Evaluation shall consist of the selection of a technically acceptable proposal with the lowest price. The Government expects to award a minimum of one (1) BPA as a result of this solicitation. The Government reserves the right to award without discussions or make no award should no vendor prove to be an acceptable offeror based on the criteria set forth in the solicitation. The Government will make an award to the responsible contractor whose offer conforms to the solicitation and is determined to be the most advantageous to the Government considering Price (**Part I**) and Technical Capability (**Part II**).

Offerors are hereby notified those initial proposals which are found incomplete may be rejected without affording the offeror an opportunity to satisfy the requirement of the Government. Notwithstanding the information included in support of the offeror's technical capability, the contractor must meet all requirements of this request for proposal

PRICE: The Government will evaluate offers based on prices proposed for all line items and any other price related factors required by the solicitation. The offeror's proposal will be evaluated for Reasonableness and Total Evaluated Price.
