NOTICE: ARBITRATION/MEDIATION/CONCILIATION OF SEED CLAIMS REQUIRED BY SEVERAL STATES.

Under the seed laws of several states, arbitration, mediation or conciliation is required as a prerequisite to maintaining a legal action based upon the failure of seed, to which this notice is attached, to produce as represented. States which require this type of dispute resolution procedure for seed include, but may not be limited to, Arkansas, California, Colorado, Florida, Georgia, Idaho, Illinois, Indiana, Mississippi, Montana, South Carolina, Texas and Washington. The grower/consumer must file a complaint (sworn for AR, FL, ID, IN, MS, WA) (verified for CO, IL) (Signed only for CA, GA), along with the required filing fee (where applicable) and any other required verification or documentation (MS-recognized professional verification required of causal connection) with the Commissioner/Director/Secretary of Agriculture (CA, CO, FL, GA, ID, IL, IN, MS, MT, SC, TX, WA) or State Plant Board (AR), Seed Commissioner or Chief Agricultural Officer. The complaint must be filed promptly, but at least within such time as to permit inspection of the crops, plants or trees by the state's designated agency and the seedsman from whom the seed was purchased, or within the specific time period required by state law. A copy of the complaint shall be sent to the seedsman from whom the seed was purchased by certified or registered mail or as otherwise provided by state statute. A copy should also be sent to BARENBRUG USA, INC., 33477 Highway 99E, Tangent, Oregon 97389. For specific information about these requirements for seed claims, including filing procedures, time limitations, and fees, contact the Department of Agriculture in your state.
