(b) Facsimile bids shall not be considered.

(c) Bids should be filled out, executed, and submitted in accordance with the instructions in the invitation. If a bidder uses its own bid form or a letter to submit a bid, the bid may be considered only if-

(2) Award on the bid would result in a binding contract with terms and conditions of the invitation.

IAW 14.302 - Bid Submission

Bids shall be submitted so that they will be received in the office designated in the invitation for bids not later than the exact time set for opening of bids.

The Government also reserves the right to make no award. Any contractor (and/or subcontractor) having a conflict of interest as defined under FAR Part 9.5 must identify the conflict as soon as it is known and provide a recommended mitigation plan. Mitigation plans are required whenever a competing contractor has had unequal access to nonpublic information regarding the requirement or has assisted the Government in defining the requirements or evaluation criteria. Each offeror's proposal shall consist of the completed and signed IFB with a cover letter delineating any exceptions taken to the IFB terms and conditions. However, offerors are cautioned that any noncompliance with the terms and conditions of the IFB will cause their bid to be rejected as non-responsible. Offerors shall also ensure that all Solicitation (blocks 14,15,19,20A,20B, & 20C), clauses and provisions that require "fill in" information are appropriately completed. All offerors shall thoroughly examine all IFB documents and instructions. Failure to do so will be at Offeror's own risk. The Government shall not pay any Offeror for any cost or expenses associated with the preparation of their proposal.

2. Any questions related to this solicitation must be submitted in writing, via email to the Contract Officer Ewa Gosselin ewa.gosselin@us.af.mil. All questions are due within seven (7) days of the scheduled site visit. All answers will be provided in writing via posting to the SAM.gov notice.

3. IAW FAR 14.103-2(d), the Government intends to award a contract to the responsible bidder whose bid is responsive to the terms of the invitation and will be most advantageous to the Government considering price and the price-related factors included in the invitation.

By submitting a bid, the apparent low bidder attests that they shall adhere to the specifications, designs, drawings, and all other documents provided with this solicitation. The contractor shall complete the work IAW FAR Clause 52.236-3 "Site Investigation and Conditions Affecting the Work" included in this solicitation. Any failure of the Contractor deviating from this action will not relieve the Contractor from successfully finishing the project to Government satisfaction and without further costs incurred by the Government.

4. In accordance with FAR 9.103, the apparent low offeror will be requested by the Government, prior to award, to submit documentation to establish its responsibility.

5. Notice to Offeror(s) - The award of this contract will be based upon the total cost of this contract.
