

Specification for Water Vegetation Harvester

1.0 GENERAL REQUIREMENTS. These specifications establish the requirements to furnish one (1) new water vegetation harvester. The harvester shall include a trailer used for transportation.

1.1 Vegetation Harvester shall be same or equal to an Eco Harvester with the following salient characteristics:

- a) Aluminum
- b) 4' maximum depth reaches with drum
- c) Capable of clearing 1.5 acres/hour
- d) Has a pulling mode for vegetation
- e) Has a skimming mode for algae and debris
- f) Has ability to address different aquatic species including milfoil, algae and hydrilla.

1.2 Trailer

- a) Must be DOT compliant

2.0 SUBMITTALS. The vendor is required to submit one (1) copy of the Operation and Maintenance Manual, Owner's Manual, and Spare Parts List to the delivery locations.

3.0 TECHNICAL QUESTIONS. Technical questions may be directed to Tim Hough at telephone (330) 637-1961 or Matthew Reisinger at telephone 412-395-7630 during normal business hours.

4.0 WARRANTY. The new eco harvester shall have a standard manufacturer's one (1) year warranty.

5.0 DELIVERY. The new eco harvester shall be crated, boxed, or otherwise packaged to the extent necessary to prevent damage during shipment. All costs for repair and or replacement of damaged parts during transportation and delivery is the responsibility of the vendor.

5.1 Time of Delivery. The Government requires delivery of the new eco harvester within 270 days after the date of a written notice of contract award.

5.2 Place of Delivery. 1EA eco harvester, and trailer shall be delivered F.O.B. destination, transportation charges prepaid, to the following locations:

Tim Hough – Mosquito Creek Lake
2961 Warren-Meadville Rd
Cortland OH, 44410
330-637-1961. ext. 0025
