

Notice Type: Special Notice

The Electronic Proving Ground (EPG), Fort Huachuca Arizona intends to award a sole source contract under the authority 41 U.S.C. 1901(e)(2), 10 U.S.C. 2304(f), and FAR 13.106 (b)(1)– Purchase under simplified acquisition threshold to Park Engineering Services, Inc. located 1005 W Boulder Lane, Flagstaff, AZ 856001. The North American Industry Classification System (NAICS) code is 541330, engineering services for establishing design, development and utilization of machines, materials, instruments, structures process and systems. There is no solicitation for this requirement. No request for proposals will be issued. Interest parties may express interest and provide a capability statement no later than 0900 Mountain Standard Time (MST) on 24 February 2023. This Notice of Intent to Award a Sole Source Contract is not a request for competitive proposals.

The Contractor shall develop/provide a complete Small Arc Cradle which must include a robust design. That contains a low dielectric material system, bumper system to fit beneath the small Arc evaluation joint. And include a new SCB cable design and new design for the kingpin stress release. All information received from this notice shall be used for planning and market research purposes only. The determination to refrain from competing this proposed contract based on responses to this notice is solely with the discretion of the Government. The Government will not pay for the preparation of any information submitted or use of such information.

Acknowledgement of receipt of responses will not be made, nor respondents be notified of the evaluation of the information received. Any responses to this notice are due by 24 February 2023, 0900 MST. Address your responses to rhonda.k.gill.civ@army.mil
