SOLICITATION NOTES:

1. System for Award Management (SAM): In accordance with FAR 4.1102 Policy, Offerors shall be registered in the SAM database in order to be eligible for contract award. No award will be made to an Offeror not registered. Registration can be accomplished at <https://sam.gov/content/entity-registration>. Registration in this database shall remain active. There has been a recent SAM requirement for submission of notarized letters for all new vendor registrants, and for renewals of existing registrations. Please check your SAM registration and if the registration is due for renewal in the next few months, it is important to start that process immediately. For additional information on notarized letters, visit https://www.fsd.gov/gsafsd_sp?id=kb_article_view&sysparm_article=KB0016652&sys_kb_id=8cfe46491b1cb8909ac5ddb6bc4bcbbb&spa=1.
2. Annual Representations and Certifications: In accordance with FAR 4.1201 Policy, Offerors shall complete electronic annual representations and certifications within SAM as part of required registration. Registration in this database shall remain active and can be accessed at <https://sam.gov/content/entity-registration>.
3. Questions: Questions regarding this solicitation shall be submitted to the Contracting Officer, in writing, at least 5 calendar days prior to the closing date. Questions submitted after this time will be answered at the discretion of the Contracting Officer. The Contracting Officer for this action is Thomas Hall, thomas.c.hall111.civ@army.mil.
4. Award without Discussions: The Government intends to award without discussions, offerors should submit their best prices in their initial offer. If FAR Provision 52.212-2 Evaluation-Commercial Products and Commercial Services, is included, Offerors must submit all information requested therein in order for the Government to determine technical acceptability.
5. Amendments: The Offeror shall submit to the Contracting Officer signed copies of all amendments issued to this solicitation. Failure to comply may cause your proposal to be rejected.
6. Payment: Payment for this action will be made by Electronic Funds Transfer (EFT) through the Defense Finance and Accounting Services (DFAS) utilizing Wide Area Work Flow (WAWF). See DFARS 252.232-7006 Wide Area WorkFlow Payment Instructions for more information.
7. Period for Acceptance of Offers: The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers.
8. Proposals: Proposals shall be signed by an authorized individual in accordance with FAR 4.102 Contractor's signature. Failure to comply may cause your proposal to be rejected. Offerors should mark each page of their proposal as "Proprietary Information", if they want it treated as Proprietary Information under the Procurement Integrity Act.
9. FOB Destination: Unless otherwise stated in the solicitation, Offerors shall provide FOB Destination prices.
10. AMC-Level Protest Program: Prior to submitting an agency protest, it is preferable that you first attempt to resolve your concerns with the responsible contracting officer. However, you may also file a protest to the Headquarters (HQ), Army Materiel Command (AMC). The HQ AMC-Level Protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accountability Office (GAO), or other external forum. Contract award or performance is suspended during the protest to the same extent, and within the same time periods, as if filed at the GAO. The AMC protest decision goal is to resolve protests within 35 calendar days from filing. To be timely, protests must be filed within the periods specified in FAR 33.103 Protests to the agency. If you want to file a protest under the HQ AMC-Level Protest Program, the protest must request resolution under that program and be sent to the address below.

After Date

Item No. Quantity of Contract

(b) Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed, or otherwise furnished to the successful offeror, results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day award is dated. Therefore, the offeror should compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer through the ordinary mails. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding (1) five calendar days for delivery of the award through the ordinary mails, or (2) one working day if the solicitation states that the contract or notice of award will be transmitted electronically. (The term "working day" excludes weekends and U.S. Federal holidays.) If, as so computed, the offered delivery date is later than the required delivery date, the offer will be considered nonresponsive and rejected.

52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

ADDENDUM TO FAR 52.212-2, BASIS OF AWARD:

A. General Information:

1. The basis of award will be the Lowest Priced, Technically Acceptable offer. Offerors must receive a rating of Technically Acceptable in all factors/subfactors in order for their overall proposal to be determined Technically Acceptable.
2. By submission of its offer, the offeror accedes to all solicitation requirements, including terms and conditions, and technical requirements.
3. The Government intends to make award without discussions, unless the Contracting Officer determines that discussions are necessary. Offerors should provide their most favorable prices in their initial offers.

B. Non-Price Evaluation Factors and Subfactors: The offerer shall provide all information required for the Government POC to evaluate the quotes for compliance with the requirements detailed in the brand name J&A and solicitation. Information includes, but is not limited to: brochures, videos, drawings, and testimonials.

C. Price Evaluation Factor: Offerors shall complete the Schedule B with pricing for each Contract Line Item Number (CLIN).

D. Proposals will be evaluated initially independently of the price to determine the Offerors' ability to meet the Government's requirement set forth in the solicitation. The Government may make a final rating determination based on the proposal as submitted without requesting any further information. For all proposals determined to be Technically Acceptable, the offer providing the lowest price will receive the contract award.

1. Offerors' technical proposals will receive an overall rating based on the following:

(a) Technically Acceptable: Offeror meets all requirements or technical specifications or has submitted all documentation requested in any technical evaluation criteria and all documentation meets the standard set forth in the solicitation.

(b) Technically Unacceptable: Offerer fails to meet all requirements or technical specifications or has failed to comply in submitting requested documentation in any technical evaluation criteria or the submitted documentation fails to meet the standard set forth in the solicitation.
