#### ***52.212-2 Evaluation-Commercial Products and Commercial Services.***

As prescribed in [12.301\(c\)](#), the Contracting Officer may insert a provision substantially as follows:

EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government intends to award a FFP contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Award will be made to the offer who is technically acceptable and is deemed responsible. The government reserves the right to evaluate proposals and award a contract without discussions with offerors. The following factors shall be used to evaluate offers: (i) Technical Acceptability, (ii) Price, and (iii) Past Performance.

(i) Technical acceptability: The government will evaluate quotes on the basis of whether or not the offer conformed to the submission instructions and minimum requirements identified in the solicitation to include completing 52.212-1(b)(1) thru (12)

(ii) Price: The total evaluated price will include the total price of all line items. The price will be evaluated but not scored. The price evaluation will determine whether the proposed price is complete, fair, and reasonable in relation to the solicitation requirements. Schedule price reductions are requested.

(iii) Past Performance: The government will evaluate past performance based on information obtained through Federal Awardee Performance and Integrity Information System (FAPIS), Contractor Performance Assessment Reporting System (CPARS), and Supplier Performance Risk System (SPRS) databases or any other reasonable basis. Offerors with derogatory marks or terminations for default/cause will not be considered for award.

(b) A small business joint venture offeror must submit, with its offer, the representation required in paragraph (c) of FAR solicitation provision 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services, and paragraph (c) of FAR solicitation provision 52.219-1, Small Business Program Representations, in accordance with 52.204-8(d) and 52.212-3(b) for the following categories: (A) Small business; (B) Service-disabled veteran-owned small business; (C) Women-owned small business (WOSB) under the WOSB Program; (D) Economically disadvantaged women-owned small business under the WOSB Program; or (E) Historically underutilized business zone small business.

(d) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(e) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
