

Description:

The U.S. Special Operations Command (USSOCOM), Acquisition, Technology, and Logistics (SOF AT&L), Procurement Office-KD intends award a sole source bridge contract to Definitive Logic Corporation, 4600 FAIRFAX DR STE, VA 22203-1553. This follow-on award is currently under GAO protest. This contract will provide a continuation of services currently being performed under contract H92404-22-C-0008 and is a short-term bridge to allow services to continue until any protest is resolved and acquisition for the follow on competitive five-year contract to be awarded. The Government intends for Definitive Logic to provide a continuation of requisite database, data warehouse, application configuration, maintenance, administration, design, and development services in support of the financial systems and applications owned and used by USSOCOM Directorate for Financial Management (SOFM) and Force Structure, Requirements, Resources and Strategic Assessments (J8), and other USSOCOM users with related financial system requirements. The anticipated bridge contract type is a firm fixed price contract with a four-month base period and two one-month options. The base period of performance is estimated to begin January 11, 2023 – 10 May 2023.

This bridge effort is pursued on a sole source basis under the statutory authority 10 U.S.C. § 2304(c)(1) as implemented by FAR 6.302-1, Only one responsible source and no other supplies or services will satisfy agency requirements. USSOCOM has an immediate need for an interim solution for continued support for the services listed above. The basis for restricting competition is the unforeseen delays in the award of a current protest, the unacceptable delay or break in service to the Government's requirements through any other sources. This bridge contract is a separate acquisition effort from the ongoing follow-on acquisition mentioned above, which was competitively solicited under RFQ # 1600244 on GSA E-Buy!

THIS NOTICE OF INTENT IS NOT A REQUEST FOR COMPETITIVE PROPOSALS. This synopsis in no way constitutes issuance of a solicitation. Any quotes or offers received in response to this notice must indicate clear, compelling evidence that competition will be advantageous to the Government. The Government is NOT liable to pay for or reimburse preparation or other costs of any companies or entities that respond or provide capability information. Responses shall be sent via email to Amanda K. Brown, Contracting Officer at Amanda.k.brown.civ@socom.mil
