9.3 Defense Biometric Identification System (DBIDS)

9.3.1 The Defense Biometric Identification System (DBIDS) is a DoD-owned and operated system developed by Defense Manpower Data Center as a force protection program to manage personnel identity and access at DoD installations. DBIDS is a network database system designed to easily verify access authorization of personnel entering military installations by using barcodes and fingerprint biometric identifications. In order to obtain base access, an individual needs to acquire DoD sponsorship, have a thorough identity check, be properly vetted, and have a legitimate reason for base access. Identity checks require a passport or a Real ID Act-compliant state driver's license. Vetting occurs when the individual's background and ID are compared against authoritative criminal justice databases, and the individual has a letter or official document from the sponsoring organization which articulates the reason for access. When the above criteria are satisfactorily met, DBIDS credentials are issued. After the applicant obtains their DBIDS paper pass, they will have an additional 180 days to obtain an actual DBIDS card at no cost. Those requesting new access onto installations will receive the DBIDS card at the same time they are initially approved for access.

Additional details may be found at the Commander, Navy Installation Command website at <https://www.cnmc.navy.mil/om/dbids.html>.

**THE FOLLOWING NAVSUP LOCAL TEXT IS HEREBY MADE PART OF THE PERFORMANCE WORK STATEMENT.**

**SUPTXT204-9400(4-22) Vendor Unclassified Access To Federally Controlled Facilities, Sensitive Information, Information Technology Systems or Protected Health Information**

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Vendor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and vendors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

**APPLICABILITY**

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC login for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each vendor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

**ACCESS TO FEDERAL FACILITIES**

Per HSPD-12 and implementing guidance, all vendor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required vendor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

**START-UP PERIOD**

All vendor resource onboarding documents must be submitted via the prime vendor. The prime vendor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

- a. Visit Authorization Request (VAR)
- b. Vendor Information Sheet (CIS)
- c. FD-258 Fingerprint Card
- d. Completed Electronic Investigation (EQIP)
- e. All vendor resource(s) must have an active Joint Personnel Adjudication System (JPAS) profile
- f. Common Access Card(CAC)

Note (1): Invoicing by the vendor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

### **ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM**

In Accordance With (IAW) Secretary of the Navy (SECNAV) M-5510.30, vendor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to sensitive information. Sensitive information includes information protected under the Privacy Act, to include PHI. All vendor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than ITIII. IT Levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Vendor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher level investigation than the National Agency Check (NAC) with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System (OS) or Computing Environment (CE) they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the vendor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The vendor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM at least thirty (30) days prior to the individual's start date. Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the vendor shall ensure that all employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The vendor's security representative shall contact the CSM for guidance when reinvestigations are required.

### **INTERIM ACCESS**

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the vendor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the vendor of his/her responsibility to perform.

#### **DENIAL OR TERMINATION OF ACCESS**

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the vendor from the requirement to execute performance under the contract within the timeframes specified in the contract. Vendors shall plan ahead in processing their employees and subvendor employees. The vendor shall insert this clause in all subcontracts when the subvendor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

#### **VENDOR'S SECURITY REPRESENTATIVE**

The vendor shall designate an employee to serve as the vendor's security representative. Within three (3) work days after contract award, the vendor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the vendor's security representative. The vendor's security representative shall be the primary point of contact on any security matter. The vendor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

#### **BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR VENDORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES**

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Vendor employees under this contract are recognized as NonCritical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to vendor employees who access Privacy Act and PHI, provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each vendor employee must be a US citizen and have a favorably completed NACLC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each vendor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) years) throughout the contract performance period. The vendor's security representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL vendor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy command's ISSM/IAM. Completion and approval of a SAAR-N form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the Navy CSM at least thirty (30) days prior to the individual's start date. Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date.

The vendor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Vendor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM; Potential suitability or security issues identified may render the vendor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the vendor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the vendor employee already possesses a current favorably adjudicated investigation, the vendor shall submit a VAR via the JPAS or a hard copy VAR directly from the vendor's security representative. Although the vendor will take JPAS owning role over the vendor employee, the Navy command will take JPAS "Servicing" role over the vendor employee during the hiring process and for the duration of assignment under that contract. The vendor shall include the IT position category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

#### **BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR VENDORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES**

Vendor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and
- Must have a favorably completed NACI or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The vendor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

\* Consult with your CSM and ISSM/IAM for local policy when IT-III (non-sensitive) access is required for nonU.S. citizens outside the U.S.\*

#### **SUPTXT243-9400(1-92) AUTHORIZED CHANGES ONLY BY THE CONTRACTING OFFICER**

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Vendor's facilities or in any other manner communicate with Vendor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The Vendor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and notwithstanding provisions contained elsewhere in this contract, the said authority remains solely with the Contracting Officer. In the event the Vendor effects any change at the direction of any person other than the Contracting Officer, the change shall be considered to have been made without authority and no adjustment shall be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Contracting Officer is:

ADDRESS: NAVSUP FLCJ, Bldg. 110 Yorktown Ave., Jacksonville, FL 32212

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [ \_\_\_\_ ] Are, [ \_\_\_\_ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [ \_\_\_\_ ] Have, [ \_\_\_\_ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) [ \_\_\_\_ ] Have, [ \_\_\_\_ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
