

Instructions to download/view 2D/3D TDPs

Files needed to view TDP can be found at the following:

ImageR/IndexR: <https://g6msd.redstone.army.mil/>

Lucent Viewer: <http://www.ec-edl.com/>

Adobe Acrobat: <http://get.adobe.com/reader/>

Downloading TDPs, Top Drawing & 3D TDPs

1. Click download TDP link.
2. Click the 'Amendment' link that contains the TopDWG, .Zip and TDP Viewing Instructions files.
3. Right click on the links for each of the files.
4. Click on the 'Save Target As...' option.
5. The 'Save As' dialog box will open up. Save the file to the desktop.

Viewing TDPs & Top Drawings

Top Drawings: .pdf Top Drawing – Double click on file - Opens with Adobe Acrobat.
.c4 Top Drawing – Double click on file - Opens with ImageR (or Lucite viewer must be installed on computer).

TDP (Must have IndexR/ImageR installed):

1. Right click on the .zip file.
2. Click WinZip (or other compression utility software) > Extract To Here
3. Open IndexR program
4. From the menu, click 'File' then click 'Open.'
5. The 'Select File Type' box will open, select 'Index File' and click 'OK.'
6. The 'Open Index File' window will come up. Go into the folder where you unzipped the TDP files.
7. Double click on the image file folder (folder with the '_00' at the end of it).
8. Double click on the 'INDEX' file to open it.
9. The drawings list should show up in the Documents Listing Box.

Viewing 3D TDP

1. Right click on the 3D .zip file.
2. Click WinZip > Extract To Here.
3. Open the 3D folder that was saved to the desktop.
4. Click on either the Pro/E Model or Step Files button.*

*Note: File specific software is required for each. Instructions are included.

If there are any questions, please contact only the PCO listed on the solicitation.
