SECTION 00 21 00

INSTRUCTIONS TO OFFERORS (RFP)

1. SOLICITATION RESTRICTIONS

1.1. GENERAL CONTRACTOR

This solicitation is Unrestricted and Open to Both Small and Large Businesses

1.2. ESTIMATED CONSTRUCTION COST

The estimated construction cost of this project is between \$500,000 and \$1,000,000.

1.4. SUBMISSION DEADLINE

Contractors shall submit their proposals via email to the following individuals by no later than the date and time established in Block 13 of the Standard Form (SF) 1442, or Block 14 of the most recently issued SF 30 as applicable:

Jessica Jackson, Contract Officer: Jessica.R.Jackson@usace.army.mil
Brianna Boehne, Contract Specialist: Brianna.Boehne@usace.army.mil

Proposals received after the date and time stated within Block 13 of the SF1442, or Block 14 of the most recently issued SF 30 as applicable, will be considered late and will not be considered for award. To avoid rejection of a proposal, the offeror must make every effort to ensure its electronic submission is virus-free.

Proposals should enter a description for every file submitted. For files over 20 megabytes (MB) the Contractor shall break the file into smaller files sent via separate emails with each email marked to identify which number the email is relative to the total number of emails submitted (i.e., "email one of four"). Once all the emails submitted have been received the Government will confirm receipt via responsive email.

Do not assume submission will be instantaneous. File size and number of files submitted shall be considered. Contractor/Teammate/Subcontractors should allow adequate time for submission completion because the entire proposal (i.e., Contractor's submission and all teammate/subcontractor(s) independent submissions) must be received by the due date and time specified in Block 13 of SF 1442, or SF 30 as applicable.

2. COPIES OF SOLICITATION DOCUMENT AND AMENDMENTS

Copies of the solicitation and amendments are available by INTERNET ACCESS ONLY. All solicitation documents will be posted to the U.S. General Services Administration website at:

<https://sam.gov/>

It shall be the Contractor's responsibility to check the websites for any amendments. The offeror shall submit in the proposal all requested information specified in this solicitation. There will be no public opening of the proposals received as a result of this solicitation.

A list of interested vendors (potential offerors and subcontractors) is available on the beta.sam.gov web site listed above (registration required).

3. OFFEROR'S QUESTIONS AND COMMENTS

3.1. SITE VISIT

SEE FAR 52.236-27, Site Visit (Construction) for site visit information.

3.2. BIDDER INQUIRY

Reference BIDDER INQUIRY (Section 00 22 00) for bidder question instructions and procedures.

4. PLAN HOLDER'S LIST

For viewing a list of interested vendors (i.e. Plan Holders List) and receiving notifications or email of changes regarding a solicitation, U.S. General Services Administration has these features available (<https://sam.gov/>). For this solicitation, go to <https://sam.gov/> and register as a vendor or enter username and password to login.

If you wish for General Contractors, Subcontractors, Suppliers, Plan Rooms or Print Shops to have the ability to contact you, click on "Add me to Interested Vendors" for the solicitation.

5. GENERAL DESCRIPTION OF WORK

Scope of project includes all work required for the Fort Peck Power House #1 (PH1) Bridge Crane Rail Replacement project.

Work shall be in accordance with Request for Proposal documents issued with this solicitation.

6. PROPOSAL SUBMISSION REQUIREMENTS, EVALUATION, AND CONTRACT AWARD

The evaluation will be based exclusively on the merits and content of the proposal and any subsequent discussion required. The identities of the evaluators are confidential, and any attempt by the offerors to contact these individuals is prohibited.

See Section 00 22 00, SUPPLEMENTARY INSTRUCTIONS, PROPOSAL SUBMISSION, AND EVALUATION.

7. FEDERAL, STATE, AND LOCAL TAXES

It is the Contractor's responsibility to investigate applicable federal, state, and local taxes as well as any specific exemptions that may exist. This includes any applicable Value-Added Taxes (VAT), sales, use, and excise taxes. See General Conditions (Contract Clause) 52.229-3 FEDERAL, STATE, AND LOCAL TAXES.

Section 00 22 00 - Supplementary Instructions

22 00**SECTION 00 22 00****Powerhouse 1 Bridge
Crane Rail Replacement
Fort Peck Dam, MT****PROPOSAL SUBMISSION REQUIREMENTS AND EVALUATION****1. OVERVIEW**

This is a “Best Value-Tradeoff” Unrestricted Request for Proposal. The Government will evaluate proposals in accordance with the criteria herein and award a firm-fixed-price contract to the responsible offeror whose proposal conforms to all the terms and conditions of the solicitation and whose proposal is determined to represent the overall best value to the Government.

2. PROPOSAL SUBMITTAL INSTRUCTIONS

Written materials: 8.5” x 11” page size; font no smaller than 10-point size. The requirements specified in the solicitation are considered minimum requirements. A proposal that fails to comply with the minimum technical requirements will not be eligible for award. In order to effectively and equitably evaluate all proposals, the Contracting Officer must receive information sufficiently detailed to clearly indicate compliance with the proposal submission requirements.

In an effort to reduce paperwork and reduce cost, all proposals shall be submitted electronically via email directly to:

Jessica Jackson: Jessica.R.Jackson@usace.army.mil

Brianna Boehne: Brianna.Boehne@usace.army.mil

All submissions shall be in Adobe PDF format with Optical Character Recognition (OCR) applied to all documents that will enable word searches to be conducted using Adobe-compatible PDF software. The two (2) volumes listed below shall be submitted as “SEPARATE” single files. Offerors may use compression utilities such as 7-Zip, WinZip or PKZip to reduce file size and facilitate transmission. Offerors are encouraged to send both files in the same email, if possible.

Volume I: Technical

Volume II: Price

Title the single files in the following format:

W912822R0068_Company Name_Volume_I_Technical

W912822R0068_Company Name_Volume_II_Price

(Note: Company name may be abbreviated)

It is imperative that none of the pricing or Volume II information show up in Volumes I.

3. BIDDER INQUIRY

Technical inquiries and questions relating to technical requirements, proposal procedures, etc. are to be submitted via Bidder Inquiry in ProjNet at: <https://www.projnet.org/projnet/> no later than **ten (10) calendar days** before the proposal due date, in order that they may be given consideration or actions taken prior to receipt of offers. The Bidder Inquiry

system is to be used to ask and receive answers to all non-proprietary questions.

To submit and review inquiry items, prospective Offerors will need to use the Bidder Inquiry Key presented below and follow the instructions listed below. A prospective Offeror who submits a comment/question will receive an acknowledgement of their comment/question via email, followed by an answer to the comment/question after it has been processed by our technical team.

All timely questions and approved answers will be made available through ProjNet.

Project ID: FP00101

Project Name: Fort Peck Powerhouse 1 Bridge Crane Rail Replacement

4. SUBMISSION DEADLINE

Proposals shall be received by the USACE Contracting Activity no later than the time and date specified in the solicitation.

5. BASIS OF AWARD

The Contracting Officer will award a firm-fixed-price contract to the responsible offeror whose proposal conforms to the RFP, is fair and reasonable, and offers the best overall value to the Government considering all non-price factors described herein, and price. **Technical factors 1 and 2 when combined are significantly more important than cost or price.** After the Government individually evaluates and rates each proposal, the Contracting Officer/Source Selection Authority will compare proposals to determine which proposal represents the best value. The Government reserves the right to accept *other than* the lowest priced offer or to reject all offers. The Government will not award a contract to an offeror whose proposal contains a deficiency, as defined in FAR 15.001. If there is a lower priced, conforming offer(s), the Contracting Officer/Source Selection Authority must determine if that the added value of a more expensive proposal would justify award to that offeror.

It is the Government's intent to award *without* discussions. Therefore, proposals should be submitted initially on the most favorable terms from a price and technical standpoint. Do not assume offerors will be contacted or afforded an opportunity to clarify, discuss or revise their proposals.

The proposal shall describe the capability of the offeror to demonstrate the requirements of the RFP. The proposal should be specific and complete in every detail and should be prepared simply and economically, providing a straightforward and concise description of the capabilities to satisfactorily perform the requirements. The proposal should be practical, legible, clear and coherent.

In order to effectively and equitably evaluate all proposals, the Contracting Officer must receive information containing sufficient detail to allow review and evaluation by the Government. Proposal clarity, organization and cross-referencing are mandatory. Failure to submit and organize proposals as requested may adversely affect an offeror's evaluation.

Submit proposals in accordance with paragraph 2 above. Note the Government will not evaluate any material that exceeds the page limits, where indicated, if indicated.

6. PROPOSAL INFORMATION AND RELATED EVALUATION FACTORS

FACTOR	LOCATION	DESCRIPTION	RELATIVE IMPORTANCE
		TECHNICAL	DESCENDING ORDER OF IMPORTANCE
Factor 1	Volume I	PMP	Equally important as Factor 2
Factor 2	Volume I	Past Performance	Equally important as Factor 1
		PRICE	
Factor 3	Volume II	Section 00 10 00, Contract Form and Bid Schedule	Factors 1 and 2 when combined are significantly <i>more important</i> than cost or price (Factor 3)
N/A	Volume II	Financial Information	Not Rated
N/A	Volume II	Bonding Information	Not Rated

IT IS IMPERATIVE THAT NONE OF THE PRICING OR VOLUME 2 INFORMATION IS INCLUDED IN VOLUME 1.

7. EVALUATION

7.1. In accordance with the Army Source Selection Supplement (AS3), Section 3.1, the Army methodology for evaluating Technical Approach and Related Risk is the Combined Technical/Risk Rating. This methodology considers risk, in conjunction with strengths, weaknesses, significant weaknesses, uncertainties, and deficiencies in determining

technical ratings and shall be used for Factor 1.

COMBINED TECHNICAL/RISK RATINGS (FACTOR 1)

Color	Rating	Description
Blue	Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths, and risk of unsuccessful performance is low.
Purple	Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength, and risk of unsuccessful performance is low to moderate.
Green	Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Yellow	Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Red	Unacceptable	Proposal does not meet requirements of the solicitation, and thus, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Proposal is unawardable.

Strengths, Significant Strengths, Weaknesses, Significant Weaknesses, and Deficiencies are defined as follows:

Strength: an aspect of an offeror's proposal that has merit or exceeds specified performance or capability requirements in a way that will be advantageous to the Government during contract performance.

Significant Strength: an aspect of an offeror's proposal that has appreciable merit or appreciably exceeds specified performance or capability requirements in a way that will be appreciably advantageous to the Government during contract performance.

Weakness: a flaw in the proposal that increases the risk of unsuccessful contract performance.

Significant Weakness: a flaw that appreciably increases the risk of unsuccessful contract performance.

8. TECHNICAL (VOLUME 1) FACTOR 1: PROJECT MANAGEMENT PLAN (PMP)

Submission Requirements:

The offeror shall provide a comprehensive Project Management Plan (PMP) developed specifically for construction of this project, which will become an integral part of the resultant contract. **The PMP package including the progress chart shall not exceed 20 pages.**

The PMP shall include a well thought out work plan for accomplishing the work, along with, but not limited to discussing the contractor's method and equipment to be used on the project, safety equipment, quality assurance testing, and as-built drawings. The work plan shall include a comprehensive schedule, in progress chart format, showing a planned schedule to complete the project by the specified contract completion date. A non-binding, arbitrary NTP date of September 30, 2022 shall be assumed with a contract duration of 547 days. Contractor shall be aware of and incorporate any work hour or operational limitations (Federal Holidays, non-work periods, normal work hours, crane operations, etc.as discussed in Section 01 12 00) along with the **"No Work" period- from 06 MARCH 2023 – 19 MAY 2023 and 1 March 2024 – 30 May 2024, when the the facility MUST have a fully operational crane.**

The progress chart shall be in 11" x 17" format.

A schedule that proposes a contract duration less than 547 days and is evaluated favorably on that basis may

be accepted and incorporated as a contract requirement.

The progress chart should be accompanied with a narrative addressing production rates, weather days, periods of non-work, planned outages and address methods to be utilized to keep the project on schedule. All major work tasks shall be included. The schedule and narrative shall address power line, unit and crane outages including, but not limited to, coordination of outages with the USACE, timeframes and time periods of the outages and how the contractor will mitigate delays should they occur during outages. The schedule and narrative should address any period during which portions of the generator floor will not be able to be fully utilized due to the rail replacement and identify other features of work they will be performing concurrently during this downtime. The project schedule shall not include any funding or pricing data.

The contractor shall include an organization chart as part of this Factor to illustrate the management approach and lines of communication. The PMP shall also include the method of management of all subcontractors, preparation and submission of As-Built documents upon construction completion, and contract close-out. The information in the plan should make it clear that the offeror has the ability to deliver a quality product and effectively manage all subcontractors on the team, as well as the ability to coordinate all work throughout the construction phase. As a minimum, the PMP shall address all of the following:

- Work Plan, including schedule in progress chart format and descriptive literature for all equipment
- Management Approach, including any special work restrictions or phasing identified in the solicitation documents
- Organizational Chart
- Sub-Contractor Management
- Preparation and submission of As-Built documents
- Contract close-out

Evaluation Method:

Strengths or Significant Strengths may be given for the following criteria:

- A PMP which addresses all items requested in a thorough and comprehensive manner, and that demonstrates an effective plan for construction and close-out of the project.
- A PMP that demonstrates the Offeror's competence in executing projects that are similar to this solicitation
- A PMP that minimizes outages and the time the Project Office is without a functioning crane.
- An organizational structure that thoroughly explains and clearly delineates roles and responsibilities and flows of communications between the Contractor, subcontractor, and the Government.
- A PMP which shows a thorough understanding of the requirements in the RFP and incorporates those requirements into the plan.

Weaknesses or Significant Weaknesses may be given for the following criteria:

- A PMP that does not cover all phases of work and/or demonstrates that the offeror does not understand the complexity of the project or has not considered all logistical steps in the work plan.
- A PMP that reflects an organizational structure that does not thoroughly explain or clearly identify the roles, responsibilities, hierarchies, or flows of communication both internally and with USACE.
- A proposed contract duration that is longer than the required contract duration will be viewed as a significant weakness.
- Omission of any item requested above will result in lower evaluation ratings for this tab.

9. TECHNICAL (VOLUME 1) FACTOR 2: PAST PERFORMANCE

Submission Requirements:

The Government will evaluate how the projects submitted by the offeror demonstrate similar work experience that is relevant to this solicitation. The Contractor shall submit two (2) projects of similar scope completed within the last 8 years (from the proposal due date). Similar scope is defined as installation of bridge, overhead, or industrial crane rails and rail appurtenances in accordance with CMAA 70.

Each project submitted shall include the following content:

1. Contract number and Offeror's and/or major subcontractor's specific role in the project.
2. Project name and location.
3. Name of customer, agency, or firm.
4. Point of contact (POC) information for the customer, agency, or firm, including name, title, email, and telephone number.
5. Scope of project (designed, built, and/or installed, describe major features, components, etc.); focus on the installation of similar crane rails, anchors, and installation within a similar environment and similar aspects of the project. Provide a minimum of one inspection demonstrating work was in conformance with CMAA 70.
6. Total Dollar Amount.
7. Start and completion dates, or anticipated date of completion and percent complete.
8. Role of Offeror (Prime or Subcontractor) Address type of work performed and percentage of work, as applicable. Also indicate whether proposed team members were directly involved in the project, describing work performed, roles, and responsibilities.
9. If the offeror is a joint venture combining two or more companies, state whether each project was performed by the same joint venture. Each member of the joint venture shall demonstrate experience commensurate with its proposed role on this project.
10. If the experience of a subcontractor is being used to meet the experience requirement, a letter of commitment from the subcontractor to complete the work in this solicitation must be included with the Contractor's proposal.

Contractor must provide all finalized CPARS for each project submitted or a Past Performance Questionnaire if no finalized CPARS has not been completed for the submitted project. Previously completed PPOs are acceptable.

See **Attachment A**, Past Performance Questionnaire, for a form that shall be used to fulfill this requirement.

- If there is not a completed CPARS evaluation, the offeror shall submit a Past Performance Questionnaire (PPQ) for the project. **Do not submit a PPQ when a completed CPARS is available.**
 - If the offeror is unable to obtain a completed PPQ from a client for a project(s) before the closing date, the offeror shall complete and submit with the proposal the first page of the PPQ, which will provide contract and client information for the respective project(s).
 - Offerors should follow up with clients/references to ensure timely submittal of questionnaires. If the client requests, questionnaires may be submitted directly to the Government's point of contact, via email at Brianna.Boehne@usace.army.mil prior to the closing date. Otherwise, the PPQs shall be submitted with the proposal. The offerors shall instruct the clients to refer to the solicitation number in the subject line.
 - PPQs are source selection materials. All successfully submitted PPQs will receive an email confirmation upon receipt. If the offeror does not receive the confirmation, it is the offeror's responsibility to follow up to ensure the government has received the information.
 - In addition to the above, the Government may review other sources of information for evaluating past performance. Other sources may include, but are not limited to, past performance information retrieved through the (Contractor Performance Assessment and Reporting System) CPARS, using all CAGE/UEID (Commercial and Government Entity Code/Unique Entity Identification) numbers of team members (partnership, joint venture, teaming arrangement, or parent company/subsidiary/affiliate) identified in the offeror's quote,

inquiries of owner representative(s), FAPIIS (Federal Awardee Performance and Integrity Information System), Electronic Subcontract Reporting System (eSRS), or other databases, telephone interviews with organizations familiar with the offeror's performance, Government personnel with personal knowledge of the offeror's performance capability, and any other known sources not provided by the offeror.

While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate, and complete past performance information rests with the offeror.

Evaluation Method:

Only two (2) projects will be evaluated. If an offeror submits more than two (2) projects, only the first two (2) projects will be evaluated. Offerors shall describe each project with enough detail to ensure that the Government can meaningfully assess how well the projects submitted meet the evaluation criteria outlined below.

In determining strengths and weaknesses, the Government will consider the following when evaluating the offeror's Experience:

- Projects that are more similar in size, scope, and complexity to the scope of work in this RFP shall be evaluated more favorably.
- The past performance on projects that are more similar will be considered more heavily than for past performance on projects that are less similar.
- Any other aspect of the project that the evaluators could determine enhances the merit of the quote or increases the probability of successful performance of the contract.

The past performance evaluation results in an assessment of the Offeror's probability of meeting the solicitation requirements. There are two aspects of the past performance evaluation. The first aspect is relevancy. The past performance evaluation considers each Offeror's demonstrated recent and relevant record of performance in supplying products and services that meet the contract's requirements. The Offeror's past performance will be evaluated to determine how relevant a recent effort accomplished by the Offeror is to the effort to be acquired through the source selection. Consideration shall be given to those aspects of an Offeror's contract history that would give the greatest ability to measure whether the Offeror will satisfy the current procurement. Common aspects of relevancy include similarity of service/support, complexity; dollar value, contract type, and degree of subcontract/teaming. There are four levels of relevancy as shown below. With respect to relevancy, more relevant past performance will typically be a stronger predictor of future success and have more influence on the past performance confidence assessment than past performance of lesser relevance. The following ratings will be used to evaluate Factor 2:

Relevancy Rating	
Rating	Definition
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

The second aspect of the past performance evaluation is to determine how well the contractor performed on the contracts and give a performance confidence assessment. The past performance evaluation process gathers information from customers on how well the Offeror performed those past contracts. Past performance information may be provided by the Offeror, as solicited. Past performance information may also be obtained from questionnaires. Past performance information shall be obtained from any other sources available to the Government, to include, but not limited to, the Contractor Performance Assessment Reporting System (CPARS), Federal Awardee Performance and

Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), or other databases; interviews with Program Managers and Contracting Officers. In conducting a performance confidence assessment, each Offeror shall be assigned one of the ratings as indicated below.

Table 3. Past Performance Confidence Assessments	
Rating	Description
Substantial Confidence	Based on the Offeror's recent/relevant performance record, the Government has a high expectation that the Offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the Offeror's recent/relevant performance record, the Government has a reasonable expectation that the Offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the Offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The Offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the Offeror's recent/relevant performance record, the Government has a low expectation that the Offeror will be able to successfully perform the required effort.
No Confidence	Based on the Offeror's recent/relevant performance record, the Government has no expectation that the Offeror will be able to successfully perform the required effort.

10. VOLUME 2, FACTOR 3: PRICE

Submission Requirements:

The pricing proposal shall be submitted as a separate file IAW paragraph 2 above and shall contain the following information:

- (1) Section 00 10 00, Solicitation/Contract Form and Pricing Schedule:** Submit the properly filled out pricing schedule, containing proposed line item and total pricing, as well as the proposed performance duration.
- (2) Financial:** Name, address, and fax number of Financial Institution including the Name and phone number of finance individual (primary and alternate) to be contacted for information.
- (3) Bonding Information:** Submit information showing Offeror's bondability in the amount of the proposal. Provide the name, address, regular phone number of your Surety Company.

Evaluation Method:

Price will not be rated or scored, but will be evaluated for fairness and reasonableness through the use of a price analysis. The price evaluators will also check for appearance of unbalanced line-item prices. Offerors are cautioned to distribute direct costs, such as material, labor, equipment, subcontracts, etc. and to evenly distribute indirect costs, such as job overhead, home office overhead, bond, etc., to the appropriate contract line items. If deemed necessary, supplemental price breakdown information may be requested to assist the Government in performing the price evaluations described above.

Financial and Bonding information will be used by the Contracting Officer to determine offeror responsibility in accordance with FAR Part 9.

(End of provision)

52.204-24 REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services--Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) Definitions. As used in this provision-

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) Prohibition.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to--

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to--

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services."

(d) Representations. The Offeror represents that--

(1) It [____] will, [____] will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that--

It [____] does, [____] does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) Disclosures.

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment--

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services--

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment--

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services--

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of provision)

252.204-7007 ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (MAY 2021)

Substitute the following paragraphs (b), (d) and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at FAR 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at FAR 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (e) applies.

☐ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

CLAUSES INCORPORATED BY FULL TEXT

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to (a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use **within 547 calendar days from Notice to Proceed. This must include a “No Work” period - from 06 MARCH 2023 – 19 MAY 2023 and 1 March 2024 – 30 May 2024, when the the facility MUST have a fully operational crane.** The time stated for completion shall include final cleanup of the premises.

(End of clause)

52.211-12 LIQUIDATED DAMAGES--CONSTRUCTION (SEP 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of **\$627 for each calendar day** of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (SEP 2021)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern--

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (d) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts--

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, when the Contracting Officer explicitly requires it for an order issued under a multiple-award contract.

(d) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support-table-size-standards>.

(e) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees if the acquisition--

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(f) Except as provided in paragraph (h) of this clause, the Contractor shall make the representation(s) required by paragraph (b) and (c) of this clause by validating or updating all its representations in the Representations and

Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause, or with its offer for an order (see paragraph (c) of this clause), that the data have been validated or updated, and provide the date of the validation or update.

(g) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (f) or (h) of this clause.

(h) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it [] is, [] is not a small business concern under NAICS Code assigned to contract number .

(2) [Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.] The Contractor represents that it [] is, [] is not, a small disadvantaged business concern as defined in 13 CFR 124.1002.

(3) [Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.] The Contractor represents that it [] is, [] is not a women-owned small business concern.

(4) Women-owned small business (WOSB) concern eligible under the WOSB Program. [Complete only if the Contractor represented itself as a women-owned small business concern in paragraph (h)(3) of this clause.] The Contractor represents that--

(i) It [] is, [] is not a WOSB concern eligible under the WOSB Program, has provided all the required documents to the WOSB Repository, and no change in circumstances or adverse decisions have been issued that affects its eligibility; and

(ii) It [] is, [] is not a joint venture that complies with the requirements of 13 CFR part 127, and the representation in paragraph (h)(4)(i) of this clause is accurate for each WOSB concern eligible under the WOSB Program participating in the joint venture.

[The Contractor shall enter the name or names of the WOSB concern eligible under the WOSB Program and other small businesses that are participating in the joint venture: .] Each WOSB concern eligible under the WOSB Program participating in the joint venture shall submit a separate signed copy of the WOSB representation.

(5) Economically disadvantaged women-owned small business (EDWOSB) concern. [Complete only if the Contractor represented itself as a women-owned small business concern eligible under the WOSB Program in (h)(4) of this clause.] The Contractor represents that--

(i) It [] is, [] is not an EDWOSB concern eligible under the WOSB Program, has provided all the required documents to the WOSB Repository, and no change in circumstances or adverse decisions have been issued that affects its eligibility; and

(ii) It [] is, [] is not a joint venture that complies with the requirements of 13 CFR part 127, and the representation in paragraph (h)(5)(i) of this clause is accurate for each EDWOSB concern participating in the joint venture. [The Contractor shall enter the name or names of the EDWOSB concern and other small businesses that are participating in the joint venture: .] Each EDWOSB concern participating in the joint venture shall submit a separate signed copy of the EDWOSB representation.

(6) [Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.] The Contractor represents that it [] is, [] is not a veteran-owned small business concern.

(7) [Complete only if the Contractor represented itself as a veteran-owned small business concern in paragraph (h)(6) of this clause.] The Contractor represents that it [] is, [] is not a service-disabled veteran-owned small business concern.

(8) [Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.] The Contractor represents that--

(i) It [] is, [] is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material changes in ownership and control, principal office, or HUBZone employee percentage have occurred since it was certified in accordance with 13 CFR part 126; and

(ii) It [] is, [] is not a HUBZone joint venture that complies with the requirements of 13 CFR part 126, and the representation in paragraph (h)(8)(i) of this clause is accurate for each HUBZone small business concern participating in the HUBZone joint venture. [The Contractor shall enter the names of each of the HUBZone small business concerns participating in the HUBZone joint venture: .] Each HUBZone small business concern participating in the HUBZone joint venture shall submit a separate signed copy of the HUBZone representation.

[Contractor to sign and date and insert authorized signer's name and title.]

(End of clause)

52.222-23 NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY FOR CONSTRUCTION (FEB 1999)

(a) The offeror's attention is called to the Equal Opportunity clause and the Affirmative Action Compliance Requirements for Construction clause of this solicitation.

(b) The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Goals for minority participation for each trade	Goals for female participation for each trade
3.3%	6.9%

These goals are applicable to all the Contractor's construction work performed in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, the Contractor shall apply the goals established for the geographical area where the work is actually performed. Goals are published periodically in the Federal Register in notice form, and these notices may be obtained from any Office of Federal Contract Compliance Programs office.

(c) The Contractor's compliance with Executive Order 11246, as amended, and the regulations in 41 CFR 60-4 shall be based on (1) its implementation of the Equal Opportunity clause, (2) specific affirmative action obligations required by the clause entitled "Affirmative Action Compliance Requirements for Construction," and (3) its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade. The Contractor shall make a good faith effort to employ

minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor, or from project to project, for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, Executive Order 11246, as amended, and the regulations in 41 CFR 60-4. Compliance with the goals will be measured against the total work hours performed.

(d) The Contractor shall provide written notification to the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, within 10 working days following award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the --

- (1) Name, address, and telephone number of the subcontractor;
- (2) Employer's identification number of the subcontractor;
- (3) Estimated dollar amount of the subcontract;
- (4) Estimated starting and completion dates of the subcontract; and
- (5) Geographical area in which the subcontract is to be performed.

(e) As used in this Notice, and in any contract resulting from this solicitation, the "covered area" is **Fort Peck Dam, Montana (McCone County)**.

(End of provision)

52.225-9 BUY AMERICAN—CONSTRUCTION MATERIALS (NOV 2021)

(a) Definitions. As used in this clause--

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is--

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4) such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Domestic construction material means--

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if--

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 55 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. (See FAR 12.505(a)(2)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

N/A

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American Act. (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including--

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars) *\
Item 1:			
Foreign construction material....	_____	_____	_____
Domestic construction material...	_____	_____	_____
Item 2:			
Foreign construction material....	_____	_____	_____
Domestic construction material...	_____	_____	_____

[* Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)].

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

(End of clause)

52.228-14 IRREVOCABLE LETTER OF CREDIT (NOV 2014)

(a) "Irrevocable letter of credit" (ILC), as used in this clause, means a written commitment by a federally insured financial institution to pay all or part of a stated amount of money, until the expiration date of the letter, upon presentation by the Government (the beneficiary) of a written demand therefor. Neither the financial institution nor the offeror/Contractor can revoke or condition the letter of credit.

(b) If the offeror intends to use an ILC in lieu of a bid bond, or to secure other types of bonds such as performance and payment bonds, the letter of credit and letter of confirmation formats in paragraphs (e) and (f) of this clause shall be used.

(c) The letter of credit shall be irrevocable, shall require presentation of no document other than a written demand and the ILC (including confirming letter, if any), shall be issued/confirmed by an acceptable federally insured financial institution as provided in paragraph (d) of this clause, and--

(1) If used as a bid guarantee, the ILC shall expire no earlier than 60 days after the close of the bid acceptance period;

(2) If used as an alternative to corporate or individual sureties as security for a performance or payment bond, the offeror/Contractor may submit an ILC with an initial expiration date estimated to cover the entire period for which financial security is required or may submit an ILC with an initial expiration date that is a minimum period of one year from the date of issuance. The ILC shall provide that, unless the issuer provides the beneficiary written notice of non-renewal at least 60 days in advance of the current expiration date, the ILC is automatically extended without amendment for one year from the expiration date, or any future expiration date, until the period of required coverage is completed and the Contracting Officer provides the financial institution with a written statement waiving the right to payment. The period of required coverage shall be:

(i) For contracts subject to 40 U.S.C. chapter 31, subchapter III, Bonds, the later of--

(A) One year following the expected date of final payment;

(B) For performance bonds only, until completion of any warranty period; or

(C) For payment bonds only, until resolution of all claims filed against the payment bond during the one-year period following final payment.

(ii) For contracts not subject to the Miller Act, the later of--

(A) 90 days following final payment; or

(B) For performance bonds only, until completion of any warranty period.

(d)(1) Only federally insured financial institutions rated investment grade by a commercial rating service shall issue or confirm the ILC.

(2) Unless the financial institution issuing the ILC had letter of credit business of at least \$25 million in the past year, ILCs over \$5 million must be confirmed by another acceptable financial institution that had letter of credit business of at least \$25 million in the past year.

(3) The Offeror/Contractor shall provide the Contracting Officer a credit rating that indicates the financial institutions have the required credit rating as of the date of issuance of the ILC.

(4) The current rating for a financial institution is available through any of the following rating services registered with the U.S. Securities and Exchange Commission (SEC) as a Nationally Recognized Statistical Rating Organization (NRSRO). NRSRO's can be located at the Web site <http://www.sec.gov/answers/nrsro.htm> maintained by the SEC.

(e) The following format shall be used by the issuing financial institution to create an ILC:

1. We hereby establish this irrevocable and transferable Letter of Credit in your favor for one or more drawings up to United States \$ ____ . This Letter of Credit is payable at [issuing financial institution's and, if any, confirming financial institution's] office at [____ issuing financial institution's address and, if any, confirming financial institution's address] and expires with our close of business on ____ , or any automatically extended expiration date.

2. We hereby undertake to honor your or the transferee's sight draft(s) drawn on the issuing or, if any, the confirming financial institution, for all or any part of this credit if presented with this Letter of Credit and confirmation, if any, at the office specified in paragraph 1 of this Letter of Credit on or before the expiration date or any automatically extended expiration date.

3. [This paragraph is omitted if used as a bid guarantee, and subsequent paragraphs are renumbered.] It is a condition of this Letter of Credit that it is deemed to be automatically extended without amendment for one year from the expiration date hereof, or any future expiration date, unless at least 60 days prior to any expiration date, we notify you or the transferee by registered mail, or other receipted means of delivery, that we elect not to consider this Letter of Credit renewed for any such additional period. At the time we notify you, we also agree to notify the account party (and confirming financial institution, if any) by the same means of delivery.

4. This Letter of Credit is transferable. Transfers and assignments of proceeds are to be effected without charge to either the beneficiary or the transferee/assignee of proceeds. Such transfer or assignment shall be only at the written direction of the Government (the beneficiary) in a form satisfactory to the issuing financial institution and the confirming financial institution, if any.

5. This Letter of Credit is subject to the Uniform Customs and Practice (UCP) for Documentary Credits, International Chamber of Commerce Publication No. ____ -- (Insert version in effect at the time of ILC issuance, e.g., "Publication 600, 2006 edition") and to the extent not inconsistent therewith, to the laws of ____ --[State of confirming financial institution, if any, otherwise State of issuing financial institution].

6. If this credit expires during an interruption of business of this financial institution as described in Article 17 of the UCP, the financial institution specifically agrees to effect payment if this credit is drawn against within 30 days after the resumption of our business.

Sincerely,

[____ Issuing financial institution]

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<https://www.acquisition.gov/>

(End of clause)

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Defense Federal Acquisition Regulation (48 CFR Chapter 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

252.236-7001 CONTRACT DRAWINGS AND SPECIFICATIONS (AUG 2000)

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall--

- (1) Check all drawings furnished immediately upon receipt;
- (2) Compare all drawings and verify the figures before laying out the work;
- (3) Promptly notify the Contracting Officer of any discrepancies;
- (4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and
- (5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

- (1) Large-scale drawings shall govern small-scale drawings; and
- (2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:

(End of clause)

Antiterrorism (AT)/Operations Security (OPSEC) Provisions

1. AT Level I Training. All contractor employees, to include subcontractor employees, requiring access to Army installations, facilities, controlled access areas, or require network access, shall complete AT Level I awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. Upon request, the contractor shall submit certificates of completion for each affected contractor employee and subcontractor employee, to the COR or to the contracting officer (if a COR is not assigned), within 5 calendar days after completion of training by all employees and subcontractor personnel. AT Level I awareness training is available at the following website: <http://jko.jten.mil/courses/at11/launch.html>; or it can be provided by the RA ATO in presentation form which will be documented via memorandum.

2. Access and General Protection/Security Policy and Procedures. All contractor and all associated sub-contractors employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The contractor shall also provide all information required for background checks to meet installation/facility access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements ([FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel](#)) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any installation or facility change, the Government may require changes in contractor security matters or processes.

2a. For contractors requiring Common Access Card (CAC). The contractor and all sub-contractors employees will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) Remote access, via logon, to a DoD network using DoD-approved remote access procedures; or (3) Physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an interim CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled NACI at the Office of Personnel Management.

4. Suspicious Activity Reporting Training. The contractor and all associated sub-contractors shall receive a brief/training (provided by the RA) on the local suspicious activity reporting program. This locally developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the project manager, security representative or law enforcement entity. This training shall be completed within 30 calendar days of contract award and within 30 calendar days of new employees commencing performance with the results reported to the COR NLT 5 calendar days after the completion of the training.

7. For Contracts that Require OPSEC Training. All new contractor employees will complete Level I OPSEC Training within 30 calendar days of their reporting for duty. Additionally, all contractor employees must complete annual OPSEC awareness training. The contractor shall submit certificates of completion for each affected contractor and subcontractor employee, to the COR or to the contracting officer (if a COR is not assigned), within 5 calendar days after completion of training. OPSEC awareness training is available at the following websites: <https://www.iad.gov/iOSS/> or <http://www.cdse.edu/catalog/operations-security.html>; or it can be provided by the RA OPSEC Officer in presentation form which will be documented via memorandum.

15. Pre-screen candidates using E-Verify Program. The Contractor must pre-screen Candidates using the E-verify Program (<http://www.uscis.gov/e-verify>) website to meet the established employment eligibility requirements. The Vendor must ensure that the Candidate has two valid forms of Government issued identification prior to enrollment to ensure the correct information is entered into the E-verify system. An initial list of verified/eligible Candidates must be provided to the COR no later than 3 business days after the initial contract award." *When contracts are with individuals, the individuals will be required to complete a [Form I-9](#), Employment Eligibility Verification, with the designated Government representative. This Form will be provided to the Contracting Officer and shall become part of the official contract file.

=====

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$15.00) or 13658 (\$11.25). Please see the Note at the top of the wage determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
