

# STATEMENT OF WORK

## JADWIN Air Conditioner Replacement

### Scope of Work

The DREDGE JADWIN requires a contractor to furnish five (5) air conditioning units for the DREDGE JADWIN Galley and Pilot House areas. Five units will be required to fit into existing locations of the current air conditioning units for the Galley and Pilot House.

DREDGE JADWIN crew will assist with removal and installation of units and any framework fabrication. Contractors will replace all ducting, and any hardware, as needed. Contractors will need to install drops in spaces, as needed. Contractor will dispose of old systems.

JADWIN crew will be responsible for all electrical work and all crane lifting.

Deliveries must be coordinated with JADWIN crew, for when DREDGE JADWIN is located at the MVK Harbor.

Model Name	AOU36RLX
Location	Outdoor Unit
Power Source	208/230V ~60Hz
Phase	1
Cooling	36000 BTU

#### One (1) American Standard Model 4TCC3048A3000AA Package Unit

Model Name	4TCC3048A3000AA
Unit Weight	7.5-ton pkg
Power Source	208/230V ~60Hz
Refrigerant	410A
Heat Strips of	13K - 18K
Air Damper	0-50% manual od

**Delivery**

Deliveries shall be made to:  
Dredge Jadwin Attn Thomas McCoy  
2449 Haining Rd  
Vicksburg, MS 39183

**Warranty**

HVAC systems shall have a minimum warranty of 1 year from installation date.

**Government POC**

Thomas McCoy 601-345-7023

**Period of Performance**

All requirements shall be completed no later than APRIL 30, 2024. The contractor may begin work after receiving the notice to proceed from the Vicksburg District Contracting Office. Actual work dates shall be coordinated with DREDGE JADWIN Management. The DREDGE JADWIN may at times be unavailable, so the timing of the work is sensitive.

**Invoicing**

At the completion of the scope of work, the invoice shall be sent to the following email addresses:

CEFC-B4invoices@usace.army.mil  
thomas.j.mccoy@usace.army.mil  
leah.d.deyoung@usace.army.mil

**Security Requirements**

**General security requirements and guidance:** The security requirements described below apply to all contract personnel (including employees of the prime Contractor ("Contractor") and all subcontractor employees) supporting the performance requirements of this contract. The Contractor is responsible for compliance with these security requirements. Questions regarding security matters shall be addressed to the designated Government representative (e.g., Contracting Officer Representative (COR), Requiring Activity (RA) representative, or Contracting Officer (if a COR or other RA representative is not appointed)). Contract personnel are critical to the overall security and safety of US Army Corps of Engineers (USACE) installations, facilities and activities, and security awareness training contributes to those efforts. The Department of Defense (DoD) and Army security training requirements specified below, if applicable, are performance requirements; all applicable contract personnel shall complete initial training within 30 days of contract award or the date new contract personnel begin performance on the contract. Within five business days from the completion of training,

the Contractor shall provide written documentation (e.g., email or memorandum) to the Government representative. The documentation shall include the names of contract personnel trained and which training they completed; the Contractor shall maintain training records as part of their contract files and be prepared to provide copies of training certificates to the Government representative. Contractor personnel and vehicles are subject to search when entering federal installations. Additionally, all contract personnel shall comply with Force Protection Condition (FPCON) measures, Random Antiterrorism Measures (commonly referred to as "RAMs"), and Health Protection Condition (HPCON) measures. The Contractor is responsible for meeting performance requirements during elevated FPCON and/or HPCON levels in accordance with applicable RA plans and procedures, to include identifying mission essential and non-mission essential personnel. In addition to the changes otherwise authorized by the changes clause of this contract, should the FPCON or HPCON levels at any individual facility or installation change, the Government may implement security changes that affect contract personnel. The Contractor shall ensure all contract personnel are aware of their security responsibilities, including any site-specific requirements identified in local policies or procedures.

**Physical security and access control requirements:** All contract personnel requiring physical access to a federal installation or facility shall comply with the access control procedures of that location. Contract personnel requiring unescorted access to meet contract performance requirements on a DoD installation in the US shall be vetted by the installation/facility Provost Marshal/Directorate of Emergency Services/Security Office using the National Crime Information Center-Interstate Identification Index (commonly referred to as "NCIC-III") and Terrorist Screening Database (commonly referred to as "TSDB"). Contract personnel shall comply with all personal identity verification requirements specified in installation/facility policies and procedures. Contract personnel who do not meet requirements for unescorted access to USACE facilities shall coordinate escorted access with the Government representative, as needed. Contract personnel who receive keys, access cards, or lock combinations that provide access to government-owned property shall comply with key and lock control procedures of the RA.

**Suspicious Activity Reporting training (e.g., iWATCH, CorpsWatch, or See Something, Say Something):** All contract personnel shall receive initial and annual refresher training from the RA representative on the local suspicious activity reporting program. This locally developed training provides contract personnel with general information on suspicious behavior, and guidance on reporting suspicious activity to the project manager, security representative or law enforcement entity.

**Escorting in classified and/or sensitive areas:** In accordance with applicable regulations, all contract personnel who do not possess the appropriate security clearance or access privileges will be escorted in areas where they may be exposed to

classified information or operations, sensitive information or activities, or restricted areas.

**Pre-screen candidates using E-Verify Program:** Contractors shall comply with the requirements set forth in FAR clause 52.222-54 Employment Eligibility Verification and FAR Subpart 22.18 in using the E-Verify Program at (<https://www.e-verify.gov/>) (website subject to change) to meet the contract employment eligibility requirements. Contractors are encouraged to cooperate with Federal and State agencies responsible for enforcing labor requirements to include eligibility for employment under United States immigration laws in accordance with FAR 22.102-1(i). An initial list of verified/ eligible candidates shall be provided to the COR no later than three business days after the initial contract award. When contracts are with individuals, the individuals will be required to complete a Form I-9, Employment Eligibility Verification, and submit it to the Contracting Officer to become part of the official contract file.
