

## PROJECT VERIFICATION FORM

In accordance with the addendums to 52.212-1 and 52.212-2, this attachment shall be completed for the following purposes:

- For Federal Government Contracts,
  - to substitute a FPDS report if it is not available, or
  - the FPDS report does not substantiate all elements, or
  - the Offeror does not believe the information was stated correctly on the FPDS report
- All Non-Federal Contracts and First-Tier Subcontracts

Offeror fills out Parts I, II, and III. The Offeror is responsible for submitting one completed form for each project it is claiming, as applicable within the proposal.

**Project Experience Customer Verification:** In accordance with the addendums to 52.212-1 and 52.212-2, to obtain project experience verification using this form, this form must be sent to and signed by the cognizant Contracting Officer, Contracting Officer's Representative, other Government employee, or Corporate Officer/Official (customer) to verify the claimed project elements (qualifications). The customer must provide verification within Part II of this form, verifying the Offeror performed the work detailed in Parts I.

**Project Experience Offeror Verification:** The Offeror shall sign Part III of this form certifying it performed the project stated on this Project Verification Form and that all information provided on this form is current, accurate and complete. At any time, if the evaluation team discovers misleading, falsified or fraudulent proposal information, the Offeror will be eliminated from further consideration for award
