(vi) Description of Requirement

The United States Department of Agriculture (USDA), Forest Service (FS), Dixie and Manti-LaSal National Forests have a need for UTVs meeting the following specifications.

01. **EN 3110:** One, 6 Passenger UTV: The UTV must be capable of off-trail travel, 4 season operation (spring, summer, fall and winter) and 6-person capacity. The UTV is used to reach areas inaccessible or too rough for a truck. Not being able to carry fuel in the bed of the UTV will place unnecessary risk of injury on employees having to carry the needed supplies or cause damage to trucks pushed to reach project areas.
