

Work Area Selection Form

This contract covers the entire Cherokee National Forest and may also include other National Forests as stipulated in C.2 Location. The Cherokee National Forest is defined by 4 districts. Unaka and Watauga districts lie North of the Great Smoky Mountain National Park. Tellico and Ocoee Ranger Districts lie south of the National Park. The Unaka and Watauga make up the North Zone. The Tellico and Ocoee make up the South Zone.

The government is looking to award to at least 2 contractors that intend to work on the North Zone, 2 contractors that intend to work on the South Zone and at least two contractors that intend to work on both zones. See M.2 Proposal Evaluation.

Please choose which zone you are proposing to perform contract activities:

NORTH ZONE

SOUTH ZONE

BOTH ZONES
