Section C - Descriptions and Specifications

PERFORMANCE WORK STATEMENT**PERFORMANCE WORK STATEMENT
FOR MOWING AND TRIMMING SERVICES AT
CLINTON LAKE, KANSAS**

1. DESCRIPTION OF SERVICES. The Contractor shall provide all personnel, equipment, tools, supervision, and other items and services necessary to ensure that mowing and trimming is performed at Clinton Lake, KS in a manner that will maintain healthy grass, trees, shrubs, and plants and present a clean, neat, and professional appearance. The Contractor shall commence work within 48 hrs after receipt of a verbal order from the Contracting Officer's Representative (COR) and the work shall be completed within the time frames listed in Section 1.1.3.

1.1. MAINTAIN IMPROVED GROUNDS.

1.1.1. All mowing shall be completed in an area prior to moving to another area. Mowing will not be permitted when the ground is so wet that the mowing operations cause rutting or otherwise disturb existing turf. Tractors/mowers shall be operated in such a manner as to protect against the sod being torn by the wheels on turns. In the event sod is damaged, the Contractor shall re-dress and seed and mulch the damaged areas with KY-31 fescue seed or similar blend of fescue seed at the rate of 100 pounds per acre or Contracting Officer Representative's (COR) approved equal. Mulch shall consist of straw, hay, or hydroseeding. Extreme care shall be exercised when mowing AND trimming around trees, bushes, shrubs, and all inanimate objects to insure equipment does not damage objects. Repair or replacement in size, kind and type resulting from damage by the Contractor's equipment shall be borne by the Contractor. Repair or replacement shall occur within (30) calendar days of noticed damage.

All trimming shall be accomplished either simultaneously or immediately following mowing, and in all instances shall be completed no later than 24-hours after mowing, except that this paragraph shall not be construed to alter the total time allowed as specified. Trimming is required around trunks of trees, bushes, shrubs, buildings, sign posts, and all inanimate objects within the mowing boundaries where mowers cannot reach or cut vegetation without contacting the object. Note: Generally, campsites, building perimeter, trees, shrubs, sign posts, etc. are sprayed with herbicide by other herbicide personnel, creating a buffer between the sod and the object. The guardrail at all boat ramps, and all riprap areas surrounding boat ramps and boat ramp parking lots shall be trimmed to include three (3) feet down the riprap slope. Trimming height shall match surrounding area grass heights. Movable objects, such as portable picnic tables, shall be moved and the areas around and under such objects shall be mowed and trimmed. Objects shall be returned to their original positions, and sidewalks, entrances into buildings and building interiors shall be cleared as needed to remove clippings. Mowing and trimming operations around buildings, sidewalks, and roadways shall be, when possible, performed so clippings are thrown outward onto the grassed area. Grass clippings and debris shall NOT be left on roadways, sidewalks, entrances into buildings and building interiors overnight, even if the trimming operations are not completed. Removal (blowing) of clippings shall be accomplished in a completed mowing area prior to moving to another area.

All mowing equipment shall be compatible with each other in mowing height and appearance of cut grass. Park mowing shall be accomplished so that all turf areas may be cut with a finish mower to a height between 3 and 4 inches, as directed by the COR, to accommodate for moisture conditions and limit excess grass clippings and thatch between mowings. Approximate mowing areas are indicated on the attached Map. Exact boundary limits of mowing and trimming shall be as directed by the COR. Mowers with a single deck cutting width of over 96 inches will not be permitted for use in any park areas. Equipment breakdown shall not relieve the Contractor of the responsibility of performing the work specified. The Contractor shall assure that he/she has, or can obtain on short notice, sufficient backup equipment to continue the services as specified without interruption in the event of mechanical failure of his/her primary equipment.

All acreages are estimated. The Contractor shall be responsible for determining exact acreage and conditions affecting performance of this work. All mow areas under this contract match existing delineated mowing areas.

Mowing of lift station entrance roads and around all lift stations and electrical boxes in each public use area shall be included with each park mowing.

Areas surrounding lagoons shall be mowed approximately 15-20 ft on the outside of the lagoon fence (or to nearest tree line or obstacle if less than 15 ft) and mowed completely between the lagoon fence and the entrance roadway. Areas within lagoon fences shall be mowed and trimmed completely. The elevation of lagoons may fluctuate. Inside slopes shall be trimmed to the water's edge at any elevation. The Lagoons may be mowed between 5 and 7 inches and have traditionally been mowed using a pull-behind wing deck mower with smaller equipment utilized where needed to cut-out or trim around objects.

Roadway mowing consists of total right-of-way mowing from road shoulder to the tree line or existing delineated mowing boundary. In absence of a tree line, or other delineated feature, the distance shall be approximately 30 feet on each side of the road. The Dam roadsides may be mowed between 4 and 6 inches and have traditionally been mowed using a pull-behind wing deck mower.

1.1.2. DAM EMBANKMENT. The contractor shall mow the grass in these areas between 5 and 7 inches. Trimming (or mowing with small mowers) around instrumentation and grouted gutters shall be performed before mowing with larger equipment to maximize visibility. Past experience has shown that this sequence is necessary for the prevention of damage to the instrumentation. The instrumentation, grouted gutters, and other features on the dam embankment are critical to the operation and safety of the dam and Contractor shall exercise extreme caution while performing mowing operations. The vegetative cover is vital for control of erosion and mowing operations shall not cause rutting, create wheel paths, or otherwise disturb existing turf. Contractor shall report any animal burrows, slides, wet areas or other unusual conditions observed while mowing to the COR.

1.1.3. QUANTITIES AND TIME ALLOWED.

"Fully Clothed" shall be deemed to mean that a sleeved shirt (or T-shirt), trousers, and shoes shall be worn at all times: except that this requirement shall not be construed to replace or eliminate the necessity for the wearing of appropriate protective clothing or devices as may be required for the safe performance of services.

5.6.3. Prior to beginning work on this contract the Contractor shall have an approved Accident Prevention Plan. This plan shall be in accordance with the most recent EM 385-1-1 dated 30 November 2014. The plan is intended to be a viable document and enhance the safety of Project staff and visitors. The Contractor will be expected to take a vital interest in safety, and educate their employees to work and plan their work safely. Proper driving techniques and defensive driving shall be practiced to prevent vehicle accidents and property damage.

5.6.4. The Contractor shall prepare an Activity Hazard Analysis (AHA) for each work activity. All AHAs shall be submitted as part of the Accident Prevention Plan.

1. PURPOSE.

This Quality Assurance Surveillance Plan (QASP) provides a systematic method to evaluate performance for the stated contract. This QASP explains the following:

This QASP does not detail how the Contractor accomplishes the work. Rather, the QASP is created with the premise that the Contractor is responsible for management and quality control actions to meet the terms of the contract. It is the Government's responsibility to be objective, fair, and consistent in evaluating performance. In addition, the QASP should recognize that unforeseen and uncontrollable situations may occur.

This QASP is a "living document" and the Government may review and revise it on a regular basis. However, the Government shall coordinate changes with the Contractor. Updates shall ensure that the QASP remains a valid, useful, and enforceable document. Copies of the original QASP and revisions shall be provided to the Contractor and Government officials implementing surveillance activities.

4. PERFORMANCE STANDARDS.

Performance standards define desired services. The Government performs surveillance to determine if the Contractor exceeds, meets or does not meet these standards.

The Performance Requirements Summary Matrix, paragraph 3 in the Performance Work Statement includes performance standards. The Government shall use these standards to determine Contractor performance and shall compare Contractor performance to the Acceptable Quality Level (AQL).

Item	PWS Paragraph	Performance Standard	Surveillance Method
Maintain Improved Grounds	1.1	Grass is maintained within proper height for its area. Sod is healthy, looks well maintained, and is not damaged. All trimming and clipping removal is completed per PWS.	100% inspection or random inspection
Annual Coordination Meeting	1.2	No error per year.	Complete prior to first mowing of the contract award and each option exercise period.
Quality Control Plan	5.1	No more than one (1) error per year.	Complete prior to first mowing of the contract award and each option exercise period.
Accident Prevention Plan	5.6.3	No more than one (1) error per year.	Complete prior to first mowing of the contract award and each option exercise period.

5. METHODS OF QA SURVEILLANCE.

Various methods exist to monitor performance. The COR shall use the surveillance methods listed below in the administration of this QASP.

Regardless of the surveillance method, the COR shall always contact the Contractor's task manager or on-site representative when a defect is identified and inform the manager of the specifics of the problem. The COR, with assistance from the PM, shall be responsible for monitoring the Contractor's performance in meeting a specific performance standard/AQL.

a. **VALIDATED USER/CUSTOMER COMPLAINTS.** (Relies on the user of the service to identify deficiencies. Complaints are then investigated and validated. Highly applicable to services provided in quantity and where quality is highly subjective.)

PWS 1.1

b. **100% INSPECTION.** (Evaluates all outputs. Most applicable to small quantity, but highly important services. May be used where there are written deliverables and stringent requirements such as tasks required by law, safety, or security.)

PWS 1.1, 1.2 and 4.1.

c. **RANDOM SAMPLING.** (Designed to evaluate the outputs of the award requirement by randomly selecting and inspecting a statistically significant sample. Highly recommended for large quantity repetitive activities with objective and measurable quality attributes.)

PWS 1.1.

Surveillance results may be used as the basis for actions (to include payment deductions) against the Contractor. In such cases, the Inspection of Services clause in the Contract becomes the basis for the KO's actions.

6. RATINGS.

Metrics and methods are designed to determine if performance exceeds, meets, or does not meet a given standard and acceptable quality level. A rating scale shall be used to determine a positive, neutral, or negative outcome. The following ratings shall be used:

Exceptional:	Performance significantly exceeds contract requirements to the Government's benefit.
Satisfactory:	Performance meets contractual requirements.
Unsatisfactory:	Performance does not meet contractual requirements

7. DOCUMENTING PERFORMANCE.

a. **ACCEPTABLE PERFORMANCE (EXCEPTIONAL/SATISFACTORY).**

The Government shall document positive performance. A report template is attached. Any report may become a part of the supporting documentation for fixed fee payments, award fee payments, or other actions.

b. **UNACCEPTABLE PERFORMANCE (UNSATISFACTORY).**

When unacceptable performance occurs, the COR shall inform the Contractor. This will normally be in writing unless circumstances necessitate verbal communication. In any case the COR shall document the discussion and place it in the COR file.

When the COR determines formal written communication is required, the COR shall prepare a Contract Discrepancy Report (CDR), and present it to the Contractor's task manager or on-site representative. A CDR template is attached to this QASP.

The Contractor shall acknowledge receipt of the CDR in writing. The CDR will specify if the Contractor is required to prepare a corrective action plan to document how the Contractor shall correct the unacceptable performance and avoid a recurrence. The CDR will also state how long after receipt the Contractor has to present this corrective action plan to the COR. The Government shall review the Contractor's corrective action plan to determine acceptability.

Any CDRs may become a part of the supporting documentation for contract payment deductions, fixed fee deductions, award fee nonpayment, or other actions deemed necessary by the KO.

8. FREQUENCY OF MEASUREMENT.

a. Frequency of Measurement.

During contract/order performance, the COR shall take periodic measurements, as specified in the Performance Standards Summary Matrix, and shall analyze whether the negotiated frequency of measurement is appropriate for the work being performed.

b. Frequency of Performance Assessment Meetings.

The COR shall meet with the Contractor to assess performance and shall provide a written assessment.

(a) Definitions. Added value, excessive pass-through charge, subcontract, and subcontractor, as used in this provision, are defined in the clause of this solicitation entitled "Limitations on Pass-Through Charges" (FAR 52.215-23).

(End of provision)

52.215-23 LIMITATIONS ON PASS-THROUGH CHARGES (JUN 2020)

(a) Definitions. As used in this clause--

Added value means that the Contractor performs subcontract management functions that the Contracting Officer determines are a benefit to the Government (e.g., processing orders of parts or services, maintaining inventory, reducing delivery lead times, managing multiple sources for contract requirements, coordinating deliveries, performing quality assurance functions).

Excessive pass-through charge, with respect to a Contractor or subcontractor that adds no or negligible value to a contract or subcontract, means a charge to the Government by the Contractor or subcontractor that is for indirect costs or profit/fee on work performed by a subcontractor (other than charges for the costs of managing subcontracts and any applicable indirect costs and associated profit/fee based on such costs).

No or negligible value means the Contractor or subcontractor cannot demonstrate to the Contracting Officer that its effort added value to the contract or subcontract in accomplishing the work performed under the contract (including task or delivery orders).

Subcontract means any contract, as defined in Federal Acquisition Regulation (FAR) 2.101, entered into by a subcontractor to furnish supplies or services for performance of the contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor, as defined in FAR 44.101, means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

(b) General. The Government will not pay excessive pass-through charges. The Contracting Officer shall determine if excessive pass-through charges exist.

(c) Reporting. Required reporting of performance of work by the Contractor or a subcontractor. The Contractor shall notify the Contracting Officer in writing if--

(1) The Contractor changes the amount of subcontract effort after award such that it exceeds 70 percent of the total cost of work to be performed under the contract, task order, or delivery order. The notification shall identify the revised cost of the subcontract effort and shall include verification that the Contractor will provide added value; or

(2) Any subcontractor changes the amount of lower-tier subcontractor effort after award such that it exceeds 70 percent of the total cost of the work to be performed under its subcontract. The notification shall identify the revised cost of the subcontract effort and shall include verification that the subcontractor will provide added value as related to the work to be performed by the lower-tier subcontractor(s).

(d) Recovery of excessive pass-through charges. If the Contracting Officer determines that excessive pass-through charges exist;

(1) For other than fixed-price contracts, the excessive pass-through charges are unallowable in accordance with the provisions in FAR subpart 31.2; and

(2) For applicable DoD fixed-price contracts, as identified in 15.408(n)(2)(i)(B), the Government shall be entitled to a price reduction for the amount of excessive pass-through charges included in the contract price.

(e) Access to records. (1) The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records (as defined at FAR 52.215-2(a)) necessary to determine whether the Contractor proposed, billed, or claimed excessive pass-through charges.

(2) For those subcontracts to which paragraph (f) of this clause applies, the Contracting Officer, or authorized representative, shall have the right to examine and audit all the subcontractor's records (as defined at FAR 52.215-2(a)) necessary to determine whether the subcontractor proposed, billed, or claimed excessive pass-through charges.

(f) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (f), in all cost-reimbursement subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, except if the contract is with DoD, then insert in all cost-reimbursement subcontracts and fixed-price subcontracts, except those identified in FAR 15.408(n)(2)(i)(B)(2), that exceed the threshold for obtaining cost or pricing data in FAR 15.403-4(a)(1) on the date of subcontract award.

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 1 Day provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 5 Days days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 24 Months.

(End of clause)

52.232-32 PERFORMANCE-BASED PAYMENTS (APR 2012)

(a) Amount of payments and limitations on payments. Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract's description of the basis for payment.

(b) Contractor request for performance-based payment. The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.

(c) Approval and payment of requests.

(1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the ----- [Contracting Officer insert day as prescribed by agency head; if not prescribed, insert ``30th"] day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquiries into the status of an event or performance criterion, or into any of the conditions listed in paragraph (e) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

(d) Liquidation of performance-based payments.

(1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

(e) Reduction or suspension of performance-based payments. The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

(2) Performance of this contract is endangered by the Contractor's --

(i) Failure to make progress; or

(ii) Unsatisfactory financial condition.

(3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

(f) Title.

(1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract

(2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under subparagraph (f)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination or clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not --

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) Risk of loss. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) Records and controls. The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

(i) Reports and Government access. The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.

(j) Special terms regarding default. If this contract is terminated under the Default clause,

(1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and

(2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.

(k) Reservation of rights.

(1) No payment or vesting of title under this clause shall --

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause --

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(l) Content of Contractor's request for performance-based payment. The Contractor's request for performance-based payment shall contain the following:

(1) The name and address of the Contractor;

(2) The date of the request for performance-based payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made;

(4) Such information and documentation as is required by the contract's description of the basis for payment; and

(5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this

clause.

(m) Content of Contractor's certification. As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that --

(1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer;

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [____] Are, [____] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [____] Have, [____] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) [____] Have, [____] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).
