

C-130 Fuselage Trainer Building Furniture

PERFORMANCE WORK STATEMENT (PWS)

Date Prepared: 26 June 2023

Prepared by:

Air Force Life Cycle Management Center (AFLCMC)

Agile Combat Support Directorate

Simulators Division (AFLCMC/WNS)

Wright-Patterson AFB (WPAFB), OH

1.0 INTRODUCTION

The C-130J Maintenance and Aircrew Training Systems (C-130J MATS) and C-130H Hercules Aircrew Training System (ATS) programs provides training support for the Air Mobility Command (AMC) at Little Rock AFB, AR. The purpose of this effort is to acquire and install office furniture for the new consolidated C-130 Fuselage Trainer (FuT) building (Building #6168) at Little Rock AFB. Building 618 is scheduled to complete late 4QFY23 with devices scheduled to begin delivering as early as July 2023 and training to begin in January 2024.

1.1 SCOPE

This Performance Work Statement (PWS) describes the tasks associated with the acquisition of the furniture for the new FuT building. The contractor shall purchase, deliver, and install all furniture/fixtures identified in the table below. All items shall be delivered and installed in building 6168 at Little Rock AFB, in accordance with the included building breakdown.

Commercially available items shall be used to the maximum extent possible and all furniture throughout the building should match and have a professional presentation. Quantity discounts shall be sought where applicable. Form-fit-function substitutions to the list below are acceptable, but require pre-coordination with local on-site Government personnel.

The following table lists the desired furniture.

Item #	Supply/Service Description	Quantity	Unit
01	Clary - Upholstered Back Guest Side - Fixed Arm	25	EA

1.1.1 DELIVERY/INSTALLATION

The contractor shall deliver and install all furniture as listed above, and remove any trash associated with the delivery (boxes, packing materials, etc.). A breakout by room is included as an attachment to this contract. Delivery and installation times shall be coordinated with the local training unit and accomplished without impacting training operations. Delivery shall occur within 90 days of contract award.

During delivery/installation, the contractor shall comply with all local/federal facility requirements, to include receiving appropriate visitor passes. Local Government personnel will help facilitate any visit requests, as necessary.
