Contractor personnel shall report to an appropriate authority any information or circumstances of which they are aware may pose a threat to the security of DNFSB personnel, Contractor personnel, resources, and classified or unclassified information.

1.8.5 Personal Identity Verification Implementation:

Background. Homeland Security Presidential Directive (HSPD)-12 “Policy for a Common Identification Standard for Federal Employees and Contractors,” mandates Federal agencies to develop and implement a government-wide standard for secure and reliable forms of identification for Federal employees and contractors. Federal Information Processing Standard (FIPS) 201, issued by the Department of Commerce, contains the minimum requirements for a Federal personal identity verification system that meets the control and security objectives of HSPD-12. Implementing instructions for both HSPD-12 and FPS 201 are contained in Office of Management and Budget (OMB) Guidance M-05-24. The Contractor shall comply with these Personal Identity Verification (PIV) procedures, which implement HSPD-12, OMB M-05-24, and FIPS) 201. FIPS 201 “is applicable to identification issued by Federal departments and agencies to Federal employees and contractors (including contractor employees) for gaining physical access to Federally controlled facilities and logical access to Federally controlled information systems except for ‘national security systems’ as defined by 44 U.S.C. §3552(b)(6).”

Specifically, Contractor employees performing work under the contract with a period of performance exceeding 6 months and who require routine access to the Defense Nuclear Facilities Safety Board (DNFSB) and/or logical access to the DNFSB’s information system will be subject to PIV procedures and issued a PIV Credential.

1.8.5.1 Citizenship and Permanent Residency:

All Contractor employees under the contract must be a U.S. Citizen or Permanent Resident. The Contractor shall continuously monitor their employee's status as a U.S. Citizen or Permanent Resident, and immediately notify the Contracting Officer's Representative (COR) of any changes thereto.

1.8.5.2 Contract Classification:

This contract is designated unclassified; access to National Security Information (classified) will not be required during performance of this contract. However, unescorted physical and/or logical access to DNFSB's unrestricted (non-classified) space and/or unclassified information systems is required. Accordingly, employees identified by the Contractor to work in DNFSB must undergo a background investigation consistent with the requirements of HSPD-12.

1.8.5.3 Pre-Screening of Contractor Employees:

The Contractor is responsible for identifying employees to the designated COR when recurring physical access to DNFSB facilities and/or logical daily access to DNFSB's information systems is required. The Contractor must pre-screen individuals designated for employment under any DNFSB contract by verifying minimal suitability requirements to ensure that only quality candidates are considered for contract employment, and to mitigate the burden on the Government of conducting background investigations on objectionable applicants. The Contractor must exercise due diligence in pre-screening all employees prior to submission to DNFSB for unescorted physical and/or logical access. DNFSB may decline to grant agency access to a contractor employee for reasons including, but not limited to: a) Conviction of a felony, crime of violence, or a misdemeanor involving moral turpitude; b) Falsification of information entered on forms or of other documents submitted. c) Improper conduct including criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct or other conduct adverse to the Government regardless of whether the conduct is directly related to the contract; and/or d) Any behavior judged to pose a potential threat to DNFSB facilities, sensitive information, information systems or other resources.

1.8.5.4 Background Investigation and Adjudication:

All Contractor employees are required to comply with HSPD-12 procedures to permit the issuance of a PIV Credential for logical and/or physical access to the DNFSB's facilities or information systems. The Contractor employee must have a favorable adjudication of background investigation before DNFSB will issue a PIV Credential to the Contractor employee granting access to DNFSB facilities and information systems. The Contractor shall follow the following steps for any Contractor employee without an active PIV Credential who will have physical access to DNFSB-controlled sites or facilities and/or logical access to DNFSB-controlled information systems:

a) Upon request, the Contractor employee shall complete and submit to the Contracting Officer (CO) Form DOE F 2064 (Information Sheet for Sponsorship of HSPD-12 Credential) and Official Form 306 (Declaration for Federal Employment).

b) Upon email notification, the employee Contractor shall use OPM's Electronic Questionnaires for Investigations Processing (e-QIP) system to complete the required background investigation forms online within seven days of notification. The Contractor employee will be provided information and

instructions on how to access the e-QIP. DNFSB adjudicates the suitability of Contractor employees for the DNFSB. Upon acceptance of the background information, the contractor employee will be advised that in order to complete the investigative process, he or she must appear in-person to DOE and submit two forms of unexpired identity source documents in original form. The identity source documents must come from a list of acceptable documents, which will be provided by DOE. Fingerprints will also be taken at this time and additional documents may be provided for signature.

c) Upon the contractor employee's completion of the investigative documents on e-QIP and personal appearance at DOE, the contractor employee's application package will be electronically submitted to initiate the National Agency Check with Inquiries (NACI) investigation. [DNFSB reserves the right to request, through DOE, a more extensive public trust investigation for positions under this contract which require elevated privileges on any DNFSB information systems. These positions will be identified by the COR.]

d) A PIV Credential will not be issued to the contractor employee before the favorable results of the National Agency Check (NAC) or fingerprint check are complete. However, if the results of the NACI have not been received in five days, the PIV Credential may be issued based on a favorable Criminal History Check (fingerprint check).

e) Contractor employees who possess PIV credentials from another Federal agency and have undergone the required background investigation may receive reciprocity if DNFSB is able to verify the relevant information. DNFSB requires that Form DOE F 2064 (Information Sheet for Sponsorship of HSPD-12 Credential) and Official Form 306 (Declaration for Federal Employment) be completed and returned to the CO with the request for reciprocity. If DNFSB is unable to verify reciprocity, the employee must complete the steps above.

Once the aforementioned investigation is completed and favorably adjudicated and after completion of mandatory security training or briefings as determined by the COR, the contract employee will receive a PIV credential for unescorted physical and/or logical access to the DNFSB's unrestricted facility and/or information system. The issuance of this PIV Credential is required before an employee can work under the terms of this contract.

Agency Access Denied. If the contractor employee's background investigation is unfavorably adjudicated, the contractor employee will be denied agency access and any PIV Credential will immediately be revoked. In such cases, the affected contractor employee shall utilize the appeal procedures outlined in Appendix A of Department of Energy (DOE) Order 206.2, Identity, Credential, and Access Management (ICAM). The Contractor is responsible for providing a qualified replacement employee for each candidate employee unable to obtain a PIV Credential in a timely manner. Depending upon the circumstance related to the employee's inability to obtain a PIV Credential, the Contractor shall be required to bear the additional cost of conducting the background investigation for the substitute employee. The responsibility for determining the length of time afforded for an investigation before a substitute employee candidate is demanded rests with the designated COR with consultation with the Security Office.

1.8.6 PIV Credential Custody and Control:

a) The Contractor is responsible for the custody and control of all forms of government identification issued by DNFSB to contractor employees for access to DNFSB facilities, sensitive information, information systems and other DNFSB resources. The Contractor must immediately notify the COR or, if the COR is unavailable, the CO) when a contractor employee no longer requires agency access due to transfer, completion of a project, retirement, death, removal from work on the contract, or termination of employment.

b) The Contractor must ensure that contractor employees comply with the requirements below concerning the renewal, loss, theft, or damage of a PIV Credential.

a. The Contractor must immediately notify the COR or, if the COR is unavailable, the CO when a PIV credential is lost or stolen. The Contractor must submit an incident report within 48 hours to the Security Office outlining the date the PIV credential was lost or stolen, the last time the credential was seen, and all pertinent facts related to how the credential was lost or stolen. A PIV Credential that is due for renewal within 30 days of the expiration date or has been damaged shall be reported to the Security Office with notification provided to the CO and COR.

b. A PIV Credential will be replaced if it is damaged, contains incorrect data, or is lost or stolen for more than two days, provided there is a continuing need for agency access to perform work under the contract.

c) Failure to comply with the requirements for custody and control of a DNFSB PIV Credential may result in withholding final payment or contract termination based on the potential for serious harm caused by inappropriate access to DNFSB facilities, sensitive information, information systems or other DNFSB resources.

1.8.6.1 Termination of PIV Credential:

A contractor employee's PIV Credential will be terminated if it is determined that the contractor employee is no longer eligible to have a PIV Credential. The PIV Credential shall be terminated under the following circumstances:

a) a contractor employee changes positions and no longer needs access to the DNFSB facility or information systems;

b) a contractor employee passes away;

c) a determination is made after completion of a contractor employee's background investigation that the contractor employee should not have a PIV Credential; or a contractor employee is determined to hold a Surrender of PIV Credential. The Contractor shall return a PIV Credential to the COR, or if the COR is unavailable, the CO, at the earliest of any of the following:

a) When no longer needed for contract performance;

- b) Upon completion of the contractor employee's employment;
- c) Upon contract completion or termination; or
- d) When demanded by the proper DNFSB authority.

It shall be the responsibility of the Contractor to return PIV Credentials to the DNFSB in accordance with the terms set forth above, unless otherwise approved in writing by the COR. The COR may delay final payment under the contract if the Contractor fails to comply with this requirement.

1.8.6.2 Miscellaneous:

The Contractor is required to include this clause and FAR Clause 52.204-9 "Personal Identity Verification of Contractor Personnel" in any subcontract that require the subcontractor or subcontractor's employee to have access to DNFSB facilities, sensitive information, information systems or other DNFSB resources. Responsibility for overseeing the subcontractor's implementation of these clauses remains with the prime Contractor.

DNFSB will conduct and/or ensure a periodic background check is conducted on all contractor employees possessing PIV Credentials. Should the periodic background check be unfavorably adjudicated, the employee's PIV Credential will be revoked and the employee will be denied logical access to the DNFSB's unrestricted facility and information systems. The Contractor shall be responsible for replacing the unfavorably adjudicated employee with a new employee as soon as possible, but not later than 30 days from the unfavorable adjudication.

All Contractor personnel shall exhibit courteous behavior and be required to wear Board issued identification badges. Contractor personnel shall not discuss, share, or otherwise make public any information regarding technical programs related to the safety of defense nuclear facilities.

Contractor employees shall identify themselves by introducing themselves or being introduced as contractor personnel and displaying distinguishing badges or other visible identifications for meetings with government personnel. In addition, Contractor personnel shall identify themselves as contractor employees in telephone conversations and in formal and informal written correspondence.

1.9 Contracting Officer's Representative (COR):

1.9.1 The (COR) will be identified by a separate letter. The COR monitors all aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the Contractor performs the requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the Contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including government drawings, designs, specifications; monitor Contractor's performance and notify both the Contracting Officer and Contractor of any deficiencies; coordinate availability of government furnished property, and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, and estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.10 Other Considerations:

Inform the DNFSB COR immediately of any issues that may adversely impact the Advisory and Consulting services.

1.11 Contract Management:

1.11.1 Removal of Personnel at Government Request:

Contractor personnel do not work for the Government; however, the Contracting Officer may recommend removal (permanent or temporary) of personnel from performance on a contract for security, safety, or health reasons, upon discovery of fraudulent qualification documentation, or when Contractor personnel behaves in an unprofessional manner that would be considered unacceptable by a reasonable person. The hiring and or releasing of Contractor personnel is solely at the Contractor's discretion.

1.11.2 The Contractor shall provide resumes of all proposed personnel. Personnel identified as Key Personnel are considered to be essential to the work being performed in this contract. Before changing an individual identified as Key person, the Contractor shall notify the Contracting Officer in no less than ten (10) business days and will submit written justification as to the reason for the substitution. The Justification shall include the name and qualifications of the proposed substitute(s). The proposed substitute(s) will possess qualifications equal to or superior to those of the Key Person being replaced. The Contractor shall not substitute Key Personnel without written consent from the Contracting Officer. No change in fixed unit prices may occur as a result of Key Personnel substitution.

The Contractor shall provide to the Contracting Officer Representative (COR) an agenda two calendar days prior to the meeting, and document meeting minutes after the meeting within three calendar days after conclusion of the meeting to be delivered to the COR. The Contractor shall coordinate with the COR to invite relevant stakeholders including the Contracting Officer (CO) and identified staff. The kick-off meeting will serve as a working meeting to review contractor plans, work needs, resolve strategic questions, refine goals, and define success.

1.11.4 Scope Questions:

Notify the CO of direction received from Government personnel that the Contractor considers outside the scope of PWS requirements prior to performing the work.

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
