

2023 NSWC INDIAN HEAD DIVISION INDUSTRY DAY

February 16, 2023
9 a.m. – 2 p.m.
CSM Velocity Center
4465 Indian Head Hwy,
Indian Head, MD 20640

Naval Surface Warfare Center Indian Head Division (NSWC IHD) — a field activity of the Naval Sea Systems Command and part of the Navy's Science and Engineering Establishment — is the leader in ordnance, energetics, and explosive ordnance disposal solutions. The Division focuses on energetics research, development, testing, evaluation, in-service support, and disposal; and provides warfighters solutions to detect, locate, access, identify, render safe, recover, exploit, and dispose of explosive ordnance threats.

NSWC IHD invites new and existing industry partners to gain first hand insight into our mission to support the warfighter and learn of future opportunities to partner with us. This is a free of charge in-person event to include presentations by senior government representatives as well as Department of Navy Office of Small Business Programs.
