OPTION

Bid Option No. 6: Alternate Foundation
FFP

Bid Option No.6 (Additive): Alternate Foundation Design (Added by Addendum)

1. This Bid Option shall include all plant, labor, and material for the following:

a. Installation of alternate foundation system consisting of drilled concrete piers, grade beams, and structural floor slabs as indicated on the addendum drawings in lieu of an engineered fill pad with shallow footings and ground supported floor slabs indicated in the original project drawings.

b. Additionally, this Bid Option includes the following changes to the civil scope of work as outlined in the addendum drawings:

i. Modify extents and depths of building undercut.

ii. Revised compaction requirements and grading profiles for below slab subgrades as indicated on the addendum drawings.

iii. Revised building undercut back fill materials.

iv. Revised placement of foundation drainage systems as indicated on the addendum drawings.

c. If this Bid Option is not awarded, the Contractor shall install the engineered fill pad, foundation drainage system, shallow foundations, and ground supported floor slabs indicated on the original project drawings as part of the base bid.

d. If this Bid Option is awarded, the Contractor shall install the revised perimeter foundation drain system, drilled concrete piers, grade beams, and structural floor slabs indicated on the addendum drawings in lieu of the engineered fill pad, foundation drainage system, shallow foundations, and ground supported floor slabs indicated on the original project drawings.

e. It is the Government's intent to conduct geotechnical investigations prior to award of the Contract for Construction which will confirm the required foundation systems based upon recently completed contaminated soil remediation activities. Pending the results of the geotechnical investigation, the Contract for Construction will include the award of either the Base Bid (engineered fill pad with shallow foundations and ground supported floor slabs) or the Base Bid plus this Bid Option (net increase in cost to provide drilled piers, grade beams, and structural floor slabs in lieu of the engineered fill pad, shallow foundations, and ground supported floor slabs).
