Vendor Questions-Government Responses

VENDOR QUESTION 1

Solicitation #/ Attachment #

RFP 70B01C23R0000001

Attachment 00. Request for Proposal

Page Number #(If applicable)

54-55

Paragraph # (If applicable)

Factor 1 Technical Approach, Subfactor A - Overall Technical Approach

Question

The RFP requires the contractor to provide a detailed approach to meeting the objectives of the PWS and providing sufficient data to make an accurate evaluation of our capability to meet the needs of the PWS. With 46 pages of requirements, the 5 page allocation limits the ability to adequately provide enough detail to discuss how we will meet the requirements of the PWS. Will the Government consider an increase of 5 pages to the allocation for this part of the response?

VENDOR QUESTION 2

Solicitation #/ Attachment #

RFP 70B01C23R0000001

Attachment 00. Request for Proposal

Page Number #(If applicable)

55

Paragraph # (If applicable)

Factor 2 Management Approach, para (c)

Question

The RFP requires a Risk Mitigation Plan and Draft Transition In Plan. Both documents could be multiple pages in length. This limits the offeror's ability to provide a sound management

approach with such limited space. Would the Government consider eliminating these two plans from the allotted page limitations for Factor 2 or increasing the page allocation to 10 - 15 pages
