Subj: USE OF OTHER THAN FULL AND OPEN COMPETITION FOR AN ACQUISITION UNDER THE SIMPLIFIED ACQUISITION THRESHOLD

Ref: (a) PR Number(s): ERP# 1301092909 / REQ# N2183931674099

I. BACKGROUND:

1. In considering the references, FAR 13.106-1(b)(1)(i) states for purchases not exceeding the simplified acquisition threshold, Contracting Officers may solicit from one source if the Contracting Officer determines that, under the circumstances of the contract action, only one source is reasonably available (e.g., urgency, exclusive licensing, brand-name, or industrial mobilization).

2. As required by FAR 13.106-3(b)(3)(i), this memorandum explains the absence of competition for this acquisition because only one source will be solicited for this requirement (or for a portion of the requirement) and the requirement is not expected to exceed the simplified acquisition threshold.

4.  UNUSUAL AND COMPELLING URGENCY: The supplies or services are of such unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits. Urgent requirements are supplies or services that will result in work stoppage, or are mission critical and the routine processing time would injure the Government. The determination that the procurement for the above is an urgent and compelling requirement is based on the following:
