**Section B: Description of the Supplies/Services Required**

B-52H Heated Engine Cover

**Section C: Justification for Soliciting from a Single Source or Brand Name**

These engine covers were designed as part of a Strikewerx project. 12 covers were originally purchased by Strikewerx to test the design feasibility. Kennon Covers was chosen by Stikewerks to create this one of a kind engine cover to solve our engine freezing issues. We would like to purchase 12 more to give both AMUs a chance to test the covers adequately.

**Section D: Efforts to Obtain Competition**

There was no effort to obtain competition. These covers are one of a kind specifically designed for the strikewerx project to combat freezing engines.

**Section E: Steps to Preclude Future Single Source or Brand Name Awards**

This was a unique situation due to the Strikewerx involvement. It is unlikely that the situation will arise again.

**Section F: Contracting Officer's Determination**

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
