(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) *Listed end products.*

Listed End Product	Listed Countries of Origin
==	==
==	==

(2) *Certification.* [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

☐ (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

☐ (ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) ☐ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) ☐ Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

(1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror ☐ does ☐ does not certify that-

(ii) The contract services will be furnished at prices that are, or are based on, established catalog or market prices (see FAR 22.1003-4(d)(2)(iii));

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation. Jun 2020

As prescribed in 29.402-3(a), insert the following provision:

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if-

- (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
- (ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

Evaluation Factors for Award

Addenda to FAR 52.212-2 Evaluation - Commercial Items

Addendum to 52.212-2(a): Paragraph (a) is tailored as follows:

(a) Basis for Contract Award. The Government intends to award one (1) Firm Fixed Price Requirements Contract to for this competitive small business Set-Aside acquisition. Award will be made to the technically acceptable Offeror with lowest evaluated price who is deemed responsible in accordance with FAR 9.104 and whose proposal conforms to the solicitation requirements. The solicitation requirements include all stated terms, conditions, representations, certifications, and all other information required by this solicitation.

Unless specifically identified in your proposal, by submission of its offer, the Offeror accedes to all solicitation requirements, including terms and conditions, representations and certifications and technical requirements, in addition to those identified as evaluation factors or sub factors. Failure to meet a requirement may result in a proposal being determined ineligible for award.

This acquisition will be awarded as Firm Fixed Price (FFP), Indefinite Delivery/Requirements contract. It is the Government's intent to evaluate proposals and award a contract IAW FAR 13.106. FAR Part 15 based evaluations will NOT be used for this acquisition. The initial proposal should contain your best terms; however, the Government reserves the right to conduct interchanges if determined necessary by the Contracting Officer to resolve issues such as technical or price, or deal with contract documentation including any other matter in the evaluation process. The contracting officer reserves the right to award a contract without the opportunity to revise proposals.

Evaluation Process. The Government may consider, throughout the evaluation, the "correction potential" of any proposal. The judgment of such "correctional potential" is within the sole discretion of the Government. If any aspect of an offeror's proposal does not meet the Government's requirements and is not considered correctable, the offer may be ineligible for award. All technically acceptable proposals shall be treated equally except for their cost/price record. Offers will be ranked based on initial assessment of total over all evaluated prices, followed by a full evaluation of Technical Acceptability, then Price Reasonableness of the technically acceptable offer with the lowest evaluated price. Only proposals rated technically acceptable are eligible to receive an award.

1.1 Proposals. The Government will rank proposals based on an initial assessment of offeror's total evaluated prices, followed by a full evaluation of Technical Acceptability and Price Reasonableness as follows:

Rank by Total Evaluated Price (TEP) as submitted. The Government will rank all proposals by the initially proposed total evaluated price, from lowest to highest, including all ordering periods. An offeror's proposed estimated price will be determined by multiplying the estimated quantities by the proposed unit price for each CLIN. The extended amount for each CLIN will be totaled to obtain the estimated total for each performance period.

CLIN 0X11 is a Not to Exceed (NTE) CLIN, and are set by the Government; these amounts cannot be changed and the total NTE price will be evaluated as a part of the Contractor's Total Evaluated Price. The estimated total for the basic performance period will then be added to the estimated total for each ordering period to obtain the Total Evaluated Price. The Total Evaluated Price consists of the base and all ordering periods.

The contract will include five (5) ordering periods with the potential to extend the contracts an additional 6 months beyond the awarded contract performance IAW FAR Clause 52.217-8, Option to Extend Services which is also included in the evaluation of prices. The price for that period will be determined based on the unit prices proposed for the current period of performance and will be evaluated at time of award. In the event the Government requires continued performance, the Government's evaluation of prices proposed will be considered fair and reasonable as applied to an extension of services. Should an extension of services be required rates will be adjusted only as result of revisions to applicable prevailing Department of Labor wage rates.

1.2 Technical Evaluation. If the Government receives three (3) or fewer proposals all proposals will be evaluated for Technical Acceptability. If the Government receives more than three (3) proposals the Government will only select the three (3) lowest priced proposals and then evaluate them for Technical Acceptability. The Government reserves the right to evaluate additional proposals for technical acceptability if in the Government's best interest. If additional proposals are evaluated for technical acceptability they will be selected in the order of total evaluated price.

1.3 Acceptability Ratings. The evaluation factors listed below will be evaluated and receive one of the following ratings:

- (i) Acceptable - The proposal clearly meets the minimum requirements of the solicitation.
- (ii) Unacceptable - The proposal does not clearly meet the minimum requirements of the solicitation.

1.4 Evaluation of Factors. Offerors are advised that their submission should be their best effort. Only technically acceptable proposals, either initially or as a result of interchanges, are eligible for award. If award is made without interchanges, proposal revisions will not be permitted. The Government will evaluate the proposals selected above for technical acceptability on an Acceptable/Unacceptable basis. For the technical proposal to be rated as "Acceptable", all technical factors and sub factors must be rated acceptable. If any technical factor or sub factor is rated "Unacceptable" the overall proposal will be rated as "Unacceptable". The technical proposal will be evaluated for the following technical factors and subfactors:

(A)Technical Factor# 1 - Management Plan.

Standard: The Offeror shall submit a "management plan" that illustrates the corporate philosophy and management approach to demonstrate evidence of sound organization, appropriate manning and qualifications proposed, and performance management processes to successfully accomplish tasks delineated in the PWS. - i. Provide a clear description of the procedures to provide required equipment, conduct washer and dryer maintenance, cleaning and repairs in accordance with PWS.
- ii. Approach for structuring, staffing (to include a proposed manning mix of personnel), retaining personnel, and utilization of key personnel to plan, control, and direct the labor force to meet the requirements of the PWS. The approach shall include an organizational chart with definition of roles and responsibilities of key operating personnel and staffing levels depicting various job classifications(including supervision). The procedures shall address how the offeror will provide sufficient technician(s) available to provide all services IAW the PWS.
- iii. Provide mitigating strategies and processes designed to prevent and proactively identify and forecast potential risks that could have an adverse impact to schedule or performance.
- iv. Identify phase-in activities(to include a timeline with rationale addressing the start and completion of staffing, training, and equipment /supplies acquisition) designed to provide seamless continuity of services without interruption or degradation of services by contract start date.

The standard has been met when: The offeror adequately demonstrates a sound, comprehensive, realistic, effective, and efficient management approach to achieve consistent, efficient, and uninterrupted operations in accordance with the requirements of the PWS.

(B)Technical Factor# 2 - Quality Control Plan

Standard: The Offeror shall submit a "quality control plan" (QCP) with a complete written system for identifying and correcting deficiencies and degradation in the quality of services before the level of performance becomes unacceptable. At a minimum, the plan should specifically address contract requirements and location (s) listed and provide the following:

- i. The plan shall address responsibilities for oversight of the QCP, functions associated with such oversight, and specify authority to coordinate with the COR and CO.
- ii. Describe the methodology to monitor deficiencies/complaints in relation to the performance standards. Describe the approach to inform employees of validated deficiencies/complaints, and a process to ensure that the deficiencies/complaints are corrected and eradicated.
- iii. Include samples of inspection forms, records, reports, and any other internal quality control methods tailored to the specific building(s) being serviced under the PWS.

The standard has been met when: The offeror adequately demonstrates a sound, comprehensive, realistic, effective, and efficient quality control approach to correct deficiencies and degradation of services to achieve consistent, efficient, and acceptable performance service levels in accordance with the requirements of the PWS. The strategies outlined in the plan are realistic to minimize the effects of deficiencies/complaints and designed to efficiently and effectively correct and prevent reoccurrence.

2.The Government will conduct a complete Price Analysis using one or more of the techniques defined in FAR 13.106, to determine if the lowest price technically acceptable offer is reasonable.
