

## STATEMENT OF WORK

**GENERAL INFORMATION:** Target vessel to conduct 02 days of pier side training and 01 night of underway training, including Close Quarters Combat (CQC) tactics with Simmunitions, CBRNE scenarios, tactical combat casualty care (TCCC) and medical scenarios, mission planning, Hook & Climb Insertion, FAST Rope, etc.

**TITLE OF PROJECT:** USCG MSRT West FY23 Tactical Training/ Joint Unit Workup

**CONTRACTOR'S SPECIFICATIONS (Contractor must be able to provide a vessel with following specs):**

- At least 120' feet in length
- At least a 12 foot by 12 foot open area deck space  
Vessel must have a minimum of 15 feet of freeboard for hook and climb maneuvers
- Vessel must be capable to transit a minimum of 10 nautical miles off shore (when conducting underway training)  
The area above the deck space will be free of superstructures, antenna or other obstacles to minimize risk to both the aircraft and the assault team
- A flat freeboard that presents no obstruction to the climbers is required  
No lips or protrusions from the hull that run the length of the ship  
The vessel must be able to accommodate approximately 35 passengers who will serve as safety observers, evaluators and other required training positions.
- Vessel must have multiple internal spaces capable of being configured to resemble a Passenger ferry.
- Vessel must have at a minimum the following interior spaces: Bridge, Engine Room, Machinery Room, and Passenger Seating similar to a Ferry

### **SUPPORTING INFORMATION:**

The Coast Guard Team will deploy members alongside via small boat to hook a ladder and climb up the side of the vessel.

Protrusions or lips that run the length of the hull would result in hook and climb on the vessel being impractical and unsafe to climbers.

Allow CG Members full access to the ship to facilitate realistic Team Movement

Allow use of Simmunitions in most spaces within the interior and exterior of the VSL.

### **DATES/TIMES OF TRAINING:**

- 16 Mar 2023, 0900-1500 Admiral  
HB (Pier Side CQC)
- 22 Mar 2023, 0900-1500 Admiral  
HB (Pier Side CQC)
- 28 Mar 2023, 1630-0100 Adventure  
HB (Underway CQC/FMP)
