports. The reason for slippage if established objectives are not met. Final Technical Report. At the conclusion of a project, a recipient must submit a final technical report documenting project performance and the final results, outcomes, and impacts of research, development, demonstration, deployment, or technical evaluation projects, including an executive summary.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of 2 CFR 200, Subpart F Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Recipients shall maintain for three (3) years from the date of submission of the final expenditure report, pending resolution of audit findings, adequate books, all financial records and, supporting documents, statistical records, and all other records pertinent to the Award (Assistance Agreement).

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: ACCOMPLISHMENTS OF FUNDED PROJECTS DURING FY 2020: FTA will continue to fund research that supports the Department of Transportation goals and focuses on FTA programs Safety, Mobility Innovation, and Infrastructure in Public Transportation Innovation projects funded accomplishments during FY 2020 include: 1). FTA funded two Automated Driving System (ADS) Demonstration projects out of eight awards in seven states to test the safe integration of automated driving systems on our nation's roadways. These grants are testing and demonstrating Level 3 and Level 4 vehicles using shared on-demand, wheelchair accessible ADS-equipped vehicles. 2). FTA funded 25 projects in 23 states totaling \$20.3 million for the Integrated Mobility Innovation (IMI) Program using funds available under the Public Transportation Innovation Program for projects that demonstrate innovative and effective practices, partnerships and technologies to enhance public transportation effectiveness, increase efficiency, expand quality, promote safety and improve the traveler experience. 3). FTA funded the TCRP and 22 research products were published that included 11 full research reports, 8 syntheses of practices, 1 legal research digest, 1 web-only document, and 9 webinars were conducted, and other research activities spanning a broad variety of topics in public transportation. 4). FTA published FTA published a competitive notice of funding opportunity for Public Transportation COVID-19 Research Demonstration Grants with the goal of supporting strategies to develop, deploy, and demonstrate innovative solutions that improve the operational efficiency of transit agencies and enhance the mobility of transit users affected by the COVID-19 pandemic. FTA received 104 eligible applications and granted 37 awards in 37 states, totaling \$15.8 million in fiscal year 2020. 5). FTA posted a FY 2020 competitive notice of funding opportunity in the amount of \$14.0 million for Accelerating Innovative Mobility (AIM) Challenge Grants. The goal is to accelerate the development, implementation and adoption of innovative transit technologies, practices and service models to improve mobility and enhance the rider experience, with a focus on innovative service delivery models, creative financing, novel partnerships, and integrated payment solutions. FTA received 75 eligible applications and granted 25 awards in 24 states and one territory, in fiscal year 2020. Fiscal Year 2021: ACCOMPLISHMENTS EXPECTED OF PROJECTS FUNDED IN FY 2021 INCLUDE: 1). The Transit Cooperative Research Program, in FY 2021, will develop near-term practical solutions such as best practices, transit security guidelines, testing prototypes, and new management tools and communicate findings in reports and webinars. FTA expects that 12 research reports will be published, and 6 webinars conducted in FY 2021. 2). FTA expects the program activities for the COVID-19 Research Demonstration Grants program will begin in FY 2021. The selected projects will develop, deploy, and demonstrate innovative solutions that improve the operational efficiency of transit agencies and enhance the mobility of transit users affected by the COVID-19 pandemic. 3). FTA expects the program activities for the Safety Research Demonstration (SRD) program will begin in FY 2021. The selected projects will demonstrate and evaluate innovative technologies, safer designs and/or practices to improve rail transit safety. 4). FTA expects the program activities for the Real-Time Transit Infrastructure and Rolling Stock Condition Assessment Demonstration Program will begin in FY 2021. These projects will evaluate techniques and technologies to assess transit infrastructure and vehicle condition in real-time to enhance maintenance and asset replacement decision-making by transit agencies. 5). FTA expects the program activities for the Small Business Innovation Research Program (SBIR) to include finalizing research efforts and developing the final product for the Phase II project on Cost Allocation Technology for Non-Emergency Medical Transportation in FY 2021. FTA also anticipates developing a proof-of-concept for Phase I projects on Robots for Unmanned Disinfection and Decontamination of Transit Assets, and Using Artificial Intelligence (AI) to Inspect, Repair and Sanitize Transit Vehicles that clearly establishes technical merit, feasibility, and commercial potential in FY 2021. FTA evaluates the quality of performance of the small business prior to determining whether the small

business will receive support for Phase II investment. Fiscal Year 2022:

ANTICIPATED ACCOMPLISHMENTS OF PROJECTS FOR FY 2022

INCLUDE: The program in Public Transportation Innovation projects anticipated accomplishments for FY 2022 include: 1). The Transit Cooperative Research Program will develop near-term practical solutions such as best practices, transit security guidelines, testing prototypes, and new management tools and communicate findings in reports and webinars. It is anticipated that approximately 12 research reports will be published, and 6 webinars conducted in FY 2022. 2). FTA anticipates releasing a new notice of funding opportunity for projects in the Mobility Innovation area to build upon past research results and uncover the next iteration of the most promising technologies, practices and strategies, including software applications, to accelerate public transportation transformation and prepare for the future. It is anticipated that 40 applications will be received and 9 awards will be granted in fiscal year FY 2022. 3). FTA anticipates releasing a new notice of funding opportunity for projects to support Environmental Sustainability and Resiliency, including assessing transit electrification needs and developing user scenarios for charging infrastructure, developing power consumption and optimization strategies for ancillary components and systems, and develop and demonstrate innovative bus energy systems to utilize bus energy systems for power during an emergency and to increase resiliency of transit/city infrastructure. It is anticipated that 60 applications will be received and 11 awards will be granted in fiscal year FY 2022. 4). FTA anticipates program activities will be underway in the areas of Transit Worker Safety, to include a roadway worker transit safety state of the practice and innovation scan, and Pedestrian and Bicyclist Safety, to include a state of the practice and innovation scan, as well as a needs assessment, in FY 2022. 5). FTA anticipates program activities will be underway in the area of Transit Cybersecurity, to include a Vulnerability Assessment to determine transit cybersecurity vulnerabilities, threats and risks to transit systems, applications and operations, and then develop use-case scenarios and concepts of operations to address these vulnerabilities for all types of transit agencies in FY 2022.

20.514 Public Transportation Research;

EXAMPLES OF FUNDED PROJECTS:

2020 FUNDED PROJECTS DURING FY 2020 INCLUDE: FTA provided resources to support programs in Public Transportation Innovation projects funded during FY 2020 include: FTA funded two new Mobility Innovation Programs. 1). The Integrated Mobility Innovation (IMI) Program - announced the award of 24 demonstration projects that will explore new business approaches and technology solutions that support mobility, enable communities to adopt innovative mobility solutions that enhance transportation efficiency and effectiveness, and facilitate the widespread deployment of proven mobility solutions that expand personal mobility. 2). The Accelerating Innovative Mobility (AIM) Program - announced the

award of 25 demonstration projects that will drive innovation by promoting forward-thinking approaches to improve transit financing, planning, system design and service. AIM also supports innovative approaches to advance strategies that promote accessibility, including equitable and equivalent accessibility for all travelers. The program will also establish a national network of transit stakeholders that are incorporating innovative approaches and business models to improve mobility. 3). Transit Cooperative Research Program (TCRP) - Every year, FTA funds the TCRP - a statutory requirement to fund one public transportation cooperative research program, that develops near-term, practical solutions to problems facing the public transportation industry. 4). Small Business Innovation Research Program (SBIR). FTA funded one SBIR project for Cost Allocation Technology for Non-Emergency Medical Transportation 2021 EXPECT TO FUND PROJECTS IN FY 2021: FTA expects to support programs in Public Transportation Innovation projects planned in FY 2021 include: 1). COVID-19 Research Demonstration Program - FTA announced the award of 37 projects to support strategies that develop, deploy and demonstrate solutions that improve the operational efficiency of transit agencies and enhance rider mobility during the COVID19 public health emergency. Projects were awarded in three main categories: vehicle, facility, equipment and infrastructure cleaning and disinfection; exposure mitigation measure; innovative mobility such as contactless payments; and measures that strengthen public confidence in transit services. Projects will assess the efficacy of these approaches and provide a set of promising practice. 2). Bus Compartment Redesign Program (BCP) - FTA expects to fund two projects under the Redesign of Transit Bus Operator Compartment to Improve Safety, Operational Efficiency, and Passenger Accessibility program. This program supports research projects to develop transit bus operator compartment designs that improve bus operator and public safety as well as bus operator access to vehicle instruments and controls without hindering the accessibility of passengers. 3). Safety Research and Demonstration Program (SRD) - FTA expects to fund eight projects under the SRD program that will prevent and mitigate suicide and trespassing hazards on transit rail systems, and improve the operational safety of shared corridor fixed guideway systems, including highway-rail grade crossing safety. 4). Rolling Stock Condition Assessment Research and Demonstration Program. FTA expects to fund six projects under Real-Time Asset Management Program. These projects will evaluate techniques and technologies to assess transit infrastructure and vehicle condition in real-time to enhance maintenance and asset replacement decision-making by transit agencies. 5). SBIR. FTA expects to support funding Small Business Innovation Research (SBIR) projects in the topic areas of Robots for Unmanned Disinfection and Decontamination of Transit Assets, and Using Artificial Intelligence (AI) to Inspect, Repair and Sanitize Transit Vehicles. 2022 ANTICIPATED PROJECTS TO FUND DURING FY 2022: FTA anticipates funding the program Public Transportation Innovation projects planned for FY 2022 include: 1). Mobility NeXt - FTA anticipates releasing a new notice of funding opportunity in the Mobility Innovation area to build upon past research results and uncover the next iteration of the most promising technologies, practices and strategies, including software applications, to accelerate public transportation transformation and prepare for the future. 2). Transit Fleet of the Future - FTA anticipates fielding projects that support Environmental Sustainability and Resiliency, including assessing transit electrification needs and developing user scenarios for charging infrastructure, developing power consumption and optimization strategies for ancillary components and systems, and develop and demonstrate innovative bus energy systems to utilize bus energy systems for power during an emergency and to increase resiliency of transit/city infrastructure. 3). Safety NeXt - FTA anticipates funding research in the areas of Transit Worker Safety, to include a roadway worker transit safety state of the practice and innovation scan, and Pedestrian and Bicyclist Safety, to include a state of the practice and innovation scan, as well as a needs assessment. 4). Transit Cybersecurity - FTA anticipates funding research in the area of Transit Cybersecurity, to include a Vulnerability Assessment to determine transit cybersecurity vulnerabilities, threats and risks to transit systems, applications and operations, and then develop use-case scenarios and concepts of operations to address these vulnerabilities for all types of transit agencies.

CRITERIA FOR SELECTING PROPOSALS:

Selection criteria may vary depending upon the type of program being selected. Competitive selection information is contained in the Federal Register Notices or published Notices of Funding Opportunity (NOFO). FTA published notices between FY 2021 and 2022; and either has allocated the funding or is in the

process of allocating funds for support. Directed agreement criteria are established by program managers and noted in application instructions.

20.531 Technical Assistance and Workforce Development

5314 Program,

FEDERAL AGENCY:

FEDERAL TRANSIT ADMINISTRATION, TRANSPORTATION,
DEPARTMENT OF

AUTHORIZATION:

The Fixing Americas Surface Transportation (FAST) Act (Public Law No. 114-94), signed into law on December 4, 2015, and effective October 11, 2015, 49 U.S.C. Section 5314/FAST Section 3009. A one-year extension of the FAST act was enacted as part of the Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159),, Public Law 114-94, 49 USC Code 5314.

OBJECTIVES:

The goals and objectives for Technical Assistance and Workforce Development projects vary according to the type of project. Eligible activities include: Technical assistance and Standards to more effectively and efficiently provide public transportation service; administer funds received under 49 U.S.C. Chapter 53 in compliance with federal law; and improve public transportation; address Human Resources needs, provide Training; support Innovative Public Transportation Frontline Workforce Development; and operate a National Transit Institute. Technical Assistance can support compliance with the Americans with Disabilities Act (ADA); compliance with human services transportation coordination requirements; meeting the transportation needs of elderly individuals; increasing transit ridership with Metropolitan Planning Organizations; addressing transportation equity; facilitating best practices to promote bus driver safety; meeting the requirements 5323(j) (Buy America) and 5323(m) (Pre and Post-Award Audits); assisting with the development and deployment of low or no emission vehicles; and any other technical assistance activities the Secretary of Transportation determines is necessary to advance the interests of public transportation. Standards programs and projects include developing voluntary and consensus-based standards and best practices by the public transportation industry, including standards and best practices for safety, fare collection, Intelligent Transportation Systems, accessibility, procurement, security, asset management to maintain a state of good repair, operations, maintenance, vehicle propulsion, communications, and vehicle electronics. Human Resources and Training programs may include: 1) Employment training programs; (2) Outreach to specific under-represented populations in the workforce; (3) Research on public transportation personnel and training needs; (4) Training and assistance for veteran and minority business opportunities; and (5) Consensus-based national training standards and certifications in partnership with industry stakeholders. The Innovative Public Transportation Frontline Workforce Development Program focuses on: (1) developing apprenticeships, on-the job training, and instructional training for public transportation maintenance and operations occupations; (2) building local, regional, and statewide public transportation training partnerships with local public transportation operators, labor union organizations, workforce development boards, and State workforce agencies to identify and address workforce skill gaps; (3) improving safety, security, and emergency preparedness in local public transportation systems through improved safety culture and workforce communication with first responders and the riding public; and (4) addressing current or projected workforce shortages by developing partnerships with high schools, community colleges, and other community organizations. The National Transit Institute will develop and conduct training and educational programs for Federal, State, and local transportation employees, United States citizens and foreign nationals engaged or to be engaged in public transportation work.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use, Dissemination of Technical Information, Project Grants, Project Grants (Cooperative Agreements or Contracts), Training

USES AND USE RESTRICTIONS:

See Objectives. Generally, the program supports technical assistance, training, workforce projects, and standards development not undertaken by the private

sector. Funding will provide for training and educational programs which may include courses in recent developments, techniques, and procedures related to intermodal and public transportation planning; management; environmental factors; acquisition and joint use rights-of-way; engineering and architectural design; procurement strategies for public transportation systems; new technologies; emission reduction technologies; ways to increase public transportation access to individuals with disabilities; construction, construction management, insurance, and risk management, maintenance; contract administration; inspection; innovative finance; workplace safety; and public transportation security. This program funds technical assistance to assist providers of public transportation to: Comply with the Americans with Disabilities Act (ADA); comply with human services transportation coordination requirements and enhance the coordination of related Federal resources; meet the transportation needs of elderly individuals; and address transportation equity. The program can also fund innovative workforce development activities in the areas with special emphasis on targeting areas with high unemployment; provide advanced training related to maintenance of alternative energy efficient or zero emission vehicle; and address current or projected workforce shortages in areas that require technical expertise. In addition, it will provide for the development of voluntary and consensus-based standards and best practices by the public transportation industry, including standards and best practices for safety, fare collection, Intelligent Transportation Systems, accessibility, procurement, security, asset management to maintain a state of good repair, operations, maintenance, vehicle propulsion, communications, and vehicle electronics. Depending on the specific funding program, the eligibility of recipients, projects, and federal share may vary. To the extent FTA allocates the funding through a competitive notice of funding availability, FTA will specify eligibility and requirements in a notice of funding opportunity (NOFO).

Applicant Eligibility:

Federal; Interstate; Intrastate; State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Sponsored organization; Public nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; Federally Recognized Indian Tribal Governments; U.S. Territories and possessions (includes institutions of higher education and hospitals); Small business (less than 500 employees); Profit organization; Other private institutions/organizations; State; Federal Government departments, agencies, and instrumentalities of the Government; Metropolitan Planning Organizations; State and local governmental entities; providers of public transportation; and national non-profit organizations (that have the appropriate demonstrated capacity to provide public transportation-related technical assistance); public four-year degree-granting institutions of higher education, as defined in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)) to carry-out the duties of the institute.

Beneficiary Eligibility:

Private nonprofit institution/organization; State; Local; Public nonprofit institution/organization; State, Local, Public nonprofit institution/organization and Private nonprofit institution/organization. Specific applicant eligibility may vary with different program areas within this section.

Credentials/Documentation:

FTA will specify the credentials and documentation required in an online application system, at the program manager direction and/or in the individual notices of funding opportunity published to support the various sections and program purposes. Applicants must provide proof or establish a copy of their negotiated approved indirect cost rate agreement from their cognizant agency prior to or along with their application for assistance. At a minimum, applications for funding should follow requirements listed in FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions and Program Management Guidelines" and include the standard form required for use as a cover sheet for submission of pre-applications and applications (Instructions for Application for Federal Assistance (SF-424) Form), project objectives, goals, tasks, background, and project description, including schedule, budget, a data management plan, and applicants organizational experience. Applicants approved must do a resolution by an authorized body approving the filing of an application; and complete certifications and assurances as compiled in FTAs Annual List of Certifications and Assurances. Legal opinion and compliance with labor requirements are required later. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

ASSISTANCE LISTINGS DESCRIPTIONS

Preapplication Coordination:

Pre-application coordination is required. An environmental impact statement is required for this listing. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Applicants should consult FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions".

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. FTA outlines the application requirements and merit process in each grant program Notice of Funding Opportunity (NOFO) solicitation for proposals. Applicants are required to use Grants.gov to apply for funds. Accepted competitive applications are subject to evaluation. Applications are made to the Headquarters office of the Federal Transit Administration. Grant Agreement or Cooperative Agreement payments are made in a monthly web-based e-Invoicing system upon approval by the Program Manager. This program is subject to the provisions of FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions and Program Management Guidelines." FTA Circular 5010.1E, "Award Management Requirements," assist recipients in administering, managing and reporting responsibilities. Potential applicants should follow the instructions in these Circulars, which may be found at the FTA website at <https://www.transit.dot.gov/regulations-and-guidance/fta-circulars/final-circulars>.

Award Procedure:

FTA's method of entering into an Award (obligation) of Federal assistance (funds) is through: grant agreements, cooperative agreements, interagency agreements, and/or use contracts as a procurement mechanism (to purchase services for the direct benefit or use of the Federal Government). Grants and cooperative agreements are awarded electronically using FTA's online systems the Transit Award Management System (TrAMS). To access this web-based system, a user name and password are needed and can be obtained by contacting the appropriate FTA staff. The Federal Transit Administrator makes the final decision to approve a project. To access funds, the recipient must execute the Agreement and be set-up in FTA's e-Invoicing financial system. Technical assistance and standards activities funded under this section require an evaluation of the project activities and reporting of measurable outcomes and impacts of the programs results.

Formula and Matching Requirements:

Statutory Formula: Title Technical Assistance and Workforce Development, Chapter 53, Part , Subpart , Public Law 49 U.S.C. 5314. Matching requirements are not applicable to this assistance listing. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

The period of time varies with the complexity of the project. FTA projects are programmatically approved for support in their entirety (generally for up to 5 years) but assistance is awarded in annual increments called budget periods. Terms and conditions are agreed on between FTA and the applicant. Funds are available until expended. Method of awarding/releasing assistance: other

Reports:

Reporting requirements may vary depending on the type and amount of Federal assistance a recipient receives, or the Federal interest in the project. Reporting is typically quarterly or annually. Major reporting requirements include: Financial

Reporting - Federal Financial Report (FFR) which aligns with OMB (SF-425) form and Request for Advance or Reimbursement (SF-270) form to monitor recipients expenses and issue payments. Milestone Progress Report (MPR) - The MPR is the primary written communication between the recipient and FTA outlining accomplishments to date. Quarterly Narrative Progress Report (QNPR) - Recipients must submit quarterly narrative progress reports detailing the work undertaken to complete each task; including a Data Management Plan (DMP) - recipient must submit a DMP, if requested. Final Technical (Performance) Report - at the conclusion of a project, a recipient must submit a final technical report documenting project performance and measurable final results, outcomes, and impacts of research, development, demonstration, deployment, or technical evaluation projects, including an executive summary. FTA guidance is noted in FTA Circular 6100.1E, "Research, Technical Assistance and Training Program: Application Instructions and Program Management Guidelines and FTA Circular 5010.1E, Award Management Requirements. Reporting requirements may vary depending on the size of the recipient, the type and amount of Federal assistance a recipient receives, or the Federal interest in the project. Federal Financial Report (FFR). A recipient must submit a FFR for each active project it has executed. Typically, reports are submitted either quarterly or annually. The FFR must be prepared on the accrual basis of accounting. The FFR accompanies the MPR and is used to monitor each active Award (Assistance Agreement) it has executed. Milestone Progress Report (MPR). A recipient must submit a MPR for each active project it has executed, frequency will be determined by the FTA project manager either quarterly or annually. The MPR demonstrate forward progress in the project plan. The MPR accompanies the FFR and is used to monitor results of the Federal assistance award. Additionally, required are Quarterly Progress Narrative Reports summarizing what has been accomplished during the reporting period, including a description of progress made toward achieving the goals of the project. And, if applicable, a Data Management Plan must accompany the written quarterly narrative progress report. To receive payments, recipients must submit monthly to the Program Manager at FTA an invoice which is the OMB financial reporting standard form SF-270 used for each active Award (Assistance Agreement) it has executed. A performance report is a final technical document required at the end of a project agreement before closing it. The performance report describes where the project stands summarizing progress made toward the achievement of scientific aims and identifies significant outcomes, including a technical evaluation of the project and an executive summary.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: ACCOMPLISHMENTS DURING FY 2020. FTA funded various projects under the Technical Assistance and Workforce Development in areas such as Technical Assistance, Standards Development, Human Resources/Workforce, and Training. Projects funded accomplishments during FY 2020 include: 1) The National Transit Institute (NTI) delivered 170 training courses both on-site and

ASSISTANCE LISTINGS DESCRIPTIONS

virtually to 6,459 participants. NTI witnessed a reduction of training courses delivered and course participants in FY 2020 because of course cancellations due to the COVID-19 pandemic. NTI is now expanding its virtual course delivery capabilities, online, and webinar-based portfolio. 2). The National Aging and Disability Transportation Center (NADTC), launched online courses, conducted webinars, provided targeted technical assistance, published a newsletter, and developed publicly available resources. Also, NADTC conducted a national survey of core constituencies to identify transportation needs of older adults and people with disabilities and provide grant assistance to local communities for implementation of innovative transportation solutions and creating replicable models of excellence. Approximately 847 people participated in NADTC online courses and webinars and more than 390 attended conference presentations given by NADTC staff. 3). The National Center for Mobility Management (NCMM) accomplished the following activities in FY 2020: held webinars and information sharing sessions, developed e-learning training courses, developed publicly available materials/guides, and provided technical assistance to public transit agencies through various methods. It helped train mobility management practitioners on emerging service models and new technologies that increase mobility and also supported the Coordinating Council on Access and Mobility (CCAM). 4). The Transit Automation Technical Assistance program produced an internal technical assistance needs assessment findings document and developed a framework/scope for the Community of Practice Initiative. Through this program, FTA has been developing a greater understanding of the state of transit bus automation and the potential opportunities for transit bus automation to improve safety and performance. 5). The Crime Prevention and Public Safety Awareness program, a component of FTAs Human Trafficking Awareness and Public Safety Initiative, selected three organizations to receive funding through cooperative agreements to develop and disseminate technical assistance materials supporting public safety awareness campaigns that address public safety in transit systems, including crime prevention, human trafficking, and operator assault. Fiscal Year 2021: ACCOMPLISHMENTS EXPECTED OF PROJECTS PLANNED TO BE FUNDED IN FY 2021. FTA supports various types of projects under Technical Assistance and Workforce Development. Projects in the areas Technical Assistance, Standards Development, Human Resources/Workforce, and Training. Accomplishments EXPECTED in FY 2021 include: 1) The National Transit Institute (NTI). FTA expects to continue serving all FTA programs by developing and conducting training for federal, state, and local transportation employees and others in a variety of positions relevant to the transit industry. NTI will expand its training platform to include virtual training courses. NTI will select limited courses as a pilot to transform into two-day virtual training courses. It is anticipated that NTI will offer 6 webinars and deliver 50 virtual training courses to 4,000 participants in fiscal year 2021. 2) The Crime Prevention and Public Safety Awareness program. FTA expects to award three projects under FTA's Human Trafficking Awareness and Public Safety Initiative. 3) National Center for Mobility Management (NCMM). FTA expects continuing to fund the NCMM. 4) National Aging and Disability Transportation Center (NADTC). FTA expects to continue to fund the operation of the National Aging and Disability Transportation Center in FY 2021. 5) Transit Workforce Center. FTA expects to announce the selection of one project under the Technical Assistance and Workforce Development program for a new Transit Workforce Center. It is anticipated that 4 applications will be received, and one award will be granted in FY 2021. Fiscal Year 2022: ACCOMPLISHMENTS ANTICIPATED OF PROJECTS TO BE FOR FY 2022 INCLUDE: 1). Research to Practice Initiative. FTA anticipates awarding funds to support a new Research to Practice Initiative. It is anticipated that 3 applications will be received, and 1 award will be granted in fiscal year 2022. 2). National Transit Institute (NTI). FTA anticipates the NTI will convert 10 additional courses to a virtual delivery format, develop an "NTI Instructor Code of Conduct and Virtual Course Preparation and Delivery Guidelines", develop and launch a virtual NTI Instructor Semi-Annual Town Hall Meeting, and finalize new course evaluation forms. 3). National Aging and Disabilities Transportation Center (NADTC). FTA anticipates funding the operation of the center to promote the availability and accessibility of transportation options for older adults, people with disabilities and caregivers. 4). Transit Workforce Center (TWC). FTA anticipates awarding funds to implement its first TWC to help public transit agencies build their workforce for today and tomorrow. The U.S. Department of Labor will be an important facilitator of workforce development activities across the U.S. and partner to FTA as we build and sustain the TWC. 5). National Center for Mobility Management (NCMM). FTA anticipates continuing to fund the National Center for

Mobility Management, which supports partnerships between transportation/mobility management activities and organizations that provide health, social, and community services to older adults, people with disabilities, and/or low-income individuals and families.

REGULATIONS, GUIDELINES, AND LITERATURE:

Most Federal transit laws are codified at Title 49, United States Code, Chapter 53 (49 U.S.C. chapter 53). Authorizing legislation is substantive legislation enacted by Congress that establishes or continues the legal operation of a Federal program or agency. FTAs Fiscal Year Annual List of Certifications and Assurances for Federal Transit Administration Grants and Cooperative Agreements; FTA Circular 6100.1E for Research Projects; FTA Circular 4220.1F for Third-Party Contracting Guidance; and FTA Circular 5010.1E for Award Management Requirements. EXAMPLES OF FUNDED PROJECTS:

2020 FUNDED PROJECTS DURING FY 2020. FTA provided resources to support various types of projects for Technical Assistance and Workforce Development in the areas of Technical Assistance, Standards Development, Human Resources/Workforce, and Training projects funded during FY 2020 include: 1). National Transit Institute (NTI). FTA funded the NTI to expand training to cover blue-collar transit workforce training in addition to the management-level courses now offered at NTI. Also, NTI offered several courses and workshops online due to the COVID-19 pandemic, taking innovative approaches to continue supporting transit agencies across the United States. 2). National Center for Applied Transit Technology (N-CATT). FTA funded the N-CATT to assist small urban and rural and tribal public transit recipients with applied innovation and capacity-building. 3). National Center for Mobility Management (NCMM). FTA funded the NCMM, which supports mobility management professionals in developing and implementing strategies that improve transportation access for older adults, people with disabilities, and low-income individuals and families. 4). National Aging and Disability Transportation Center (NADTC). FTA funded the NADTC to promote the mobility of people with disabilities and older adults, ensuring that public transportation supports independent living in communities. 5). The Transit Standards Development Program, FTA funded this program to collect information required to develop transit standards by suggesting new or revised voluntary standards, guidelines, and best practices. 2021 EXPECT TO FUND PROJECTS IN FY 2021 INCLUDE. FTA expects to support various types of projects for Technical Assistance and Workforce Development in the areas Technical Assistance, Standards Development, Human Resources/Workforce and Training projects planned in FY 2021 include: 1). The National Transit Institute (NTI). FTA expects to fund NTI to continue delivering its virtual course training capabilities to support transit agencies across the United States. 2). The National Aging and Disabilities Transportation Center (NADTC). FTA expects to fund the operation of NADTC in fiscal year 2021 to carry out activities to promote the availability and accessibility of transportation options that serve the needs of people with disabilities, seniors, their caregivers and other transit investments. 3). The National Center for Applied Transit Technology (N-CATT). FTA expects to fund N-CATT to assist small urban and rural and tribal public transit recipients with applied innovation and capacity-building in FY 2021. 4). Transit Workforce Center. FTA expects to fund a new Transit Workforce Center that will address GAO recommendations and provide a venue for public transit agencies to receive support

RELATED PROGRAMS:

20.205 Highway Planning and Construction;

EXAMPLES OF FUNDED PROJECTS:

2021 During FY 2021, States used these funds for a variety of traffic safety issues including participation in the Click It or Ticket national mobilization for seat belt use; participation in the Drive Sober or Get Pulled Over alcohol impaired driving crackdown; participation in Child Passenger Safety Week and Distracted Driving Week activities. States also utilized these funds to provide educational events such as inspection stations where parents and caregivers can learn how to properly secure their children in car seats. States used these funds for motorcycle safety awareness campaigns and training, updating databases and conducting programmatic assessments in an effort to gain insight into ways to improve their programs.

CRITERIA FOR SELECTING PROPOSALS:

The Federal/State relationship for the highway safety grant program is a partnership. Each State is given flexibility in the administration of its own highway safety program. Federal funds are obligated in support of a highway safety program based on problems identified by the State. States have latitude in determining projects upon which they spend their Federal monies.

20.607 Alcohol Open Container Requirements

FEDERAL AGENCY:

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION,
TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Highway Safety Act of 1998, as amended, , 23 USC Code 154.

OBJECTIVES:

To encourage States to enact and enforce an alcohol open container law.

TYPES OF ASSISTANCE:

Formula Grants (Apportionments), Project Grants

USES AND USE RESTRICTIONS:

States failing to comply with Section 154 are subject to a reservation of 2.5 percent of federal-aid highway funds apportioned for the National Highway Performance Program and the Surface Transportation Block Grant Program. States decide the percentage of the reserved funds to be transferred to NHTSA for alcohol-impaired driving countermeasures and/or to remain with FHWA for eligible activities under the Highway Safety Improvement Program. Funds transferred to NHTSA are subject to the requirements of the 402 program, but the use of funds is limited to alcohol-impaired driving countermeasures.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); States, the District of Columbia, and Puerto Rico.

Beneficiary Eligibility:

State; State Highway Safety agencies.

Credentials/Documentation:

If a State has not enacted and is not enforcing an Open Container Law, then a State is subject to the penalty transfer program. After being informed by NHTSA that it is subject to the penalty transfer, the State submits to the agency a split letter advising the agency of the intent to split funds between alcohol programs or hazard elimination programs (FHWA). 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Office of Regional Operations and Program Delivery coordinates the transfer penalty funding process with the Federal Highway Administration. This program is eligible for coverage under Executive Order 12372, Intergovernmental Review of Federal Programs.

Award Procedure:

Once the State provides the agency with a split letter to NHTSA, the State will be given access to the transfer and can obligate the funds.

20.608 Minimum Penalties for Repeat Offenders for Driving While Intoxicated

FEDERAL AGENCY:

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Highway Safety Act of 1998 as amended, , 23 USC Code 164.

OBJECTIVES:

To encourage States to enact and enforce Repeat Intoxicated Offender laws.

TYPES OF ASSISTANCE:

Formula Grants (Apportionments), Project Grants

USES AND USE RESTRICTIONS:

Funds transferred to NHTSA must be used for alcohol-impaired driving countermeasures or enforcement of driving while intoxicated (DWI), driving under the influence (DUI) and other related laws. A state may elect to use all or part of its transferred funds for activities eligible under Section 152 Hazard Elimination program.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); States, the District of Columbia, and Puerto Rico.

Beneficiary Eligibility:

State; State Highway Safety agencies.

Credentials/Documentation:

If a State has not enacted and is not enforcing a Repeat Intoxicated Driver Law, then a state meets eligibility requirements. After being informed by NHTSA that it is subject to the penalty transfer eligible for a grant, the State submits to the agency a split letter advising the agency of the intent to split funds between alcohol programs or hazard elimination programs (FHWA). 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Section 164 funds must be used solely for alcohol-impaired driving countermeasures permissible under NHTSA Section 402 formula grant program or for FHWA's Highway Safety Improvement Program (SHIP) eligible activities (hazard elimination).

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. NHTSA Office of Regional Operations and Program Delivery coordinates the program with the Federal Highway Administration. The program is eligible for coverage under Executive Order 12372, Intergovernmental Review of Federal Programs.

Award Procedure:

Once the State provides a split letter to NHTSA, the State will be given access to the transfer funds and can obligate the funds

20.616 National Priority Safety Programs

FEDERAL AGENCY:

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION,
TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Moving Ahead for Progress in the 21st Century (P.L. 112-141), Title I- Motor Vehicle and Highway Safety Improvement Act of 2012, Section 31105. , Public Law 112-141, Title Fixing America's Surface Transportation Act (FAST) Act, Part 23 CFR Part 1300, Section , Public Law 114-94

OBJECTIVES:

To encourage States to address national priorities for reducing highway deaths and injuries through occupant protection programs, state traffic safety information system improvements, impaired driving countermeasures, passage of effective laws to reduce distracted driving, implementation of motorcyclist safety programs, and the implementation of graduated driving licensing laws.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funding can be used to address national highway safety priority programs to reduce the number of highway deaths and injuries.

Applicant Eligibility:

U.S. Territories and possessions; State; With the exception of the Motorcyclist Safety Program, the 50 States, District of Columbia, Puerto Rico, U.S. territories (American Samoa, Guam, Northern Marianas, and Virgin Islands) are eligible for funding. Under the Motorcyclist Safety Program, the 50 States, District of Columbia, and Puerto Rico are eligible for grant awards.

Beneficiary Eligibility:

State; Funding is provided to State Highway Safety agencies.

Credentials/Documentation:

A State submits certification and application materials that meet eligibility requirements. After being informed by NHTSA that it is eligible for a grant, the State submits to the agency a plan that describes the programs the State will implement using the funds. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: States utilized the National Priority Safety Program funds for increased seat belt and child passenger safety enforcement and education, and conducted programs such as checkpoints and saturation patrols to remove impaired drivers from the roadways. Funds were used to improve States data systems, education and enforcement of distracted driving laws, training regarding State's pedestrian and bicycle safety laws, and mobilizations such as Click It or Ticket, Drive Sober or Get Pulled Over, Child Passenger Safety Week and Distracted Driving Awareness Week. Fiscal Year 2021: Kentucky, Virginia, and North Carolina participated in a Local Heroes program in Region 3. Local Heroes is a community-centered, multi-media initiative featuring law enforcement officers from State, local and county agencies. The goal of the program is to show the motoring public that officers care about their community and would rather write a ticket than make a death notification. The program compliments the national Click It or Ticket seat belt awareness and enforcement campaign.

EXAMPLES OF FUNDED PROJECTS:

2020 During this Columbus Day holiday in 2019, Region 3 and its States rolled out the inaugural Operation Crash Reduction effort. The high-visibility enforcement campaign, October 11-14, successfully brought awareness to area residents and generated citations for seat belt and other traffic safety related violations. The campaign, which coincided with one of the busiest holiday weekends in the Region, was two-fold: to combine increased enforcement and a zero-tolerance policy on seat belt nonuse, and to provide effective communication to road users on the importance of buckling up. Four of the seven participating States showed significant decreases in fatalities during that time. 2021 States participated in Click it or Ticket high visibility enforcement campaign, and Child Passenger Safety Week and Seat Check Saturday with press events and seat checks both in person and virtually in light of the COVID-19 health emergency. States also provided funds for programs to combat distracted driving and reduce the incidence of impaired driving crashes. Region 3 states conducted a Local Heroes program, a community-centered multimedia initiative featuring law enforcement officers from State, city and county agencies in KY, VA and NC. The goal is to show the motoring public that officers care about their community and would rather write a ticket than deliver a death notification.

CRITERIA FOR SELECTING PROPOSALS:

Criteria outlined in statute and regulation and vary for each program. (a) Occupant Protection: meet requirements for a high or low seat belt use categories. (b) State Traffic Safety Information System Improvements: have traffic records coordinating committee that meet 3 times a year; designated TRCC coordinator; an approved State traffic records strategic plan; certify that assessment was done in preceding 5

years; and demonstrate quantitative measurable progress to program attribute of accuracy, completeness, timeliness, uniformity, accessibility or integration. (c) Impaired Driving Countermeasures: meet requirements for low-range state, mid-range state, or high-range state; State can also receive funding for adoption and enforcement a mandatory alcohol-ignition interlock law. (d) Distracted Driving Grant: enacts and enforces a law that prohibits texting while driving or prohibits youth cell phone use while driving. (e) Motorcyclist Safety: meet 2 of the following criteria; motorcycle rider training course, motorcyclist awareness program, reduction of fatalities and crashes involving motorcycles, impaired driving program, reduction of fatalities and accidents involving impaired motorcyclists, and fees collected from motorcyclists for motorcycle programs(f) State graduated driver licensing incentive grant: State has a graduated driver licensing law that requires novice drivers younger than 21 years of age to comply with the 2-stage licensing process.

20.700 Pipeline Safety Program State Base Grant

FEDERAL AGENCY:

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATOR, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Natural Gas Pipeline Safety Act of 1968; Revision of Title 49, US Code, Annotated, Transportation, , Public Law 103-272

OBJECTIVES:

To develop, support and maintain inspection and enforcement activities for State gas and hazardous liquid pipeline safety programs.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

The Federal Pipeline Safety Law authorizes Federal reimbursement of up to 80 percent of a State's expenditure during the year for personnel, equipment, and activities reasonably required by the State agency for the conduct of its pipeline safety program. The Law further stipulates the State expenditures in any given year, without Federal assistance, cannot be less than the average amount expended by the State for gas and hazardous liquid safety programs for the 3 fiscal years prior to the fiscal year in which the Secretary makes the payment, except when the Secretary waives this requirement. The State agency must also agree to provide the remaining cost of the safety program(s). Within these limitations, the available funds are allocated by a method designed to reflect the degree to which a State has met certain established goals. The allocation is determined by assigning point values to the States for having achieved certain levels of program participation, dividing this point score by the sum of the States' point scores, and multiplying this ratio by the funding amount available for the distribution. PHMSA distributes remaining funds according to certain criteria designed to seek improvements in State programs. The criteria used by PHMSA is the extent of intrastate jurisdiction, inspector qualifications, recommended number of inspection person-days, State adoption of applicable Federal regulations, and other relevant criteria. In 2020, the Federal allocations represented 56.00 percent of the total estimated State requests in the natural gas program. The Federal allocation in the hazardous liquid program represented 56.25 percent of the total estimated State requests.

Applicant Eligibility:

State; State must have a 60105 Certification or 60106 Agreement with PHMSA. The Department provides Federal funds (limited to congressional appropriations), up to 80 percent of the State's total program costs to any State agency with a certificate under Section 60105 of Title 49, United States Code, an agreement under Section 60106 of Title 49, United States Code, or to any State acting as a DOT agent on interstate pipelines.

Beneficiary Eligibility:

State; State, District of Columbia, and Puerto Rico.

Credentials/Documentation:

Appropriate State legal official must approve legality of agency application and agreement. Costs will be determined in accordance with 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements, and

"Guidelines for States Participating in the Pipeline Safety Program" Application (plan) due date is September 30. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each State submits with its annual application a summary of estimated program costs by calendar year covering the State gas and/or hazardous liquid pipeline safety activities to PHMSA. The State certifies it is complying with the requirements of the Certification and/or Agreements under 49 USC Sections 60105 and 60106. The estimated budgets and Certification/Agreements are reviewed by State program staff for reasonableness and completeness. Applications are due by September 30th of each year. All State programs certifying to PHMSA they are meeting the program requirements applications are accepted. The Certification and/or Agreement requirements are specified in 49 USC Sections 60105(b) and 60106(a). If a States Certification or Agreement is not accepted the State is notified in writing of the reason for rejection.

Award Procedure:

Awards are made by the Secretary of Transportation by approving the grant award amounts. PHMSA makes the grant application available to each state agency in August of each year. The deadline for filing this application is September 30th. (Note: This deadline is established in 49 USC 60107). Grant applications are submitted on-line through the Federal State Tracking and Reporting FedSTAR web application. Grant applications are reviewed by PHMSA State Program staff to assure the costs submitted are necessary and reasonable expenses for the proper and efficient administration of the pipeline safety program. The appropriated grant funding, contingent on an enacted budget, is allocated (awarded) to individual State Pipeline Safety Programs in May based on each States most recent Program Evaluation and Progress Report scores and the grant allocation formula. Payment agreements are sent to the individual state agencies in May notifying them of the amount of the State Base Grant available to them to pay the individual states cost for the calendar year. States may request reimbursement of their program costs based on actual expenses "to date" in June (Mid-year Payment). In January of each year, PHMSA makes available through FedSTAR the OMB Standard Form 270 - Request for Advance or Reimbursement to each State agency for submission of their total pipeline safety program costs for the previous calendar year. Requests for reimbursement (End of Year Payments) submitted by each State agency are reviewed and approved by PHMSA before being forwarded to the DOT accounting office for payment. Grant funds will be electronically deposited into a bank account established for receipt of Federal funds.

CRITERIA FOR SELECTING PROPOSALS:

All necessary, reasonable and allowable expenses from Certified State pipeline safety regulatory agencies are considered for funding to the limit of available grant funding. Indirect cost reimbursement is limited to 20% of the actual total direct program costs per the Guidelines for States Participating in the Pipeline Safety Program. This is a formula grant and funding is distributed among Certified State Pipeline Safety Programs based on their performance scores. Pipeline Safety Grants are awarded based on the following formula: Grant Award = State Budget Amount * State Performance Score * Percent Allocation Where Percent Allocation (80% Maximum) = Total Available Funding / Sum of All Programs (State Score * State Budget) / State Budget Amount = Calendar Year Budget Estimate Submitted by each State with Grant Application Annual State Performance Score Outlined in Section 9.7.2 Percent Allocation This is the maximum percentage of total program costs that can be applied to each grantee. There is an 80% maximum funding limited required by Section 60107 of the Pipeline Safety Act. This formula provides for an equal distribution of available funds in the event appropriated funding is less than required for maximum funding. Total Available Funding - This is the annual funding provided by congressional appropriation. This would also include any unexpended (carryover) funds available from previous fiscal years. The combined sum of each State Performance Score multiplied by each State Budget Estimate for all Natural Gas and Hazardous Liquid programs.

Hazardous Materials Instructor Training Grant (HMIT): To facilitate a train the trainer program to train hazmat instructors who will then train hazmat employees in the proper handling of hazardous materials. Supplemental Public Sector Training Grants (SPST): to facilitate the training of instructors, thereby increasing the number of training instructors available to conduct hazardous materials responder training programs for individuals with statutory responsibility to respond to hazardous materials accidents and incidents. Assistance for Local Emergency Response Training Grant (ALERT): to promote hazmat response training for volunteer or remote emergency responders to respond to incidents or accidents involving the transportation of crude oil, ethanol and other flammable liquids by rail. Hazardous Materials Community Safety Grants (CS): to conduct national outreach and training programs to assist communities in preparing for and responding to accidents and incidents involving the transportation of hazardous materials, including Class 3 flammable liquids by rail; and train State and local personnel responsible for enforcing the safe transportation of hazardous materials, including Class 3 flammable liquids.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

The five grant programs will be used to increase the emphasis on transportation in ongoing efforts and to improve the capability of communities to plan for and respond to the full range of potential risks posed by accidents and incidents involving hazardous materials. HMEP grants have two principal uses. First, to assist States, Territories and Tribes in developing, improving and implementing emergency response plans under EPCRA; including the determination of flow patterns of hazardous materials within a State, between States and lands; determining the need for regional hazardous materials response teams. Second, to stimulate support for training of public sector employees to respond to accidents and incidents involving hazardous materials. HMIT grants will be used to ensure that hazmat employees receive an initial and continuing understanding of the risks involved in transporting hazardous materials, the relevant requirements that have to be met, and the need for performing their duties in a way that will ensure their safety and the safety of others. SPST grants will be used to train instructors to conduct hazardous materials response training programs, to purchase training equipment used exclusively to train instructors to conduct training programs and to disseminate information and materials necessary for the conduct of training programs. ALERT grants will provide hazardous materials direct or web-based training for volunteer or remote emergency responders, with a focus on response activities for the transportation of crude oil, ethanol and other flammable liquids by rail. CS grants will provide national outreach and training programs to assist communities in preparing for and responding to accidents and incidents involving the transportation of hazardous materials, including Class 3 flammable liquids by rail; and train State and local personnel responsible for enforcing the safe transportation of hazardous materials, including Class 3 flammable liquids.

Title Protecting our Infrastructure of Pipelines and Enhancing Safety (PIPES) Act of 2020,

OBJECTIVES:

To improve State Damage Prevention programs, which are intended to protect underground facilities from excavation damage.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Personnel, equipment, and activities that are needed by the State authority to improve damage prevention programs.

Applicant Eligibility:

State; U.S. Territories and possessions; State (including U.S. Territory or possessions) authority designated by the Governor is eligible to apply for a grant as long as an agency within the State (including U.S. Territory or possessions) has an annual Section 60105 (49 U.S.C.) certification or Section 60106 (49 U.S.C.) agreement in effect with PHMSA. If a State (including U.S. Territory or possessions) does not have a certification or agreement with PHMSA, then no State (including U.S. Territory or possessions) authority can receive a grant.

Beneficiary Eligibility:

U.S. Territories; State; State Government, U.S. Territory and possessions would receive the ultimate benefit from this program.

Credentials/Documentation:

A written application describing the status of the State Damage Prevention Program and plans for improvements. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit

Requirements for Federal Awards applies to this program. Detailed information for the application procedures is in the annual notice of funding opportunity announcement Also see: 2 CFR 200 at http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

A committee of pipeline damage prevention stakeholders will review and evaluate the grant applications. Grants will be awarded to applicants with the highest merit based on the evaluation criteria.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. From 60 to 90 days of receipt. Award is contingent on a current fiscal year appropriation and enacted budget.

Reports:

Progress Report; Final Report; Mid-term Financial Status Report; Final Financial Status Report. During the performance of the grant (progress report) and at the end of the grant period (final report), the Grantee must provide a letter-type written report that describes the results of all activities undertaken to date as a result of the grant. The report must include the following:1. A comparison of actual accomplishments to the objectives established for the period.2. Where the output of the project can be quantified, a computation of the cost per unit of output.3. The reasons for slippage if established objectives were not met.The project report is due 6 months after the project period start date. The Final Report is due no later than 90 days after the project period end date. During the performance of the grant, the Grantee must submit a mid-term Federal Financial Report, Standard Form 425 (SF-425), to report the status of funds. In addition to SF-425, the Grantee should provide the breakdown of costs for each object class category (Personnel, Fringe Benefits, Travel, Equipment, Supplies, Contractual, Other, and Indirect Charges). This report is due 6 months after the project period start date.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 Also see: 2 CFR 200 at http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl

CRITERIA FOR SELECTING PROPOSALS:

The State Damage Prevention grant application process is competitive. Applications will be evaluated against the selection criteria listed below as well as against each other. Submission of an application is not a guarantee of award. PHMSA may award a grant based on an application in its entirety, award only portions of a grant application, or not award an application at all. Each Application will be reviewed against the criteria listed below. The criteria are weighted as follows: Criterion 1. is most heavily weighted; criterion 2 is second most heavily weighted; criterion 3 is third most heavily weighted; criterion 4 is fourth most heavily weighted; criterion 5 is fifth most heavily weighted. An effective damage prevention program as stated in 49 U.S.C. 60134 (b) includes one or more of the nine (9) elements below. Grant funding is available to assist state in aligning with one or more of these nine elements. The number of elements addressed in an application will not affect the evaluation of the application. Criterion 1. Relevance to the Nine Elements - This criterion will be used to evaluate proposed work under each element addressed on the application. This criterion will be used to evaluate proposed projects that: Clearly link results to one or more of the nine elements. Have merit for advancing implementation or continued support of one or more of the nine elements within the state. Align with the meaning and intent of the nine elements as described in PHMSAs Damage Prevention Assistance Program (DPAP) Guide (available at <http://primis.phmsa.dot.gov/comm/publications/DPAP-Guide-FirstEdition-20080911.pdf>). Proposed work under each element will be evaluated separately. Criterion 2. Costs, Results, and Schedule This criterion will be used to evaluate proposed work under each element addressed in the application. This criterion will be used to evaluate proposed projects that: Will produce tangible results within the proposed project period. Establish clear goals, objectives, milestones, and estimates of project costs. Have deliverables that do not overlap with the deliverables of any other PHMSA grant award. Use funds efficiently and effectively. Proposed work under each element will be evaluated separately. Criterion 3. States Commitment to the Nine Elements - This criterion will be used to evaluate the applicants description of existing damage prevention activities as they relate to the nine elements. This criterion will be used to evaluate applications that demonstrate the

State has made substantial progress toward, or has clear and concrete plans for, implementing the nine elements. Criterion 4. - States Commitment to Damage Prevention Program Effectiveness. This criterion will be used to evaluate the applicants description of any legislative or regulatory actions (including studies, etc.) taken by the State within the past five (5) years pertaining to damage prevention program improvement. This criterion will be used to evaluate applications that demonstrate the States commitment to ensuring lasting damage prevention program effectiveness and continuing improvement, including any legislative and/or regulatory actions taken within the past five years or other significant activities, such as efforts of study groups or task teams established to analyze the States damage prevention program. Criterion 5. Past Performance. This criterion will be used to evaluate past performance of applicants who have received a PHMSA State Damage Prevention grant in the past. Past performance includes fulfillment of grant agreements in a timely manner and compliance with grant terms and conditions. Applicants who received funding previously for a project that is ongoing and are requesting grant funding for the continuation of that project should provide a summary of accomplishments and tasks completed during the previous grant period. The information provided should include measurable results and deliverables, and include any information about tasks that were not completed or other challenges encountered during the grant period. Evaluation of applications from applicants who have not received a PHMSA State Damage Prevention grant in the past will not be affected positively or negatively by this criterion.

20.721 PHMSA Pipeline Safety Program One Call Grant

FEDERAL AGENCY:

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATON, TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Transportation Equity Act for the 21st Century, , Public Law 105-178, 49 USC Code 6106.

OBJECTIVES:

To provide funding to State agencies in promoting damage prevention, including changes with their State underground damage prevention laws, related compliance activities, training and public education.

TYPES OF ASSISTANCE:

Project Grants, Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Eligible programs will cover such areas as compliance enforcement, legal assistance with enforcement actions, new equipment to support on-going enforcement programs, compliance monitoring, one call center statistics, compliance/noncompliance statistics, One-call membership initiatives, computer equipment, communication improvements, development and/or conduct of state-provided training programs for locators, development and/or distribution of educational items or materials, damage prevention awareness campaigns, public service announcements, informational mailings, advertisements and One Call center educational items.

Applicant Eligibility:

U.S. Territories and possessions (includes institutions of higher education and hospitals); State; A state is eligible if it qualifies under section 49 USC 6104 (b).

Beneficiary Eligibility:

State; State (Includes District of Columbia and Puerto Rico) Also, State agency with a Certification or Agreement under 60105 or 60106 of Title 49 USC.

Credentials/Documentation:

Appropriate State legal official must approve legality of agency application and agreement. Costs will be determined in accordance with 2 CFR 200, and "One Call Application Guidelines". Application (plan) is opened in October each year. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

CRITERIA FOR SELECTING PROPOSALS:

Eligibility is determined by 49 USC, Section 6104. Criterion 1. Relevance to the established funding priorities This criterion will be used to evaluate proposed work under each project addressed in the application and will be used to evaluate proposed projects that enhance public safety, protect the environment, minimize risks to excavators, and prevent disruption of vital public services by reducing the incidence of underground facilities during excavation through the voluntary adoption and efficient implementation by all states of state One-Call notification programs that meet the minimum standards. Funding priorities are established and communicated to all potential grantees by distribution of One-Call Grant Application Guidelines. These guidelines are updated annually. Criterion 2. Costs and Project Scope This criterion will be used to evaluate proposed work under each element addressed in the application and will be used to evaluate proposed projects that: Will produce tangible results within the project period Establish clear goals, objectives, milestones, and estimates of project costs Use funds efficiently and effectively. Criterion 3. Past Performance This criterion will be used to evaluate past performance of applicants that have received a PHMSA One-Call grant in the past. 20.724 Pipeline Safety Research Competitive Academic Agreement Program (CAAP)

FEDERAL AGENCY:

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATOR,
TRANSPORTATION, DEPARTMENT OF

AUTHORIZATION:

Pipeline Safety Improvement Act of 2002, Public Law 107-355, 49 USC Code 60101.

OBJECTIVES:

The CAAP initiative is intended to spur innovation by enabling an academic research focus on high-risk and high pay-off solutions for the many pipeline safety challenges. It will potentially deliver solutions that can be hand-offs to PHMSA's core research program of demonstration and deployment. The goal would be to validate proof of concept of a thesis or theory all the way to commercial penetration into the market. Further, the pipeline industry and federal/state regulators are experiencing low numbers of applicants to entry level positions that are technically focused. As such, another goal of the CAAP program is to expose graduate and PhD research students to subject matter that is common to pipeline safety challenges and to illustrate how their engineering or technical disciplines are highly needed in the field. The ultimate benefit would be to cultivate new talent in all aspects of pipelining, similar to how programs at other Federal Agencies and non-profit organizations have encouraged talent to consider a career in a certain field.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants

USES AND USE RESTRICTIONS:

Awards will be made in the form of cooperative agreements, which will play a role in finding the solutions to national, regional and local pipeline operational safety and environmental challenges. Some of these challenges involve having the best technology to efficiently and effectively meet or exceed Federal and State regulatory requirements. Other challenges are in keeping critical industry consensus standards fresh with the latest knowledge and know-how so that people, property and the environment are protected.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Public nonprofit institution/organization (includes institutions of higher education and hospitals); U.S. Territories and possessions (includes institutions of higher education and hospitals); Private nonprofit institution/organization (includes institutions of higher education and hospitals); Quasi-public nonprofit institution/organization; Applicants must be non-profit institutions of higher education located in the United States or a U.S. territory or possession.

Beneficiary Eligibility:

U.S. Territories; Private nonprofit institution/organization; Quasi-public nonprofit organization; Graduate Student; U.S. Citizen; Public nonprofit institution/organization; Solutions from academic research agreements to non-profit institutions of higher education will benefit the American public who has a stake in safe, reliable and environmentally friendly pipeline transportation of hydrocarbons.

Credentials/Documentation:

Applications must include a letter on the submitting institutions letterhead that certifies minimum requirements are understood and will be met. The letter must be signed by the Dean or equivalent level of that college, department or program and inserted Appendix A to the technical application. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. To submit an application, applicants must be registered at www.grants.gov. Please note that new user registrations for www.Grants.gov can take up to two weeks to complete. For additional questions on how to register, contact Grants.gov support. Application Content & Format - In preparing their technical proposal, applicants must utilize the technical application templates attached to the opportunity. The attachment will include instructions regarding required content and information. Applicants must only apply for funding that can reasonably be spent within the proposed period of performance. The Technical Application requirements are summarized below but elaborated upon in the provided template. Failure to follow these requirements may result in the removal of an application from consideration. 1) All information supporting the evaluation criteria must be contained within 20 pages which does not include the Cover Page, the Technical Application Information Page, or the Appendix; 2) The appendix may include additional information; however, this information will not be used by reviewers in evaluating the proposal (except to determine that each applicant has submitted a certification letter regarding minimum requirements); 3) The Certification Letter of Minimum Requirements must be the first page in the Appendix; 4) Times New Roman 12pt font 1.15 line and paragraph spacing for text body. Also see: 2 CFR 200 at http://www.ecfr.gov/cgi-bin/text-id.pl?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl. Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

PHMSA will conduct an initial administrative review of each application to determine if it is complete and meets the minimum eligibility requirements. A team composed of PHMSA program staff representatives and, potentially, industry experts will then conduct a technical review to evaluate and rate each application against the evaluation criteria and to evaluate the acceptability of the proposed budget. Cooperative agreements will be awarded to applicants having the highest merit until the available funding is exhausted. PHMSA intends to solicit applications under this program on a yearly basis during the second quarter of the calendar year, with applications due during the second quarter.

EXAMPLES OF FUNDED PROJECTS:

2020 In FY 2020, PHMSA awarded eight projects within these three research topic areas as solicited by the Notice of Funding Opportunity (NOFO) # 693JK320NF0001. 1. Pipeline Safety Academic Collaboration with Industry 2. Alternating Current Corrosion Affecting Pipelines in Common Corridors 3. Performance Degradation of Plastic Pipe 2021 In FY 2021, PHMSA will be awarding three projects within these two research topic areas as solicited by the Notice of Funding Opportunity (NOFO) # 693JK321NF0002. 1. Remote Monitoring Technology 2. Artificial Intelligence Automation Solutions

CRITERIA FOR SELECTING PROPOSALS:

PHMSA developed evaluation criteria to rate and select competing applications. Submission of an application is not a guarantee of award. PHMSA may, at its discretion, award a grant based on an application in its entirety, award only portions of a grant based on its application, or not award a grant at all. Applications will be evaluated against the following evaluation criteria: 1. The extent to which the applicants proposal meets the research topic area needs; 2. The extent to which the applicants proposed research topic solution can be readily implemented; 3. The extent to which the applicants proposal identifies research partnership(s) and subject matter expert involvement, as well as how involved the identified partner(s) will be in the project; 4. The extent to which the applicants proposal clearly establishes work scope, tasks, milestones, and estimated project costs that align with project goals and objectives, as well as whether any potential risks have been identified and mitigated; 5. The extent to which the applicants proposed plan involves students and defines their specific tasks and commitment to the project; and 6. Whether the location of the project(s) is a Qualified Opportunity Zone designated pursuant to 26 U.S.C. 1400Z-1. In addition, PHMSA expects the proposed results of the projects to be factual, unbiased, verifiable, and repeatable to the extent practicable. Applicants should also be aware that a cooperative agreement will not convey any authority to recipients to secure information or cooperation from pipeline operators.

Capital Construction Fund (CCF),

FEDERAL AGENCY:

MARITIME ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

Merchant Marine Act of 1936, Section 607, Statue 1018 U.S.C., Public Law 91-469, 46 USC Code 53501 - 53517.

OBJECTIVES:

To provide for replacement vessels, additional vessels or reconstructed vessels, built and documented under the laws of the United States for operation in the United States foreign, Great Lakes, Marine Highways or noncontiguous domestic trades.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The capital construction fund program is a program created to help rejuvenate the American Merchant Marine. The assistance provided is not through payment of appropriated funds, but rather allows the fund holder to defer a portion of tax monies that would otherwise be paid to the U.S. Government during the tax year. The extension of tax deferral privileges encourages the accomplishment of the program objective by allowing the fund holder to accumulate and use otherwise taxable earnings for the purposes of acquiring, constructing or reconstructing vessels built and documented in the United States and operated in the United States foreign, Great Lakes or noncontiguous domestic trade and in the fisheries.

Applicant Eligibility:

Individual/Family; Profit organization; An applicant must be a U.S. citizen, own or lease one or more eligible vessels, have a program for the acquisition, construction or reconstruction of a qualified vessel and demonstrate the financial capabilities to accomplish the program.

20.812 Construction Reserve Fund

Construction Reserve Fund (CRF),

FEDERAL AGENCY:

MARITIME ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

Merchant Marine Act of 1936, Section 511, Public Law 74-835, 46 USC Code 1161.

OBJECTIVES:

To promote the construction, reconstruction, reconditioning, or acquisition of merchant vessels built and documented under the laws of the United States for purposes of national defense and the development of U.S. commerce.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The Construction Reserve Fund (CRF), authorized under 46 USC 1161, is a financial assistance program which provides tax deferral benefits to U.S. flag operators. The CRF permits the fundholder to deposit gains attributable to the sale of, or indemnification for, loss of vessels and to defer tax on such gains provided the gains are to be reinvested in vessels. Also the CRF allows the accumulation of earnings from operations of vessels documented in the U.S., or the earnings from the investment of the Fund. The ability to accumulate funds and the tax deferral

provision have enabled fundholders to construct or reconstruct in the United States, and documented under the laws of the United States, larger and better-equipped vessels, to reduce mortgage debt on the vessels, and to construct a greater number of vessels than would be possible without the program.

Applicant Eligibility:

Profit organization; Anyone/general public; A Construction Reserve Fund (CRF) may be established by any citizen of the United States who owns, in whole or in part, a vessel or vessels operating in the foreign or domestic commerce of the U.S., or in the fisheries. Additionally, any citizen who is operating such vessel or vessels owned by another individual may establish a CRF.

Beneficiary Eligibility:

Industrialist/ Business person; U.S. Citizen; Any citizen of the United States who owns, in whole or in part, a vessel or vessels operating in the foreign or domestic commerce of the U.S. or in the fisheries. Additionally, any citizen who is operating such vessel or vessels owned by another individual.

20.816 Americas Marine Highway Grants

Marine Highway Program,

FEDERAL AGENCY:

MARITIME ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

2016 National Defense Authorization Act, , Public Law 114-113, 2010 National Defense Authorization Act (Section 3515), , Public Law 111-84, 46 Section 55601(g) USC Code 55601 (g). Title Coast Guard and Maritime Transportation Act of 2012, Part Public Law 112-213,

OBJECTIVES:

Mitigate landside congestion, expand transportation options, and realize public benefit and external cost savings by awarding Marine Highway grants to qualified applicants to implement designated Marine Highway projects.

TYPES OF ASSISTANCE:

Cooperative Agreements, Project Grants, Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

The assistance will be used to expand the use of water transportation using through designated Marine Highway Projects to create new or expand existing services along designated Marine Highway Routes.

Applicant Eligibility:

State; State (includes District of Columbia, public institutions of higher education and hospitals); Public nonprofit institution/organization (includes institutions of higher education and hospitals); Government - General; U.S. Territories and possessions; Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); Sponsored organization; Interstate; Intrastate; Other public institution/organization: Grant applicants must be public agencies at the state, regional or local level including, but not limited to, Metropolitan Planning Organizations, State governments (including State Departments of

Transportation) and port authorities. They must also have had their projects for which they are requesting funds be designated as Marine Highway Projects by the Secretary of Transportation under Americas Marine Highway Program (110th Congress, Public Law 110-140). In order to receive a grant under this program, applicants must submit an application to the Secretary and demonstrate that the project is financially viable, the funds will be spent efficiently and effectively, and that a market exists for the services of the proposed project as evidenced by contracts or written statements of intent from potential customers. An applicant shall provide at least 20 percent of the project costs from non-Federal sources. In awarding grants under the program, the Secretary shall give a preference to those projects or components that present the most financially viable transportation services and require the lowest percentage Federal share of the costs." Eligible applicants include those entities defined within OMB 2 CFR 200 excluding Federal agencies due to matching-fund regulatory requirements.

Beneficiary Eligibility:

U.S. Territories; Interstate; Intrastate; State; Local; Major Metropolis (over 250,000); Other Urban; Suburban; Rural; Public nonprofit institution/organization; Other public institution/organization; Federally Recognized Indian Tribal Governments; Eligible beneficiaries include those entities defined in OMB 2CFR 200.

Credentials/Documentation:

The following documentation is required: 1. First page of application: A. Marine Highway Project name (as stated in the Departments Letter of Designation) B. Primary point of contact for applicant C. Amount of dollars of Grant Funds the applicant is seeking, sources and share of other matching funds. D. Summary of what the grant funding will be used for E. Project parties F. Recipients of Marine Highway grants and their first-tier sub-awardees will be required to have a DUNS number (<http://www.dnb.com>) and a current registration in the Central Contractor Registration (<http://www.ccr.gov>). While these items do not need to be provided as part of the application, a Marine Highway Grant will not be awarded if a recipient or first-tier sub-awardee does not have these items. 2. Contact Information: An application should include the name, phone number, e-mail address and organization address of the primary point of contact for the applicant. The Department will use this information to inform parties of the Departments decision regarding selection of grantees, as well as to contact parties in the event that the Department needs additional information about the application. 3. Grant Funds and Sources and Uses of Project Funds: An application should include information about the amount of grant funding requested, sources and uses of all project funds, total project costs, percentage of project costs that would be paid for with Marine Highway Grant funds and the identity and percentage shares of all parties providing funds for the project (including Federal funds provided under other programs). 4. Selection Criteria: In general, applications will be evaluated based on the information provided in the original application for designation as a Marine Highway Project as set forth in the (final rule). However, as addressed in section (IV) Selection Criteria of this notice, applicants may provide additional information. This information should be provided in the order it was solicited in the (final rule). 5. National Environmental Policy Act Requirement: An application must detail whether the project will significantly impact the natural, social and/or economic environment. If the NEPA process is completed, an applicant must indicate the date of, and provide a Web site link or other reference to, the final Categorical Exclusion, Finding of No Significant Impact or Record of Decision. If the NEPA process is underway but not complete, the application must detail where the project is in the process, indicate the anticipated date of completion and provide a website link or other reference to copies of any NEPA documents prepared. 6. Environmentally Related Federal, State and Local Actions: An application must indicate whether the proposed project is likely to require actions by other agencies (e.g., permits), indicate the status of such actions and provide a website link or other reference to materials submitted to the other agencies, and/or demonstrate compliance with other Federal, State and local regulations as applicable. 7. Certification Requirements: In order for an application to be considered for a grant award, the Chief Executive Officer of the applicant is required to certify, in writing, to the following: A. That, except as noted in this grant application, nothing has changed from the original application for formal designation as a Marine Highway Project. B. The project sponsor will administer the project and any funds received will be spent efficiently and effectively. C. Applicants will provide information, data and reports as required by the grantor 2 CFR 200, Sub-part E - Cost Principles applies to this program.

ASSISTANCE LISTINGS DESCRIPTIONS

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. As stated in the Notice of Funding Opportunity, Section 55601 of Title 46 of the United States Code directs the Secretary to establish a short sea transportation grant program to implement projects or components of designated projects. The Final Rule for Americas Marine Highway Program (46 CFR Part 393) provides the criteria to submit an application to become a designated Marine Highway Project. From the Notice of Funding Availability, Requirements of the National Environmental Policy Act (NEPA) may apply. Applicants should consult 40 CFR Section 1500 if there are any questions regarding NEPA requirements. An application must detail whether the project will significantly impact the natural, social and/or economic environment. If the NEPA process is completed, an applicant must indicate the date of, and provide a Web site link or other reference to, the final Categorical Exclusion, Finding of No Significant Impact or Record of Decision. If the NEPA process is underway but not complete, the application must detail where the project is in the process, indicate the anticipated date of completion and provide a website link or other reference to copies of any NEPA documents prepared.

CRITERIA FOR SELECTING PROPOSALS:

Three criteria will be considered in the evaluation process, which were established in the final rule. This information will have been provided by applicants during the project designation process. No additional applicant input is required to address these criteria. These criteria establish the degree to which projects are expected to: 1. Reduce external cost and provide public benefit, 2. Offer a lower-cost alternative to increasing land-based capacity in the Corridor, and 3. Demonstrate the likelihood of becoming self-supporting in a specified and reasonable timeframe. Applicants may, however opt to provide additional information specific

to the above criteria if they desire. In evaluating this option, applicants should consider paragraph (g)(2)(B) of section 3515 of the National Defense Authorization Act of 2010, which requires that, in order to receive a grant under the program, the following factors will be taken into consideration: 1. Applicants shall demonstrate to the satisfaction of the Secretary that the funds received will be spent efficiently and effectively, 2. Applicants shall demonstrate to the satisfaction of the Secretary that a market exists for the services of the proposed project as evidenced by contracts or written statements of intent from potential customers, 3. An applicant shall provide at least 20 percent costs from non-Federal sources, and, 4. In awarding grants or cooperative agreements under the program, the Secretary shall give preference to those projects or components that present the most financially viable transportation services and require the lowest percentage Federal share of the costs. While the criteria above were generally addressed in the original Marine Highway Project application requirements (Section 393.4(e)(1)(G); Proposed Project Timeline; and (F)(ii) and (i); Business Planning, respectively), these more specific requirements may warrant submission of additional information in response to this Notice of Funding Availability. It is important that this information is available to the Department during the grant evaluation process.

ASSISTANCE LISTINGS DESCRIPTIONS

Management System (BWMS) User Guide (the Guide) simplifies the complex regulatory framework by providing step-by-step methods for integrating and operating a compliant BWMS. A successful BWM program will equally prioritize compliance with safe operations for vessels and their crew. This Guide covers all aspects of the BWMS life cycle, in three parts: Part A - Planning, installation, and commissioning; Part B - Maintaining compliance, monitoring, and enforcement; Part C - Training, equipment maintenance, and repair.

CRITERIA FOR SELECTING PROPOSALS:

In general, proposals are selected based on, among other things, the scope of the project and how it meets the requirements of the United States Government, the qualifications of the applicant, and cost. Specific evaluation factors, and the order of importance, will be included in a Notice of Funding Opportunity posted in [grants.gov](https://www.grants.gov).

20.821 Women on the Water (WOW)

WOW Conference,

FEDERAL AGENCY:

MARITIME ADMINISTRATION, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

Maritime Education and Training Act of 1980, , Public Law 96-453, 46 USC Code 51301-51317.

OBJECTIVES:

The purpose of the WOW program is to promote diversity in the maritime industry. The program also provides exposure to the history and the current climate women face today in the maritime industry. It provides opportunities for the cadets to interact and network with cadets from other maritime academies, as well as current female leaders in the maritime industry. Career opportunities and maritime organizations for women in the industry are highlighted. It also provides an introduction to the Maritime Administration (MARAD) and its female leadership, as well as an update on current issues impacting the maritime industry and its workforce, especially those that impact the lives of women.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Financial assistance is used to support the WOW program activities with any number of items to promote maximum participation by the maritime academy cadets and midshipmen to include, but not be limited to, the following, event space or facility, audio/visual equipment, printed material, or to assist with the cost for hosting maritime academy cadets (linen cost, etc.)

Applicant Eligibility:

Federal; Public nonprofit institution/organization (includes institutions of higher education and hospitals); State; Eligible applicants for financial assistance for WOW program activities are the six State Maritime Academies, regional maritime academies, and the U.S. Merchant Marine Academy.

Beneficiary Eligibility:

Individual/Family; Student/Trainee; Women; Beneficiaries are individuals attending the State Maritime Academies and the U.S. Merchant Marine Academy.

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching Requirements: Percent: 80%. Requirement: Matching requirements are voluntary. The Act requires that the Federal share of the costs for which an expenditure is made under a PIDP grant may not exceed 80 percent; however, the Secretary of Transportation may increase the Federal share of costs above 80 percent for: (1) large project grant awards less than \$10 million; or, (2) grants awarded to small projects at small ports under 46 U.S.C. 50302(d). Voluntary cost sharing is a selection criterion. Matching requirements are voluntary. MOE requirements are not applicable to this assistance listing. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

Funding has been provided only in FY2021. To ensure the funds are expended in a timely manner, the Department, to the extent possible, seeks to obligate PIDP funds by September 30, 2024. The Department also seeks to expend funds within five years of obligation. DOT will determine an appropriate period of performance for each award based on the schedule of the proposed construction project. Assistance is provided on a reimbursable basis. Method of awarding/releasing assistance: lump sum.

Reports:

Quarterly Financial Reporting Each applicant selected for Port Infrastructure Development Program Grants funding must submit quarterly progress reports and Federal Financial Reports (SF425) to monitor project progress and ensure accountability and financial transparency in the Port Infrastructure Development Program. Each applicant selected for Port Infrastructure Development Program Grants funding must submit quarterly progress reports and Federal Financial Reports (SF425) to monitor project progress and ensure accountability and financial transparency in the Port Infrastructure Development Program. The Department is required to report annually on port performance (see Sec. 6314 of the FAST Act). To help the Department more accurately assess port performance, Port Infrastructure Development Program grant recipients will be required to enter a data sharing agreement to submit to the Department information where consistent data related to the project, particularly on cargo throughput, is not publicly available and difficult to collect from Ports and port terminals.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 Covered by 2 CFR 200, subpart F.

20.930 Payments for Small Community Air Service Development

Small Community Program or SCASDP Payments for Small Community Air Service Development,

FEDERAL AGENCY:

OFFICE OF THE SECRETARY, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

OBJECTIVES:

To help small communities enhance their air service and increase access to the national transportation system.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Grants for specified use, provided on a reimbursable basis. Grant funds can be used to cover a variety of expenses depending on the approved project. For example, funds can be expended for air carrier financial incentives, including revenue guarantees to cover the air carrier's prospective operating loss. Other expense examples include marketing, advertising or promotional activities associated with current or new or existing air service, studies designed to measure air service deficiencies, or to measure traffic loss or diversion to other communities; and the use of consulting firms, universities, public relations firms, and air service development assistance.

Applicant Eligibility:

Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; Small communities that meet that following statutory criteria under 49 U.S.C. 41743, as amended, may apply for a SCASDP grant: 1) The airport serving the community or consortium is not larger than a small hub airport, as determined using the FAA's most recently published classification effective on the date that the community or consortium file an application; 2) the airport has insufficient air carrier service or unreasonably high airfares; 3) the airport presents characteristics, such as geographic diversity or unique circumstances, that demonstrate the need for, and feasibility of, grant assistance from the Small Community Program; 4) an applicant may not receive an additional grant to support the same project more than once in a 10-year period, except in certain circumstances; and 5) an applicant may not receive an additional grant, prior to the completion of its previous grant. Federal Awards Information: No more than 4 communities or consortia of communities, or a combination thereof, from the same State may be selected to participate in the program in any fiscal year. No more than 40 communities or consortia of communities, or a combination thereof, may be selected to participate in the program in each year for which the funds are appropriated. Applications for renewal or supplementation of existing projects are not eligible to compete with applications for new Federal awards. Consortium Applications: Both individual communities and consortia of communities are eligible for SCASDP funds. An application from a consortium of communities must be one that seeks to facilitate the efforts of the communities working together toward one joint grant project, with one joint objective, including the establishment of one entity to ensure that the joint objective is accomplished. Multiple Applications: A community may file only one application for a grant, either individually or as part of a consortium. Prior grant recipients, communities or members of a consortia, that were awarded grants in previous years and want to apply for a grant this year should be aware that they are precluded from seeking new funds for projects for which they have already received an award under the Small Community Program.

Beneficiary Eligibility:

State; Local; The legal sponsor of the proposed project must be a government entity. If the applicant is a public-private partnership, a public government member of the organization must be identified as the community's sponsor to receive project cost reimbursements. A community may designate only one government entity as the legal sponsor, even if it is applying as a consortium that consists of two or more local government entities. Private organizations may not be designated as the legal sponsor of a grant under the Small Community Program. The community has the responsibility to ensure that the recipient of any funding has the legal authority under state and local laws to carry out all aspects of the grant.

Credentials/Documentation:

Communities must apply for the grant program by submitting a project proposal with required data to justify its proposal in accordance with the Department-issued Notice of Funding Opportunity. 2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

ASSISTANCE LISTINGS DESCRIPTIONS

Requirements for Federal Awards applies to this program. A NOFO soliciting applications from eligible communities are typically issued each year. The NOFO can be accessed on the internet through <http://www.grants.gov>. Additionally, the solicitation is served on the Council of Mayors, the National League of Cities, the National Governors Association, the National Association of State Aviation Officials, the Association of County Executives, the American Association of Airport Executives (AAAE), and the Airports Council International-North America (ACI).

Award Procedure:

Applications will be evaluated according to factors established in the NOFO and under the guidance of the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (Pub. L. No. 106-181), reauthorized by the Vision 100-Century of Aviation Reauthorization Act (Pub. L. No. 108-176), and subsequently reauthorized by the FAA Modernization and Reform Act of 2012 (Pub. L. No. 112-95), as amended, the Disaster Tax Relief and Airport and Airway Extension Act of 2017 (Pub. L. No. 115-63), and the FAA Reauthorization Act of 2018 (Pub. L. No. 115-254), and for FYs 2019, 2020, and 2021 awards, under the guidance of the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (Pub. L. No. 116-260).

Deadlines:

For FY 2019, Applications were due to www.grants.gov no later than 4:00 PM EST on March 1, 2021.

For FY 2020, application dates are to be determined.

Range of Approval/Disapproval Time:

Other. Can vary from year to year. However, the target is to award grants within 120 days from the established application deadline.

Appeals:

Not Applicable.

Renewals:

Other. Application procedures are repeated each year. However, grant recipients are precluded by statute from seeking additional grants in support of the same project. A community can only have one Small Community Program grant at any time. 49 U.S.C. Section 41743(c)(4).

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching requirements are not applicable to this assistance listing. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

The period for awards will vary with the complexity of the project. For FY 2019, the minimum grant duration is three years; the maximum duration is five years. (The statute limits use of grant funds for air carrier subsidy to a maximum period of three years, beginning when subsidized service commences.) Financial assistance is provided on a reimbursable basis; cash advances will not be made. Method of awarding/releasing assistance: other

Reports:

Semi-annual progress reports, and a final report are required. Unless otherwise noted, each grantee must submit semi-annual reports on the progress made during the previous period in implementing its grant project. In addition, each community will be required to submit a final report on its project to the Department, and 10 percent of the grant funds will not be reimbursed to the community until such a final report is received. Additional information on award administration for selected communities will be provided in the grant agreement. Agency requires reimbursement request using electronic form that self calculates prorated government obligation. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with the provisions of 2 CFR 200, Subpart F Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

SCASDP also is subject to the A-123 review process.

Records:

The grant recipient is expected to retain all documents relevant to the grant award for a period of 3 years from completion of all projects undertaken pursuant to the Grant Agreement and receipt of final reimbursement from the Treasury.

CRITERIA FOR SELECTING PROPOSALS:

There are two categories of selection criteria: Priority Selection Criteria and Secondary Selection Criteria. Applications that meet one or more of the priority selection criteria will be viewed more favorably than those that do not meet any priority selection criteria. In conducting its review, the Department will concurrently examine the applications alignment with both the Priority and Secondary Selection Criteria. Priority Selection Criteria: 1. Air fares are higher than the national average air fares for all communities. The Department will compare the local community's air fares to the national average air fares for all similar markets. Communities with market air fares significantly higher than the national average air fares in similar markets will receive priority consideration. The Department calculates these fares using data from the Bureau of Transportation Statistics (BTS) Airline Origin and Destination Survey data. The Department evaluates all fares in all relevant markets that serve a SCASDP community and compares the SCASDP community fares to all fares in similar markets across the country. Each SCASDP applicant's air fares are computed as a percentage above or below the national averages. The report compares a community's air fares to the average for all other similar markets in the country that have similar density (passenger volume) and similar distance characteristics (market groupings). All calculations are based on 12-month ended periods to control for seasonal variation of fares. 2. The community or consortium will provide a portion of the cost of the activity from local sources other than airport revenue sources. DOT will consider whether a community or consortium proposes local funding for the proposed project. Applications providing proportionately higher levels of cash contributions from sources other than airport revenues will be viewed more favorably. Applications that provide multiple levels of contributions (state, local, airport, cash and in-kind contributions) will also be viewed more favorably. 3. The community

ASSISTANCE LISTINGS DESCRIPTIONS

or consortium has established or will establish a public-private partnership to facilitate air carrier service to the public. DOT will consider a community or consortiums commitment to facilitate air carrier service in the form of a public-private partnership. Applications that describe in detail how the partnership will actively participate in the implementation of the proposed project will be viewed more favorably.4. The assistance will be used to help restore scheduled passenger air service that has been terminated. The Department will consider factors including the circumstances surrounding the cessation of service, the extent to which market circumstances have changed warranting the restoration of service, and the reasonableness of the applicants plan to restore service (and, where appropriate, the length of time since the service was last operated). Applications where changed circumstances would support the viability of replacement service, will be viewed more favorably. 5. The assistance will provide material benefits to a broad segment of the traveling public, including businesses, educational institutions, and other enterprises, whose access to the national air transportation system is limited. DOT will consider whether the proposed project would provide, to a broad segment of the communitys traveling public, important benefits relevant to the community. Examples include service that would offer new or additional access to a connecting hub airport, service that would provide convenient travel times for both business and leisure travelers that would help obviate the need to drive long distances, and service that would offer lower fares.6. The assistance will be used in a timely manner. The Department will consider whether a proposed project provides a well-defined strategic plan and reasonable timetable for use of the grant funds. In the Departments experience, a reasonable timetable for use of grant funds includes two years to complete studies, three years for marketing and promotion of the airport, community, carrier, or destination, and four years for projects that target a revenue guarantee, subsidy, or other financial incentives. Applicants are asked to describe how their projects can be accomplished within this timetable, including whether the airport and proposed air service provider have the requisite authorities and certifications necessary to carry out the proposed projects. In addition, because of this emphasis placed on timely use of funds, applicants proposing new service are asked to describe the airport and whether it can support the proposed service, including whether the airport holds, or intends to apply for, an airport operating certificate issued under 14 C.F.R. Part 139. Air service providers proposed for the new service must have met or be able to meet in a reasonably short period of time, all Department requirements for air service certification, including safety and economic authorities.7. Multiple communities cooperate to submit a regional or multistate application to consolidate air service into one regional airport. DOT will consider whether a proposed project involves a consortium effort to consolidate air service into one regional airport. This is a new statutory priority criterion, added pursuant to Section 429 of the FAA Modernization and Reform Act of 2012 (P.L. 112-95).Secondary Selection Criteria:1. Innovation. DOT will consider whether an application proposes new and creative solutions to the transportation issues facing the community, including: the extent to which the applicants proposed solution(s) to solving the problem(s) is new or innovative, including whether the proposed project utilizes or encourages intermodal or regional solutions to connect passengers to the communitys air service (i.e., cost-effective inter/intra city passenger bus service, marketing of intermodal surface transportation options also available to air travelers, or projects that have a positive impact on travel and tourism); and whether the proposed project, if successfully implemented, could serve as a working model for other communities.2. Community Participation. DOT will consider whether an application has broad community participation, including: whether the proposed project has broad community support; and the communitys demonstrated commitment to and participation in the proposed project.3. Location. DOT will consider the location and characteristics of a community: the geographic location of each applicant, including the communitys proximity to larger centers of air service and low-fare service alternatives; the population and business activity, as well as the relative size of each community; and whether the communitys proximity to an existing or prior grant recipient could adversely affect either its proposal or the project undertaken by the other recipient.4. Other Factors. DOT will also consider whether the proposed project clearly addresses the applicants stated problems; the communitys existing level of air service and whether that service has been increasing or decreasing; whether the applicant has a plan to provide any necessary continued financial support for the proposed project after the requested grant award expires; the grant amount requested compared with total funds available for all communities; the proposed federal grant amount requested compared with the local share offered; any letters of intent from airline planning

departments or intermodal surface transportation providers on behalf of applications that are specifically intended to enlist new or expanded air service or surface transportation service in support of the air service in the community; whether the applicant has plans to continue with the proposed project if it is not self-sustaining after the grant award expires; and equitable and geographic distribution of available funds. Full community participation is a key goal of this program as demonstrated by the statutes focus on local contributions and active participation in the project. Therefore, applications that demonstrate broad community support will be more attractive. For example, communities providing proportionately higher levels of cash contributions from other than airport revenues will have more attractive proposals. Communities that provide multiple levels of contributions (state, local, airport, cash and in-kind contributions) also will have more attractive proposals. Similarly, communities that demonstrate participation in the development and execution of the proposed air service project will enhance the attractiveness of their proposals.

20.934 Nationally Significant Freight and Highway Projects

Infrastructure For Rebuilding America,

FEDERAL AGENCY:

OFFICE OF THE SECRETARY, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

The Fixing Americas Surface Transportation Act (FAST Act), Section 1105 Nationally Significant Freight and Highway Projects (NSFHP) program, Pub. L. 114-94, section 1105 (23 U.S.C. 117), , Public Law 114-94, 23 USC Code 117.

OBJECTIVES:

The Nationally Significant Freight and Highway Projects (NSFHP) program will provide Federal financial assistance to highway, freight rail, port, and intermodal projects of national or regional significance.

TYPES OF ASSISTANCE:

Project Grants, Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

The FAST Act authorizes the Nationally Significant Freight and Highway Projects program at \$4.5 billion for fiscal years (FY) 2016 through 2020 (extended for FY 2021 at \$1 billion), to be awarded by DOT on a competitive basis to projects of national or regional significance that meet statutory requirements. NSFHP grants may be used for the construction, reconstruction, rehabilitation, acquisition of property (including land related to the project and improvements to the land), environmental mitigation, construction contingencies, equipment acquisition, and operational improvements directly related to system performance. NSFHP grants may also fund developmental phase activities, including planning, feasibility analysis, revenue forecasting, environmental review, preliminary engineering, design, and other preconstruction activities, provided the project meets statutory requirements including that they are based on the results of preliminary engineering. All projects funded with NSFHP grants must be reasonably expected to begin construction not later than 18 months after the date funds are obligated for the project. The Department will divide grants under the NSFHP program into large and small projects. For large projects, the FAST Act specifies that NSFHP grants must be at least \$25 million. For small projects, the grants must be at least \$5 million. For both large and small projects, maximum NSFHP awards may not exceed 60 percent of future eligible project costs. Ten percent of available funds,

ASSISTANCE LISTINGS DESCRIPTIONS

are reserved for small projects. Applicants are strongly encouraged to submit applications only for eligible award amounts. Pursuant to the FAST Act and its Extension, not more than \$600 million in aggregate of the \$5.5 billion authorized for NSFHP grants over fiscal years 2016 to 2021 may be used for grants to freight rail, water (including ports), or other freight intermodal projects that make significant improvements to freight movement on the National Highway Freight Network. Only the non-highway portion(s) of multimodal projects count toward the \$600 million maximum. Improving freight movement on the National Highway Freight Network may include shifting freight transportation to other modes, thereby reducing congestion and bottlenecks on the National Highway Freight Network. The Federal share for projects that count toward the \$600 million maximum may fund only elements of the project that provide public benefit. Grade crossing and grade separation projects do not count toward the \$600 million maximum for freight rail, port, and intermodal projects. The FAST Act directs at least 25 percent of the funds provided for NSFHP grants, are to be used for projects located in rural areas, as defined in Section C.3.iv. If the Department does not receive enough qualified applications to fully award the 25 percent reserved for rural projects, the Department may use the excess funding for non-rural awards. DOT must consider geographic diversity among grant recipients, including the need for a balance in addressing the needs of urban and rural areas. The FAST Act allows an NSFHP grant recipient to use NSFHP funds granted to pay the subsidy and administrative costs necessary to receive credit assistance for the associated project under the Transportation Infrastructure Finance and Innovation Act of 1998 (TIFIA) program.

Applicant Eligibility:

State (includes District of Columbia, public institutions of higher education and hospitals); Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; State; U.S. Territories and possessions; Federally Recognized Indian Tribal Governments; Eligible applicants for NSFHP grants are 1) a State or group of States; 2) a metropolitan planning organization that serves an urbanized area (as defined by the Bureau of the Census) with a population of more than 200,000 individuals; 3) a unit of local government or group of local governments; 4) a political subdivision of a State or local government; 5) a special purpose district or public authority with a transportation function, including a port authority; 6) a Federal land management agency that applies jointly with a State or group of States; 7) a tribal government or a consortium of tribal governments; or 8) a multi-State or multijurisdictional group of public entities. Multiple States or jurisdictions that submit a joint application must identify a lead applicant as the primary point of contact. Each applicant in a joint application must be an Eligible Applicant. Joint applications must include a description of the roles and responsibilities of each applicant and must be signed by each applicant.

Beneficiary Eligibility:

Notice of Funding Opportunities (NOFO) for this listing will be posted on Grants.gov.

Award Procedure:

The FAST Act and associated Extension authorizes the NSFHP program at \$5.5 billion for fiscal years (FY) 2016 through 2021, to be awarded by DOT on a competitive basis to projects of national or regional significance that meet statutory requirements. NSFHP grants may be used for the construction, reconstruction, rehabilitation, acquisition of property (including land related to the project and improvements to the land), environmental mitigation, construction contingencies, equipment acquisition, and operational improvements directly related to system performance. NSFHP grants may also fund developmental phase activities, including planning, feasibility analysis, revenue forecasting, environmental review, preliminary engineering, design, and other preconstruction activities, provided the project meets statutory requirements including that they are based on the results of preliminary engineering. All projects funded with NSFHP grants must be reasonably expected to begin construction not later than 18 months after the date funds are obligated for the project.

Formula and Matching Requirements:

Statutory Formula: Title 23, Chapter 202, Part 117, Subpart ,Public Law 114-94 section 1105. Matching Requirements: Percent: 20%. Requirement: Matching requirements are voluntary. NSFHP grants may be used for up to 60 percent of future eligible project costs. Other Federal assistance may satisfy the non-Federal share requirement for an NSFHP grant, but total Federal assistance for a project receiving an NSFHP grant may not exceed 80 percent of the future eligible project costs. Unless otherwise authorized in statute, local cost-share that exceed the 80 percent Federal-share maximum will not be considered matching funds if the source of those funds is ultimately a Federal program. Non-Federal sources include State funds originating from programs funded by State revenue, local funds originating from State or local revenue funded programs, private funds or other funding sources of non-Federal origins. Funds from the Tribal Transportation Program (23 U.S.C. 202), TIFIA, a Federal land management agency, or other Federal source that is expressly authorized in statute may be used for the non-Federal share. Unless otherwise authorized in statute, local cost-share may not be counted as non-Federal share for both the NSFHP and another Federal program. For any project, the Department cannot consider previously incurred costs or previously expended or encumbered funds towards the matching requirement. Matching funds are subject to the same Federal requirements as awarded funds. This program has MOE requirements, see funding agency for further details. Additional Information: .

20.935 State and Local Government Data Analysis Tools for Roadway Safety

Safety Data Initiative,

FEDERAL AGENCY:

OFFICE OF THE SECRETARY, TRANSPORTATION, DEPARTMENT OF AUTHORIZATION:

49 USC Code 330(e). Public Law 115-141

OBJECTIVES:

The purpose of this NOFO is to advance the U.S. Department of Transportation (DOT) safety strategic goal, which includes using a data-driven systemic safety approach, by providing funding to build the capacity of State, local, and Tribal governments to use tools and information for policy and decision-making to improve roadway safety. The NOFO is an important next step in the Safety Data Initiative (SDI), which focuses on leveraging data integration, data visualization, and the use of advanced analytics to better understand surface transportation safety risks. Participants will develop, refine, and deploy roadway safety tools that address specific safety problems, which are an identified area of need for State, local, and Tribal practitioners. This will accelerate the roadway safety community's ability to gain new safety insights from data and apply information in a meaningful way that can lead to more precise, informed, effective, and/or efficient practices.

Reports:

Program Reports provide the explanation of noncompliance with a statement addressing the failure to achieve program goals (if applicable). Progress Reports includes the Performance Progress Report (PPR) (1559-0050), which requires recipients to submit data documenting their progress towards fulfilling applicable Performance Goals and Measures. Expenditure Reports include the Uses of Award Report (1559-0032). Performance Monitoring is also accomplished with the financial review of Audited Financial Statements or Single Audits conducted

pursuant to 2 C.F.R. 200, Subpart F - Audit Requirements. FA recipients are also required to submit Transaction Level Reports (TLR) (1559-0027). The Annual Certification and Data Collection Report (ACR) (1559-0046) is submitted by certified CDFIs that receive NACA Program award funds. The ACR requires a certified CDFIs to annually assess and report on any changes to criteria supporting its CDFI certification, as well as additional organizational, financial, and other data. The CDFI Fund uses this report to monitor the certified CDFIs compliance with certification criteria and collect data to gain greater insight into the CDFI industry.

BGP,

FEDERAL AGENCY:

COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS, TREASURY, DEPARTMENT OF THE

AUTHORIZATION:

Title The Small Business Jobs Act of 2010, Section 1134, Public Law 111-240

OBJECTIVES:

To support community development lending and investment by providing a source of long-term capital to certified Community Development Financial Institutions (CDFIs) for economic and community development in low-income communities and underserved rural areas.

TYPES OF ASSISTANCE:

Guaranteed/Insured Loans

USES AND USE RESTRICTIONS:

Through the CDFI Bond Guarantee Program, the U.S. Department of the Treasury will provide a 100 percent guarantee on the principal and interest of Bonds issued by Qualified Issuers. No guarantee amount may be less than \$100,000,000, provided the total of all such guarantees in any one fiscal year may not exceed \$500,000 (subject to appropriations). By legislative design, the CDFI Bond Guarantee Program is a zero subsidy credit program. In accordance with Federal credit policy, the Federal Financing Bank will purchase Bonds issued by Qualified Issuers. The maximum maturity of the bonds is 29.5 years. Qualified Issuers as pass-through entities (not as obligors) will lend the Bond proceeds to Eligible CDFIs. The loans to Eligible CDFIs must be used for Eligible Community or Economic Development Purposes. Bond and Bond Loan rates and terms will vary.

Applicant Eligibility:

Public nonprofit institution/organization (includes institutions of higher education and hospitals); Other public institution/organization; Profit organization; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Other private institutions/organizations; The Act defines Eligible CDFIs and authorizes the Community Development Financial Institutions Fund (CDFI Fund) to determine which entities may serve as Qualified Issuers.

Beneficiary Eligibility:

Small business; Profit organization; Private nonprofit institution/organization; Other private institution/organization; Native American Organizations; Public nonprofit institution/organization; Other public institution/organization; Federally Recognized Indian Tribal Governments; Eligible CDFIs must use the Bond Proceeds for Eligible Community and Economic Development Purposes. This may include, but is not limited to, lending activities in low-income communities and underserved rural areas such as: owner-occupied home mortgages, charter schools, and municipal and community entity lending, among others.

21.016 Equitable Sharing

FEDERAL AGENCY:

TREASURY, DEPARTMENT OF THE

AUTHORIZATION:

The Comprehensive Crime Control Act of 1984, , 31 USC Code 9705.

OBJECTIVES:

The Department of the Treasury Asset Forfeiture Program is a nationwide law enforcement initiative that removes the tools of crime from criminal organizations, deters crime and deprives wrongdoers of the proceeds of their criminal proceeds, and recovers property that may be used to compensate victims. Equitable sharing further enhances the law enforcement mission by fostering cooperation among federal, state, and local law enforcement agencies. Federal law authorizes Treasury to share federally forfeited property with participating state and local law enforcement agencies. Equitable sharing is discretionary and limited by statute. The U.S. Department of the Justice administers a similar program.

The U.S. Department of the Justice administers a similar program.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The Comprehensive Crime Control Act of 1984 authorized federal officials to implement a national asset forfeiture program. One ancillary benefit of asset forfeiture is the authorization to share federal forfeiture proceeds with cooperating state and local law enforcement agencies, which provides agencies with valuable additional resources without burdening tax payer dollars. The Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Guide) outlines the policies and procedures governing the receipt, use, maintenance and reporting of forfeited funds received through the Department of the Treasury Equitable Sharing Program (Program). The Guide is supplemented with the National Code of Professional Conduct for Asset Forfeiture and all Program participants must ensure compliance with the Code. Except as noted in the Guide, equitably shared funds must be used by law enforcement agencies for law enforcement purposes only. Permitted expenditures listed in the Guide are preapproved uses of shared funds and property, subject to policies and statutes governing the use of public funds. The fact that shared property was forfeited as a result of a particular federal violation does not limit its use.

Applicant Eligibility:

Federal; Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals); State; A state or local law enforcement agency meeting eligibility requirements set forth in the Guide and that directly participates in an investigation or prosecution that results in a federal forfeiture may request an equitable share of the net proceeds of the forfeiture. For purposes of equitable sharing, the Department of Treasury defines law enforcement agency as a state or local government organization authorized to engage in as its primary function the investigation and apprehension, or the prosecution of individuals suspected or convicted of offenses against the criminal laws of the United States or of any state, county, municipality, or territory of the United States. A State National Guard generally does not meet the law enforcement agency criteria for participation in the Program because its primary mission is a military or other non-law enforcement purpose. However, a National Guard Counterdrug Unit may qualify for sharing if: (1) It is a distinct unit of a state National Guard that has counterdrug activities as its primary mission and receives funding solely for this purpose; or (2) It is a military police or similar state National Guard unit that provides support to federal law enforcement agencies in counterdrug activities.

Beneficiary Eligibility:

Federal; State; Local; A state or local law enforcement agency meeting eligibility requirements set forth in the Guide and that directly participates in an investigation or prosecution that results in a federal forfeiture may request an equitable share of the net proceeds of the forfeiture.

Credentials/Documentation:

ASSISTANCE LISTINGS DESCRIPTIONS

The federal deciding authority must approve all sharing requests and recommendations, including sharing percentages negotiated in a task force or other agreement, before sharing occurs. Sharing will only be awarded to agencies that are compliant Program participants in good standing with the policies set forth in the Guide. After the seizure or forfeiture of an identified asset, a participating state or local agency meeting all requirements set forth in the Guide may request a share of the property by submitting a Form TD F 92.26, Application for Transfer of Federally Forfeited Property, to the federal seizing agency. A separate Form TD F must be completed for each asset to be shared.

Award Procedure:

Federal law authorizes the Director of Executive Office for Asset Forfeiture to share federally forfeited property with participating state and local law enforcement agencies. The exercise of this authority is discretionary and limited by statute. No sharing request or recommendation is final until approved by the federal deciding authority. The equitable sharing deciding authority levels are specified in the Guide.

Length and Time Phasing of Assistance:

The Act provides amounts to remain available until 10 years after February 9, 2018. Within 6 months after a social impact partnership project is completed an independent evaluator shall evaluate the effects of the activities undertaken and submit a written report that includes the results of the evaluation and the conclusion of the evaluator as to whether the State or local government has fulfilled each obligation of the agreement. Final payment to a project team relies on the independent evaluator's report; the time to develop and review the report, and initiate payment shortens a project's period of performance. Feasibility studies are constrained by the Act to complete within 9 months of award Method of awarding/releasing assistance: other

Reports:

Not later than two years after a project has been approved and biannually thereafter, the independent evaluator must submit a written report to the relevant federal agency and the Interagency Council summarizing the progress that has been made in achieving each outcome specified in the award agreement. In addition, before the scheduled time of the first outcome payment and before the scheduled time of each subsequent payment, the independent evaluator must submit to the head of the relevant agency and the Interagency Council a written report that

ASSISTANCE LISTINGS DESCRIPTIONS

includes the results of the evaluation conducted to determine whether an outcome payment should be made along with information on the unique factors that contributed to achieving or failing to achieve the outcome, the challenges faced in attempting to achieve the outcome, and information on the improved future delivery of this or similar interventions. The report must also assess the degree to which the project was delivered as intended, including a discussion of how closely the projects theory and intended procedures aligned with actual project implementation. The report should include information related to the intervention model, including whether it has evolved and whether the intervention was delivered with fidelity to the plan; staffing; recruitment/identification and screening of participants; selection and enrollment; how the intervention was implemented; and findings. The Interagency Council will submit these reports to Treasury and to each committee of jurisdiction in the House of Representatives and Senate within 30 days of receipt. (1)Projects with no construction componentAn OMB-approved Annual Performance Report form must be submitted within 90 days of the end of each calendar year of the award period of performance. A final performance report is due 90 calendar days after the period of performance end date. Each report must summarize project activities, including the current stage of program implementation; progress towards achieving the outcome goals, including number of people served; significant milestones of the grantee, intermediary, investors, and evaluator; and related results of the project. It should thoroughly document the partnership activities and decision-making structure used to implement the pay for results model. These reports will be made publicly available. Upon award, Treasury or the administering federal agency will provide detailed formal guidance about the data and other information that is required to be collected and reported on either a regular basis or special request basis. (2)Projects with a construction component(Treasury may require additional evidence of onsite technical inspections and certified percentage of completion date information on construction elements of projects but will not require performance requirements other than the Annual Performance Report required for projects with no construction component.

Audits:

21.018 Coronavirus Relief - Pandemic Relief for Aviation Workers

Payroll Support Program (PSP1) and Payroll Support Program Extension (PSP2), and Third Payroll Support Program (PSP3),

FEDERAL AGENCY:

DEPARTMENTAL OFFICES, TREASURY, DEPARTMENT OF THE
AUTHORIZATION:

Public Law 116-136, Title The Coronavirus Aid, Relief, and Economic Security Act, Part , Section 4112, Public Law 116-160, Title The Payroll Support Program Expansion Law, Consolidated Appropriations Act 2021, Division N, Title IV, Subtitle A, Part , Section 501, Title The American Rescue Plan Act of 2021, Title VII, Section 7301, Public Law 117-2

OBJECTIVES:

The Payroll Support Program (PSP1), Payroll Support Program Extension (PSP2), and Third Payroll Support Program (PSP3) provide financial assistance to passenger air carriers, cargo air carriers, and certain aviation industry contractors to preserve aviation jobs. The financial assistance payments must be used exclusively for the continuation of payment of employee salaries, wages, and benefits. The Coronavirus Aid, Relief, and Economic Security (CARES) Act, enacted March 27, 2020, established the Payroll Support Program (PSP1) and provides up to \$25 billion, \$4 billion, and \$3 billion for passenger air carriers, cargo air carriers, and certain contractors, respectively.The Payroll Support Program Extension (PSP2), authorized under Subtitle A of Title IV of Division N of the Consolidated Appropriations Act, 2021 (PSP Extension Law), provides up to \$15 billion for passenger air carriers and \$1 billion for certain contractors. PSP3, authorized under Title VII, Subtitle C, Section 7301 of the American Rescue Plan Act of 2021, provides up to \$14 billion for passenger air carriers and \$1 billion for certain contractors.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use, Salaries and Expenses

USES AND USE RESTRICTIONS:

The recipient must use the financial assistance exclusively for the continuation of payment of wages, salaries, and benefits to the employees of the recipient.

Applicant Eligibility:

Non-Government - General; PSP1: Payments may only be provided to applicants that are eligible passenger air carriers, cargo air carriers, and contractors, as those terms are defined in the CARES Act and guidelines for PSP1. Only an entity (whether in the form of a corporation, limited liability company, sole proprietorship, or otherwise) that is individually eligible for PSP1 may receive financial assistance. To be eligible to receive payments, recipients must agree to

ASSISTANCE LISTINGS DESCRIPTIONS

the terms and conditions in the PSP1 Agreement and, if Treasury requires, provide certain financial instruments to provide appropriate compensation to the Federal Government for the provision of the financial assistance. PSP2: Payments may only be provided to applicants that are either eligible passenger air carriers or contractors, as defined in the PSP Extension Law and guidelines for PSP2. Only an entity (whether in the form of a corporation, limited liability company, sole proprietorship, or otherwise) that is individually eligible for PSP2 may receive financial assistance. If an applicant includes more than one affiliated entity in its application, Treasury will review each entity to determine whether it meets the eligibility criteria for a passenger air carrier or contractor. Any entity that is not itself an eligible passenger air carrier or contractor should not be included on a PSP2 application. To be eligible to receive payments, recipients must agree to the terms and conditions in the PSP2 Agreement. Passenger air carriers that receive over \$100 million in financial assistance and contractors that receive over \$37.5 million in financial assistance must provide certain financial instruments to provide appropriate compensation to the Federal Government for the provision of the financial assistance. PSP3: Under the ARP, Treasury has authority only to provide financial assistance under PSP3 to a passenger air carrier or contractor that (1) received assistance under PSP2; (2) provided air transportation or performed eligible contractor functions, as the case may be, as of March 31, 2021; and (3) has not conducted involuntary terminations or furloughs or reduced pay rates or benefits between March 31, 2021, and the date on which the air carrier or contractor makes certain certifications that will be included in its PSP3 agreement with Treasury. Only an entity (whether in the form of a corporation, limited liability company, sole proprietorship, or otherwise) that is individually eligible for PSP3 may receive payroll support.

Beneficiary Eligibility:

Beneficiary eligibility is the same as applicant eligibility.

Credentials/Documentation:

PSP2 recipients will not be required to apply for PSP3. Instead, Treasury will contact each PSP2 recipient to complete the necessary program documentation to participate in PSP3. Each approved entity must also enter into an agreement with Treasury, which Treasury will provide after an application is approved. The agreement will include terms containing, but not limited to: required assurances and other conditions; certain other conditions and covenants; and provisions for the clawback of payments upon the passenger air carriers or contractors failure to satisfy certain assurances, conditions, or covenants. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. PSP1: The PSP1 application process is closed. PSP2: The application process is closed. PSP3: Application procedures are not applicable.

Award Procedure:

Assistance is awarded in the form of direct payments for specified use. Entities approved to participate in PSP3 should expect to receive payroll support in two payments. The amounts, timing, and conditions of such payments will be determined by Treasury in its sole discretion.

Deadlines:

PSP3 Agreement:

PSP2 recipients will not be required to apply for PSP3. Instead, Treasury will contact each recipient to complete the necessary program documentation to participate in PSP3.

Each approved entity must enter into an agreement with Treasury, which Treasury will provide. The agreement will include terms containing: The required assurances and other conditions described above; certain other conditions and covenants; and provisions for the claw-back of payments upon the passenger air carrier's or contractor's failure to satisfy certain assurances, conditions, or covenants.

Range of Approval/Disapproval Time:

Other. Methodologies for Calculating the PSP3 Awardable Amounts: Passenger air carriers: For each eligible passenger air carrier, the awardable amount is equal 93.27% of the amount received by the air carrier in PSP2 Calculation: PSP2 amount X 93.27% = PSP3 amount Contractors: For each eligible contractor, the awardable amount is equal to the amount such contractor received in PSP2. Administrative Expenses: PSP3 awardable amounts for passenger carriers were reduced on a pro-rated basis to take into account the \$10 million made available to Treasury under the ARP for administrative expenses associated with PSP3.

The Secretary must initiate an action to recover any PSP1 financial assistance to contractors that remains unexpended as of April 30, 2021. There is no deadline by which PSP1, PSP2, or PSP3 financial assistance to passenger air carriers and cargo air carriers must be expended. Method of awarding/releasing assistance: Recipients may receive multiple payments up to the maximum awardable amount, and the amounts (individually and in the aggregate) and timing of such payments will be determined by Treasury. Entities approved to participate in PSP3 should expect to receive payroll support in two payments. The amounts, timing, and conditions of such payments will be determined by Treasury in its sole discretion. Method of awarding/releasing assistance: other

Reports:

Recipient must provide regular reports as scheduled in the PSP1, PSP2, and PSP3 Agreements, including, but not limited to, information regarding: the amount of financial assistance expended during such quarter; the recipients financial statements; the recipients IRS Form 941; changes in employee headcount and the reasons; changes in the amounts spent by the recipient on employee wages, salary, and benefits; and changes in compensation for, and severance pay or other benefits in connection with the termination of, corporate officers and employees; and the reasons for any such changes. Until the calendar quarter that begins after the later of March 24, 2022, and the date on which no Taxpayer Protection Interest is outstanding, not later than 45 days after the end of each of the first three calendar quarters of each calendar year and 90 days after the end of each calendar year, recipients shall provide a detailed summary describing: the amount of Payroll Support funds expended during such quarter; any changes in employee headcount during such quarter and the reasons, including any involuntary termination or furlough; any changes in the amounts spent by the recipient on employee wages, salary, and benefits during such quarter; and any changes in total compensation for, and any severance pay or other benefits in connection with the termination of, corporate officers and employees during such quarter; and the reasons for any such changes. The recipient shall also provide additional information specified in the Payroll Support Agreement.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. The recipient and affiliates will provide Treasury, the Treasury Inspector General, and such other entities as authorized by Treasury timely and unrestricted access to records related to the Payroll Support. This includes access to the recipients personnel.

Records:

Recipients must comply with record-retention obligations specified in the PSP1, PSP2, and PSP3 Agreements. Generally, the recipient must retain all records pertinent to the receipt of financial assistance and compliance with the terms and conditions of the assistance agreement for a period of three years (subject to extension in certain circumstances) following the period of performance.

21.019 Coronavirus Relief Fund

FEDERAL AGENCY:

DEPARTMENTAL OFFICES, TREASURY, DEPARTMENT OF THE AUTHORIZATION:

Title The Coronavirus Aid, Relief, and Economic Security Act, Section 5001, Public Law 116-136

OBJECTIVES:

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") established the \$150 billion Coronavirus Relief Fund ("the Fund"). Payments must be used for necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID19) between March 1, 2020, to December 30, 2020. Payments must be used to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020.

Governments otherwise have broad discretion to utilize payments for expenditures ranging from COVID-19 testing to reimbursing small businesses for the costs of business interruption caused by required closures.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

Payments may only be used to cover costs that are: 1) necessary expenditures incurred due to the public health emergency with respect to COVID19; 2) were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and 3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The requirement that expenditures be incurred due to the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the state, territorial, local, or tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures. Payments must only be used for eligible expenditures, including qualifying medical equipment, COVID-19 testing supplies, medical worker wages, public safety, public health communications, distance learning for COVID-19 closures, and food delivery to affected senior citizens, among other expenses that meet statutory criteria. The CARES Act requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. The most recently approved budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account. Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute. Although a broad range of uses is allowed, revenue replacement is not a permissible use of Fund payments. More information about how assistance may be used can be found at the link below: <https://home.treasury.gov/system/files/136/Coronavirus-Relief-Fund-Guidance-for-State-Territorial-Local-and-Tribal-Governments.pdf>.

Applicant Eligibility:

U.S. Territories and possessions; State; Local (includes State-designated Indian Tribes, excludes institutions of higher education and hospitals; Federally Recognized Indian Tribal Governments; States, the District of Columbia, U.S. Territories, and eligible units of local government as determined by the CARES Act. Units of local government eligible for payment directly include a county, municipality, town, township, village, parish, borough, or other unit of general government below the state level with a population that exceeds 500,000. A local government must have a population in excess of 500,000 to provide a certification for payment. Payments to tribal governments are to be determined by the Secretary of the Treasury in consultation with the Secretary of the Interior and Indian Tribes.

Beneficiary Eligibility:

State; Local; U.S. Territories; Federally Recognized Indian Tribal Governments;

USES AND USE RESTRICTIONS:

FA awards enhance the Recipient's ability to make loans and investments and to provide financial services that promote economic revitalization and community development. CDFI Program FA awards must be expended for activities in the following five categories: (i) Financial Products; (ii) Financial Services; (iii) Loan Loss Reserves; (iv) Development Services; and (v) Capital Reserves. Note: Only Regulated Institutions may use a Base-FA award for Financial Services and Capital Reserves. TA awards build the Recipient's internal capacity. CDFI Program TA awards must be expended for activities in the following seven categories: (i) Compensation Personal Services; (ii) Compensation fringe benefits; (iii) Professional Services Costs; (iv) Travel Costs; (v) Training and Education Costs; (vi) Equipment; and (vii) Supplies.

Applicant Eligibility:

Profit organization; Other private institutions/organizations; Private nonprofit institution/organization (includes institutions of higher education and hospitals); Only certified CDFIs are eligible to apply for Financial Assistance awards. Certified CDFIs and entities seeking to become certified CDFIs may apply for Technical Assistance awards. No awards may be issued to Federal Government agencies, departments or instrumentalities, State governments, local governments or any agency or instrumentality thereof.

Beneficiary Eligibility:

Profit organization; Private nonprofit institution/organization; Other private institution/organization; Investment Areas and Targeted Populations, as defined in 12 C.F.R. 1805.

Credentials/Documentation:

An organization wishing to apply for a Financial Assistance (FA) award through the CDFI Program must be a certified CDFI prior to the date of the release of the NOFA. Both certified CDFIs and Emerging CDFIs are eligible to apply for Technical Assistance (TA) awards. However, non-certified organizations must be able to become certified within three years after receiving a TA award. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Reports:

Program Reports provide the explanation of noncompliance with a statement addressing the failure to achieve program goals (if applicable). Progress Reports include the Performance Progress Report (PPR) (1559-0050), which requires recipients to submit data documenting their progress towards fulfilling applicable Performance Goals and Measures. Expenditure Reports include the Uses of Award Report (1559-0032). Performance Monitoring is also accomplished with the financial review of Audited Financial Statements or Single Audits conducted pursuant to 2 C.F.R. 200, Subpart F - Audit Requirements. FA recipients are also required to submit Transaction Level Reports (TLR) (1559-0027). The Annual Certification and Data Collection Report (ACR) (1559-0046) is submitted by certified CDFIs that receive CDFI Program award funds. The ACR requires a certified CDFI to annually assess and report on any changes to criteria supporting its CDFI certification, as well as additional organizational, financial, and other data. The CDFI Fund uses this report to monitor the certified CDFIs compliance with certification criteria and collect data to gain greater insight into the CDFI industry.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503

Records:

Award recipients must maintain records to substantiate total costs incurred and to ensure that all Performance Goals and Measures are met. Records must be retained in accordance with the provisions of applicable OMB guidance and the terms of the assistance agreement.

DEPARTMENT OF THE

AUTHORIZATION:

Title Bank Enterprise Act of 1991, Community Development Banking and
Financial Institutions Act of 1994, , 12 USC Code 1834a, 4713.

OBJECTIVES:

The Bank Enterprise Award Program (BEA Program) provides monetary awards to
FDIC-insured depository institutions, i.e., banks and thrifts that demonstrate
increased investments and support to Certified Community Development Financial
Institutions (CDFIs) or in their lending, investing, or service-related activities in
the most economically distressed communities.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The CDFI Fund makes grants to selected applicants that (1) invest in or otherwise
support CDFIs; (2) increase lending and investment activities within distressed
communities; and/or (3) increase the provision of certain services and technical
assistance within distressed communities. An award is based upon a percentage of
the increase in qualifying activities that are demonstrated by the applicant between
an established baseline period and assessment period. This information is
announced in the annual NOFA published in the Federal Register. Only FDIC-
insured banks and thrifts may apply for an award under this program.

Applicant Eligibility:

Profit organization; Other private institutions/organizations; For Profit
Organizations and Other Private Institution/Organizations in the form of Federal
Deposit Insurance Corporation (FDIC) - insured depository institutions.

Beneficiary Eligibility:

Profit organization; Private nonprofit institution/organization; Other private
institution/organization; Distressed communities as defined in 12 C.F.R. 1806.

Credentials/Documentation:

An entity that is an FDIC-Insured Depository Institution is eligible to apply for a
BEA Program Award. The entity must submit a BEA Program Application to the
Community Development Financial Institutions Fund (CDFI Fund) by the deadline

set forth in the applicable Notice of Funds Availability (NOFA) in order to be
considered for an Award. Additional eligibility requirements are set forth in the
applicable NOFA. 2 CFR 200, Sub-part E - Cost Principles applies to this program.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information

this assistance listing.

Length and Time Phasing of Assistance:

Funds must be used within one year of executing an Assistance Agreement and
must be used for BEA Program authorized activities set forth in the applicable
NOFA. Method of awarding/releasing assistance: lump sum.

Reports:

The Uses of Award Report (OMB Control Number 1559-0032) is used to identify
and record the utilization of the award funds. No cash reports are required. No
progress reports are required. No expenditure reports are required. Performance
Monitoring is accomplished with the review of the Uses of BEA Program Award
Report submitted by the Award Recipient. Additionally, the Annual Certification
and Data Collection Report (ACR) (OMB Control Number 1559-0046) is
submitted by certified organizations that receive BEA Program award funds. The
ACR requires a certified organization to annually assess and report on any changes
to criteria supporting its CDFI certification, as well as some additional
organizational financial, and other data. The CDFI Fund uses this report to monitor
the certified organizations compliance with certification criteria and to collect data
on the CDFI industry for decision-making and research purposes.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements,
nonfederal entities that expend financial assistance of \$750,000 or more in Federal
awards will have a single or a program-specific audit conducted for that year. Non-
Federal entities that expend less than \$750,000 a year in Federal awards are exempt
from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In
accordance with the provisions of 2 C.F.R. Part 200, Subpart F - Audit
Requirements, Non-Federal entities that expend financial assistance of \$750,000 or
more in Federal awards will have a single or a program-specific audit conducted

OBJECTIVES:

The funding provided by the ERA programs will among other things, assist eligible households that have difficulty making timely payments of rent and utilities due to the COVID-19 pandemic. Division N, Title V, Section 501 of the Consolidated Appropriations Act, 2021, Pub. L. No. 116-260, (December 27, 2020) established the Emergency Rental Assistance (ERA 1) program and provides \$25 billion for the U.S. Department of the Treasury (Treasury) to make payments to States (defined to include the District of Columbia), U.S. Territories (Puerto Rico, U.S. Virgin Islands, Guam, Northern Mariana Islands, and American Samoa), Indian

tribes or tribally designated housing entities, as applicable, the Department of Hawaiian Homelands, and certain local governments with more than 200,000 residents (collectively the eligible grantees) to provide financial assistance including payment of rent, rental arrears, utilities, home energy costs, utilities and home energy costs arrears and other costs related to housing, and housing stability services to eligible households. Treasury must make direct payments to the eligible grantees no later than 30 days after December 27, 2020. Title III, Subtitle B, Section 3201 of the American Rescue Plan Act, 2021, Pub. L. No. 117-2, (March 11, 2021) authorized the Emergency Rental Assistance (ERA 2) Program and provides \$21.55 billion for the Treasury to make payments to States (defined to include the District of Columbia), U.S. Territories (Puerto Rico, U.S. Virgin Islands, Guam, Northern Mariana Islands, and American Samoa), and certain local governments with more than 200,000 residents (collectively the eligible grantees) to provide financial assistance including payment of rent, rental arrears, utilities, home energy costs, utilities and home energy costs arrears and other costs related to housing, and housing stability services to eligible households, as well as cover the costs for other affordable rental housing and eviction prevention activities for eligible households. Under ERA 2, Treasury shall pay all eligible grantees at least 40% of each grantees total allocations within 60 days after March 11, 2021 pursuant to section 3201(c).

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

HAF.

FEDERAL AGENCY:

DEPARTMENTAL OFFICES, TREASURY, DEPARTMENT OF THE AUTHORIZATION:

Title American Rescue Plan Act of 2021, Section 3206, Public Law 117-2

OBJECTIVES:

Section 3206 of the American Rescue Plan Act of 2021, (the Act), Pub. L. No. 117-2 (March 11, 2021) established the \$9.961 billion Homeowner Assistance Fund (HAF). Under HAF, Treasury will make payments directly to States (defined to include the District of Columbia Puerto Rico, the United States Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa), the Department of Hawaiian Home Lands (DHHL), and Indian tribes or tribally designated housing entities (collectively the eligible entities) to mitigate financial hardships associated with the coronavirus pandemic, for the purpose of preventing homeowner mortgage delinquencies, defaults, foreclosures, loss of utilities or home energy services, and displacements of homeowners experiencing financial hardship after January 21, 2020, through qualified expenses related to mortgages and housing. States, the District of Columbia, and U.S. Territories must request funding from Treasury no later than April 25, 2021, which is 45 days after enactment of the Act, in order to receive funding under HAF. Tribes and the Department of Hawaiian Home Lands must request funding from Treasury by September 30, 2021 to receive payment under HAF.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

HAF participants may use funding from the HAF only for the following types of qualified expenses that are for the purpose of preventing homeowner mortgage delinquencies, homeowner mortgage defaults, homeowner mortgage foreclosures, homeowner loss of utilities or home energy services, and displacements of homeowners experiencing financial hardship: 1. mortgage payment assistance; 2. financial assistance to allow a homeowner to reinstate a mortgage or to pay other housing-related costs related to a period of forbearance, delinquency, or default; 3. mortgage principal reduction, including with respect to a second mortgage provided by a nonprofit or government entity; 4. facilitating mortgage interest rate reductions; 5. payment assistance for: (a) homeowners utilities, including electric, gas, home energy, and water; (b) homeowners internet service, including broadband internet access service, as defined in 47 CFR 8.1(b) (or any successor regulation); (c) homeowners insurance, flood insurance, and mortgage insurance; (d) homeowners association fees or liens, condominium association fees, or common charges; and (e) down payment assistance loans provided by nonprofit or government entities; 6. payment assistance for delinquent property taxes to prevent homeowner tax foreclosures; 7. measures to prevent homeowner displacement, such as home repairs to maintain the habitability of a home or assistance to enable households to receive clear title to their properties; 8. counseling or educational efforts by housing counseling agencies approved by HUD, or legal services, targeted to households eligible to be served with funding from the HAF related to foreclosure prevention or displacement, in an aggregate amount up to 5% of the funding from the HAF received by the HAF participant; 9. reimbursement of funds expended by a state, local government, or applicable Tribal entity during the period beginning on January 21, 2020, and ending on the date that the first funds are disbursed by the HAF participant under the HAF, for a qualified expense (other than any qualified expense paid directly or indirectly by another federal funding source, or any qualified expenses described in clauses (6), (7), (8), or (10) of this definition); and 10. planning, community engagement, needs assessment, and administrative expenses related to the HAF participants disbursement of HAF funds for qualified expenses, in an aggregate amount not to exceed 15% of the funding from the HAF received by the HAF participant.

Applicant Eligibility:

21.028 Coronavirus Economic Relief for Transportation Services Act

Coronavirus Economic Relief for Transportation Services (CERTS) Program,

FEDERAL AGENCY:

DEPARTMENTAL OFFICES, TREASURY, DEPARTMENT OF THE AUTHORIZATION:

Title The Consolidated Appropriations Act, 2021, Part Division N, Title IV, Section Section 421, Public Law 116-260

OBJECTIVES:

Division N, Title IV, Section 421 of the Consolidated Appropriations Act, 2021 (the Act), Pub. L. No. 116-260 (December 27, 2020) authorized the \$2 billion Coronavirus Economic Relief for Transportation Services (CERTS) program to provide grants to eligible motorcoach companies, school bus companies, passenger vessel companies, and pilotage companies that have experienced annual revenue losses of 25 percent or more as result of COVID-19 directly or indirectly. The priority use of grant funds must be for payroll costs, though grants may be used for operating expenses and the repayment of debt accrued to maintain payroll.

TYPES OF ASSISTANCE:

ASSISTANCE LISTINGS DESCRIPTIONS

Formula Grants, Salaries and Expenses

USES AND USE RESTRICTIONS:

Grantees may use grant funds for operating expenses, including but not limited to, payment of payroll costs and compensation of returning employees for lost pay and benefits during the COVID-19 pandemic; the acquisition of services, personal protective equipment, and other measures needed to protect workers and customers from COVID-19; operations and maintenance of existing capital equipment and facilities, such as rent, leases, insurance, and interest on regularly scheduled debt service; and compensation of returning employees for lost pay and benefits during the COVID-19 pandemic.

Applicant Eligibility:

Other private institutions/organizations; Pursuant to section 421(c)(2), eligible providers of transportation services under the CERTS program must be: 1. Be a private sector company, including a corporation, limited liability company, partnership, or sole proprietorship; 2. Be established or organized in the United States or pursuant to Federal law; 3. Have significant operations and a majority of employees based in the United States; and 4. One of the four following types of transportation service providers: motorcoach transportation service providers, school bus transportation service providers, passenger vessel transportation service providers, and pilotage vessel transportation service providers that as of March 1, 2020, either: a. Have had 500 or fewer than 500 full-time, part-time, or temporary employees and not been a subsidiary, parent, or affiliate of any other entity with a combined total workforce of more than 500 full-time, part-time, or temporary employees; or b. Have had more than 500 full-time, part-time, or temporary employees and have not received assistance under the Passenger Air Carriers Loan Program, loans and loan guarantees for cargo air carriers, or National Security Loan Program (loans and loan guarantees for businesses critical to maintaining national security) under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Pub. L. No. 116-136. 5. Subject to other eligibility criteria as described in section 421(c)(2)(B).

Beneficiary Eligibility:

Beneficiary eligibility is the same as applicant eligibility.

Credentials/Documentation:

Eligible entities must complete a CERTS grant Application which can be accessed through a web-based application portal accessible through the CERTS webpage on Treasury.gov at <https://treasury.gov/policy-issues/cares/preserving-jobs-for-american-industry/certs>. Eligible entities will need to provide a certification to Treasury providing that they have experienced a revenue loss of 25% or more on an annual basis, as a direct or indirect result of COVID-19; provide documentation describing the total amount of revenue earned by the eligible entity during calendar year 2019, and certify that the amount of assistance sought from the CERTS program when combined with the other federal assistance does not exceed the total amount of revenue earned by the eligible entity during calendar year 2019. Eligible entities will also be required to provide assurances that funds will be applied in priority order for job retention and recovery after the ramp-up period, and that reviews of employment expenditures can be conducted periodically. To gain access to the application portal and submit an application, a company representative must be registered with a username and password through the ID.me identity service. ID.me is an approved service provider for Treasury, the Social Security Administration, the U.S. Department of Veterans Affairs, and other Federal agencies. ID.me offers a one-time identity verification process to safeguard company data and authenticate users prior to accessing Treasury systems. Once the application portal is made available, it will be open for 4 weeks. To be considered, applications must be completed in full and successfully submitted through the application portal by this 4-week application deadline, after which the portal will be closed to new applications. The application deadline will be posted on the CERTS webpage on treasury.gov (<https://treasury.gov/policy-issues/cares/preserving-jobs-for-american-industry/certs>) when the application portal goes live. Treasury will not consider applications submitted after the deadline, including any draft applications in the application portal that are not completed and successfully submitted by the deadline. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372. Preapplication coordination is not applicable. Environmental impact

information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Eligible entities must complete a CERTS grant Application which can be accessed through a web-based application portal accessible through the CERTS webpage on Treasury.gov at <https://treasury.gov/policy-issues/cares/preserving-jobs-for-american-industry/certs>. To submit an application for a CERTS grant, a company representative must be registered with credentials issued through the ID.me identity service. Applications must be submitted by the application deadline, which will be 4 weeks after the application portal opens. Review of Applications. Treasury will review each application submitted by the deadline to validate company identity and eligibility, to assess the accuracy and completeness of information submitted, and to confirm other attributes consistent with the CERTS statute. All applications will be subject to uniform standards of review that will be applied equally. Applications that are incomplete, unclear, or internally inconsistent may not receive timely consideration and may be rejected. Application Decisions. After applying, an applicant will be able to check the status of Treasury's review by logging into the application portal, which will display status codes and the remaining steps in the application review. If Treasury approves an application, it will contact the company representative by email to invite the company to sign a grant agreement.

Award Procedure:

Treasury in its sole discretion will review and approve complete applications and may reject applications. In reviewing applications, Treasury may consider the statutory purposes and requirements of the CERTS Act, the applicant's eligibility, the accuracy and completeness of the information provided by the applicant, the applicant's provision of certifications, documentation, or information reasonably satisfactory to Treasury to confirm the applicant's ability to comply with the grant agreement, the applicant's compliance with other laws and regulations, and any other relevant factors that Treasury deems appropriate.

Formula and Matching Requirements:

Statutory formula is not applicable to this assistance listing. Matching requirements are not applicable to this assistance listing. MOE requirements are not applicable to this assistance listing.

Length and Time Phasing of Assistance:

Once the application portal is made available, it will be open for 4 weeks. Grantees must return to Treasury any grant funds that are not used within 1 year after the first date of receipt of the funds. This award is expected to be provided as a one-time payment to recipients under this program. However, in the event that additional funds become available than first anticipated (for instance, if Treasury's administrative costs are lower than expected), Treasury may provide an additional payment to recipients using the excess funds, which must be expended for eligible purposes under the grant and such payment of excess funds will be distributed in a manner as determined by Treasury in its sole discretion. Method of awarding/releasing assistance: lump sum.

Reports:

Reporting requirements will be determined by Treasury and set forth in the grant agreement, a form of which will be provided when the application is made available.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Grantees may be subject to audit by the Treasury's Office of the Inspector General and the Government Accountability Office.

Records:

ASSISTANCE LISTINGS DESCRIPTIONS

Grantees will be required to maintain records and financial documents related to their use of award funds in accordance with the requirements set forth in the grant agreement.

Any aggrieved individual who believes he or she has been retaliated against for opposing employment practices that discriminate, or who testifies or participates in any way in an investigation, proceeding, or litigation under Title VII.

Beneficiary Eligibility:

Individual/Family; Minority group; Anyone/general public; Black; American Indian; Spanish Origin; Asian; Other Non-White; Migrant; U.S. Citizen; Refugee/Alien; Women; Disabled (e.g. Deaf, Blind, Physically Disabled); Mentally Disabled; Youth (16-21); Senior Citizen (60+); Pension Recipient; Applicants, current employees, or former employees of the named respondent(s) who have been subjected to discriminatory employment practices based on race, color, religion, sex (including pregnancy, gender identity and sexual orientation) , or national origin by the named respondent(s), and/or who have been subjected to retaliation for opposing discrimination or participating in a Title VII investigation, proceeding, or litigation.

Credentials/Documentation:

A claim of unlawful employment practice(s) may be made online, in person, by mail or by fax. An allegation must be in writing, signed, and/or notarized when necessary to meet state or local requirements. Charge forms (EEOC Form 5, Charge of Discrimination) are available to all persons at all field offices of the Commission. Individuals may also consult EEOC's website at <http://www.eeoc.gov/employees/howtofile.cfm> for detailed information about filing a charge. Federal employees and job applicants have a different complaint process and generally must contact an agency EEO Counselor within 45 days. The time limit can be extended under certain circumstances. Complaints against the federal government must be filed at the relevant agency's EEO office. Each agency is required to post information about how to contact the agency's EEO office. Federal government applicants or employees should consult EEOC's website at http://www.eeoc.gov/federal/fed_employees/complaint_overview.cfm for details about filing an employment discrimination complaint against a federal agency. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A charge may be filed by any aggrieved individual, any individual on behalf of an aggrieved individual, or by any organization, i.e., labor union, association, legal representative, etc., either as an aggrieved entity or on behalf of an aggrieved individual. Charges may be filed online, in person, by mail or by fax at the nearest field office of the EEOC. Complaints against the federal government should be filed at the relevant agency's EEO office. Each agency is required to post information about how to contact an agency's EEO office.

Award Procedure:

A charge is sufficient when the Commission receives from the person making the charge a written signed statement that includes an allegation of employment discrimination, the name(s) of the parties involved, and a request that the EEOC act to protect the applicant or employees rights or otherwise settle a dispute between the applicant or employee and the employer. The charge must also be verified either by oath or signed under penalty of perjury.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

Other. Title VII requires that charges be filed within 180 days of the date of the alleged violation or, within 300 days if the charge is also covered by a state or local anti-discrimination law and there is a state or local entity with the authority to enforce the law. If the evidence does not establish that discrimination occurred, charging parties will be given written notice of their right to sue. A charging party may file a lawsuit within 90 days after receiving a notice of a right to sue from EEOC, as stated above. Under Title VII, a charging party also can request a notice of right to sue from EEOC 180 days after the charge was first filed with the Commission and may then bring suit within 90 days after receiving this notice. When a right to sue letter is issued at the request of the charging party, EEOC usually stops its investigation. Federal employees must generally contact the agency's EEO Counselor within 45 days from the date the discrimination occurred.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2020: The EEOC successfully combated and prevented employment discrimination through the strategic application of the EEOC's law enforcement authorities by ensuring that private sector complaints and charges are handled promptly and efficiently. In fiscal year 2020, the EEOC continued to prioritize reaching a manageable and sustainable private sector inventory to focus on charges with merit and provide improved customer service. The results of this focus on the private sector inventory achieved a reduced charge workload of 3.7 percent to 41,951, which builds on the 12.1 percent decline in inventory realized in fiscal year 2019 and is the lowest pending inventory achieved by the agency in over 14 years. As a result of Commission staff having devoted additional time and resources to meritorious cases, the merit factor rate in private sector increased to 17.4% while obtaining approximately \$333.2 million for victims of employment discrimination in private sector and state and local government workplaces through mediation, conciliation, and settlements. The agency's mediation program achieved 6,272 successful mediations resulting in over \$156.6 million in benefits to charging parties, and meritorious charges were resolved with a 43.6% successful conciliation rate and with targeted, equitable relief (TER) obtained in 92.9% of the conciliation agreements. Technological innovation continued to be a significant contributor to efficiencies in our interactions with the public and in our internal processes, with the continued refinement of the Digital Charge System, which saw more than 122,775 inquiries initiated through the systems online intake and appointment scheduling component. In fiscal year 2020, the EEOC received almost 470,000 calls to its toll-free number, more than 37,300 emails, and over 187,000 inquiries in field offices. Overall, this resulted in 67,448 charges of employment discrimination being filed with the EEOC. Fiscal Year 2021: Final data for the current FY 2021 is not available.

30.008 Employment Discrimination Age Discrimination in Employment

FEDERAL AGENCY:

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

AUTHORIZATION:

Age Discrimination in Employment Act of 1967,(P.L. 90-202), as amended, 29 U.S.C. section 621 et seq. , Public Law 90-202, Statue 81-602, 29 USC Code 621.

OBJECTIVES:

The Age Discrimination in Employment Act (ADEA) prohibits discrimination based on age (40 or older) with respect to any term, condition, or privilege of employment, including hiring, firing, promotion, layoff, compensation, benefits, job assignments, training and harassment. The ADEA also prohibits retaliation against an individual for opposing employment practices that discriminate based on age or for filing an age discrimination charge, testifying, or participating in any way in an investigation, proceeding, or litigation under the ADEA.

TYPES OF ASSISTANCE:

Advisory Services and Counseling, Federal Employment, Investigation of Complaints

USES AND USE RESTRICTIONS:

Individuals 40 years of age or older are protected from age discrimination by employers with 20 or more employees, all state and local governments, employment agencies, labor organizations and the federal government. It is unlawful for covered employers to post advertisements indicating any preference, limitation, or specification based on age. Limited exceptions apply: in situations in which age is a bona fide occupational qualification reasonably necessary to the normal operation of the business; in situations in which the differentiation is based on reasonable factors other than age; or if an otherwise prohibited practice is in observance of the terms of a bona fide seniority system or employee benefit plan (except that no such seniority system or employee benefit plan shall excuse the failure to hire, or require or permit the involuntary retirement of any covered individual). Exemptions and exceptions also apply for highly compensated employees, public officials, firefighters and law enforcement officers. The EEOC Public Portal, available at

<https://publicportal.eeoc.gov/portal/Login.aspx?ReturnUrl=%2fportal%2f>, enables individuals to determine whether EEOC is the appropriate agency to contact regarding their specific claims of discrimination, harassment or retaliation. If a charge is filed, mediation may be offered to the parties involved. If mediation is not used or is not successful further investigation may ensue. The Commission will attempt to eliminate any alleged unlawful practice by informal methods of conciliation, conference and persuasion. If conciliation fails, the charging party will be notified that he or she can file a civil action within 90 days. If the Commissions proceedings with regard to a charge are terminated, the Commission will notify the complainant who shall then have the right to bring a civil action within 90 days. A federal government applicant or employee who believe that his or her employment rights have been violated under this statute and wants to make a claim against a federal agency must file a complaint with that agency and follow the procedures set forth at 29 C.F.R. part 1614.

Applicant Eligibility:

U.S. Territories and possessions (includes institutions of higher education and hospitals); Individual/Family; Any aggrieved individuals age 40 and over, or any individual, organization, or agency filing on behalf of an aggrieved individual who has reason to believe that a covered employer has committed an unlawful employment practice within the meaning of the ADEA, as amended.

Beneficiary Eligibility:

Individual/Family; Senior Citizen (60+); Applicants, current employees, or former employees of the named respondent(s) who are age 40 or older and who have been subjected to unlawful employment practices based on age by the named respondent(s), and/or who have been subjected to retaliation for opposing age discrimination, filing a charge of discrimination, or participating in an ADEA investigation, proceeding, or litigation.

Credentials/Documentation:

An allegation of unlawful employment practice(s) may be made online, in person,

ASSISTANCE LISTINGS DESCRIPTIONS

by mail or by fax. A charge must be in writing, signed, and notarized when necessary to meet state or local requirements. Charge forms (EEOC Form 5, Charge of Discrimination) are available to all persons from all field offices of the Commission. Individuals may also consult EEOCs website at <http://www.eeoc.gov/employees/howtofile.cfm> for detailed information about filing a charge. Complaints against the federal government should be filed at the relevant agency's EEO office, after contacting an EEO Counselor. Each agency is required to post information about how to contact the agency's EEO office. Federal government applicants or employees should consult EEOCs website at http://www.eeoc.gov/federal/fed_employees/complaint_overview.cfm for details about filing an employment discrimination complaint against a federal agency.. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A charge may be filed by any aggrieved individual or by any organization, i.e. labor union, association, legal representative, etc., either as an aggrieved entity or on behalf of an aggrieved individual. The charges filing process may be initiated online, in person, by mail or by fax at the nearest field office of the EEOC. Complaints against the federal government should be filed at the relevant agency's EEO office. Each agency is required to post information about how to contact the agency's EEO office.

Award Procedure:

A charge is sufficient when the Commission receives from the person making the charge a written signed statement that includes an allegation of discrimination, the name(s) of the parties involved, and a request that the EEOC act to protect the applicant or employees rights or otherwise settle a dispute between the applicant or employee and the employer.

Deadlines:

Contact the headquarters or regional location, as appropriate for application deadlines.

Range of Approval/Disapproval Time:

Other. The ADEA requires charges to be filed within 180 days of the date of the alleged violation, within 300 days if the charge is also covered by a state or local anti-discrimination law and a state or local entity enforcing the law, or within 30 days after the receipt of notice of termination of state proceedings, whichever is earlier. A civil action may be commenced at any time 60 days after a charge has been filed with the EEOC. If the evidence does not establish that discrimination occurred, charging parties will be given written notice of their right to sue. A charging party may file a lawsuit within 90 days after receiving a notice of a right to sue from EEOC, as stated above. If the charging party files an ADEA lawsuit, EEOC usually stops its investigation. Federal employees must generally contact the agency's EEO Counselor within 45 days from the date the discrimination occurred.

30.010 Employment Discrimination Equal Pay Act

FEDERAL AGENCY:

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

AUTHORIZATION:

Equal Pay Act of 1963, (P.L. 88-38), as amended, 29 U.S.C. section 206(d), Title Title 29, Section 206(d), Public Law 88-88-38, 29 USC Code 206(d).

OBJECTIVES:

The Equal Pay Act (EPA) prohibits an employer from paying unequal wages to men and women who perform jobs that require substantially equal skill, effort and responsibility, under similar working conditions within the same establishment. The EPA also prohibits retaliation against applicants or employees who oppose compensation practices that discriminate based on sex or who file a discrimination charge, testify, or participate in any way in an investigation, proceeding, or litigation under the EPA.

TYPES OF ASSISTANCE:

Advisory Services and Counseling, Federal Employment, Investigation of Complaints

USES AND USE RESTRICTIONS:

Employers engaged in commerce or in the production of goods for commerce (i.e. subject to The Fair Labor Standards Act of 1938, as amended, 29 U.S.C. 201, et seq.), including the federal government, and state and local governments, are prohibited from paying unequal wages to men and women performing jobs that require substantially equal skill, effort and responsibility, under similar working conditions, and within the same establishment. Labor organizations representing employees of a covered employer are prohibited from causing or attempting to cause employers to violate the Act. Exceptions are permitted only where payment is made pursuant to a seniority system, a merit system, a system that measures earnings by quantity or quality of production, or a differential based on any other factor other than sex. The EEOC Public Portal, available at <https://publicportal.eeoc.gov/portal/Login.aspx?ReturnUrl=%2fportal%2f>, enables individuals to determine whether EEOC is the appropriate agency to contact regarding their specific claim of wage discrimination or retaliation. The Commission may investigate allegations of violations of the Act and may initiate and conduct litigation. A federal government applicant or employee who believes that his or her employment rights have been violated under this statute and wants to make a claim against a federal agency must file a complaint with that agency and follow the procedures set forth at 29 C.F.R. part 1614.

Applicant Eligibility:

Individual/Family; Anyone/general public; Any aggrieved individual, or any individual, organization, or agency filing on behalf of an aggrieved individual, who has reason to believe that a covered employer has committed an unlawful employment practice within the meaning of the EPA. An employee who believes he or she has been retaliated against for opposing compensation practices that discriminate based on sex or who files a discrimination charge, testifies, or participates in any way in an investigation, proceeding, or litigation under the EPA.

Beneficiary Eligibility:

Individual/Family; Anyone/general public; Applicants, current employees, or former employees of the named respondent (s) who have been subjected to unlawful compensation practices based on gender by the named respondent (s), and/or who have been subjected to retaliation for filing a charge of discrimination, for opposing gender-based compensation discrimination or participating in an EPA investigation, proceeding, or for litigation.

Credentials/Documentation:

The EPA does not require aggrieved parties to file a charge of discrimination with EEOC before filing a private lawsuit. However, since many EPA claims also raise Title VII sex discrimination issues, it may be advisable to file a charge of discrimination under both laws within the appropriate time limit (see section on Deadlines 095). An allegation of unlawful employment practice(s) may be made online, in person, by mail or by fax. An allegation must be in writing, signed, and/or notarized when necessary to meet state or local requirements. Charge forms (EEOC Form 5, Charge of Discrimination) are available to all persons from all field offices of the Commission. Individuals may also consult EEOCs website at <http://www.eeoc.gov/employees/howtofile.cfm> for detailed information about filing a charge. Complaints against the Federal government should be filed at the relevant agency's EEO office. Each agency is required to post information about how to contact the agency's EEO office. However, since many EPA claims also raise Title VII sex discrimination issues, it may be advisable to file a charge of discrimination under both laws within the appropriate time limit (see section on the range of approval/disapproval times). A charge may be filed by any aggrieved individual, any individual on behalf of an aggrieved individual, or by any organization, i.e., labor union, association, legal representative, etc., either as an aggrieved entity or on behalf of an aggrieved individual. Charges may be filed in person, by mail or by fax at the nearest EEOC field office. Complaints against the federal government should be filed at the relevant agency's EEO office. Each agency is required to post information about how to contact the agency's EEO office.

Award Procedure:

A charge is sufficient when the Commission receives from the person making the charge a written signed statement that includes an allegation of discrimination, the name(s) of the parties involved, and a request that the EEOC act to protect the applicant or employees rights or otherwise settle a dispute between the applicant or employee and the employer.

Other. The EPA does not require aggrieved parties to file a charge of discrimination with EEOC before filing a private lawsuit. The time limit for filing an EPA charge with the EEOC and the time limit for going to court are the same: within two years of the alleged unlawful compensation practice or in the case of a willful violation, within three years. However, since many EPA claims also raise Title VII sex discrimination issues, it may be advisable to file a charge of discrimination under both laws within the appropriate time limit. (Title VII requires that charges be filed within 180 days of the date of the alleged violation, or within 300 days if the charge is also covered by a state or local anti-discrimination law and there is a state or local entity with authority to enforce the law, or within 30 days after the receipt of notice of termination of state or local proceedings, whichever is earlier.) A charging party may file a lawsuit within 90 days after

receiving a notice of a right to sue from EEOC, as stated above. Under Title VII, a charging party also can request a notice of right to sue from EEOC 180 days after the charge was first filed with the Commission, and may then bring suit within 90 days after receiving this notice. When a right to sue letter is issued at the request of the charging party, EEOC usually stops its investigation. FEDERAL AGENCY:

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

AUTHORIZATION:

Americans with Disabilities Act, Title I & V, as amended Public Law 101-336, Public Law 110-325 42, U.S.C. 12101-12117; 12201-12213; Section 501 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 791-794a,

OBJECTIVES:

The Americans with Disabilities Act (ADA) prohibits employment discrimination against applicants or employees based on disability. The ADA also prohibits retaliation against an individual for opposing employment practices that discriminate based on disability or for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or litigation under the ADA. The Rehabilitation Act provides federal employees with the same protections.

TYPES OF ASSISTANCE:

Advisory Services and Counseling, Federal Employment, Investigation of Complaints

USES AND USE RESTRICTIONS:

Individuals are protected from discrimination on the basis of disability by employers with 15 or more employees, state and local governments, employment agencies, and labor organizations. Federal employees and applicants are covered under section 501 of the Rehabilitation Act of 1973, which applies the same standards as the ADA. The EEOC Public Portal, available at <https://publicportal.eeoc.gov/portal/Login.aspx?ReturnUrl=%2fportal%2f>, enables individuals to determine whether EEOC is the appropriate agency to contact

ASSISTANCE LISTINGS DESCRIPTIONS

regarding their specific claims of discrimination, harassment or retaliation. Charges of discriminatory employment practices can be filed by or on behalf of an individual or group of individuals claiming to be aggrieved. Mediation may be offered to the parties involved. If mediation is not used or is not successful, further investigation may ensue. If after its investigation, the Commission does not find reasonable cause, the charging party is issued a right to sue letter and may file a lawsuit within 90 days. If the Commission determines that there is reasonable cause to believe that discrimination has occurred, it will attempt to resolve the charge informally through conciliation. If conciliation proves to be unsuccessful and the employer is not a state or local government, the Commission may bring a civil action against respondent(s) named in the charge or issue a right to sue letter to the charging party who may then file a civil action in federal court within 90 days. If conciliation fails on a charge against a state or local government, EEOC refers the case to the Department of Justice for consideration of litigation or issuance of a right to sue letter. A Federal employment applicant or employee who believes that his or her employment rights have been violated under Section 501 of the Rehabilitation Act must file a complaint with that agency and follow the procedures set forth at 29 C.F.R. part 1614.

Applicant Eligibility:

Specialized group (e.g. health professionals, students, veterans); Anyone/general public; Any aggrieved individual, or any individual, or any organization, or agency filing on behalf of an aggrieved individual, who has reason to believe that an unlawful employment practice within the meaning of Title I of the ADA has been committed by an employer with 15 or more employees, including state or local governments, an employment agency, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs. Any aggrieved individual who believes he or she has been retaliated against for opposing employment practices that discriminate based on disability or who files an ADA charge, testifies, or participates in any way in an investigation, proceeding, or litigation under the ADA. Federal employees are protected from disability discrimination under section 501 of the Rehabilitation Act.

Beneficiary Eligibility:

Disabled (e.g. Deaf, Blind, Physically Disabled); Physically Afflicted (e.g. TB, Arthritis, Heart Disease); Mentally Disabled; Applicants, for employment, current employees, and former employees of the named respondent(s) in a charge who have been subjected to unlawful employment practices based on disability by the named respondent (s), and/or who have been subjected to retaliation for filing a charge of discrimination, for opposing disability discrimination or for participating in an ADA or Rehabilitation Act investigation, proceeding, or litigation.

Credentials/Documentation:

A claim of unlawful employment practice(s) may be made online, in person, by mail or by fax. An allegation must be in writing, signed, and/or notarized when necessary to meet State or local requirements. Charge forms (EEOC Form 5, Charge of Discrimination) are available to all persons from all field offices of the Commission. Individuals may also consult EEOCs website at <http://www.eeoc.gov/employees/howtofile.cfm> for detailed information about filing a charge. Complaints against the Federal government should be filed at the relevant agencies EEO office. Each agency is required to post information about how to contact the agencies EEO office. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. A charge may be filed by any aggrieved individual, any individual on behalf of an aggrieved individual, or by any organization, i.e., labor union, association, legal representative, etc., either as an entity or on behalf of an aggrieved individual. The charges filing process may be initiated online, in person, by mail or by fax at the nearest field office of the EEOC. Complaints against the federal government should be filed at the relevant agencies EEO office. Each agency is required to post information about how to contact the agencies EEO office.

Award Procedure:

A charge is sufficient when the Commission receives from the person making the charge a written signed statement that includes an allegation of discrimination, the name(s) of the parties involved, and a request that the EEOC act to protect the applicant or employees rights or otherwise settle a dispute between the applicant or employee and the employer. The charge must also be verified; in some circumstances verification can relate back to the date that the charge was filed.

Deadlines:

The ADA requires that charges be filed within 180 days of the date of the alleged violation, within 300 days if the charge is also covered by a state or local anti-discrimination law. If the evidence does not establish that discrimination occurred, charging parties will be given written notice of their right to sue. Persons can also ask for a notice of right to sue before EEOC finishes its investigation. A charging party may file a lawsuit within 90 days after receiving a notice of a right to sue from EEOC, as stated above. Under the ADA, a charging party also can request a notice of right to sue from EEOC 180 days after the charge was first filed with the Commission and may then bring suit within 90 days after receiving this notice. When a right to sue letter is issued at the request of the charging party, EEOC usually stops its investigation.
