

Single Source Determination (Simplified Acquisition)

Section A: General Contract Information

Is this a Single Source or Brand Name requirement? ☐ Single Source ☒ Brand Name

Contracting Activity: 115 MSG/MSC

Project/Program Name: OHWS Fitness Equipment

Purchase Request / Local ID Number: TBD

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

13 Sorinex Center Mass Bells ranging from 5 lb to 80 lb. See Lines 0061 - 0073 on the purchase description.

Section C: Justification for Soliciting from a Single Source or Brand Name

The Sorinex Center Mass Bell (CMB) is designed to provide better stability and weight distribution around the hand and wrist during weight lifting and high intensity interval training workouts. The position of the handle allows the aircrew member to better control the weight and reduce the risk of injury. Aircrew members can quickly learn the movement and usage of the CMB which provides a completely different workout exposure that the typical kettle bell and dumbbells can't offer.

Section D: Efforts to Obtain Competition

Internet market research was conducted and we found similar products to that of Sorinex Center Mass Bells. Sorinex was the only brand found that provide a sphere with a hollow core and a handle in the center, allowing equal distribution of weight. Similar items have hollow cores, but have bottoms which do not provide equal distribution.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

Market research will be performed for future acquisitions of any fitness equipment to identify additional products that offer the same or similar characteristics.

Section F: Contracting Officer's Determination

I have determined, in accordance with FAR 13.106-1(b)(1), that the circumstances of this contract action deem only a particular brand-name item satisfies agency needs.
