Washington, DC 20240

NOTICE OF INTENT TO AWARD A SOLE SOURCE CONTRACT

THIS IS NOT A REQUEST FOR COMPETITIVE PROPOSALS

Prepared in accordance with the requirements of FAR Part 5

The Bureau of Indian Affairs (BIA), on behalf of the Office of Justice Services (OJS), intends to enter into a sole source Firm-Fixed Price contract with COBWEBS Technologies under the authority of FAR 13.501(a), 41 USC 1901.

BIA OJS requires a singular web-based platform which can search, monitor, analyze, collect, and provide alerts regarding open-source information, publicly available information, and commercially available information to assist with investigative efforts. This platform needs to have the ability to obtain this information from the open, deep, and dark web. Additionally, a platform will need the ability to view geo-signals such as those provided by mobile applications which have location data associated with it.

COBWEBS Technologies' Tangles web platform is the only platform that will meet the Government's needs as it can combine internet (open, deep, and dark web) intelligence that can search independently.

No solicitation is available, and no technical questions will be answered for this requirement. The NAICS code for this acquisition is 513210. If a firm believes BIA should not pursue this procurement, it should submit a capability statement and pricing information for the requirement by 3 pm EDT on March 22, 2023. Please contact Stephanie Scalise, Contracting Specialist, via email at stephanie.scalise@bia.gov.
