   X Specific characteristics of the material or service that limit the availability to a sole source or particular brand name (unique features, function of the item, etc.). Describe in detail **why** only this suggested source can furnish the requirements to the exclusion of other sources.

These specific diving sheaths are already in C/760 dive lockers inventory, they fit their Umbilicals correctly and the divers know the process for install and fit. we are purchasing additional protective sheaths so they can be added to the C/760 seismic emergency kits for divers to use in a seismic event. We need to add to our inventory since we had to purchase new umbilicals for the kits as well.

   The requested material or service represents the minimum requirements of the government
