52.212-2, Evaluation – Commercial Items (Nov 2021).

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

(i) Price

(i) Technical capability of the item offered to meet the Government requirement;
(Your quote package, MUST include Past Performance. Information should clearly

show and demonstrate your company's ability to meet the stated requirements of section "Description of Services." Failure to provide enough information will result in a determination of quote being unresponsive to the solicitation.)

This will be awarded to the Lowest Priced Technically Acceptable. In order to be found technically acceptable the quote must demonstrate the contractor's ability to meet the requirements of the scope of work through Past Performance. In addition, the Program Manager will evaluate quotes to determine technical acceptability. It is on a pass/fail basis. If a quote fails, it will be determined to be not technically acceptable. Quotes will be looked at from the lowest price. All offers will be evaluated on their proposed Total Price. If the initial lowest price is found to be technically acceptable, award will be made to that vendor. Only one award will be made under this solicitation.

Contracting Officer shall insert the significant evaluation factors, such as (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance (see FAR 15.304); and include them in the relative order of importance of the evaluation factors, such as in descending order of importance.]

Technical and past performance, when combined, are **less important than price** Contracting Officer state, in accordance with FAR 15.304, the relative importance of all other evaluation factors, when combined, when compared to price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

EVALUATION FACTORS FOR AWARD

Price Reasonableness

The proposed prices will be evaluated for reasonableness. Price reasonableness determines whether an Offeror's price is too high. Analysis of price proposals will be performed using one or more of the techniques defined in FAR 15.404 in order to determine price reasonableness. Normally, price reasonableness is established through adequate price competition, but may also be determined through price analysis techniques as described in FAR 15.404-1. Notwithstanding anything to the contrary in this solicitation and for the avoidance of doubt, the Government will not perform a price realism analysis of the Offeror's proposal.

Unbalanced Prices

All offers with separately priced line items or subline items shall be analyzed to determine if the prices are unbalanced. If price analysis techniques indicate that an offer is unbalanced, the contracting officer shall consider the risks to the Government associated with the unbalanced

pricing in determining whether to consult with an offeror to request a revision to the pricing. An offer may be rejected if the contracting officer determines that the lack of balanced pricing exists, and the offeror refuses to correct the pricing.

9.104-2 Special standards.

Failure to comply with the requirements above may render the quote package ineligible for award.

AWARD WITHOUT DISCUSSIONS

The Government intends to evaluate proposals and award without discussions with the offeror. Therefore, the Offeror's initial proposal should contain the Offeror's best terms. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary.

(g) *Reserved.*

(h) *Certification Regarding Responsibility Matters (Executive Order 12689).* (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft,

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(A) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(B) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
