

AMENDMENT OF SOLICITATION			
STANDARD FORM 30 CONTINUATION SHEET	SOLICITATION NUMBER	PAGE	OF
	127EAS232Q0004	2	2
SEE BELOW FOR QUESTIONS AND GOVERNMENT RESPONSES.			

**Question:** Is the Government seeking tax exemption on the purchase, and if so, will the vendor need a copy the paperwork to present the dealer?

**Government Response:** Yes, the Government is seeking federal tax exemption and expects not to be charged state sales tax. The Government will provide our federal tax exemption number as well as tax exemption documents that the vendor can use.

**Question:** Will the snowmobiles need to be registered prior to delivery or will the receiving ranger district be responsible for registration?

**Government Response:** No, the snowmobiles **do not** need to be registered. The Government will only be using the snowmobiles on National Forest System Lands for federal work. Therefore, the snowmobiles are exempt from the state registration requirement. The Government will also acquire an exemption sticker from the state outside of this procurement process.
