

Attachment 1- Minimum Requirements

As part of the RFI and market research purposes, the Government requests that interested vendors submit their Level IIIA Soft Body Armor Kits (samples) with verified testing data for evaluation. Each Kit shall include the enhanced ballistic resistance features as detailed in the SOW.

Below are the minimum characteristics for each item that makes up the Soft Body Armor Kit:

A. Soft Body Armor Kit Ballistic Panels (Front and Back) must consist of the following:

- NIJ Level IIIA certified panels
- No thicker than .021-.025
- Possess an Aerial density of ≤ 1.09
- Front panel shall have elastic pouch with ballistic fold along top ridge as described in minimum requirements above
- Available in male and female sizing options
- Available in following sizes: Small, Medium, Large, Extra Large, and 2X Large

B. Tactical Outer Garment Carrier Kit must consist of the following:

- Must be available in Ranger Green color
- Front panel w/ molly front flap, upper and side admin pockets, and interior pocket that fits Ballistic Plate $\approx .75$ in thickness
- Back panel w/ removable zip-on back panel
- Detachable Inner cummerbunds
- Detachable outer cummerbunds w/ Level IIIa armor inserts and armor plate hood to secure ballistic plate in desired location of cummerbund
- 4" Front to Back interlocking Cummerbund connector adapters
- Shoulder pads with Level IIIA armor inserts
- Hypalon Butt stock retention on front panel
- Armor Plate hoods
- Spare buckles
- Internal Ballistic backer vein to reduce back face deformation of soft Armor
- Carry Bag
- Moisture Wicking Undergarments
- Placards (HSI /ICE) in Yellow
- Agency Badges (Embroidered)

C. Optional Pouches:

- M4/M16 Magazine pouch
- Flashlight Pouch
- Motorola Radio Pouch

- Handcuff pouch
- Tourniquet pouch
- Single pistol mag pouch for Sig P320 Magazines
- Double Handgun Magazine Pouch
- Triple Handgun Magazine Pouch
- Double Stacked M4 Magazine Pouch
- Large Utility Pouch
- Small Utility Pouch
- Pair of Side Ballistic Plate Pouches

D. Ancillary Soft Kit in Ranger Green color consisting of the following:

- Level IIIA Collar Protector
- Level IIIA Throat Protector
- Level IIIA Deltoid Protector
- Level IIIA Lower Back Protector
- Level IIIA Lower abdomen protectors
- Level IIIA Groin Protector

E. Ancillary Scalable Assaulters Plate Carrier consisting of the following:

- Ranger Green in color
- Gusseted Plate Pocket which relieves tension and pressure created by plates
- Front & back plate pocket incorporate 4-way stretch Tweave on the perimeter
- 4" Front to Back click and lock Cummerbund connector adapters
- PALS webbing for MOLLE attachment
- Removable front flap
- Zippered back panel for attachment of Assaulter's Zip-On Back Panels
- Slotted poly mesh base cummerbund for increased ventilation
- Reinforced drag handle
