- (a) "Unsafe condition" as used in this clause means the actual or potential exposure of contractor or Government employees to a hazardous material as defined in Federal Standard No. 313, and any revisions thereto during the term of this contract, or any other material or working condition designated by the Contracting Officer's Technical Representative (COTR) as potentially hazardous and requiring safety controls.
- (b) The Occupational Safety and Health Administration (OSHA) is responsible for issuing and administering regulations that require contractors to apprise its employees of all hazards to which they may be exposed in the course of their employment; proper conditions and precautions for safe use and exposure; and related symptoms and emergency treatment in the event of exposure.
- (c) Prior to commencement of work, contractors are required to inspect for and report to the contracting officer or designee the presence of, or suspected presence of, any unsafe condition including asbestos or other hazardous materials or working conditions in areas in which they will be working.

- (e) When the Government receives notice of an unsafe condition from the contractor, the parties will agree on a course of action to mitigate the effects of that condition and, if necessary, the contract will be amended. Failure to agree on a course of action will constitute a dispute under the Disputes clause of this contract.
- (f) Nothing contained in this clause shall relieve the contractor or subcontractors from complying with applicable Federal, State, and local laws, codes, ordinances and regulations (including the obtaining of licenses and permits) in connection with hazardous material including but not limited to the use, disturbance, or disposal of such material.

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) Privacy Act Information

In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984) and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires Contractor personnel to have access to information protected by the Privacy Act of 1974, the contractor is advised that the relevant DOJ system of records notices (SORNs) applicable to this Privacy Act information may be found at <https://www.justice.gov/opcl/doj-systems-records>. [1] Applicable SORNs published by other agencies may be accessed through those agencies' websites or by searching the Federal Digital System (FDsys) available at <http://www.gpo.gov/fdsys/>. SORNs may be updated at any time.

(2) Prohibition on Performing Work Outside a Government Facility/Network/Equipment

Except where use of Contractor networks, IT, other equipment, or Workplace as a Service (WaaS) is specifically authorized within this contract, the Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or WaaS and Government information shall remain within the confines of authorized Government networks at all times. Any handling of Government information on Contractor networks or IT must be approved by the Senior Component Official for Privacy of the component entering into this contract. Except where remote work is specifically authorized within this contract, the Contractor shall perform all tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. Contractors may only access classified materials on government furnished equipment in authorized government owned facilities regardless of remote work authorizations.

(3) Prior Approval Required to Hire Subcontractors

The Contractor is required to obtain the Contracting Officer's approval prior to engaging in any contractual relationship (Subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under or relating to this contract. The Contractor (and any Subcontractor) is required to abide by Government and Agency guidance for protecting sensitive and proprietary information.

(4) Separation Checklist for Contractor Employees

The Contractor shall complete and submit an appropriate separation checklist to the Contracting Officer before any employee

or Subcontractor employee terminates working on the contract. The Contractor must submit the separation checklist on or before the last day of employment or work on the contract. The separation checklist must verify: (1) return of any Government-furnished equipment; (2) return or proper disposition of personally identifiable information (PII)[2], in paper or electronic form, in the custody of the employee or Subcontractor employee including the sanitization of data on any computer systems or media as appropriate; and (3) termination of any technological access to the Contractor's facilities or systems that would permit the terminated employee's access to PII or other sensitive information.

In the event of adverse job actions resulting in the dismissal of a Contractor or Subcontractor employee before the separation checklist can be completed, the Prime Contractor must notify the Contracting Officer within 24 hours and confirm receipt of the notification. In the case the Contractor is unable to notify the Contracting Officer, then the Contractor should notify the Contract Officer's Representative (COR).

Contractors must complete the separation checklist with the Contracting Officer or COR by returning all Government-furnished property including, but not limited to, computer equipment, media, credentials and passports, smart cards, mobile devices, Personal Identity Verification (PIV) cards, calling cards, and keys and terminating access to all user accounts and systems. Training must include procedures on how to properly handle PII, including heightened security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of PII. These courses, along with more information about DOJ security and training requirements for Contractors, are available at <https://www.justice.gov/jmd/learndoj>. The Federal Information Security Modernization Act of 2014 (FISMA) requires all individuals accessing DOJ information to complete training on records management, cybersecurity awareness, and information system privacy awareness. Contractor employees are required to sign the "Privacy Rules of Behavior," acknowledging and agreeing to abide by privacy law, policy, and certain privacy safeguards, prior to accessing DOJ information. These Rules of Behavior are made available to all new users of DOJ's computer network and to trainees at the conclusion of DOJ-OPCL-CS-0005.

The Contractor should maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required privacy and cybersecurity training.

(2) Safeguarding PII Requirements

Contractor employees must comply with DOJ Order 0904 and other guidance published to the publicly-available Office of Privacy and Civil Liberties (OPCL) Resources page[3] relating to the safeguarding of PII, including the use of additional controls to safeguard sensitive PII (e.g., the encryption of sensitive PII). This requirement flows down from the Prime Contractor to all Subcontractors and lower tiered subcontracts.

(3) Non-Disclosure Agreement Requirement

Prior to commencing work, all Contractor personnel that may have access to PII or other sensitive information shall be required to sign a Non-Disclosure Agreement (NDA) and the DOJ IT Rules of Behavior. The Non-Disclosure Agreement:

(a) prohibits the Contractor from retaining or divulging any PII or other sensitive information, or derivatives therefrom, furnished by the Government or to which they may otherwise come in contact as a result of their performance of work under the contract/task order that is otherwise not publicly available, whether or not such information has been reduced to writing; and

(b) requires the Contractor to report any loss of control, compromise, unauthorized disclosure, or unauthorized acquisition of PII or other sensitive information to the component-level or headquarters Security Operations Center within one (1) hour of discovery.

The Contractor should maintain signed copies of the NDA for all employees as a record of compliance. The Contractor should also provide copies of each employee's signed NDA to the Contracting Officer before the employee may commence work under the contract/task order.

(4) Prohibition on Use of PII in Vendor Billing and Administrative Records

The Contractor's invoicing, billing, and other financial or administrative records or databases is not authorized to regularly store or include any sensitive PII or other confidential government information that is created, obtained, or provided during the performance of the contract without the written permission of the Senior Component Official for Privacy (SCOP). It is acceptable to list the names, titles and contact information for the Contracting Officer, COR, or other personnel associated with the administration of the contract in the invoices as needed.

(5) Reporting Actual or Suspected Data Breach

Contractors must report any actual or suspected breach of PII within one hour of discovery.[4] A "breach" is an incident or occurrence that involves the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where: (1) a person other than an authorized user accesses or potentially accesses PII or (2) an authorized user accesses or potentially accesses PII for an other than authorized purpose. The report of a breach must be made to DOJ. The Contractor must cooperate with DOJ's inquiry into the incident and efforts to minimize risks to DOJ or individuals, including remediating any harm to potential victims.

(a) The Contractor must develop and maintain an internal process by which its employees and Subcontractors are trained to identify and report the breach, consistent with DOJ Instruction 0900.00.01[5], Reporting and Response Procedures for a Breach of Personally Identifiable Information.

(b) The Contractor must report any such breach by its employees or Subcontractors to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000); Component-level Security Operations Center and Component-level Management Team, where appropriate; the COR; and the Contracting Officer within one (1) hour of the initial

- (i) Narrative or detailed description of the events surrounding the suspected loss or compromise of information.[6]
Date, time, and location of the incident.

Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose PII was lost or compromised. When DOJ requests notification, the Department Chief Privacy and Civil Liberties Officer and SCOP will direct the Contractor on the method and content of such notification to be sent to individuals whose PII was breached. By performing this work, the Contractor agrees to full cooperation in the

event of a breach. The Contractor should be self-insured to the extent necessary to handle any reasonably foreseeable breach, with another source of income, to fully cover the costs of breach response, including but not limited to victim remediation.

C. Government Records Training, Ownership, and Management

(1) *Records Management Training and Compliance*

(a) The Contractor must ensure that all employees and Subcontractors that have access to PII as well as to those involved in the creation, use, dissemination and/or destruction of PII take the *DOJ Records and Information Training for New Employees (RIM)* training course or another training approved by the Contracting Officer or COR. This training will be provided at the outset of the Subcontractor's/employee's work on the contract and every year. The Contractor shall maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records containing PII and those covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of

(2) *Records Creation, Ownership, and Disposition*

(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency information. The Contractor shall certify, in writing, the appropriate disposition or return of all Government information at the conclusion of the contract or at a time otherwise specified in the contract. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created in the course of performing the contract in accordance with Federal law. Records may not be removed from the legal custody of DOJ or destroyed except in accordance with the provisions of the agency records schedules.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor's Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data, electronic information systems or electronic databases and all supporting documentation and associated metadata created as part of this contract. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer's Representative. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records

D. Data Privacy and Oversight

(1) *Restrictions on Testing or Training Using Real Data Containing PII*

The use of real data containing PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible.

(2) *Requirements for Contractor IT Systems Hosting Government Data*

The Contractor is required to obtain an Authority To Operate (ATO) for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) *Requirement to Support Privacy Compliance*

(a) If this contract requires the development, maintenance or administration of information technology[9], the Contractor shall support the completion of the Initial Privacy Assessment (IPA) document, if requested by Department personnel. An IPA is the first step in a process to identify potential privacy issues and mitigate privacy risks. The IPA asks basic questions to help components assess whether additional privacy protections may be needed in designing or implementing a project[10]

to mitigate privacy risks, and whether compliance work may be needed. Upon review of the IPA, the OPCL determines whether a Privacy Impact Assessment (PIA) document and/or SORN, or modifications thereto, are required. The Contractor shall provide adequate support to complete the applicable risk assessment and PIA document in a timely manner, and shall ensure that project management plans and schedules include the IPA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DOJ, including IPAs, PIAs, and SORNs, is located on the DOJ OPCL website (<https://dojnet.doj.gov/privacy/>), including DOJ Order 0601, Privacy and Civil Liberties. The Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy risk assessment and documentation, the Contractor shall provide adequate support to DOJ to ensure DOJ can complete any required assessment, and IPA, PIA, SORN, or other supporting documentation to support privacy compliance. The Contractor shall work with personnel from the program office, OPCL, the Office of the Chief Information Officer (OCIO), and the Office of Records Management and Policy to ensure that the privacy assessments and documentation are kept on schedule, that the answers to questions in the documents are thorough and complete, and that questions asked by the OPCL and other offices are answered in a timely fashion. The Contractor must ensure the completion of required PIAs and documentation of privacy controls consistent with federal law and standards, e.g. NIST 800-53, Rev. 5; and compliance with the Privacy Act of 1974, E-Government Act of 2002, Federal Information Security Modernization Act of 2014, and key OMB guidelines, e.g., OMB Circular A-130.

[1] “[T]he term ‘record’ means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph.” 5 U.S.C. § 552a(a)(4). “[T]he term ‘system of records’ means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.” 5 U.S.C. § 552a(a)(5).

[2] As stated in FAR 52.224-3 and Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource (2016), “‘personally identifiable information’ means information that can be used to distinguish or trace an individual’s identity, either alone or when combined with other information that is linked or linkable to a specific individual.” Regarding “sensitive PII,” “[t]he sensitivity level of the PII will depend on the context, including the purpose for which the PII is created, collected, used, processed, stored, maintained, disseminated, disclosed, or disposed. For example, the sensitivity level of a list of individuals’ names may depend on the source of the information, the other information associated with the list, the intended use of the information, the ways in which the information will be processed and shared, and the ability to access the information.” OMB Circular A-130, at App. II-2.

[3] The DOJ OPCL Resources page is available at <https://www.justice.gov/opcl/resources>.

[4] As stated in DOJ Instruction 0900, “Contractors must notify the Contracting Officer, the Contracting Officer’s Representative, and JSOC (or component-level SOC) within 1 hour of discovering any incidents, including breaches, consistent with this Instruction, guidance issued by the CPCLO, NIST standards and guidelines, and the US-CERT notification guidelines.”

[5] <https://www.justice.gov/file/4336/download>

[6] As stated in DOJ Instruction 0900, the description should include the type of information that constitutes PII; purpose for which PII is collected, maintained, and used; extent to which PII identifies a peculiarly vulnerable population; the determination of whether the information was properly encrypted or rendered partially or completely inaccessible by other means; format of PII (e.g., whether PII was structured or unstructured); length of time PII was exposed; any evidence confirming that PII is being misused or that it was never accessed.

[7] As stated in DOJ Instruction 0900, the report should include the nature of the cyber threat (e.g., Advanced Persistent Threat, Zero Day Threat, data exfiltration) for cyber incidents.

[8] As stated in DOJ Instruction 0900, the report should include analysis on whether the data is accessible, usable, and intentionally targeted.

[9] As defined in 40 U.S.C. § 11101, the term “information technology” means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use (i) of that equipment or (ii) of that equipment to a significant extent in the performance of a service or the furnishing of a product; includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal contractor incidental to a federal contract.

[10] In this instance, the term “project” is used to scope the activities (e.g., creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of information) covered by an IPA. A project is intended to be technology-neutral, and may include an information system, a digital service, an information technology, a combination thereof, or some other

activity that may create potential privacy issues or privacy risks that would benefit from an IPA. The scope of a project covered by an IPA is discretionary, but components should work with their SCOP and OPCL.

Contractor employees will occupy Public Trust Positions, unless clause alternates are applied.

___(Check if applicable) Access to/safeguarding of classified information will be required. Alternate I sections also apply

1. General Requirements

(a) (1) All references to “contract(or) personnel” and “contract(or) employee” in this clause means all individuals, without limitation, to include individuals employed by the contractor, team member, subcontractor, consultant, and/or independent contractor, who will have access to information of the Department of Justice (DOJ) or information that is within the custody and control of the DOJ, access to DOJ IT systems, and/or unescorted access to DOJ facilities/space in connection with the performance of this contract. “Employment” as used herein does not create nor imply an employer/employee relationship between the DOJ and contractor employees.

(Alt. I) [The following is added to the clause]: (2) Additionally, work performed under this contract will involve access to classified information [National Security Information (NSI)].

(b) (1) The type of security investigation required for each contractor employee will be governed by the type and risk level of information made available to the contractor employee. The contractor will not be permitted to commence performance under this contract until a sufficient number of its personnel, as determined by the Security Programs Manager (SPM), in consultation with the Contracting Officer’s Representative if one is appointed, have received the requisite security

(Alt. I) [The following is added to the Clause]: (2) All contractor employees requiring access to classified information will be processed by Defense Counterintelligence and Security Agency (DCSA) in accordance with the National Industrial Security Program (NISP). The contractor will not be permitted to commence performance under this contract until a sufficient number of its personnel, as determined by the SPM in consultation with the Contracting Officer’s Representative (COR) if one is appointed, have received the requisite NSI Clearance.

(c) Except where specifically noted otherwise, the federal government will be responsible for the cost and conduct of the investigation.

(d) The contractor shall ensure that no contractor employee commences performance prior to receipt of a written authorization from the contracting officer, COR, or the SPM that performance by the respective contractor employee is authorized.

(e) The data and other information to which the contractor may have access as a result of this contract is the property of, and/or within the custody and control of, the Department, and its disclosure to third parties is governed by various statutes and regulations, the violation of which may subject the discloser to criminal

2. Citizenship and Residency Requirements

(a) *Residency Requirement.* (1) Contractor employees in Public Trust positions, both U.S. citizens and non-U.S. citizens, must meet the Department’s residency requirement if they will require access to DOJ information, IT systems, or unescorted access to facilities. For three years (not necessarily consecutive years) out of the last five years immediately prior to employment under the Department contract the contractor employee must have: (i) resided in the U.S.; (ii) worked for the U.S. in a foreign country as either an employee or contractor in a federal civilian or military capacity; or, (iii) been a dependent of a federal civilian or military employee or contractor working for the U.S. in a foreign country. At the Department’s sole discretion, the residency requirement may be waived by the Department Security Officer (DSO) for contractor employees on a case-by-case basis where justified by extenuating circumstances. The residency requirement does not apply to contractor employees residing in foreign countries that are hired to work in American embassies/consulates/missions located outside of the United States and who require access to DOJ information, IT systems, or

unescorted access *provided that* an adequate background investigation can be conducted, with favorable adjudication, as determined by the DSO.

(Alt. 1) [The following is added to the clause]: (2) The residency requirement does not apply to contractor employees working on the classified portion of this contract whose national security clearance has been processed by DCSA in accordance with the NISP.

(b) Citizenship. (1) Aside from the specific exceptions set forth in Section 1.2(b)(2), for Public Trust positions, the DOJ requires that contractor employees be U.S. citizens and nationals, or lawful permanent residents seeking U.S. citizenship. Any prospective non-U.S. citizen contractor employee who requires access to DOJ information systems, DOJ information, and/or unescorted facilities access must also have been granted a waiver as described below in paragraphs 1.2(d) and/or (e). The contractor is responsible for verifying that the non-U.S. citizens working under this contract are lawful permanent residents seeking U.S.

(2) Exception for Certain Non-U.S. Citizen Contractor Employees: (i) Non-U.S. citizen expert witnesses, litigative consultants, and interpreters in rare foreign languages are not required to be lawful permanent residents seeking U.S. citizenship. However, they must be granted a waiver for access to unclassified DOJ information, whether CUI or not, DOJ IT systems, and/or unescorted facility access, as described below in paragraph 1.2(d) and (e), regardless of the duration of their duties. (ii) Non-U.S. Citizen contractor employees residing in foreign countries who are hired to work for the Department of Justice in American embassies/consulates/missions outside of the United States are not required to be lawful permanent residents seeking U.S. citizenship.

(Alt. 1) [The following is added to the Clause]: (3) Contractor employees requiring access to classified information will be processed by DCSA in accordance with the NISP.

(c) Dual Citizenship. (1) S. citizens who hold dual citizenship with a foreign country are considered U.S. citizens within the meaning of this clause, and may be considered for, but are not entitled to, contract employment as U.S. citizens consistent with this clause. The means by which the contractor employee obtained or exercises his or her dual citizenship status will be a consideration in the Public Trust Investigation (PTI) adjudication, and/or waiver approval processes discussed in this clause.

(Alt. 1) [The following is added to the clause]: (2) Contractor employees requiring access to classified information will be processed by DCSA in accordance with the NISP.

(d) Access to DOJ Information Technology Systems. Non-U.S citizens are not authorized to access DOJ information technology (IT) systems or assist in the development, operation, management, or maintenance of DOJ IT systems, including providing IT system support, unless a waiver has been granted by the Head of the DOJ component or designee, with the prior concurrence of both the DSO and the DOJ Chief Information Officer, allowing computer access by the non-U.S. citizen. Such a waiver will be granted only in exceptional and unique circumstances on a case-by-case basis. It should be noted that the Justice Consolidated Office Network (JCON) is a sensitive DOJ IT system and any contractor employee who will need access to JCON must be a U.S. citizen or have received a In order for a waiver to be considered for approval: (1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; (2) The type of personnel security vetting that has been conducted on the individual, and vetting results, that would mitigate risk; and (3) The waiver must be in the best interest of the federal government.

(e) Access to Unclassified DOJ Information and Unescorted Access to DOJ Facilities or Space. (1) Except as provided under 1.2(b)(2), non-U.S. citizens are not authorized to access DOJ information and/or unescorted access to DOJ facilities or space, unless a waiver has been granted by the DSO, allowing access by the non-U.S. citizen. Such a waiver will be granted on a case-by-case basis where justified at the discretion of the DSO.

3. Background Investigation Requirements

(a) (1) Unless otherwise stated below, all contractor personnel are subject to a Public Trust Investigation (PTI). The SPM will determine the type of investigation for each contractor employee based on the risk category (i.e., the nature of the position and degree of harm that could be caused by the individual in that position) and whether the position is long-term or short-term. The PTI risk categories are listed

(i) High Risk Positions. The minimum background investigation required is a Tier 4 (T4) investigation, and the five-year reinvestigation required is a Tier 4R (T4R) investigation. The 2017 version of the Standard Form (SF) 85P, Questionnaire for Public Trust Positions, is required.

(ii) Moderate Risk Positions. The minimum background investigation required is a Tier 2 (T2) investigation. The five-year reinvestigation required is a Tier 2R (T2R) investigation. The 2017 version of the SF-85P is

(iii) Low Risk/Non-Sensitive Positions. The minimum background investigation required for Low Risk/Non-Sensitive positions is a Tier 1 (T1) investigation and the required five-year reinvestigation is also a Tier 1 (T1) investigation. The SF 85, Questionnaire for Non-Sensitive Positions, is

(Alt. I) [The following is added to the clause]: (2). Contractor employees requiring access to classified information will be processed by DCSA in accordance with the NISP.

(b) *Exception for Expert Witnesses*. Expert Witnesses, litigative consultants, and interpreters in rare foreign languages may not be subject to full background investigation requirements if alternative security requirements are approved by the DSO.

(c) *Short-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), short-term contractor employees (6 months or less) who are U.S. citizens are not subject to a full background investigation, however, must receive an approved pre-employment background investigation waiver. The required forms to complete and submit are listed in Section 1.4(b) and (c)(2).

(d) *Long-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), all long-term U.S. citizen employees (longer than 6 months) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(e) *Non-U.S. Citizen Contractor Employees*. Other than the exception in 1.3(b), all non-U.S. citizen contractor employees regardless of performance duration (short or long term) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(f) *Reciprocity*. (1) A Public Trust Investigation will be accepted under reciprocity if it meets the following guidelines: (i) the investigation is current (investigations are considered current if completed within the last five years) and favorably adjudicated, or the reinvestigation has been deferred; (ii) the investigation meets or exceeds the level of investigation required for the DOJ contractual instrument; (iii) there has been no continuous (not cumulative) break in federal contract/service employment of two years or more; (iv) there is no derogatory information since the favorable fitness determination or adjudication that calls into question the individual's fitness based on character or conduct; and (v) the investigative record does not show conduct that is incompatible with the core duties of the new contract position. A "core duty" is a continuing responsibility that is of particular importance to the relevant covered position or the achievement of an agency's mission. Core duties will vary from position to position.

(Alt. I) [The following is added to the clause]: (g) National security investigations will be accepted from other federal agencies under reciprocity guidelines provided all of the following are true: (i) The new position does not require a higher eligibility than what the subject currently possesses; (ii) the existing eligibility is not granted on an interim or temporary basis, or limited or one-time basis; (iii) the covered individual's eligibility is not currently denied, revoked, or suspended; (iv) the favorable adjudication was based on the 13 Adjudicative Guidelines (SEAD 4) and E.O. 12968. Agencies may accept eligibility recorded with an exception based on their own risk assessment; (v) the most recent background investigation is not more than seven years old; (vi) there is no new derogatory information of national security adjudicative relevance that has been reported/developed since last investigation; (vii) the Bond Amendment disqualifier (SEAD 4) does not apply and individual requires SCI, SAP, or restricted access; and (viii) the subject does not have a break in federal service of 24 months or longer.

4. Background Investigation Process

(a) *e-QIP (or its successor)*. Public Trust background investigations/reinvestigations of contractor employees will be performed by the DCSA. The investigative process requires contractor employees to complete the Electronic Questionnaires for Investigations Processing (e-QIP) and provide additional information as specified in paragraph 1.4(b) below. Immediately after contract award, the contractor shall designate an employee as its "e-QIP Initiator" and provide the name of this person to the SPM. The e-QIP Initiator must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being given access to e-QIP. After the e-QIP Initiator's security approval is granted, the Contractor will be configured in e-QIP as a sub-agency to DOJ. The contractor will then be responsible for initiating investigations for all contract personnel, whose previous investigation does not meet reciprocity, in e-QIP for completion of the security questionnaire form and forwarding the electronic form with the remainder of the security package to the SPM. Subject to the prior written approval of the SPM, the contractor may designate an e-QIP Initiator for each subcontractor. Subcontractor e-QIP Initiators must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being provided access to e-QIP.

(b) *Additional Documentation*. (1) In addition to completing the e-QIP questionnaire (see 1.4(a), above), the contractor shall ensure that each contractor employee occupying Public Trust Positions, including short-term employees, completes and submits the following information through the contractor's Corporate Security Officer:

(i) Digital Fingerprinting/FD-258 Applicant Fingerprint Card. Two sets are required per applicant. The contractor may schedule appointments with the SPM to be digitally fingerprinted; otherwise, fingerprinting by the FBI or other law

enforcement entity, as approved by the SPM, is required to ensure the identity of the person being fingerprinted and for printing quality. All pertinent information must be completed by the individual taking the fingerprints (FBI or other). Use of the physical FD-258 Applicant Fingerprint Card should only be used in extenuating circumstances.

- (ii) DOJ-555 Fair Credit Reporting Act Disclosure. Authorizes DOJ to obtain one or more consumer/credit reports on the individual. This form will be required if the Component SPM determines a credit check is necessary for its Low Risk Level 1 contractor positions.
- (iii) OF-306, Declaration for Federal Employment.
- (iv) Foreign National Relatives or Associates Statement. This is only required if foreign national relatives or associates were not disclosed on the security questionnaire form.
- (v) Self-Reporting Requirements for All Contractor Personnel. This is an acknowledgement and acceptance statement that every contractor must sign.
- (vi) Additional information as may be required based on the review of the security questionnaire form.

The contractor shall review all forms/documents to ensure each is complete, accurate and meets all DOJ requirements, including applicable residency and citizenship requirements. The contractor shall resolve any issues or discrepancies with the contractor employee, including resubmission of corrected forms or documentation. Completed forms/documents shall be submitted to the SPM (or designee, which may include the COR) within five (5) calendar days after being finalized.

(c) Adjudication and Pre-Employment Background Investigation Waivers

(1) Except as set forth in this section, background investigations must be conducted and favorably adjudicated for each contractor employee prior to commencing their work on this contract. Where programmatic needs do not permit the federal government to wait for completion of the entire background investigation, a pre-employment background investigation waiver for public trust contractors can be granted by the SPM, in consultation with the cognizant COR. Pre-employment waivers cannot be used to circumvent delays in clearing classified contractors through the DCSA, if access to classified information is required.

(2) As directed by the SPM, the contractor shall initiate pre-employment waivers for Public Trust Positions when necessary. This may entail performing credit history checks and submission of these checks as part of the security package, including satisfactory resolution of any issues prior to submission to the federal government. A waiver will be disapproved if it develops derogatory information that cannot be resolved in the contractor employee's favor. When a waiver has been disapproved, the CO, in consultation with the SPM and COR, will determine (i) whether the contractor employee will no longer be considered for work on a DOJ contract or (ii) whether to wait for the completion and favorable adjudication of the background investigation before the contractor employee commences work on a Department contract. The pre-employment background investigation waiver requirements include:

1. Verification of citizenship (copy of a birth certificate, naturalization certificate, or U.S. passport);
2. Verification of compliance with the *DOJ Residency Requirement* of this Clause;
3. Favorable review of the security questionnaire form;
4. Favorable FBI fingerprint results;
5. Favorable credit report;
6. Favorable review of the OF-306 form, Declaration for Federal Employment;
7. Verification of the initiation of the appropriate background investigation (for long-term personnel); and
8. Receipt of the signed DOJ Self-Reporting Requirements for All Contractor Personnel (see Section 1.6, below).

(3) The investigating agency (DCSA) will provide the SPM with the results of each proposed contractor employee's Public Trust investigation. Upon receipt of the investigation and any other pertinent documents from the investigating agency, the SPM will determine whether each proposed contractor employee should be granted employment security approval.

(4) The COR will notify the contractor of the results of Public Trust background investigations as they are completed and adjudicated, including any individual who is found ineligible for employment security approval. For any individual found ineligible for employment on a Department contract, the contractor shall propose a replacement and initiate the background investigation process consistent with this

(Alt. I) [The following is added to the clause]:

(5) (1) *For classified contracts, the contractor shall possess or be capable of obtaining a Department of Defense Central Adjudication Facility (DODCAF) Defense Industrial Security Clearance Facility Cage Code and the security clearance required to fully perform this contract. As directed by the COR or SPM, the contractor shall submit the information necessary to allow the Government to prepare and obtain for the Contractor a "Department of Defense Contract Security Classification Specification" (DD Form 254) for this contract. Where such clearance is required, the contractor agrees to provide information and access to contractor facilities as may be required by federal government investigators.*

(2) *Immediately after contract award (or post-award receipt of the required Facility Clearance), the contractor's Facility Security Officer (FSO) shall furnish to the COR a list of all personnel proposed to work under this contract who have been processed in accordance with the NISP by the DCSA. The contractor shall update this information as individuals are added or separated from the contract and the FSO shall provide the updated list to the COR.*

(3) *For each contractor employee who requires access to classified information under this contract, the contractor shall forward a Visit Authorization Request (VAR) indicating the current background investigation information and clearance level to the COR.*

5. Identity Proofing and Badging

(a) Access to DOJ Information, federally-controlled IT systems, and/or unescorted access to federally-controlled facilities or space (regardless of whether the contractor employee will be issued a DOJ PIV card or building access badge) shall be made available after each respective contractor employee has (1) met the identity proofing requirements outlined below, and (2) completed all other security requirements stated elsewhere in this

(b) (1) Public Trust contractor employees must appear in person at least once before a DOJ official or an official of a trusted contract company (i.e., has a facility security clearance) who is responsible for checking two forms of identification in original form prior to commencement of work by the contractor employee and PIV card or building access badge issuance (as applicable). Approval will be documented by the DOJ official or an official of a trusted contract company. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID).

(c) *(Alt. 1) [The following is added to the clause]: (2) All contractor employees requiring access to classified information must appear in person at least once before an official of the contractor possessing the facility clearance, who is responsible for checking the identification documents. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID). This identity proofing must be completed prior to commencement of work by the contractor employee under this contract and badge issuance (as applicable) and must be documented by the contractor official.*

(d) All contractor employees requiring unescorted access to a DOJ controlled facility or space shall comply with the PIV card or building access badge requirements outlined below:

(i) When any contractor employee enters a DOJ building for the first time, he/she shall allow one hour for security processing and the creation and issuance of a building access PIV cards require additional processing time and will not likely be issued on the same day.

(ii) Building access badges shall be subject to periodic review by the contractor employee's supervisor and checked against his/her personal identification. The contractor employees shall present themselves for the issuance of renewed badges when required by the government as scheduled by the COR or his/her designee. The contractor shall notify the COR when contractor employee badges are lost, and must immediately apply for reissuance of a replacement badge. It is the contractor employee's responsibility to return badges to the COR or his/her designee when a contractor employee is dismissed, terminated or assigned to duties not within the scope of this contract.

7. Replacement Personnel

(a) The contractor shall make every effort to avoid costs to the government for security investigations for replacement of contractor employees, and in so doing shall ensure that otherwise satisfactorily performing and physically able contractor employees remain in contract performance for the duration of the contract. The contractor shall take all necessary steps to ensure that contractor personnel who are selected for assignment to this contract are professionally qualified and personally reliable, of reputable background and sound character, and able to meet all other requirements stipulated in the contract.

(b) The fact that the government performs security investigations shall not in any manner relieve the contractor of its responsibility to ensure that all contract personnel are reliable and of reputable background and sound character. Should a security investigation conducted by the government and/or a contractor's self-report or failure to self-report render ineligible a contractor employee, the contracting officer will determine whether the contractor has violated this clause. The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor personnel who fails to comply with or violates applicable requirements of this contract. Such action may be taken at the government's direction without prejudice to its rights under any other provision of this contract, including termination for default, and the contractor may be held liable, at a minimum, for all reasonable and necessary costs incurred by the government to (i) provide coverage (performance) through assignment of individuals employed by the government or third parties in those cases where absence of contractor personnel would cause either a security threat or DOJ program disruption and (ii) conduct security investigations in excess of those which would otherwise be required.

(c) Nothing in this clause shall require the contractor to bear costs involved in the conduct of security investigations for replacement of a contractor employee who separates from the contractor of his/her own accord, is incapacitated, or is deceased.

(d) The contractor shall comply with the terms and conditions set forth under this clause and assumes all liability for failure to comply. The rights and remedies conferred upon the government by this clause are in addition to all and other rights and remedies pursuant to the contract and as established by law.

(End of Clause)

FAO-0015 Changes

(a) Unilateral changes (Change Orders) will be in accordance with the Changes clause 52.243-4 or Changes and Changed Conditions clause 52.243-5 whichever applies to this contract. Additionally, the parties may enter into bi-lateral supplemental agreements based on mutual agreement between the parties.

(b) In the case of either a unilateral change order or bi-lateral supplemental agreement, the Contractor shall submit to the Contracting Officer, through the Contracting Officer's Representative (COR), a written proposal for adjustment of the amount of increase or decrease. With the proposal, the Contractor shall submit an itemized breakdown in at least the following detail:

- (1) Material quantities and unit cost
- (2) Labor costs by material item
- (3) Construction equipment cost
- (4) Workmen's compensation and public liability insurance
- (5) Overhead
- (6) Profit or commission
- (7) Employment taxes (FICA and FUTA)
- (8) Performance and payment bonds increase

(c) For either unilateral change orders or bi-lateral supplemental agreements, the maximum allowable overhead, profit and commission percentages are contained below. The percentages for overhead, profit and commission shall be negotiated and may vary according to the nature, extent and complexity of the work involved, but in no case shall exceed the following:

(1) To the Contractor (Prime), on work performed by other than his own forces. The commission is 10% in the first \$20,000, 7 1/2% on the next \$30,000, 5% on the balance over \$50,000.

(2) To the Contractor, and/or the Subcontractors for that portion of the work performed with their respective forces. The percentage is 10% overhead and 10% profit on the first \$20,000, 7 1/2% overhead and 7 1/2% profit on the next \$30,000, and 5% overhead and 5% profit on the balance over \$50,000.

Not more than three (3) percentages, not to exceed the maximum percentage amounts shown above, will be allowed regardless of the number of Subcontractors (i.e., the mark up on work subcontracted by the Subcontractor will be limited to one overhead percentage

and one profit percentage in addition to the prime Contractor's commission percentage). On proposals covering both increases and decreases in the amount of the contract, overhead, profit and commission will be allowed on the net increase only.

- (d) When certified cost or pricing data are required under FAR 15.403-4 for proposals over **\$2,000,000**, the cost or pricing data shall be submitted in accordance with FAR 15.408, Table 15-2. No itemized breakdown will be required for proposals amounting to less than \$1,000.
- (e) When the necessity to proceed with a change does not allow sufficient time to negotiate a modification or because of failure to reach an agreement, the Contracting Officer may issue a change order instructing the contractor to proceed on the basis of a tentative price based on the best estimate available at the time, with the firm price to be determined later. Furthermore, when the change order is issued, the contractor shall submit a proposal for cost of changes in work within 30 calendar days.
- (f) The Contracting Officer will consider issuing a settlement by determination to the contract if the contractor's proposal required by paragraphs (a) and (b) of this clause is not received within 30 calendar days, or if agreement has not been reached.
- (g) Where a change involves credit items only, a proper measure of the amount of downward adjustment in the contract price is the reasonable cost to the contractor if he/she had performed the deleted work. A reasonable allowance for overhead and profit are properly includable as part of the downward adjustment for a deductive change. The amount of such allowance is subject to negotiation.
- (h) Overhead and contractor's fee percentages shall be considered to include insurance other than mentioned herein, field and office supervisors and assistants, security police, use of small tools, incidental job burdens, and general home office expenses and no separate allowance will be made therefor. Assistants to office supervisors include all clerical, stenographic and general office help. Incidental job burdens include, but are not necessarily limited to, office equipment and supplies, temporary toilets, telephone and conformance to OSHA requirements. Items such as, but not necessarily limited to, review and coordination, estimating and expediting relative to contract changes are associated with field and office supervision and are considered to be included in the contractor's overhead and/or fee percentage.
- (i) The Contractor shall submit with his proposal a request for time extension, if applicable.
- (j) The COR shall review the proposal and check estimates in detail, utilizing unit prices where specified or agreed upon. If they are in agreement, the COR shall forward the proposal to the Contracting Officer. The Contracting Officer will forward copies to the Architect-Engineer (if applicable) and the Regional Project Manager for their review and recommendations. After their review, the Architect-Engineer and Project Manager will forward their comments to the Contracting Officer.
- (k) If the Contracting Officer determines that an equitable adjustment is to be made, the contract shall be modified in writing utilizing the prescribed Standard Form 30 (Amendment of Solicitation/Modification of Contract) (SF-30). After the SF-30 has been signed by the Contractor and executed by the Contracting Officer, distribution shall be made as follows:

- (1) Original: Contract file
- (2) Copy to: Contractor
 - Regional Project Manager
 - Contracting Officer's Representative (COR)
 - Architect-Engineer Firm (if applicable)
 - Accounting Supervisor

Except as the parties may otherwise expressly agree, the Contractor shall be deemed to have waived (i) any adjustments to which it otherwise might be entitled under the aforesaid clause where such claim fails to request such adjustment, and (ii) any increase in the amount of equitable adjustments additional to those requested in its claim.
- (b) Further, the Contractor agrees that, if required by the Contracting Officer, it will execute a release, in form and substance satisfactory to the Contracting Officer, as part of the supplemental agreement setting forth the aforesaid adjustment, and that such

release shall discharge the Government, its officers, agents, and employees, from any further claims, including but not limited, to further claims arising out of delays or disruptions or both caused by the aforesaid change.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Equal Employment Opportunity is **THE LAW**

Private Employers, State and Local Governments, Educational Institutions, Employment Agencies and Labor Organizations

Applicants to and employees of most private employers, state and local governments, educational institutions, employment agencies and labor organizations are protected under Federal law from discrimination on the following bases:

RACE, COLOR, RELIGION, SEX, NATIONAL ORIGIN

Title VII of the Civil Rights Act of 1964, as amended, protects applicants and employees from discrimination in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment, on the basis of race, color, religion, sex (including pregnancy), or national origin. Religious discrimination includes failing to reasonably accommodate an employee's religious practices where the accommodation does not impose undue hardship.

DISABILITY

Title I and Title V of the Americans with Disabilities Act of 1990, as amended, protect qualified individuals from discrimination on the basis of disability in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. Disability discrimination includes not making reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship.

AGE

The Age Discrimination in Employment Act of 1967, as amended, protects applicants and employees 40 years of age or older from discrimination based on age in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment.

SEX (WAGES)

In addition to sex discrimination prohibited by Title VII of the Civil Rights Act, as amended, the Equal Pay Act of 1963, as amended, prohibits sex discrimination in the payment of wages to women and men performing substantially equal work, in jobs that require equal skill, effort, and responsibility, under similar working conditions, in the same establishment.

GENETICS

Title II of the Genetic Information Nondiscrimination Act of 2008 protects applicants and employees from discrimination based on genetic information in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. GINA also restricts employers' acquisition of genetic information and strictly limits disclosure of genetic information. Genetic information includes information about genetic tests of applicants, employees, or their family members; the manifestation of diseases or disorders in family members (family medical history); and requests for or receipt of genetic services by applicants, employees, or their family members.

RETALIATION

All of these Federal laws prohibit covered entities from retaliating against a person who files a charge of discrimination, participates in a discrimination proceeding, or otherwise opposes an unlawful employment practice.

WHAT TO DO IF YOU BELIEVE DISCRIMINATION HAS OCCURRED

There are strict time limits for filing charges of employment discrimination. To preserve the ability of EEOC to act on your behalf and to protect your right to file a private lawsuit, should you ultimately need to, you should contact EEOC promptly when discrimination is suspected:

The U.S. Equal Employment Opportunity Commission (EEOC), 1-800-669-4000 (toll-free) or 1-800-669-6820 (toll-free TTY number for individuals with hearing impairments). EEOC field office information is available at www.eeoc.gov or in most telephone directories in the U.S. Government or Federal Government section. Additional information about EEOC, including information about charge filing, is available at www.eeoc.gov.

Employers Holding Federal Contracts or Subcontracts

Applicants to and employees of companies with a Federal government contract or subcontract are protected under Federal law from discrimination on the following bases:

RACE, COLOR, RELIGION, SEX, NATIONAL ORIGIN

Executive Order 11246, as amended, prohibits job discrimination on the basis of race, color, religion, sex or national origin, and requires affirmative action to ensure equality of opportunity in all aspects of employment.

INDIVIDUALS WITH DISABILITIES

Section 503 of the Rehabilitation Act of 1973, as amended, protects qualified individuals from discrimination on the basis of disability in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. Disability discrimination includes not making reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship. Section 503 also requires that Federal contractors take affirmative action to employ and advance in employment qualified individuals with disabilities at all levels of employment, including the executive level.

DISABLED, RECENTLY SEPARATED, OTHER PROTECTED, AND ARMED FORCES SERVICE MEDAL VETERANS

The Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212, prohibits job discrimination and requires affirmative action to employ and advance in employment disabled veterans, recently separated veterans (within

three years of discharge or release from active duty), other protected veterans (veterans who served during a war or in a campaign or expedition for which a campaign badge has been authorized), and Armed Forces service medal veterans (veterans who, while on active duty, participated in a U.S. military operation for which an Armed Forces service medal was awarded).

RETALIATION

Retaliation is prohibited against a person who files a complaint of discrimination, participates in an OFCCP proceeding, or otherwise opposes discrimination under these Federal laws.

Any person who believes a contractor has violated its nondiscrimination or affirmative action obligations under the authorities above should contact immediately:

The Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210, 1-800-397-6251 (toll-free) or (202) 693-1337 (TTY). OFCCP may also be contacted by e-mail at OFCCP-Public@dol.gov, or by calling an OFCCP regional or district office, listed in most telephone directories under U.S. Government, Department of Labor.

Programs or Activities Receiving Federal Financial Assistance

RACE, COLOR, NATIONAL ORIGIN, SEX

In addition to the protections of Title VII of the Civil Rights Act of 1964, as amended, Title VI of the Civil Rights Act of 1964, as amended, prohibits discrimination on the basis of race, color or national origin in programs or activities receiving Federal financial assistance. Employment discrimination is covered by Title VI if the primary objective of the financial assistance is provision of employment, or where employment discrimination causes or may cause discrimination in providing services under such programs. Title IX of the Education Amendments of 1972 prohibits employment discrimination on the basis of sex in educational programs or activities which receive Federal financial assistance.

INDIVIDUALS WITH DISABILITIES

Section 504 of the Rehabilitation Act of 1973, as amended, prohibits employment discrimination on the basis of disability in any program or activity which receives Federal financial assistance. Discrimination is prohibited in all aspects of employment against persons with disabilities who, with or without reasonable accommodation, can perform the essential functions of the job.

If you believe you have been discriminated against in a program of any institution which receives Federal financial assistance, you should immediately contact the Federal agency providing such assistance.
