(either by the terms of the Government contract, by the employer, by local law, etc.), the cost of furnishing such uniforms and maintaining laundering or dry cleaning) such uniforms is an expense that may not be borne by the employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

In addition, where uniform cleaning and maintenance is the responsibility of the employee, all contractors and subcontractors under this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of convincing affirmative proof as to the actual cost), reimburse all employees for the cost of uniform cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). In those instances where the uniforms furnished are made of "wash and wear" materials, they may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning, daily washing, or laundering in order to meet the cleanliness or appearance standards set forth in the Government contract, by the contractor, by law, or by the nature of the work. ## Conformance Process:

The contracting officer shall require that any class of service employee not listed herein and which is to be employed under the contract (i.e. be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a relationship (i.e., appropriate level of skill comparison) between such classifications and the classifications listed in the wage determination 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a determination of conformed classification, wage rate, and/or fringe benefits shall be paid to all employees performing in the classification from the date of work on which contract work is performed by them in the classification to pay such unlisted employees the compensation agreed upon by the parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a classification and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing the proposed classification title(s), a Federal grade equivalency (FG), the proposed classification(s), job description(s), and rationale for proposed classification(s).

rate(s), including information regarding the agreement or disagreement authorized representative of the employees involved, or where there is no representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) performs any contract work.

3) The contracting officer reviews the proposed action and promptly notifies the contractor of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employee classification. The contractor must submit the proposed action to the Wage and Hour Division, Department of Labor, Wage and Hour Division, for review (See 29 CFR 4

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer. The contractor notifies the contracting officer that additional time will be required to complete the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a copy of such determination or it shall be posted as a part of the wage determination. (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444

When preparing a conformance request, the "Service Contract Act Directly Related Occupations" should be used to compare job definitions to ensure that the requested work is not performed by a classification already listed in the determination. Remember, it is not the job title, but the duties required to determine whether a class is included in an established wage determination.

Conformances may not be used to artificially split, combine, or subdi classifications listed in the wage determination (See 29 CFR 4.152(c))
