If Contractor has not made a determination within 72 hours of detection of the Potential Breach whether an Confirmed Breach has occurred, Contractor shall report the Potential Breach to the DOJ CO and COR within one-hour (i.e., 73 hours from detection of the Potential Breach). If the time by which to report the Potential Breach occurs outside of regular business hours and/or neither the DOJ CO nor the COR can be reached, Contractor must call the DOJ Computer Emergency Readiness Team (DOJ-CERT) at 1-866-US4-CERT (1-866-874-2378) within one-hour (i.e., 73 hours from detection of the Potential Breach) and contact the DOJ CO and COR as soon as practicable.

D. Any report submitted in accordance with paragraphs (B) and (C), above, shall identify (1) both the Information Systems and DOJ Information involved or at risk, including the type, amount, and level of sensitivity of the DOJ Information and, if the DOJ Information contains PII, the estimated number of unique instances of PII, (2) all steps and processes being undertaken by Contractor to minimize, remedy, and/or investigate the Security Incident, (3) any and all other information as required by the US- CERT Federal Incident Notification Guidelines, including the functional impact, information impact, impact to recoverability, threat vector, mitigation details, and all available incident details; and (4) any other information specifically requested by the DOJ. Contractor shall continue to provide written updates to the DOJ CO regarding the status of the Security Incident at least every three (3) calendar days until informed otherwise by the DOJ CO.

E. All determinations regarding whether and when to notify individuals and/or federal agencies potentially affected by a Security Incident will be made by DOJ senior officials or the DOJ Core Management Team at DOJ's discretion.

F. Upon notification of a Security Incident in accordance with this section, Contractor must provide to DOJ full access to any affected or potentially affected facility and/or Information System, including access by the DOJ OIG and Federal law enforcement organizations, and undertake any and all response actions DOJ determines are required to ensure the protection

of DOJ Information, including providing all requested images, log files, and event information to facilitate rapid resolution of any Security Incident.

G. DOJ, at its sole discretion, may obtain, and Contractor will permit, the assistance of other federal agencies and/or third party contractors or firms to aid in response activities related to any Security Incident. Additionally, DOJ, at its sole discretion, may require Contractor to retain, at Contractor's expense, a Third Party Assessing Organization (3PAO), acceptable to DOJ, with expertise in incident response, compromise assessment, and federal security control requirements, to conduct a thorough vulnerability and security assessment of all affected Information Systems.

H. Response activities related to any Security Incident undertaken by DOJ, including activities undertaken by Contractor, other federal agencies, and any third-party contractors or firms at the request or direction of DOJ, may include inspections, investigations, forensic reviews, data analyses and processing, and final determinations of responsibility for the Security Incident and/or liability for any additional response activities. Contractor shall be responsible for all costs and related resource allocations required for all such response activities related to any Security Incident, including the cost of any penetration testing.

VII. Personally Identifiable Information Notification Requirement

Contractor certifies that it has a security policy in place that contains procedures to promptly notify any individual whose Personally Identifiable Information ("PII") was, or is reasonably determined by DOJ to have been, compromised. Any notification shall be coordinated with the DOJ CO and shall not proceed until the DOJ has made a determination that notification would not impede a law enforcement investigation or jeopardize national security. The method and content of any notification by Contractor shall be coordinated with, and subject to the approval of, DOJ. Contractor shall be responsible for taking corrective action consistent with DOJ Data Breach Notification Procedures and as directed by the DOJ CO, including all costs and expenses associated with such corrective action, which may include providing credit monitoring to any individuals whose PII was actually or potentially compromised.

VIII. Pass-through of Security Requirements to Subcontractors and CSPs

The requirements set forth in the preceding paragraphs of this clause apply to all subcontractors and CSPs who perform work in connection with this Contract, including any CSP providing services for any other CSP under this Contract, and Contractor shall flow down this clause to all subcontractors and CSPs performing under this contract.

Any breach by any subcontractor or CSP of any of the provisions set forth in this clause will be attributed to Contractor.

DOJ-02 Contractor Privacy Requirements (JAN 2022)

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) Privacy Act Information

In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984) and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires Contractor personnel to have access to information protected by the Privacy Act of 1974, the contractor is advised that the relevant DOJ system of records notices (SORNs) applicable to this Privacy Act information may be found at <https://www.justice.gov/opcl/doj-systems-records>. [1] Applicable SORNs published by other agencies may be accessed through those agencies' websites or by searching the Federal Digital System (FDsys) available at <http://www.gpo.gov/fdsys/>. SORNs may be updated at any time.

(2) Prohibition on Performing Work Outside a Government Facility/Network/Equipment

Except where use of Contractor networks, IT, other equipment, or Workplace as a Service (WaaS) is specifically authorized within this contract, the Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or WaaS and Government information shall remain within the confines of authorized Government networks at all times. Any handling of Government information on Contractor networks or IT must be approved by the Senior Component Official for Privacy of the component entering into this contract. Except where remote work is specifically authorized within this contract, the Contractor shall perform all tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. Contractors may only access classified materials on government furnished equipment in authorized government owned facilities regardless of remote work authorizations.

(3) Prior Approval Required to Hire Subcontractors

The Contractor is required to obtain the Contracting Officer's approval prior to engaging in any contractual relationship (Subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under or relating to this contract. The Contractor (and any Subcontractor) is required to abide by Government and Agency guidance for protecting sensitive and proprietary information.

(4) Separation Checklist for Contractor Employees

The Contractor shall complete and submit an appropriate separation checklist to the Contracting Officer before any employee or Subcontractor employee terminates working on the contract. The Contractor must submit the separation checklist on or before the last day of employment or work on the contract. The separation checklist must verify: (1) return of any Government-furnished equipment; (2) return or proper disposition of personally identifiable information (PII)[2], in paper or electronic form, in the custody of the employee or Subcontractor employee including the sanitization of data on any computer systems or media as appropriate; and (3) termination of any technological access to the Contractor's facilities or systems that would permit the terminated employee's access to PII or other sensitive information.

In the event of adverse job actions resulting in the dismissal of a Contractor or Subcontractor employee before the separation checklist can be completed, the Prime Contractor must notify the Contracting Officer within 24 hours and confirm receipt of the notification. In the case the Contractor is unable to notify the Contracting Officer, then the Contractor should notify the Contract Officer's Representative (COR).

Contractors must complete the separation checklist with the Contracting Officer or COR by returning all Government-furnished property including, but not limited to, computer equipment, media, credentials and passports, smart cards, mobile devices, Personal Identity Verification (PIV) cards, calling cards, and keys and terminating access to all user accounts and systems. Unless the Contracting Officer requests otherwise, the relevant Program Manager or other Key Personnel designated by the Contracting Officer or COR may facilitate the return of equipment.

B. Privacy Training, Safeguarding, and Remediation

(1) Required Security and Privacy Training for Contractors

The Contractor must ensure that all employees take appropriate privacy training, including Subcontractors who have access to PII as well as the creation, use, dissemination and/or destruction of PII at the outset of the employee's work on the contract and every year thereafter. Training must include procedures on how to properly handle PII, including heightened security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of PII. These courses, along with more information about DOJ security and training requirements for Contractors, are available at <https://www.justice.gov/jmd/learndoj>. The Federal Information Security Modernization Act of 2014 (FISMA) requires all individuals accessing DOJ information to complete training on records management, cybersecurity awareness, and information

system privacy awareness. Contractor employees are required to sign the “Privacy Rules of Behavior,” acknowledging and agreeing to abide by privacy law, policy, and certain privacy safeguards, prior to accessing DOJ information. These Rules of Behavior are made available to all new users of DOJ’s computer network and to trainees at the conclusion of DOJ-OPCL-CS-0005.

The Contractor should maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required privacy and cybersecurity training.

(2) Safeguarding PII Requirements

Contractor employees must comply with DOJ Order 0904 and other guidance published to the publicly-available Office of Privacy and Civil Liberties (OPCL) Resources page[3] relating to the safeguarding of PII, including the use of additional controls to safeguard sensitive PII (e.g., the encryption of sensitive PII). This requirement flows down from the Prime Contractor to all Subcontractors and lower tiered subcontracts.

(3) Non-Disclosure Agreement Requirement

Prior to commencing work, all Contractor personnel that may have access to PII or other sensitive information shall be required to sign a Non-Disclosure Agreement (NDA) and the DOJ IT Rules of Behavior. The Non-Disclosure Agreement:

- (a) prohibits the Contractor from retaining or divulging any PII or other sensitive information, or derivatives therefrom, furnished by the Government or to which they may otherwise come in contact as a result of their performance of work under the contract/task order that is otherwise not publicly available, whether or not such information has been reduced to writing; and
- (b) requires the Contractor to report any loss of control, compromise, unauthorized disclosure, or unauthorized acquisition of PII or other sensitive information to the component-level or headquarters Security Operations Center within one (1) hour of discovery.

The Contractor should maintain signed copies of the NDA for all employees as a record of compliance. The Contractor should also provide copies of each employee’s signed NDA to the Contracting Officer before the employee may commence work under the contract/task order.

(4) Prohibition on Use of PII in Vendor Billing and Administrative Records

The Contractor’s invoicing, billing, and other financial or administrative records or databases is not authorized to regularly store or include any sensitive PII or other confidential government information that is created, obtained, or provided during the performance of the contract without the written permission of the Senior Component Official for Privacy (SCOP). It is acceptable to list the names, titles and contact information for the Contracting Officer, COR, or other personnel associated with the administration of the contract in the invoices as needed.

(5) Reporting Actual or Suspected Data Breach

Contractors must report any actual or suspected breach of PII within one hour of discovery.[4] A “breach” is an incident or occurrence that involves the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where: (1) a person other than an authorized user accesses or potentially accesses PII or (2) an authorized user accesses or potentially accesses PII for an other than authorized purpose. The report of a breach must be made to DOJ. The Contractor must cooperate with DOJ’s inquiry into the incident and efforts to minimize risks to DOJ or individuals, including remediating any harm to potential victims.

- (a) The Contractor must develop and maintain an internal process by which its employees and Subcontractors are trained to identify and report the breach, consistent with DOJ Instruction 0900.00.01[5], Reporting and Response Procedures for a Breach of Personally Identifiable Information.
- (b) The Contractor must report any such breach by its employees or Subcontractors to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000); Component-level Security Operations Center and Component-level Management Team, where appropriate; the COR; and the Contracting Officer within one (1) hour of the initial discovery.

(c) The Contractor must provide a written report to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000) within 24 hours of discovery of the breach by its employees or Subcontractors. The report must contain the following information:

- (i) Narrative or detailed description of the events surrounding the suspected loss or compromise of information.[6]
Date, time, and location of the incident.
- (ii) Amount, type, and sensitivity of information that may have been lost or compromised, accessed without authorization, etc.
- (iii) Contractor's assessment of the likelihood that the information was compromised or lost and the reasons behind the assessment.[7]
- (iv) Names and classification of person(s) involved, including victim, Contractor employee/Subcontractor and any witnesses.
- (v) Cause of the incident and whether the company's security plan was followed and, if not, which specific provisions were not followed.[8]
- (vi) Actions that have been or will be taken to minimize damage and/or mitigate further compromise.
- (vii) Recommendations to prevent similar situations in the future, including whether the security plan needs to be modified in any way and whether additional training may be required.

(d) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

(e) At the Government's discretion, Contractor employees or Subcontractor employees may be identified as no longer eligible to access PII or to work on that contract based on their actions related to the loss or compromise of PII.

(6) *Victim Remediation*

At DOJ's request, the Contractor is responsible for notifying victims and providing victim remediation services in the event of a breach of PII held by the Contractor, its agents, or its Subcontractors, under this contract. Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose PII was lost or compromised. When DOJ requests notification, the Department Chief Privacy and Civil Liberties Officer and SCOP will direct the Contractor on the method and content of such notification to be sent to individuals whose PII was breached. By performing this work, the Contractor agrees to full cooperation in the event of a breach. The Contractor should be self-insured to the extent necessary to handle any reasonably foreseeable breach, with another source of income, to fully cover the costs of breach response, including but not limited to victim remediation.

C. Government Records Training, Ownership, and Management

(1) *Records Management Training and Compliance*

(a) The Contractor must ensure that all employees and Subcontractors that have access to PII as well as to those involved in the creation, use, dissemination and/or destruction of PII take the *DOJ Records and Information Training for New Employees (RIM)* training course or another training approved by the Contracting Officer or COR. This training will be provided at the outset of the Subcontractor's/employee's work on the contract and every year thereafter. The Contractor shall maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records containing PII and those covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of completion.

(2) *Records Creation, Ownership, and Disposition*

(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency information. The Contractor shall certify, in writing, the appropriate disposition or return of all Government information at the conclusion of the contract or at a time otherwise specified in the contract. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created in the course of performing the contract in accordance with Federal law. Records may not be removed from the legal custody of DOJ or destroyed except in accordance with the provisions of the agency records schedules.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor's Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data, electronic information systems or electronic databases and all supporting documentation and associated metadata created as part of this contract. All deliverables (including all data and records) under the contract are the property of the U.S. Government and may be considered federal records, for which the Agency shall have unlimited rights to use, dispose of, or disclose such data contained therein. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer's Representative. The Agency and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records schedules.

D. Data Privacy and Oversight

(1) Restrictions on Testing or Training Using Real Data Containing PII

The use of real data containing PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible.

(2) Requirements for Contractor IT Systems Hosting Government Data

The Contractor is required to obtain an Authority To Operate (ATO) for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) Requirement to Support Privacy Compliance

(a) If this contract requires the development, maintenance or administration of information technology[9], the Contractor shall support the completion of the Initial Privacy Assessment (IPA) document, if requested by Department personnel. An IPA is the first step in a process to identify potential privacy issues and mitigate privacy risks. The IPA asks basic questions to help components assess whether additional privacy protections may be needed in designing or implementing a project[10] to mitigate privacy risks, and whether compliance work may be needed. Upon review of the IPA, the OPCL determines whether a Privacy Impact Assessment (PIA) document and/or SORN, or modifications thereto, are required. The Contractor shall provide adequate support to complete the applicable risk assessment and PIA document in a timely manner, and shall ensure that project management plans and schedules include the IPA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DOJ, including IPAs, PIAs, and SORNs, is located on the DOJ OPCL website (<https://dojnet.doj.gov/privacy/>), including DOJ Order 0601, Privacy and Civil Liberties. The Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy risk assessment and documentation, the Contractor shall provide adequate support to DOJ to ensure DOJ can complete any required assessment, and IPA, PIA, SORN, or other supporting documentation to support privacy compliance. The Contractor shall work with personnel from the program office, OPCL, the Office of the Chief Information Officer (OCIO), and the Office of Records Management and Policy to ensure that the privacy assessments and documentation are kept on schedule, that the answers to questions in the documents are thorough and complete, and that questions asked by the OPCL and other offices are answered in a timely fashion. The Contractor must ensure the completion of required PIAs and documentation of privacy controls consistent with federal law and standards, e.g. NIST 800-53, Rev. 5; and compliance with the Privacy Act of 1974, E-Government Act of 2002, Federal Information Security Modernization Act of 2014, and key OMB guidelines, e.g., OMB Circular A-130.

[1] "[T]he term 'record' means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph." 5 U.S.C. § 552a(a)(4). "[T]he term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual." 5 U.S.C. § 552a(a)(5).

[2] As stated in FAR 52.224-3 and Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource (2016), "'personally identifiable information' means information that can be used to distinguish or trace

an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual.” Regarding “sensitive PII,” “[t]he sensitivity level of the PII will depend on the context, including the purpose for which the PII is created, collected, used, processed, stored, maintained, disseminated, disclosed, or disposed. For example, the sensitivity level of a list of individuals’ names may depend on the source of the information, the other information associated with the list, the intended use of the information, the ways in which the information will be processed and shared, and the ability to access the information.” OMB Circular A-130, at App. II-2.

[3] The DOJ OPCL Resources page is available at <https://www.justice.gov/opcl/resources>.

[4] As stated in DOJ Instruction 0900, “Contractors must notify the Contracting Officer, the Contracting Officer’s Representative, and JSOC (or component-level SOC) within 1 hour of discovering any incidents, including breaches, consistent with this Instruction, guidance issued by the CPCLO, NIST standards and guidelines, and the US-CERT notification guidelines.”

[5] <https://www.justice.gov/file/4336/download>

[6] As stated in DOJ Instruction 0900, the description should include the type of information that constitutes PII; purpose for which PII is collected, maintained, and used; extent to which PII identifies a peculiarly vulnerable population; the determination of whether the information was properly encrypted or rendered partially or completely inaccessible by other means; format of PII (e.g., whether PII was structured or unstructured); length of time PII was exposed; any evidence confirming that PII is being misused or that it was never accessed.

[7] As stated in DOJ Instruction 0900, the report should include the nature of the cyber threat (e.g., Advanced Persistent Threat, Zero Day Threat, data exfiltration) for cyber incidents.

[8] As stated in DOJ Instruction 0900, the report should include analysis on whether the data is accessible, usable, and intentionally targeted.

[9] As defined in 40 U.S.C. § 11101, the term “information technology” means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use (i) of that equipment or (ii) of that equipment to a significant extent in the performance of a service or the furnishing of a product; includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal contractor incidental to a federal contract.

[10] In this instance, the term “project” is used to scope the activities (e.g., creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of information) covered by an IPA. A project is intended to be technology-neutral, and may include an information system, a digital service, an information technology, a combination thereof, or some other activity that may create potential privacy issues or privacy risks that would benefit from an IPA. The scope of a project covered by an IPA is discretionary, but components should work with their SCOP and OPCL.

DOJ-03 Personnel Security Requirements For Contractor Employees (Nov 2021)

Work performed under this contract will involve any one or more of the following: access to DOJ Information, which may include Controlled Unclassified Information (CUI), i.e., unclassified, sensitive DOJ information, and/or access to DOJ Information Technology (IT) systems, and/or unescorted access to DOJ space or facilities. Contractor employees will occupy Public Trust Positions, unless clause alternates are applied.

1. General Requirements

(a) (1) All references to “contract(or) personnel” and “contract(or) employee” in this clause means all individuals, without limitation, to include individuals employed by the contractor, team member, subcontractor, consultant, and/or independent contractor, who will have access to information of the Department of Justice (DOJ) or information that is within the custody and control of the DOJ, access to DOJ IT systems, and/or unescorted access to DOJ facilities/space in connection with the performance of this contract. “Employment” as used herein does not create nor imply an employer/employee relationship between the DOJ and contractor employees.

(b) (1) The type of security investigation required for each contractor employee will be governed by the type and risk level of information made available to the contractor employee. The contractor will not be permitted to commence performance under this contract until a sufficient number of its personnel, as determined by the Security Programs Manager (SPM), in consultation with the Contracting Officer’s Representative if one is appointed, have received the requisite security

- (c) Except where specifically noted otherwise, the federal government will be responsible for the cost and conduct of the investigation.
- (d) The contractor shall ensure that no contractor employee commences performance prior to receipt of a written authorization from the contracting officer, COR, or the SPM that performance by the respective contractor employee is authorized.
- (e) The data and other information to which the contractor may have access as a result of this contract is the property of, and/or within the custody and control of, the Department, and its disclosure to third parties is governed by various statutes and regulations, the violation of which may subject the discloser to criminal

2. Citizenship and Residency Requirements

(a) *Residency Requirement.* (1) Contractor employees in Public Trust positions, both U.S. citizens and non-U.S. citizens, must meet the Department's residency requirement if they will require access to DOJ information, IT systems, or unescorted access to facilities. For three years (not necessarily consecutive years) out of the last five years immediately prior to employment under the Department contract the contractor employee must have: (i) resided in the U.S.; (ii) worked for the U.S. in a foreign country as either an employee or contractor in a federal civilian or military capacity; or, (iii) been a dependent of a federal civilian or military employee or contractor working for the U.S. in a foreign country. At the Department's sole discretion, the residency requirement may be waived by the Department Security Officer (DSO) for contractor employees on a case-by-case basis where justified by extenuating circumstances.

The residency requirement does not apply to contractor employees residing in foreign countries that are hired to work in American embassies/consulates/missions located outside of the United States and who require access to DOJ information, IT systems, or unescorted access *provided that* an adequate background investigation can be conducted, with favorable adjudication, as determined by the DSO.

(b) *Citizenship.* (1) Aside from the specific exceptions set forth in Section 1.2(b)(2), for Public Trust positions, the DOJ requires that contractor employees be U.S. citizens and nationals, or lawful permanent residents seeking U.S. citizenship. Any prospective non-U.S. citizen contractor employee who requires access to DOJ information systems, DOJ information, and/or unescorted facilities access must also have been granted a waiver as described below in paragraphs 1.2(d) and/or (e). The contractor is responsible for verifying that the non-U.S. citizens working under this contract are lawful permanent residents seeking U.S.

(2) *Exception for Certain Non-U.S. Citizen Contractor Employees:* (i) Non-U.S. citizen expert witnesses, litigative consultants, and interpreters in rare foreign languages are not required to be lawful permanent residents seeking U.S. citizenship. However, they must be granted a waiver for access to unclassified DOJ information, whether CUI or not, DOJ IT systems, and/or unescorted facility access, as described below in paragraph 1.2(d) and (e), regardless of the duration of their duties. (ii) Non-U.S. Citizen contractor employees residing in foreign countries who are hired to work for the Department of Justice in American embassies/consulates/missions outside of the United States are not required to be lawful permanent residents seeking U.S. citizenship.

(c) *Dual Citizenship.* (1) S. citizens who hold dual citizenship with a foreign country are considered U.S. citizens within the meaning of this clause, and may be considered for, but are not entitled to, contract employment as U.S. citizens consistent with this clause. The means by which the contractor employee obtained or exercises his or her dual citizenship status will be a consideration in the Public Trust Investigation (PTI) adjudication, and/or waiver approval processes discussed in this clause.

(d) *Access to DOJ Information Technology Systems.* Non-U.S. citizens are not authorized to access DOJ information technology (IT) systems or assist in the development, operation, management, or maintenance of DOJ IT systems, including providing IT system support, unless a waiver has been granted by the Head of the DOJ component or designee, with the prior concurrence of both the DSO and the DOJ Chief Information Officer, allowing computer access by the non-U.S. citizen. Such a waiver will be granted only in exceptional and unique circumstances on a case-by-case basis. It should be noted that the Justice Consolidated Office Network (JCON) is a sensitive DOJ IT system and any contractor employee who will need access to JCON must be a U.S. citizen or have received a In order for a waiver to be considered for approval: (1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; (2) The type of personnel security vetting that has been conducted on the individual, and vetting results, that would mitigate risk; and (3) The waiver must be in the best interest of the federal government.

(e) *Access to Unclassified DOJ Information and Unescorted Access to DOJ Facilities or Space.* (1) Except as provided under 1.2(b)(2), non-U.S. citizens are not authorized to access DOJ information and/or unescorted access to DOJ facilities or space, unless a waiver has been granted by the DSO, allowing access by the non-U.S. citizen. Such a waiver will be granted on a case-by-case basis where justified at the discretion of the DSO.

3. Background Investigation Requirements

(a) (1) Unless otherwise stated below, all contractor personnel are subject to a Public Trust Investigation (PTI). The SPM will determine the type of investigation for each contractor employee based on the risk category (i.e., the nature of the position and degree of harm that could be caused by the individual in that position) and whether the position is long-term or short-term. The PTI risk categories are listed

- (i) High Risk Positions. The minimum background investigation required is a Tier 4 (T4) investigation, and the five-year reinvestigation required is a Tier 4R (T4R) investigation. The 2017 version of the Standard Form (SF) 85P, Questionnaire for Public Trust Positions, is required.
- (ii) Moderate Risk Positions. The minimum background investigation required is a Tier 2 (T2) investigation. The five-year reinvestigation required is a Tier 2R (T2R) investigation. The 2017 version of the SF-85P is
- (iii) Low Risk/Non-Sensitive Positions. The minimum background investigation required for Low Risk/Non-Sensitive positions is a Tier 1 (T1) investigation and the required five-year reinvestigation is also a Tier 1 (T1) investigation. The SF 85, Questionnaire for Non-Sensitive Positions, is

(b) *Exception for Expert Witnesses*. Expert Witnesses, litigative consultants, and interpreters in rare foreign languages may not be subject to full background investigation requirements if alternative security requirements are approved by the DSO.

(c) *Short-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), short-term contractor employees (6 months or less) who are U.S. citizens are not subject to a full background investigation, however, must receive an approved pre-employment background investigation waiver. The required forms to complete and submit are listed in Section 1.4(b) and (c)(2).

(d) *Long-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), all long-term U.S. citizen employees (longer than 6 months) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(e) *Non-U.S. Citizen Contractor Employees*. Other than the exception in 1.3(b), all non-U.S. citizen contractor employees regardless of performance duration (short or long term) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(f) *Reciprocity*. (1) A Public Trust Investigation will be accepted under reciprocity if it meets the following guidelines: (i) the investigation is current (investigations are considered current if completed within the last five years) and favorably adjudicated, or the reinvestigation has been deferred; (ii) the investigation meets or exceeds the level of investigation required for the DOJ contractual instrument; (iii) there has been no continuous (not cumulative) break in federal contract/service employment of two years or more; (iv) there is no derogatory information since the favorable fitness determination or adjudication that calls into question the individual's fitness based on character or conduct; and (v) the investigative record does not show conduct that is incompatible with the core duties of the new contract position. A "core duty" is a continuing responsibility that is of particular importance to the relevant covered position or the achievement of an agency's mission. Core duties will vary from position to position.

4. Background Investigation Process

(a) *e-QIP (or its successor)*. Public Trust background investigations/reinvestigations of contractor employees will be performed by the DCSA. The investigative process requires contractor employees to complete the Electronic Questionnaires for Investigations Processing (e-QIP) and provide additional information as specified in paragraph 1.4(b) below. Immediately after contract award, the contractor shall designate an employee as its "e-QIP Initiator" and provide the name of this person to the SPM. The e-QIP Initiator must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being given access to e-QIP. After the e-QIP Initiator's security approval is granted, the Contractor will be configured in e-QIP as a sub-agency to DOJ. The contractor will then be responsible for initiating investigations for all contract personnel, whose previous investigation does not meet reciprocity, in e-QIP for completion of the security questionnaire form and forwarding the electronic form with the remainder of the security package to the SPM. Subject to the prior written approval of the SPM, the contractor may designate an e-QIP Initiator for each subcontractor. Subcontractor e-QIP Initiators must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being provided access to e-QIP.

(b) *Additional Documentation*. (1) In addition to completing the e-QIP questionnaire (see 1.4(a), above), the contractor shall ensure that each contractor employee occupying Public Trust Positions, including short-term employees, completes and submits the following information through the contractor's Corporate Security Officer:

- (i) Digital Fingerprinting/FD-258 Applicant Fingerprint Card. Two sets are required per applicant. The contractor may schedule appointments with the SPM to be digitally fingerprinted; otherwise, fingerprinting by the FBI or other law enforcement entity, as approved by the SPM, is required to ensure the identity of the person being fingerprinted and for

printing quality. All pertinent information must be completed by the individual taking the fingerprints (FBI or other). Use of the physical FD-258 Applicant Fingerprint Card should only be used in extenuating circumstances.

- (ii) DOJ-555 Fair Credit Reporting Act Disclosure. Authorizes DOJ to obtain one or more consumer/credit reports on the individual. This form will be required if the Component SPM determines a credit check is necessary for its Low Risk Level 1 contractor positions.
- (iii) OF-306, Declaration for Federal Employment.
- (iv) Foreign National Relatives or Associates Statement. This is only required if foreign national relatives or associates were not disclosed on the security questionnaire form.
- (v) Self-Reporting Requirements for All Contractor Personnel. This is an acknowledgement and acceptance statement that every contractor must sign.
- (vi) Additional information as may be required based on the review of the security questionnaire form.

The contractor shall review all forms/documents to ensure each is complete, accurate and meets all DOJ requirements, including applicable residency and citizenship requirements. The contractor shall resolve any issues or discrepancies with the contractor employee, including resubmission of corrected forms or documentation. Completed forms/documents shall be submitted to the SPM (or designee, which may include the COR) within five (5) calendar days after being finalized.

(c) Adjudication and Pre-Employment Background Investigation Waivers

(1) Except as set forth in this section, background investigations must be conducted and favorably adjudicated for each contractor employee prior to commencing their work on this contract. Where programmatic needs do not permit the federal government to wait for completion of the entire background investigation, a pre-employment background investigation waiver for public trust contractors can be granted by the SPM, in consultation with the cognizant COR. Pre-employment waivers cannot be used to circumvent delays in clearing classified contractors through the DCSA, if access to classified information is required.

(2) As directed by the SPM, the contractor shall initiate pre-employment waivers for Public Trust Positions when necessary. This may entail performing credit history checks and submission of these checks as part of the security package, including satisfactory resolution of any issues prior to submission to the federal government. A waiver will be disapproved if it develops derogatory information that cannot be resolved in the contractor employee's favor. When a waiver has been disapproved, the CO, in consultation with the SPM and COR, will determine (i) whether the contractor employee will no longer be considered for work on a DOJ contract or (ii) whether to wait for the completion and favorable adjudication of the background investigation before the contractor employee commences work on a Department contract. The pre-employment background investigation waiver requirements include:

1. Verification of citizenship (copy of a birth certificate, naturalization certificate, or U.S. passport);
2. Verification of compliance with the *DOJ Residency Requirement* of this Clause;
3. Favorable review of the security questionnaire form;
4. Favorable FBI fingerprint results;
5. Favorable credit report;
6. Favorable review of the OF-306 form, Declaration for Federal Employment;
7. Verification of the initiation of the appropriate background investigation (for long-term personnel); and
8. Receipt of the signed DOJ Self-Reporting Requirements for All Contractor Personnel (see Section 1.6, below).

(3) The investigating agency (DCSA) will provide the SPM with the results of each proposed contractor employee's Public Trust investigation. Upon receipt of the investigation and any other pertinent documents from the investigating agency, the SPM will determine whether each proposed contractor employee should be granted employment security approval.

(4) The COR will notify the contractor of the results of Public Trust background investigations as they are completed and adjudicated, including any individual who is found ineligible for employment security approval. For any individual found ineligible for employment on a Department contract, the contractor shall propose a replacement and initiate the background investigation process consistent with this

5. Identity Proofing and Badging

(a) Access to DOJ Information, federally-controlled IT systems, and/or unescorted access to federally-controlled facilities or space (regardless of whether the contractor employee will be issued a DOJ PIV card or building access badge) shall be made available after each respective contractor employee has (1) met the identity proofing requirements outlined below, and (2) completed all other security requirements stated elsewhere in this

(b) (1) Public Trust contractor employees must appear in person at least once before a DOJ official or an official of a trusted contract company (i.e., has a facility security clearance) who is responsible for checking two forms of identification in original form prior

to commencement of work by the contractor employee and PIV card or building access badge issuance (as applicable). Approval will be documented by the DOJ official or an official of a trusted contract company. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID).

(c) [Reserved]

(d) All contractor employees requiring unescorted access to a DOJ controlled facility or space shall comply with the PIV card or building access badge requirements outlined below:

(i) When any contractor employee enters a DOJ building for the first time, he/she shall allow one hour for security processing and the creation and issuance of a building access PIV cards require additional processing time and will not likely be issued on the same day.

(ii) Building access badges shall be subject to periodic review by the contractor employee's supervisor and checked against his/her personal identification. The contractor employees shall present themselves for the issuance of renewed badges when required by the government as scheduled by the COR or his/her designee. The contractor shall notify the COR when contractor employee badges are lost, and must immediately apply for reissuance of a replacement badge. The contractor shall pay for reissued building access badges at no cost to the government. It is the contractor employee's responsibility to return badges to the COR or his/her designee when a contractor employee is dismissed, terminated or assigned to duties not within the scope of this contract.

6. Employee Reporting Requirements

(a) All contractor employees must sign the DOJ *Self-Reporting Requirements for All Contractor Personnel* statement acknowledging and accepting the DOJ requirement that they immediately self-report certain information using the Department's iReport system. The COR or SPM will provide the Self-Reporting statement as well as a list of reportable information, which varies by position sensitivity designation, to the contractor employee before commencing work under the contract. If the contractor employee does not have access to the DOJ iReport System, the COR or SPM will provide a fillable form for the contractor employee to complete and

(b) The COR and SPM will review the written report and documentation and make a determination regarding continued employment on a DOJ

(c) DOJ reporting requirements are in addition to the DCSA reporting requirements and the contractor's internal reporting

7. Replacement Personnel

(a) The contractor shall make every effort to avoid costs to the government for security investigations for replacement of contractor employees, and in so doing shall ensure that otherwise satisfactorily performing and physically able contractor employees remain in contract performance for the duration of the contract. The contractor shall take all necessary steps to ensure that contractor personnel who are selected for assignment to this contract are professionally qualified and personally reliable, of reputable background and sound character, and able to meet all other requirements stipulated in the contract.

(b) The fact that the government performs security investigations shall not in any manner relieve the contractor of its responsibility to ensure that all contract personnel are reliable and of reputable background and sound character. Should a security investigation conducted by the government and/or a contractor's self-report or failure to self-report render ineligible a contractor employee, the contracting officer will determine whether the contractor has violated this clause. The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor personnel who fails to comply with or violates applicable requirements of this contract. Such action may be taken at the government's direction without prejudice to its rights under any other provision of this contract, including termination for default, and the contractor may be held liable, at a minimum, for all reasonable and necessary costs incurred by the government to (i) provide coverage (performance) through assignment of individuals employed by the government or third parties in those cases where absence of contractor personnel would cause either a security threat or DOJ program disruption and (ii) conduct security investigations in excess of those which would otherwise be required.

(c) Nothing in this clause shall require the contractor to bear costs involved in the conduct of security investigations for replacement of a contractor employee who separates from the contractor of his/her own accord, is incapacitated, or is deceased.

(d) The contractor shall comply with the terms and conditions set forth under this clause and assumes all liability for failure to comply. The rights and remedies conferred upon the government by this clause are in addition to all and other rights and remedies pursuant to the contract and as established by law.

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American-Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) *Evaluation of offers.*

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) *Alternate offers.*

(1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(End of clause)

DOJ-08 Continuing Contract Performance During a Pandemic Influenza or other National Emergency (OCT 2007)

During a Pandemic or other emergency we understand that our contractor workforce will experience the same high levels of absenteeism as our federal employees. Although the Excusable Delays and Termination for Default clauses used in government contracts list epidemics and quarantine restrictions among the reasons to excuse delays in contract performance, we expect our contractors to make a reasonable effort to keep performance at an acceptable level during emergency periods.

The Office of Personnel Management (OPM) has provided guidance to federal managers and employees on the kinds of actions to be taken to ensure the continuity of operations during emergency periods. This guidance is also applicable to our contract workforce. Contractors are expected to have reasonable policies in place for continuing work performance, particularly those performing mission critical services, during a pandemic influenza or other emergency situation.

The types of actions a federal contractor should reasonably take to help ensure performance are:

- Encourage employees to get inoculations or follow other preventive measures as advised by the public health service.
- Contractors should cross-train workers as backup for all positions performing critical services. This is particularly important for work such as guard services where telework is not an option.
- Implement telework to the greatest extent possible in the workgroup so systems are in place to support successful remote work in an emergency.
- Communicate expectations to all employees regarding their roles and responsibilities in relation to remote work in the event of a pandemic health crisis or other emergency.
- Establish communication processes to notify employees of activation of this plan.
- Integrate pandemic health crisis response expectations into telework agreements.
- With the employee, assess requirements for working at home (supplies and equipment needed for an extended telework period). Security concerns should be considered in making equipment choices; agencies or contractors may wish to avoid use of employees' personal computers and provide them with PCs or laptops as appropriate.
- Determine how all employees who may telework will communicate with one another and with management to accomplish work.
- Practice telework regularly to ensure effectiveness.
- Make it clear that in emergency situations, employees must perform all duties assigned by management, even if they are outside usual or customary duties.
- Identify how time and attendance will be maintained.

It is the contractor's responsibility to advise the government contracting officer if they anticipate not being able to perform and to work with the Department to fill gaps as necessary. This means direct communication with the contracting officer or in his/her absence, another responsible person in the contracting office via telephone or email messages acknowledging the contractor's notification. The incumbent contractor is responsible for assisting the Department in estimating the adverse impacts of nonperformance and to work diligently with the Department to develop a strategy for maintaining the continuity of operations.

The Department does reserve the right in such emergency situations to use federal employees, employees of other agencies, contract support from other existing contractors, or to enter into new contracts for critical support services. Any new contracting efforts would

be acquired following the guidance in the Office of federal Procurement Policy issuance "Emergency Acquisitions", May, 2007 and Subpart 18.2. Emergency Acquisition Flexibilities, of the Federal Acquisition Regulations.

(c) The COR does not have the authority to alter the contractor's obligations under the contract, and/or modify any of the expressed terms, conditions, specifications, or cost of the agreement. By agreeing to the terms and conditions of this contract, the prime contractor acknowledges receipt of this requirement, in accordance with 41 U.S.C. § 4712 and FAR 3.908 & 52.203-17, and commits to distribution. Within 45 days of award, the contractor must provide confirmation to the contracting officer verifying that it has distributed the whistleblower information as required.

FAO-0015 Changes

(a) Changes will be in accordance with the Changes clause 52.243-4 or Changes and Changed Conditions clause 52.243-5 whichever applies to this contract.

(b) When changes are made in the work that requires an equitable adjustment to the contract, the Contractor shall submit to the Contracting Officer, through the Contracting Officer's Representative (COR), a written proposal for adjustment of the amount of increase or decrease. With the proposal, the Contractor shall submit an itemized breakdown in at least the following detail:

- (1) Material quantities and unit cost
- (2) Labor costs by material item
- (3) Construction equipment cost
- (4) Workmen's compensation and public liability insurance
- (5) Overhead
- (6) Profit or commission
- (7) Employment taxes (FICA and FUTA)

(c) The maximum allowable overhead, profit and commission percentages are contained below. The percentages for overhead, profit and commission shall be negotiated and may vary according to the nature, extent and complexity of the work involved, but in no case shall exceed the following:

- (1) To the Contractor, on work performed by other than his own forces. The commission is 10% in the first \$20,000, 7 1/2% on the next \$30,000, 5% on the balance over \$50,000.

(2) To the Contractor, and/or the Subcontractors for that portion of the work performed with their respective forces. The commission is 10% overhead and 10% profit on the first \$20,000, 7 1/2% overhead and 7 1/2% profit on the next \$30,000, and 5% overhead and 5% profit on the balance over \$50,000.

Not more than three (3) percentages, not to exceed the maximum percentage amounts shown above, will be allowed regardless of the number of Subcontractors (i.e., the mark up on work subcontracted by the Subcontractor will be limited to the overhead percentage and one profit percentage in addition to the prime Contractor's commission percentage). On proposals covering both increases and decreases in the amount of the contract, overhead, profit and commission will be allowed on the net increase only.

(d) When certified cost or pricing data are required under FAR 15.403-4 for proposals over \$2,000,000, the cost or pricing data shall be submitted in accordance with FAR 15.408, Table 15-2. No itemized breakdown will be required for proposals amounting to less than \$1,000.

(e) When the necessity to proceed with a change does not allow sufficient time to negotiate a modification or because of failure to reach an agreement, the Contracting Officer may issue a change order instructing the contractor to proceed on the basis of a tentative price based on the best estimate available at the time, with the firm price to be determined later. Furthermore, when the change order is issued, the contractor shall submit a proposal for cost of changes in work within 30 calendar days.

(f) The Contracting Officer will consider issuing a settlement by determination to the contract, if the contractor's proposal required by paragraphs (a) and (b) of this clause is not received within 30 calendar days, or if agreement has not been reached.

(g) Where a change involves credit items only, a proper measure of the amount of downward adjustment in the contract price is the reasonable cost to the contractor if he/she had performed the deleted work. A reasonable allowance for overhead and profit are properly includable as part of the downward adjustment for a deductive change. The amount of such allowance is subject to negotiation.

(h) Overhead and contractor's fee percentages shall be considered to include insurance other than mentioned herein, field and office supervisors and assistants, security police, use of small tools, incidental job burdens, and general home office expenses and no separate allowance will be made therefor. Assistants to office supervisors include all clerical, stenographic and general office help. Incidental job burdens include, but are not necessarily limited to, office equipment and supplies, temporary toilets, telephone and conformance to OSHA requirements. Items such as, but not necessarily limited to, review and coordination, estimating and expediting relative to contract changes are associated with field and office supervision and are considered to be included in the contractor's overhead and/or fee percentage.

(i) The Contractor shall submit with his proposal a request for time extension, if applicable.

(j) The COR shall review the proposal and check estimates in detail, utilizing unit prices where specified or agreed upon. If they are in agreement, the COR shall forward the proposal to the Contracting Officer. The Contracting Officer will forward copies to the Architect-Engineer (if applicable) and the Regional Project Manager for their review and recommendations. After their review, the Architect-Engineer and Project Manager will forward their comments to the Contracting Officer.

(k) If the Contracting Officer determines that an equitable adjustment is to be made, the contract shall be modified in writing utilizing the prescribed Standard Form 30 (Amendment of Solicitation/Modification of Contract)(SF-30). After the SF-30 has been signed by the Contractor and executed by the Contracting Officer, distribution shall be made as follows:

- (1) Original: Contract file
- (2) Copy to: Contractor
 - Regional Project Manager
 - Contracting Officer's Representative (COR)
 - Architect-Engineer Firm (if applicable)
 - Accounting Supervisor
 - Contracting Officer

FAO-0016 Equitable Adjustments: Waiver and Release of Claims

(a) When the Contractor, after receipt of notification of a change made pursuant to the clause of this contract entitled "Changes" or after affirmation of constructive change thereunder, submits any claim for equitable adjustment under this clause, such claim

shall include all types of adjustments in the total amounts to which that clause entitles the Contractor, including but not limited to adjustments arising out of delays or disruptions or both caused by such change. Except as the parties may otherwise expressly agree, the Contractor shall be deemed to have waived (i) any adjustments to which it otherwise might be entitled under the aforesaid clause where such claim fails to request such adjustment, and (ii) any increase in the amount of equitable adjustments additional to those requested in its claim.

(b) Further, the Contractor agrees that, if required by the Contracting Officer, it will execute a release, in form and substance satisfactory to the Contracting Officer, as part of the supplemental agreement setting forth the aforesaid adjustment, and that such release shall discharge the Government, its officers, agents, and employees, from any further claims, including but not limited, to further claims arising out of delays or disruptions or both caused by the aforesaid change.

52.246-21 Warranty of Construction (Mar 1994)

(a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (i) of this clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment, material, or design furnished, or workmanship performed by the Contractor or any subcontractor or supplier at any tier.

(b) This warranty shall continue for a period of 1 year from the date of final acceptance of the work. If the Government takes possession of any part of the work before final acceptance, this warranty shall continue for a period of 1 year from the date the Government takes possession.

(c) The Contractor shall remedy at the Contractor's expense any failure to conform, or any defect. In addition, the Contractor shall remedy at the Contractor's expense any damage to Government-owned or controlled real or personal property, when that damage is the result of--

(1) The Contractor's failure to conform to contract requirements; or

(2) Any defect of equipment, material, workmanship, or design furnished.

(d) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's warranty with respect to work repaired or replaced will run for 1 year from the date of repair or replacement.

(e) The Contracting Officer shall notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect, or damage.

(f) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the Government shall have the right to replace, repair, or otherwise remedy the failure, defect, or damage at the Contractor's expense.

(g) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor shall--

(1) Obtain all warranties that would be given in normal commercial practice;

(2) Require all warranties to be executed, in writing, for the benefit of the Government, if directed by the Contracting Officer; and

(3) Enforce all warranties for the benefit of the Government, if directed by the Contracting Officer.

(h) In the event the Contractor's warranty under paragraph (b) of this clause has expired, the Government may bring suit at its expense to enforce a subcontractor's, manufacturer's, or supplier's warranty.

(i) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defects of material or design furnished by the Government nor for the repair of any damage that results from any defect in Government-furnished material or design.

(j) This warranty shall not limit the Government's rights under the Inspection and Acceptance clause of this contract with respect to latent defects, gross mistakes, or fraud.

(End of clause)

52.228-15 Performance and Payment Bonds-Construction (Jun 2020)

(a) *Definitions.* As used in this clause-

"Original contract price" means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) *Amount of required bonds.* Unless the resulting contract price is valued at or below the threshold specified in Federal Acquisition Regulation 28.102-1(a) on the date of award of this contract, the successful offeror shall furnish performance and payment bonds to the Contracting Officer as follows:

(1) *Performance bonds (Standard Form 25).* The penal amount of performance bonds at the time of contract award shall be 100 percent of the original contract price.

(2) *Payment Bonds (Standard Form 25-A).* The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection.

(i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) *Furnishing executed bonds.* The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) *Surety or other security for bonds.* The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the *Federal Register* or may be obtained from the:

U.S. Department of Treasury
Financial Management Service
Surety Bond Branch
3700 East West Highway, Room 6F01
Hyattsville, MD 20782.
Or via the internet at <http://www.fms.treas.gov/c570/>.

(e) *Notice of subcontractor waiver of protection (40 U.S.C. 3133(c)).* Any waiver of the right to sue on the payment bond is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished labor or material for use in the performance of the contract.

(End of clause)

52.215-21 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data-Modifications (Nov 2021)

(a) *Exceptions from certified cost or pricing data.*

(1) In lieu of submitting certified cost or pricing data for modifications under this contract, for price adjustments expected to exceed the threshold set forth in Federal Acquisition Regulation (FAR) 15.403-4(a)(1) on the date of the agreement on price or the date of the award, whichever is later, the Contractor may submit a written request for exception by submitting the information described in paragraphs (a)(1)(i) and (ii) of this clause. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-4(a)(1) is adjusted for inflation as set forth in FAR 1.109(a), then pursuant to FAR 1.109(d) the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment. The Contracting Officer may require additional

supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable--

(i) *Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Information on modifications of contracts or subcontracts for commercial products or commercial services.*

(A) If--

(1) The original contract or subcontract was granted an exception from certified cost or pricing data requirements because the price agreed upon was based on adequate price competition or prices set by law or regulation, or was a contract or subcontract for the acquisition of a commercial product or commercial service; and

(2) The modification (to the contract or subcontract) is not exempted based on one of these exceptions, then the Contractor may provide information to establish that the modification would not change the contract or subcontract from a contract or subcontract for the acquisition of a commercial product or commercial service, to a contract or subcontract for the acquisition of other than a commercial product or commercial service.

(B) For a commercial product and commercial service exception, the Contractor shall provide, at a minimum, information on prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price of the modification. Such information may include--

(1) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), *e.g.*, wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities.

(2) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.

(3) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(2) The Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this clause, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the Contractor's determination of the prices to be offered in the catalog or marketplace.

(b) *Requirements for certified cost or pricing data.* If the Contractor is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Contractor shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-2 are incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before award (except for unpriced actions), the Contractor shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

Provisions By Full Text

52.216-1 Type of Contract (Apr 1984)

The Government contemplates award of a FFP, FIRM FIXED PRICE [*Contracting Officer insert specific type of contract*] contract resulting from this solicitation.

(End of provision)

52.204-22 Alternative Line Item Proposal (Jan 2017)

(a) The Government recognizes that the line items established in this solicitation may not conform to the Offeror's practices. Failure to correct these issues can result in difficulties in acceptance of deliverables and processing payments. Therefore, the Offeror is invited to propose alternative line items for which bids, proposals, or quotes are requested in this solicitation to ensure that the resulting contract is economically and administratively advantageous to the Government and the Offeror.

(b) The Offeror may submit one or more additional proposals with alternative line items, provided that alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation. However, acceptance of an alternative proposal is a unilateral decision made solely at the discretion of the Government. Offers that do not comply with the line items specified in this solicitation may be determined to be nonresponsive or unacceptable.

(End of provision)

52.215-1 Instructions to Offerors-Competitive Acquisition (Nov 2021)

(a) *Definitions.* As used in this provision--

"Discussions" are negotiations that occur after establishment of the competitive range that may, at the Contracting Officer's discretion, result in the offeror being allowed to revise its proposal.

"In writing," "writing," or "written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

"Proposal modification" is a change made to a proposal before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

"Proposal revision" is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

"Time", if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) *Amendments to solicitations.* If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) *Submission, modification, revision, and withdrawal of proposals.*

(1) Unless other methods (*e.g.*, electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c) (1)(i) and (c)(1)(ii) of this provision.

(2) The first page of the proposal must show--

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) *Submission, modification, revision, and withdrawal of proposals.*

(i) Offerors are responsible for submitting proposals, and any modifications or revisions, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii)(A) Any proposal, modification, or revision received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(1) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the provision at 52.215-5, Facsimile Proposals. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the solicitation.

(6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) *Offer expiration date.* Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).

(e) *Restriction on disclosure and use of data.* Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall--

(1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of-or in connection with-the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) *Contract award.*

(1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

- (i) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.
- (ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.
- (iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.
- (iv) A summary of the rationale for award.
- (v) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.
- (vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

(End of provision)

52.222-5 Construction Wage Rate Requirements - Secondary Site of the Work (May 2014)

(a)(1) The offeror shall notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror shall request a determination from the Contracting Officer.

(b)(1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror shall request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of provision)

BOP 2852.237-78 Submission/Evaluation of Quotations/Offer by Individuals (Nov 2014)

(a) Individuals, other than corporations, shall submit a fully completed W-4, Employee's Withholding Allowance Certificate, along with their quotation or offer.

(b) For evaluation purposes, an additional 7.65 percent will be added to the price submitted by individuals.

[End of Provision]

52.228-1 Bid Guarantee (Sept 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, *e.g.*, bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds -

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be 20 percent percent of the bid price or 1 million, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of provision)

52.215-20 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data (Nov 2021)

(a) Exceptions from certified cost or pricing data.

(1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following paragraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) *Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial product and commercial service exception.* For a commercial product and commercial service exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include--

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), *e.g.*, wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered in the catalog or marketplace.

(b) *Requirements for certified cost or pricing data.* If the offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The offeror shall prepare and submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-2 are incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a different format and change this clause to use Alternate I.

"Electronic Funds Transfer (EFT) indicator" means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.

"Registered in the System for Award Management (SAM)" means that--

- (1) The Offeror has entered all mandatory information, including the unique entity identifier and the EFT indicator, if applicable, the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14) into SAM;
- (2) The offeror has completed the Core, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in SAM;
- (3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The offeror will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and
- (4) The Government has marked the record "Active".

"Unique entity identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.
