## Section SF 1449 - CONTINUATION SHEET

OTHER SPECIFICATIONS**REQUIREMENTS FOR ACCESS TO NNSY**

Commander, Navy Installations Command (CNIC), has established the Defense Biometric Identification System, (DBIDS), a standardized process for granting unescorted access privileges to vendors, contractors, suppliers and service providers not otherwise entitled to the issuance of a Common Access Card (CAC) who seek access to and can provide justification to enter Navy installations and facilities. Participation in the DBIDS is not mandatory, and if the Contractor chooses to not participate, the Contractor's personnel will have to obtain daily passes, be subject to daily mandatory vehicle inspection, and will have limited access to the installation. The Government will not be responsible for any cost or lost time associated with obtaining daily passes or added vehicle inspections incurred by non-participants in the DBIDS. Alternatively, if the vendor so chooses, it may voluntarily elect to obtain long-term credentials through enrollment, registration, background vetting, screening, issuance of credentials, and electronic validation of credentials. Further information regarding DBIDS can be found at <https://www.cnic.navy.mil/om/dbids.html>.

## 52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

- **Technical Submission** (Technical Capability Certification Chart within Attachment A).
- **Price**
- **Past Performance**

Award(s) will be made for the technically acceptable item or combination of technically acceptable items that result in the lowest aggregate price to the Government.

**Technical Acceptability:** Will be determined by reviewing the technical capability certification chart (per Attachment A) submitted for each item (or specification) to ensure that all of the technical requirements identified are met. Technical acceptability will be defined as follows:

<b>Technical Ratings</b>	
<b>Rating</b>	<b>Description</b>
Acceptable	Quote meets all of the requirements identified.
Unacceptable	Quote does not meet all of the requirements identified.

Failure to meet any technical requirement for an item (or specification) will make the quotation unacceptable for that item (or that specification).

If an item (or specification) is determined to be technically unacceptable, the quotation will be considered technically unacceptable and not eligible for award.

**Price:** The estimated amount for each line item will be added together to determine the total estimated price which will become the evaluated price.

### **Past Performance:**

(1) The offeror's past performance shall be evaluated in accordance with FAR 13.106-2 or 15.305(a)(2), as applicable. This procurement is subject to Supplier Performance Risk System (SPRS), authorized by the Department of Defense for use by participating activities during the acquisition of supplies and services.

(2) The purpose of the SPRS is to provide contracting personnel with quantifiable past performance information regarding delivery and quality, as collected from existing DoD reporting systems. SPRS uses the past performance data collected to classify each supplier's performance by Federal Supply Class(es) or Service Code(s).

(3) **Quality:** The method used in SPRS to classify the quality of a supplier's past performance is a comparison of quality records among all suppliers who have provided goods or services to the Federal Government which are categorized in the same Federal Supply Class or Service Class (FSC). Based on the comparison among suppliers in a specific FSC group, suppliers are classified by SPRS into a color rating that represents the supplier's overall

quality performance for that specific Federal Supply Class or Service Class. The following is a summarization of the SPRS classification colors:

1. Dark Blue: Top 5% of suppliers in FSC group\*
2. Purple: Next 10% of suppliers in FSC group\*
3. Green: Next 70% of suppliers in FSC group\*
4. Yellow: Next 10% of suppliers in FSC group\*
5. Red: Bottom 5% of suppliers in FSC group\*

\* If all supplier performance ratings for an entire FSC group are equal, all suppliers in that group will be classified Green.

(4) Delivery: Supplier delivery past performance is classified in SPRS by the supplier's percentage of on time deliveries. On time deliveries are calculated using the number of line items delivered and a weighting factor which reflects the length of time a delivery was overdue.

(5) SPRS classifications are established monthly for each supplier and can be reviewed at <https://sprs.csd.disa.mil/>. Suppliers are granted access to SPRS for their own classifications. Offerors are encouraged to review their own classifications as well as the SPRS reporting procedures and methodology detailed in the PPIRS-SR Procedures Manual and the SPRS User Guide available at <https://sprs.csd.disa.mil/>. The method to challenge a rating is also found on the identified website.

(6) Suppliers with no history in SPRS will be considered to have a neutral SPRS rating.

(b) Options. N/A

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**The offeror's proposed price will be evaluated on the basis of price reasonableness, in accordance with FAR 13.106-3.** All prices must be considered fair and reasonable as determined by the Government. Price quote shall be held firm for sixty (60) days.

(End of provision)

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [ \_\_\_\_ ] Are, [ \_\_\_\_ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [ \_\_\_\_ ] Have, [ \_\_\_\_ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(a) For other than firm fixed priced contract line item numbers (CLINs), the Contractor agrees to segregate costs incurred under this contract/task order (TO), as applicable, at the lowest level of performance, either at the sub line item number (SLIN) or CLIN level, rather than at the total contract/TO level, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of other direct costs (ODCs), materials, and travel, by technical instruction (TI), SLIN, or CLIN level. For other than firm fixed price subcontracts, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the Contracting Officer and COR; or other method as agreed to by the Contracting Officer.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and Contracting Officer on the same date they submit the invoice in WAWF. No payments shall be due if the contractor does not provide the COR and Contracting Officer email notification as required herein.
