<p>The RFI system is intended to provide an efficient mechanism for responding to contractor's request for information ONLY. This system DOES NOT authorize the contractor to proceed with work - to do so, the contractor proceeds at his own risk. If the contractor considers the RFI response a change in conditions, scope of work or contract time, submit proposal request in accordance with FAR Clause 52.243-4 Changes or FAR Clause 52.236-2 Differing Site Conditions, as applicable.</p>
