-------------------	----------	---------------------------	------------

These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days.

----------	---	------------

- (a) The Government may extend the term of this contract by written notice to the Contractor within **7** days of expiration of the current contract; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least **14** days before the contract expires. Any employee or representative of the Contractor who becomes aware of allegations that a child in the program covered by this contract is (a) a victim of a crime of physical, verbal, or emotional abuse, sex abuse, or exploitation; or (b) a witness to a crime committed against another person; shall make a report of the suspected abuse to the Contracting Officer and the Contracting Officer's Representative (COR) within 24 hours. The initial report shall be made by phone and shall be followed-up in writing, providing salient points of the allegations.

When such allegations about a contractor employee occur as covered by this clause, the Contractor employee who is the subject of the allegations will immediately be required to vacate the work site and will be replaced by another contractor employee. The subject employee will remain away from the work site until an investigation is completed. The Government will not incur additional costs by the Contractor who must provide a replacement employee. PERFORMANCE WORK STATEMENT

III. 1. INTRODUCTION:

The USDA Forest Service Job Corps Civilian Conservation Centers (JCCCC) provide academic, vocational, and life-learning skills to at risk youth and young adults at 24 Job Corps Centers across the United States (U.S.). As part of this program, youth and young adults at the Centers are provided healthcare services as follows: medical, dental, mental health, and drug & alcohol intervention. Each Forest Service JCCCC has a need for basic health services provided by licensed medical professionals that includes examinations and assessments, treatment, issuance of prescriptions and immunizations, monitoring health conditions, recommending hospitalization, follow-up care, and prevention planning and intervention.

III. 2. BACKGROUND:

Job Corps is a U.S. Department of Labor (DOL), Employment and Training Administration (ETA) program. Job Corps is designed to assist young people who need and can benefit from the wide-range of services provided at a Job Corps center. Services include the following: basic education, High School Diploma (HSD) program; General Educational Development (GED); vocational skills training; residential living program; healthcare; and related support services. The comprehensive combination of training and support services is designed to help each student become a responsible and productive citizen. Student populations range from 100 to over 300 enrollments depending on the Center's On Board Strength (OBS). Job Corps is a self-paced program: therefore, a student's length of enrollment varies. Students may remain in the program for up to two years, but the average length of enrollment is approximately eight months.

III. 3. CONTRACT EFFORT REQUIRED:

The Contractor Dentist, Dental Hygienist and Dental Assistant shall provide dental care services for all students on Center, in accordance with applicable Federal laws/regulations, OSHA and HIPAA requirements, state and local laws, and guidelines of the American Dental Association. The oral health care services must comply with Job Corps policies, requirements, and guidelines and must also include analysis and use of the most efficient and cost-effective practice of contemporary, evidence-based health care possible given available time, resources, and personnel.

These services will involve coordinating and integrating the Dental Care services program with other health and wellness components/activities at Center and providing oral health care services to enrollees and established students of the Center. - comply with Job Corps infection control policies and procedures;
- provide written diagnosis and treatment plan for each student within two weeks after completion of the dental readiness inspection and obtaining agreement for voluntary care before proceeding with such treatment;
- provide student services in such a manner to obtain positive student satisfaction survey results as determined by Job Corps.

Additional services required in support of the Job Corps Center's Health and Wellness Program include:

A reasonable schedule would be considered providing services one (1) day a week, M-F, 8am – 5pm.

In accordance with FAR 42.1502 – Past performance evaluation shall be prepared at least annually and at the time the work under a contract or order is completed for each contract and/or order that exceeds the simplified acquisition threshold (SAT). This includes any contract and/or order that is below the SAT and is modified, which results in the contract exceeding the SAT.

(a) FAR 42.1502 directs all Federal agencies to collect past performance information on contracts. The Department of Agriculture (USDA) has implemented the Contractor Performance Assessment Reporting System (CPARS) to comply with this regulation. One or more past performance evaluations will be conducted in order to record your contract performance as required by FAR 42.15.

(b) The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report. Once the report is processed, it is available in the Past Performance Information Retrieval System (PPIRS) for Government use in evaluating past performance as part of a source selection action.

(c) We request that you furnish the Contracting Officer with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than **30 days after award**. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official. The report information must be protected as source selection sensitive information not releasable to the public.

(d) When your Contractor Representative(s) (Past Performance Points of Contact) are registered in CPARS, they will receive an automatically-generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at <http://www.cpars.csd.disa.mil/>. The CPARS User Manual, registration for On Line Training for Contractor Representatives, and a practice application may be found at this site.

(e) Within 60 days after the end of a performance period, the Contracting Officer will complete an interim or final past performance evaluation, and the report will be accessible at <http://www.cpars.csd.disa.mil/>. Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment. Comments are limited to the space provided in Block 22. Your comments should focus on objective facts in the Assessing Official's narrative and should provide your views on the causes and ramifications of the assessed performance. In addition to the ratings and supporting narratives, blocks 1 – 17 should be reviewed for accuracy, as these include key fields that will be used by the Government to identify your firm in future source selection actions. If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in Block 22, and then signing and dating Block 23 of the form. Without a statement in Block 22, you will be unable to sign and submit the evaluation back to the Government. If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment." Your response is due within 60 calendar days after receipt of the CPAR.

(f) The following guidelines apply concerning your use of the past performance evaluation:

- (1) Protect the evaluation as "source selection information." After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the Contracting Officer for instructions.
- (2) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.
- (3) Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.
- (g) If you wish to discuss a past performance evaluation, you should request a meeting in writing to the Contracting Officer no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 60-day review period.
- (h) A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

Contractors must register at the following websites:

CPARS: <http://www.cpars.csd.disa.mil/>

PPIRS: <http://www.ppirs.gov/>

III. 12. QUALITY ASSURANCE SURVEILLANCE MATRIX:

- A. In accordance with FAR 37.401, the Government will evaluate the quality of professional and administrative services provided, but retains no control over the medical, professional aspects of services rendered (e.g. professional judgments, diagnosis for specific medical treatment, etc.)

- B. This requirement is being procured as a Performance-Based Service Acquisition. Accordingly, the Contractor will receive performance evaluations at least annually. Performance evaluations will address, but are not limited to, analysis of the Quality/Performance Standards identified above.

Failure to perform to the standards identified in the Quality Assurance Surveillance Matrix will result in a negative impact to the Contractor's performance evaluations. In addition, the use of the Quality Assurance Surveillance Matrix to evaluate Contractor performance in no way limits the Government's rights and remedies established under contract regarding the Contracting Officer's discretion to pursue termination by convenience or default, to exercise (or not) contract options, to accept or reject services provided, etc.

**PART IV – SOLICITATION PROVISIONS AND
QUOTE SUBMISSION INSTRUCTIONS**

(This section will be removed at the time of award)

IV. 1. FAR 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a solicitation provision may be accessed electronically at these addresses: <https://www.acquisition.gov/far> and <http://farsite.hill.af.mil/>. The quoter is cautioned that the listed provisions may include blocks that must be completed by the quoter and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer.

IV. 2. FAR 52.204-16 COMMERCIAL AND GOVERNMENT ENTITY CODE REPORTING (AUG 2020)

IV. 3. FAR 52.212-1 INSTRUCTIONS TO OFFERORS – COMMERCIAL ITEMS (Nov 2021)

IV. 4. FAR 52.212-2 EVALUATION – COMMERCIAL ITEMS (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Technical Capability –
 - Key Personnel License: Dentist, Hygienist, and Assistant
 - Resume(s)
 - Medical liability insurance (\$1 mil per occurrence/3 mil aggregate)
 - Content in Completed Quoter’s Questionnaire
2. Past Performance – Quality of Services, customer satisfaction, and timeliness/responsiveness of contractor or key personnel as provided by reference(s) provided by the Quoter. Government systems; such as, PIRIRS, or formal performance evaluations provided by the contractor for recent and relevant past performance
3. Price

Technical and past performance, when combined, are significantly more important than price.

- (b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. To account for the inclusion of FAR 52.217-8, Option to Extend Services, the Government will evaluate the extension period by taking 50% of the proposed price of option year 4 and adding it to the total price of the Base Year and all Option Years. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).
- (c) A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
