

**Summary**

RRBN is seeking to have the following assets re-wrapped in order to bring them in compliance with current ARNG branding guidelines.

- Ten (10) fully enclosed walk-in trailers
- Two (2) Mobile Recruiting Offices (MRO)
- One (1) E-ride Miniature HMMWV

NYARNG RRBN will provide all images for the assets. The vendor shall print the images on an all-weather durable vinyl wrap with an expected lifespan of at least five years in outdoor storage. The vendor shall affix all wraps to the assets and will submit them to the NYARNG for an in-person inspection prior to delivery and acceptance. The vendor shall correct any issues noticed by the NYARNG during this pre-acceptance inspection without any additional charge.

Vendor's place of business does not need to be located within NYS; however, the application of the wraps onto the vehicles must be performed in NYS. The NYARNG does not have the capacity at any location for vendor to utilize; therefore, vendor must have a location in NYS for the NYARNG to bring the vehicles to for the work to be completed. The NYARNG RRBN will be transporting the assets to the vendors facility from locations across the state. Due to the geographic distribution of the assets the Capital District of NY is the preferred area, but the NYARNG RRBN will make accommodations outside of the Capital District.

**Wrap Requirements**

For all non-transparent surfaces (trailer sides, MRO panels, E-ride panels), the vendor shall print the images on an all-weather durable vinyl digitally printed wrap with an expected lifespan of at least five years in outdoor storage.

For all transparent surfaces (sliding glass door on the E-ride), the vendor shall use an all-weather durable digitally printed window cling with an expected lifespan of at least five years in outdoor storage.

**Asset Information**

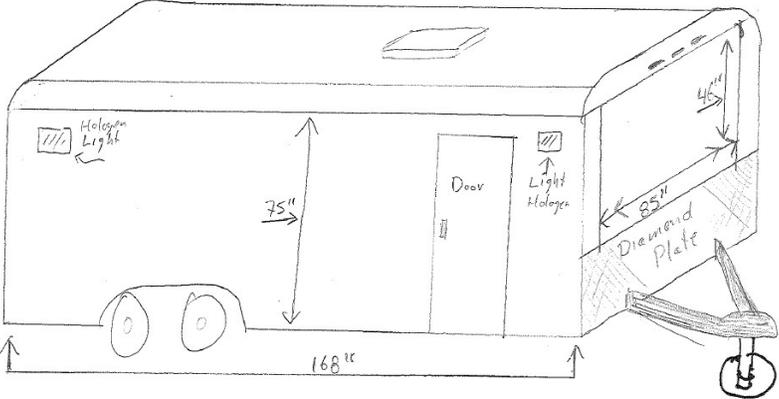

| <b>Asset Name</b>     | <b>Number of Assets</b> | <b>Portion Requiring Wrapping</b> |
|-----------------------|-------------------------|-----------------------------------|
| Homesteader Trailer   | 1                       | Whole Body                        |
| Angled-front Trailers | 9                       | Whole Body                        |
| MRO                   | 2                       | Panels                            |
| E-ride                | 1                       | Panels                            |

**Homesteader Trailer**

Asset Data

- Make: Homesteader
- Model #: 814HT
- Length: 168 inches
- Height: 75 inches
- Width: 85 inches
- Quantity: 1
