Space Type:	Office
Parking Spaces (Total):	2
Parking Spaces (Surface):	0
Parking Spaces (Structured):	2
Full Term:	5
Firm Term:	0

Offered space must meet Government requirements for fire safety, accessibility, seismic, and sustainability standards per the terms of the Lease. Offered space shall not be in the 100-year flood plain.

The United States Government currently occupies office and related space in a building under a lease in Boyers, Pennsylvania that will be expiring. The Government has determined that, for mission- related and economic reasons, it is advantageous to exercise an existing 5-year renewal option. The Government is considering alternative space if economically advantageous. In making this determination, the Government will consider, among other things, the availability of alternative space that potentially can satisfy the Government's requirements, as well as costs likely to be incurred through relocating. These costs include physical move costs, replication of tenant improvements and telecommunications infrastructure, and non-productive agency downtime. This is not a solicitation for offers or a request for proposals. The Government will not pay any costs incurred as a result of this advertisement.

Entities are advised to familiarize themselves with the telecommunications prohibitions outlined under Section 889 of the FY19 National Defense Authorization Act (NDAA), as implemented by the Federal Acquisition Regulation (FAR). For more information, visit: <https://acquisition.gov/FAR-Case-2019-009/889> Part B.

Expressions of Interest Due:	03/09/2023
Occupancy (Estimated):	12/02/2023
