**Performance Work Statement for
John Deere Gator Crossover Utility Vehicles Model Number XUV855M S4 Scheduled Maintenance**

1.0 Introduction

2d Supply Battalion, 2d Marine Logistics Group, Marine Corps Base Camp Lejeune, NC has a requirement for Maintenance Support Services on John Deere Gator Crossover Utility Vehicles model number XUV855M S4. Services include scheduled maintenance in accordance with the John Deere service manual. The scheduled maintenance will be for up to ten vehicles every three months at the contractor's facility with pick up and drop off of Government owned utility vehicles at the Government's location by the contractor

2.0 Scope

The Contractor shall provide all management, personnel, equipment, supplies, transportation, tools, materials, supervision, and other items necessary to provide non-personnel services to perform the scheduled service at intervals required to adhere to the prescribed maintenance requirements as defined in this Performance Work Statement (PWS). The Contractor shall perform to the standards outlined in this contract. This includes the planning, coordination, and surveillance of the activities necessary to ensure disciplined work performance and timely resources application to accomplish all tasking under the contract. The Contractor shall be responsible for maintaining communication with the Contracting Officer's Representative (COR), and to immediately notify the COR of any problems that would prevent timely performance of this contract. The Contracting Officer (KO) is the only one authorized to make changes to the contract once it is awarded. The Contractor is responsible for and required to implement, and maintain management control systems necessary to plan, organize, direct, and control all activities under this contract.

2.1 Background

2d Supply Battalion purchased seven John Deere Crossover Utility Vehicles for the Ammunition Supply Point (ASP) to assist them in conducting their mission. The vehicles are used to travel back and forth between ammunition shelters. This is a common practice for ASPs located on other bases. The vehicles are not being utilized until maintenance actions have been performed in accordance with the John Deere service manual.

2.2 Objectives

Complete the required scheduled maintenance in accordance with the John Deere service manual at the required intervals and provide transportation of the vehicles from the Government's location.

Location	Number of Vehicles	Number to be serviced each interval
SH-50 Sneeds Ferry Rd Camp Lejeune	10	10

3.0 Tasks. The Contractor shall accomplish the prescribed scheduled maintenance as prescribed by the John Deere service manual to include 50-hour, 100-hour, 200-hour, 400-hour, 800-hour, and 1000-hour maintenance.

3.1 Scheduled Services. Perform preventative scheduled maintenance functions IAW the John Deere service manual. Based on the average operating hours and conditions, the vehicles will need to be serviced once every three months. Each vehicle will need to be annotated by serial number and list what maintenance was performed at the conclusion of a scheduled service.

3.2 Unscheduled Services. Perform unscheduled estimates of the repair and labor costs for the Gators in order to (IOT) conduct repairs to keep the operational readiness of the vehicles above 80%. If unscheduled maintenance is required and parts must be open purchased through supply, provide an estimate to the COR within 24 hours of identifying the discrepancy. The quote will be evaluated by a Supply Representative of 2d Supply Battalion and if approved the parts will be purchased via an open purchase request (OPR) by the supply section.

3.3 Pick Up of Military Equipment. The contractor is responsible for picking up the vehicles from the Government's location. Equipment custody records (ECR) will be utilized to account for the equipment during pick up. 2d Supply Battalion will create ECR cards for the contractor to fill out to ensure that the equipment is accounted for properly. The contractor will fill out the ECR cards in their entirety and will keep them in a secure place until the vehicles are returned. The COR is responsible for conducting an inspection of the vehicles before they depart the ASP.

3.4 Drop off of Military Equipment. The contractor is responsible for returning the vehicles to the Government's location. The contractor will use the same ECR cards that were issued during pick up to conduct final accountability of the equipment and turn them back over to the COR with all maintenance paperwork. Once the COR conducts the final inspection the ECR cards will be collected and filed in the vehicle's maintenance jackets along with the service paperwork from the contractor.

4.0 Quality Control Plan. Utilize all John Deere recommended service manuals to conduct all maintenance.

4.1 Period of Performance (PoP). The PoP shall be a one year base period and two one-year option periods, if exercised.

52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

BASIS OF AWARD: Offers will be evaluated based on price alone.

The Government intends to award without discussions, but reserves the right to engage in discussions if later determined to be in the best interest of the Government. This acquisition will be conducted in accordance with FAR Part 12, Acquisition of Commercial Products and Commercial Services and *FAR 13, Simplified Acquisition Procedures*

A mere statement that the vendor “will meet the Government’s requirement” is insufficient; the vendor must demonstrate how it will meet the requirement. Vendor offers shall include the following information:

- a. **Price:** The price offered must reflect unit prices, extended amounts per line item, and overall total. (Note: All prices must be actual “face-value” pricing having already accounted for any discounts offered and extended to the Government).

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples. (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the

course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
