Evaluation Factors for Award

Addendum to 52.212-2 Evaluation-Commercial Items.

Step 1: Evaluate all quotations for responsiveness.

Step 2: Rank all responsive quotations based upon offeror's Total Evaluated Price (TEP).

Step 3: Evaluate lowest price offeror's technical capability on an "Acceptable/Not Acceptable" basis. "Acceptable" is when the quote conforms to the specifications required by the Salient Characteristics Document. If technically acceptable, move to step four. If not technically acceptable, evaluate the next lowest priced vendor. Continue evaluating technical capability until a rating of technically acceptable is achieved.

Step 4: Make a Best-Value decision based on technical acceptability and a determination that the price is fair and reasonable.
