1. Can you please clarify the transportation requirements to and from the airport. Will the Government need Airport shuttle service for approximately 800 people per day? The Government is also requesting parking for 800 people. If they are being transported back and forth, is there really a need for so much transportation to and from the airport?

*Government Response:*

- *See PWS paragraph 5.6 – Transportation (Shuttles) which states, “Transportation shall be provided for the duration of the event to accommodate the arrival and departure of attendees; up to eight hundred (800) attendees. (Note: the number of Attendees is an estimate, see PWS paragraph 1.5.1 – Event Agenda)*
- *See PWS paragraph’s: 5.6.1.1 – Availability: Friday (Shuttles), and 5.6.2.1 – Availability: Sunday (Shuttles). These paragraphs outline the time-frame availability needed for Shuttle Services.*
- *See PWS paragraph’s 5.5 - Parking, 5.5.1.2 – Quantity for Onsite Parking, and 5.5.2 – Specialty Parking. As referenced in the aforementioned paragraphs the following parking accommodations are required as stated in PWS:*

3. Can you share where the majority of guests are traveling from? Do you expect PHL will be the main airport?
