CLAUSES INCORPORATED BY FULL TEXT

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

\*\*\*\*\*See Addendum to 52.212-1\*\*\*\*\*

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees if the acquisition--

- (1) Is set aside for small business and has a value above the simplified acquisition threshold;
  - (2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or
  - (3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.
- (b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;

- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR subpart 4.10), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.
- (f) Late submissions, modifications, revisions, and withdrawals of offers:
- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.
- (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--
- (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
- (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or
- (C) If this solicitation is a request for proposals, it was the only proposal received.
- (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
- (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to--GSA Federal Supply Service Specifications Section, Suite 8100, 470 East L'Enfant Plaza, SW, Washington, DC 20407, Telephone (202) 619-8925, Facsimile (202) 619-8978.

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) Unique entity identifier. (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name

and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at [www.sam.gov](http://www.sam.gov) for unique entity identifier establishment directly to obtain one. #### 52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

- (1) Evaluation criteria consists of three factors and one subfactor. The proposals will be evaluated under three
- (3) evaluation factors: Technical Capability, Past Performance, and Price.

Factor 1: Technical Capability Factor

Subfactor 1: Staffing Plan

Factor 2: Past Performance Factor

Factor 3: Price Factor

\*\*\*\*\*See Addendum to 52.212-2. Evaluation Factors for Award\*\*\*\*\*

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

(ii) Examples. (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

The offer shall complete the pricing matrix, (Attachment G – Pricing Matrix) and shall provide a price for each CLIN/SubCLIN in the pricing matrix. ADDENDUM TO 52.212-2  
Evaluation-Commercial Items

**A. Basis for Contract Award**

1) This acquisition will be solicited, evaluated, and awarded using the Lowest Priced Technically Acceptable (LPTA) process conducted in accordance with Federal Acquisition Regulation (FAR) 15.3, Source Selection, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS), and the Army Federal Acquisition Regulation Supplement (AFARS).

*Note: Pursuant to the Randolph-Sheppard Act (R-SA), 20 U.S.C. 107 § Operation of Vending Facilities and 34 CFR § 395.33 Operation of Cafeterias by Blind, priority award will be made to the State Licensing Agency (SLA) as other than the LPTA if the Government determines the requirement delineated in this solicitation can be provided by the SLA at a reasonable cost, with food of a high quality comparable to that currently provided.*

2) As set forth in FAR 52.215-1(f)(1), the Government intends to award a single contract resulting from this solicitation to the responsible Offeror whose proposal represents the best value after evaluation in accordance with the factors in the solicitation. The Government may choose to award a contract without conducting discussions. Therefore, the Offeror's initial proposal should contain the Offeror's best terms from a price and technical standpoint. If discussions are determined unnecessary and award is made from initial proposals, an Offeror shall be ineligible for award if (i) its proposal fails to comply with the material requirements of the solicitation (to include all stated terms, conditions, representations, certifications, and all other information required by the Addendum to FAR 52.212-1; (ii) if it proposes prices that are determined to be unreasonably high, unbalanced, incomplete, or inaccurate; or (iii) if its proposal receives a rating of "Unacceptable" in any non-price factor.

3) In the event that discussions are held, a competitive range determination will be made. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition. Upon completion of discussions, the Government will request that any Offerors remaining in the competitive range submit a final revised proposal.

4) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**a. Evaluation Criteria.**

(1) Evaluation criteria consists of factors and subfactors.

Factor 1: Technical Capability Factor

Subfactor 1: Staffing Plan

Factor 2: Past Performance Factor

Factor 3: Price Factor

Evaluation of the offeror's proposal shall address each subfactor as it applies to the PWS. During evaluations of each proposal, the Government will assign each subfactor an adjectival rating and write a narrative evaluation reflecting the identified findings.

(2) Factor 1 – Technical Capability. The Technical Capability Factor evaluation provides an assessment of the offeror's capability to satisfy the Government's minimum requirements. This factor has one sub-factors that will be used to determine the overall technical capability: Staffing Plan.

Subfactor 1 – Staffing Plan. To be considered acceptable, the Offeror shall clearly demonstrate that their staffing is appropriate to successfully perform the PWS requirements. Appropriate staffing includes the number of personnel and the labor mix to successfully perform the PWS requirements. The offeror's staffing and rationale shall clearly demonstrate (1) that the number of staff and the associated labor type outside of serving times is appropriate to clearly demonstrate successful completion of the PWS requirements; and (2) the staffing will ensure successful continuous operations of all PWS tasks during the feeding times (to include as patrons/units rotate through the facility). Additionally, the Offeror's staffing shall clearly demonstrate they can accommodate fluctuating workloads within a band of meals, minimize personnel turnover, and allow for cross-training and cross-utilizing of personnel to perform the requirements of the PWS.

Adjectival Ratings: Acceptability of the proposed service. Technical capability will be evaluated on an acceptable or unacceptable basis using the ratings below. Proposals are evaluated for acceptability, but not ranked. Each Technical Capability Subfactor will receive one of the ratings defined below and then there will be an overall roll-up rating at the Factor level. An Unacceptable rating in any Sub-factor renders the Technical Rating unacceptable. In order to be considered awardable, there must be an acceptable rating in every non-price factor/subfactor.

Table 1 - Technical Acceptable/Unacceptable Rating Method

<b>Adjectival Rating</b>	<b>Description</b>
Acceptable	Proposal meets the requirements of the solicitation.
Unacceptable	Proposal does not meet the requirements of the solicitation.

(3) Factor 2 – Past Performance. The past performance evaluation will assess the offeror's probability of meeting the solicitation requirements. The Government will consider the recency and relevancy of past performance information compared to the requirements detailed in the PWS, the source of the information, the context of the data and general trends in the offeror's performance and any associated risk. To develop an overall rating, the Government's evaluation will take into account relevant information submitted by each offeror as part of its proposal and the Government's assessment and evaluation of other sources of information. Other sources of information for past performance may include, but are not limited to the Contract Performance Assessment Reporting System (CPARS) reports, the Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Report System (ESRS), other databases, questionnaires and interviews.

(a) The Government will evaluate the relevancy and recency of performance of work similar in scope, magnitude, and complexity of this acquisition. The past performance information provided in the proposal and obtained from other sources will be used to establish the degree of relevancy of past performance.

(b) The Government will evaluate the extent of the offeror's ability to perform the referenced contract successfully in the areas of:

- 1) Technical/Quality of Product or Service
- 2) Schedule/Timeliness
- 3) Management or Business Relations
- 4) Small Business Subcontracting (Only applies to the SLA)
- 5) Regulatory Compliance

(d) Assigned Ratings. The Past Performance Factor will be rated on an acceptable or unacceptable basis using the ratings defined below:

Table 2 - Past Performance Acceptable/Unacceptable Rating Method

<b>Adjectival Rating</b>	<b>Description</b>
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror's performance record is unknown. See note below.
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.

The Government reserves the right to consider Past Performance Questionnaires received after the due date for receipt of proposals. The Government reserves the right to contact references for verification or additional information and the right to consider other relevant past performance information. The Government may call customers, whether or not provided by the offeror, to inquire about the offeror's past performance. The Government does not assume the duty to search for data to cure the problems it finds with the information provided by the offeror. The burden of providing thorough and complete past performance information remains with the offeror.

In accordance with FAR 15.305(a) (2) (iv), an offeror without a record of relevant past performance or for whom information on past performance is not available, will not be evaluated favorably or unfavorably on past performance.

(4) Factor 3 – Price. Price will not be scored or rated. Evaluation of price will be performed using one or more of the proposal analysis techniques in FAR 15.404-1(b). Unbalanced pricing may be evaluated IAW FAR 15.404-1(g), as applicable, to assess potential performance risk which could result in unreasonably high prices. Through these techniques, the Government will determine whether prices are reasonable, complete, and balanced

Total Evaluated Price (TEP) – The TEP for award purposes will be calculated as follows from the Schedule of Supplies/Services of the Solicitation:

- The total price of Phase-in CLIN;
- The total price of Project Management for all years;
- The total price of each of the Dining Facility CLINs for all years (to include remote site feeding and opening/closing of DFACs);
- The total price of the option to extend services as described in (4)(a) below; and

(a) Option to Extend Services. As part of price evaluation, the Government will evaluate its option to extend services (FAR Clause 52.217-8) by adding six (6) months of the offeror's final ordering year price to the offeror's total price. Offerors are not required to enter a price for the six month extension period.

(b) The Government will review the contractor's proposed basic labor rates by labor category to ensure they meet the minimum hourly wage rate delineated in the SCA WD and/or CBA

**b. Solicitation Documents:** The following are required for award as a matter of solicitation compliance, but they are not included in the source selection evaluation or be considered in the basis for award.

- 1) SF 1449 (Solicitation, Offer and Award) – The Government will review each proposal to ensure offerors fully completed the SF1449, acknowledged all amendments and provided the cognizant point of contact information, to include identification of the individuals authorized to negotiate with the Government. Failure to meet these requirements will result in the proposal being deemed non-responsive and make the offeror ineligible for award of a contract.
- 2) Supplies or Services and Prices/Costs – The offeror shall ensure the Schedule of Supplies/Services of the Solicitation is fully completed and error free. It shall contain the offeror’s prices for the established Contract Line Items Numbers (CLINS).
- 3) Representation, Certification, and Other Statements of Offerors – The Government will review the online representations and certifications of each offeror to ensure they are current and accurate. Failure of an offeror ensure online representations and certifications are current and accurate, to include small business certification under NAICS 722310, will result in the proposal being deemed non-responsive and make the offeror ineligible for award of a contract.
- 4) Mission-Essential Contractor Services Plan - The Government will evaluate each proposal to ensure the offeror has submitted a Mission-Essential Contractor Services Plan that meets the requirements delineated in DFARS 252.237-7024, Notice of Continuation of Essential Contractor Services. Failure to submit an acceptable Mission-Essential Contractor Services Plan, or negotiate an acceptable plan, will make the offeror ineligible for award of a contract.
- 5) Property Management Plan (PMP) - The Government will evaluate each proposal to ensure the offeror has submitted a Mission-Essential Contractor Services Plan that meets the requirements delineated in FAR 52.245-1. Failure to submit an acceptable PMP, or negotiate an acceptable plan, will make the offeror ineligible for award of a contract.
- 6) For the SLA, the Government will evaluate the Small Business Subcontracting Plan in accordance with FAR Clause 52.219-9 Alt II and DFARS Clause 252.219-7003. Failure of the SLA to submit an acceptable subcontracting plan, or negotiate an acceptable plan, will make the offeror ineligible for award of a contract.
