FAR 52.212-2 Evaluation -- Commercial Products and Commercial Services (Nov 2021) is hereby incorporated by reference. The following has been tailored to this procurement and are hereby added:

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:
 - (1) Basis for Award. Pursuant to FAR 12.602, contract award will be made using Simplified Acquisition Procedures in accordance with FAR 13. Award will be based on: (1) The offerors acknowledgement and agreement to the terms and conditions incorporated in this solicitation; (2) the offerors technical approach is determined to be technically acceptable; and (3) the price proposed is found to be fair and reasonable in accordance with FAR 13.106-3;
 - (2) Evaluation Process. Each offer will be reviewed for compliance with the requirements of this solicitation. Offerors are required to address all solicitation requirements, such as terms and conditions, representations and certifications, and PWS requirements. The Government may reject any offer that fails to adequately address a significant portion of the requirement or contract terms and conditions. The Government will compare offers to the requirements of the solicitation to select the offeror that is best suited to fulfill the requirements of the solicitation and represents the best value to the Government. All offers will initially be evaluated and rated based on the vendor's responses to factors and subfactors listed at paragraph (3) below. Each subfactor will be individually evaluated, rated and form the basis for an overall technical approach rating. Preference may be given to offerors who provide an offer that exceeds minimum requirements if determined by the government to represent the best value. Offerors must receive at least an "acceptable" rating on Technical Approach Subfactors to be eligible for award. If any single subfactor is evaluated with an "unacceptable" rating, it will not be further evaluated. All offers with a rating of at least "acceptable" will then be evaluated for price in accordance with FAR 13.106-3. An unreasonable or unfair determination may result in offeror being ineligible for award. The Government will lastly make an award decision consistent with evaluated results and determined to represent the best value.
 - (3) Evaluation Factors: The following evaluation factors will be used:
 - Factor 1: Technical Approach
 - Subfactor 1.1: Performance Plan
 - Subfactor 1.2: Personnel Qualifications
 - Factor 2: Price

(4) The following factors shall be used to evaluate offers:

(i) Factor 1: Technical Approach - The Government will evaluate the Technical Approach by assigning a rating of Acceptable or Unacceptable for subfactor 1.1 Performance Plan. Any offer that receives a rating of unacceptable will result in the Government not evaluating the proposal any further. The Government will then evaluate Subfactor 1.2 Personnel Qualifications by assigning a rating of Exceeds, Acceptable, or Unacceptable. Any offer that receives a rating of unacceptable for subfactor 1.2 will result in the Government not evaluating the proposal any further. Please see tables below for definition of ratings.

Technical Subfactor 1.1 Performance Plan	
Rating	Description
Acceptable	The approach and process demonstrate a clear understanding of the requirement, and the Government has reasonable expectation that the Offeror will be able to successfully perform the required effort.
Unacceptable	Approach and process do not demonstrate an understanding of the requirement and the Government does not have a reasonable expectation that the Offeror will be able to successfully perform the required effort.

Technical Subfactor 1.2 Personnel Qualifications	
Rating	Description
Exceeds	Offeror did submit proof of minimum qualifications listed at paragraph 1.3 in PWS and also has a minimum of 1 year experience working on Nasatka Mobile Barriers.
Acceptable	Offeror did submit proof of minimum qualifications listed at paragraph 1.3 in PWS
Unacceptable	Offeror did not submit proof of minimum qualifications or qualifications submitted do not meet the requirements listed at paragraph 1.3 in PWS

(ii) Factor 2: Price – Price will be evaluated for fair and reasonableness in accordance with FAR 13.106-3. The purchase order resulting from this solicitation will include FAR 52.217-8 “Option to Extend the Term of the Contract”. A six-month extension period under this clause will only be utilized if necessary. IAW 52.217-8, the extension pricing will be based on the pricing on contract if utilized. As such, a Total Evaluated Price (TEP) will be calculated by the Government by dividing the total price for the last option year in half and

adding it to the total price. The TEP will be used for evaluation purposes only. Evaluation of extension pricing shall not obligate the Government to exercise the extension.
