

**RFP 70B01C23R0000001 Northeast Facilities Maintenance and Repair Services  
Government Response to Vendor Question Regarding Site Visit**

**Vendor Question**

The RFP issued 16 January 2023 does not provide any details about a site visit or virtual site visit. Will the Government be providing details at a later date for Contractors to visit the site, engage with on-site leaders, and ask questions? If not, we respectfully request a site visit.

**Government Response**

Site Visit language has been added to RFP 70B01C23R0000001 under Amendment One (1).
