

## DIT-MCO Model 2650 Modular Test Analyzer Synopsis W911N2-23-R-0016

Letterkenny Army Depot intends to issue a firm-fixed price supply contract for the Brand Name procurement of DIT-MCO Model 2650 Modular Test Analyzer, 8 Each. The contract will be a one-time procurement. The procurement will be 100% small business set-aside. This will be Freight On Board (FOB) destination to Letterkenny Army Depot, Chambersburg, PA 17201-4150. The 2017 North American Industrial Classification System (NAICS) code is 334515 – Instrument Manufacturing for Measuring and Testing Electricity and Electrical Signals, the size standard is 750 employees, and the product code is 6110 – Electrical Control Equipment. The proposed contract action is for supplies for which the Government intends to solicit under the authority of 41 U.S.C. 1901, as implemented by Federal Acquisition Regulation Subpart 13.501 (a)(1)(ii), sole source (including brand name) under the authority of the simplified procedures for certain commercial items. Solicitation number W911N2-23-R-0016 will be released on or about 17 March 2023, with a closing date on or about 14 April 2023. The annotated closing date for the solicitation is an estimated date and may be adjusted dependent upon the release of the solicitation. The solicitation will not close prior to the annotated closing date. A copy of the solicitation can be downloaded from <https://sam.gov/content/home> on or about 17 March 2023. All interested sources may submit a proposal which shall be considered by this agency. It is noted that offerors must be registered in the System for Award Management (SAM) Database to receive a Government contract award. Offerors may register for SAM at: <https://www.sam.gov/content/entity-registration>. Questions concerning this synopsis should be e-mailed to Velma White at [velma.e.white2.civ@army.mil](mailto:velma.e.white2.civ@army.mil). This synopsis by no means binds the Government and is for information purposes only.
