

Questions	Answers
Can you provide with the equipment list what the annual hour usage is for these units?	The annual average usage for each unit is no more than 120 hours.
Section C.2.2.1, can you confirm if this means every time there is a service repair call placed, we are expected to send a technician out to diagnose and quote repairs at no charge for any of that labor time?	The way the pricing structure and language is listed under C.2.2.1 is that no travel will be paid for the technician to come to the Library facilities to diagnose and quote repairs. The inspection fee is for the diagnosis and quote provision to the Library once onsite.
We are unfamiliar with the current condition of these units, if we were to exceed the maximum contract amount of \$245,000 over the 5 year term, would we have any recourse to get additional funding?	Modifications can be done to the contract for performance. \$245,000 is the estimated cost of the contract.
Attachment 2(clin0002) is defined by fee and labor hour with no multiplier ? so I can give a rate for "A" Unit for Inspection And Hourly Rate for repair. I am not sure what to put in clin 0002 in solicitation what should be there?	Amended In Amendment 0001 Attachment 2 corrections to clarify.
Is there 57 or 59 pieces of MHE	Amendment 0001 and original solicitation listed the MHE count incorrectly. There are 57 pieces of MHE. Please see attached updated Equipment list
