Battle Creek Wind Turbine Demolition

PURPOSE OF THIS ANNOUNCEMENT:

The U.S. Army Corps of Engineers, Charleston District, has a requirement for the above subject Project. This announcement constitutes a Sources Sought Synopsis (market survey). This is not a Request for Proposal (RFP). This is not a follow-on contract. This announcement is for information and planning purposes only and is not to be construed as a commitment by the Government, implied or otherwise, to issue a solicitation or award a contract.

The purpose of this Sources Sought synopsis is to determine interest and capability of potential qualified Small Business, Certified 8(a) Small Business, HUBZone Small Business, Woman-Owned Small Business firm and Service-Disabled Veteran-Owned Small Business firms relative to the North American Industry Classification Code (NAICS) 562910, Site Remediation Services. The Small Business Size Standard is \$38.5 Million. To make an appropriate acquisition decision for the above project, the Government will use responses to the sources sought synopsis. If inadequate responses are received, this solicitation may be issued for full and open competition.

PROJECT INFORMATION:

“The purpose of this project is to demolish the Wind Turbine located in the tactical vehicle parking lot at MCRC Battle Creek, MI. The secure perimeter of the tactical vehicle lot shall be maintained throughout the project.

Provide complete demolition, site restoration and stabilization. This scope of work is a performance-based requirement. The Contractor shall provide sufficient technical support and project management to assure quality and completeness of all submittals and physical work.”

Note: (1) If the decision is to Set-Aside this procurement for HUBZone Small Business, the contractor shall be required to perform in accordance to 13 Code of Federal Regulation (CFR) SUBPART 126.700. (a) A qualified HUBZone Small Business receiving a HUBZONE contract for general construction must perform at least 15% of the contract either itself or through subcontracts with other qualified HUBZONE Small Business concerns.

Note: (2) If the decision is to Set-Aside this procurement for Service Disabled Veteran-Owned Small Business, the contractor shall be required to perform in accordance to Federal Acquisition Regulation (FAR) 52.219-14 Limitation on Subcontracting (b) states, “The concern will perform at least 15 percent of the cost of the contract, not including the cost of materials, with its own employees.”

The Contractor shall be capable of providing Performance and Payment Bonds within five (5) calendar days after award. The contractor shall begin work within five (5) calendar days after acknowledgement of the Notice to Proceed.

Completion time for this project will be specified in the solicitation. If the contractor fails to complete the work within the specified number of days, the contractor shall pay liquidated damages to the Government in the amount specified in the contract.

If you can meet all of the requirements for this project and the information in the questionnaire, please respond to this sources sought synopsis by email to Lakesha Sheard, Lakesha.S.Sheard@usace.army.mil. Email is the preferred method when receiving responses to this synopsis. Response must be received no later than 2:00 P.M. Eastern Standard Time, on 06 January 2023. For the exact deadline, see the response date on the announcement page. Late responses may be considered, however interested parties are advised that an acquisition strategy decision will be approved ASAP after the deadline, and as such the Government reserves the right to disregard late responses. Please submit the following information and the information required in the attached worksheets:
