#### 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (Aug 2020)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are ( ) are not ( ) presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ( ) have not ( ), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks “have”, the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are ( ) are not ( ) presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

#### FOR OFFICIAL USE ONLY

This document may contain operationally sensitive information and should be viewed only by personnel having an official "need to know". If you are not the intended recipient, be aware that any disclosure, copying, distribution, or use of the content of this information is prohibited.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ( ) has not ( ), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

52.212-2 EVALUATION--COMMERCIAL ITEMS (Nov 2021)

- (a) (The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: Qualifying Criteria, Technical, Past Performance, and Price. Qualifying Criteria will be evaluated first on a Pass/Fail basis. If the quote does not pass, no further evaluation will be conducted, and the quote will not be considered for award. Factor 1 – Technical will be evaluated next. If the quote is rated Unacceptable/Red, Past Performance and Price will not be evaluated, and the quote will not be considered for award.
- (b) The Government intends to award a Firm Fixed Price type contract to the responsible vendor whose overall quote represents the **best value** after evaluation in accordance with the factors in the solicitation. To arrive at a selection decision, the Contracting Officer will perform an integrated assessment using the evaluation factors described in this solicitation. This may result in awards being made to the higher rated, potentially higher priced quote(s) where the decision is consistent with the evaluation factors. This is a competitive, best value trade-off selection that will be conducted in accordance with (IAW) with FAR parts 12 & 13, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS) and Special Operations Federal Acquisition Regulation Supplement (SOFARS). The following factors will be used to evaluate quotes and are in descending order of importance; Technical, Past Performance and Price. **The order of importance for the evaluation factors is 1) Technical, 2) Past Performance, and 3) Price. When combined, Technical and Past Performance are significantly more important than price.**
- (i) **Factor I: Technical:** The offerors approach to performing contract requirements and its capability to successfully perform the contract in accordance with Statement of Work. Evaluation of this factor will focus on the strengths, weaknesses and deficiencies of the quote.
- a. **Technical Ratings** – The following ratings will be applied to Factor 1 during evaluations. These ratings will also be assigned as an overall evaluated rating of the quote.

Technical: Combined Color/ Risk Ratings		
Color	Adjectival Rating	Description
Blue	Outstanding	Proposal demonstrates an exceptional approach and understanding of the requirements, contains multiple strengths and / or at least one significant strength, and risk of unsuccessful performance is low.
Purple	Good	Proposal demonstrates a thorough approach and understanding of the requirements and contains at least one strength or significant strength, and risk of unsuccessful performance is low to moderate.
Green	Acceptable	Proposal demonstrates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Yellow	Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and / or risk of unsuccessful performance is high.

<b>Red</b>	<b>Unacceptable</b>	Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies and is un-awardable, and / or risk of performance is unacceptably high.
------------	---------------------	--

(ii) When conducting evaluations of Factor 1, the below definitions will be utilized:

<b>Finding</b>	<b>Definition</b>
Significant Strength	An aspect of an Offeror's proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.
Strength	An aspect of an offeror's proposal with merit or will exceed specified performance or capability requirements to the advantage of the Government during contract performance.
Weakness	A flaw in the proposal that increases the risk of unsuccessful contract performance.
Significant Weakness	A flaw that appreciably increases the risk of unsuccessful contract performance.
Deficiency	A material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

(iii) **Factor 2: Past Performance.** The Government will evaluate Past Performance based on the submission required in the provision 52.212-1 identified above. In addition to the offeror's past performance submission the government may use the data available in the Contractor Performance Assessment Reporting System (CPARS) during this evaluation. In evaluating Past Performance, the Government will consider the recency and relevancy of the past performance to the requirements contained in the SOW, the risk to successful performance, and the Government's confidence in the offeror's ability to successfully perform the solicited requirements. In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available, the offeror may not be evaluated favorably or unfavorably on past performance.

a. When making relevancy determinations, the below definitions will be utilized:

<b>Rating</b>	<b>Definition</b>
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

- b. To be considered **Recent**, past performance must have been performed no more than 3 year prior to the closing date of this RFQ.
- c. **Past Performance Ratings** – The following ratings will be applied to Factor 2 during evaluations.

FOR OFFICIAL USE ONLY

This document may contain operationally sensitive information and should be viewed only by personnel having an official "need to know". If you are not the intended recipient, be aware that any disclosure, copying, distribution, or use of the content of this information is prohibited.

Adjectival Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

(iv) **Factor 3: Price.** The evaluated price will be determined using the total price for base and all option years. The offeror's quoted price will be evaluated per FAR 13.106-3(a). Offerors responding to this solicitation are advised that, prior to award, the Government may request offerors to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Vendor must submit completed Pricing Spreadsheet along with a narrative explanation. Page limit 5. Failure to submit the requested information may result in disqualification of the submitted quote.

a. Included in the solicitation and resulting contract is FAR Clause 52.217-8, the price of exercising this clause will be evaluated using the prices of the last ordering period submitted in the vendor's quote.

- (b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).
- (c) The Government intends to award solely on the information contained in the quote and intends to award without discussions. The Government reserves the right to conduct discussions if deemed necessary.
- (d) Although price is not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the degree of equality of the quotes in relation to the other factors on which selection is to be based. The importance of price will also increase when a vendor's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the offer. If, at any stage of the evaluation, all vendors are determined to have submitted equal, or virtually equal, quotes, price could become the factor in determining which vendors shall receive the award.
- (e) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the

(4) [ \_\_\_\_ ] Have, [ \_\_\_\_ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]
